

House Cleaning

Painting is part of it—just as much as soap and scrubbing. There are spots that water cannot remove, and discolorations that scouring will not take away. Use the paint brush in such cases.

THE
SHERWIN-WILLIAMS
FAMILY PAINT

In small cans, is made to meet the thousand and one demands for a little paint about the house. It is ready to use. Dries quickly with a good gloss. Can be washed.

Other paints for special purposes that will come in handy during house cleaning time. Tell us what you want to paint. We'll tell you the paint to use.

NO HELP FOR THE JEWS.

Fifty Thousand of Them Homeless in Roumania--Gov-
ernment Will Give no Aid.

London, April 9.—Dr. Moses Gaster, chief rabbi of the Spanish and Portuguese Jewish congregations in England, who has exceptional knowledge of the conditions of the Jews in Roumania, said this morning:

"The recent outbreak of anti-Semitic and Agrarian riots in Roumania has added enormously to the misery of the Roumanian Jews. Upward of 50,000 of them, absolutely innocent, are now homeless, with starvation staring them in the face. No help will be expected from the government. All the government will do for them undoubtedly will be to make them scapegoats for the outrages that others have caused. In a hardly less miserable state are the peasants, who, though they constitute about 5-6 of the population, namely, 6,000,000 are, like the Jews, without political rights. Half a million persons all of whom live in the towns, manage, or rather mis-manage the country. Their activities are directed chiefly towards excluding others from sharing their political rights."

"The anti-Semitic agitation has been a political weapon ever since its introduction into parliamentary life. No interest has been taken in the ill-fed, ill-clad, underpaid, sweated and oppressed peasant. Instead of coming to the relief of these oppressed people the politicians twenty years ago resorted to the device of driving the Jews out of the villages as though they were responsible for the poor peasants' plight. The peasants, who considered the Jews their best friends, petitioned against the expulsion, but in vain. There is now not a single Jew in any village in Roumania."

"The Jew, handicapped, crushed, subjected to an ingenious system of economic boycott, and legal discrimination, was gradually excluded from every right. He cannot be a chemist, a lawyer, or even a hawker. He must pay taxes and see his children excluded from the schools maintained by his money. He must serve in the army, but cannot be promoted, and so on through all forms of economic and social life. There are not more, perhaps, than two Jews owning land of their own in Moldavia and less than a dozen middlemen."

"Every Jewish home, shop and institution in all the principal towns of Moldavia, have been pillaged and destroyed and the Jews, whose poverty was proverbial, are now reduced to the verge of starvation."

MORRISON—16.

At Tuesday evening's session the House again went into committee on the bill relating to the discharge of the city of Fredericton into the St. John River, which was agreed to with Mr. Robinson's amendment, and now only awaits the assent of the governor to become law.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my advice many of my friends have tried it and can tell you how wonderfully it has worked. Mrs. Sarah A. Cole, 140 S. New St., Dover, Del. Chamberlain's Pain Balm is a liniment. The relief from pain which it affords is alone worth many times its cost. It makes rest and sleep possible. For sale by a dealers.

LOWER DURHAM.

April 6th.—We had quite a snow storm for the time of year on Friday the 5th.

Miss Maggie McLaggan took charge of the school in this place on April 4th.

Mrs. Hannah Estey of this place died at her home at Nashwaak Village on Wednesday the 3rd. Besides leaving a large number of relatives, deceased leaves a large circle of friends to mourn their sad loss.

Mr. Harold Elford leaves this place to work at Mauderville on May 1st.

Misses Irene and Marie Pond of this place are going down to Marysville to work.

Samuel Johnston made a flying trip to Fredericton on the 6th.

Several people in this place are interested in business.

William D. Turner has leased Miss Baxter's sugar.

Mr. George Chase has about completed his logging operations.

Mr. Elisha Haines made a business trip to Nashwaak Village on the 5th. House cleaning is the order of the day here.

A VALUABLE AGENT.

Deafness because usually due to Catarrh, is quite curable. In a thousand cases this is proved absolutely true. Success invariably attends cured catarrhal deafness of twenty-five years standing. Penetrating through the passages of the ear, the soothing vapor of Catarrhazone relieves the inflammation, destroys the seeds of Catarrh and thereby allows nature to re-assist herself. Try Catarrhazone yourself. 25c. and \$1.00 sizes sold by all dealers.

PUBLIC ACCOUNTS.

Road Superintendent's Accounts Examined by the Committee.

The public accounts committee of the legislature spent some time Tuesday morning going over the accounts of highway superintendents. Chief Commissioner LaBillois was called in and explained matters to the committee in a satisfactory manner.

There was some complaint because a number of the superintendents had neglected to make returns, and Auditor General Loudon called attention to the statute to show that those who handled public money

and failed to make the proper returns were liable to a penalty of \$100.

In regard to a return from Mr. Alex. Little of York Mills, which he had held back, Mr. Whitehead stated that the delay was probably due to Little's son's absence from home. He assured the committee that Mr. Little was a very reliable man, and he had no doubt that his report would be forthcoming.

UNPRECEDENTED FAME.

Vinol, the Preparation Without Cod Liver Oil.

CAUSES A SENSATION IN MEDICAL CIRCLES.

Not Only in America, but in Europe.

"Good news goes fast," said Mr. George Y. Dibblee, our leading druggist, yesterday, talking to a reporter about that wonderful Vinol, concerning which so much is heard nowadays. "Why, you know that besides being talked about many of the prominent papers in America are devoting more or less space to this wonderful discovery. See here, what do you think of this?" Whereupon Mr. Dibblee produced an article from the Lancet of London, England, in which the Lancet is the greatest medical publication in the world, and anything appearing in its columns is considered as indisputable evidence. "Let me read this to you," said Mr. Dibblee. "I won't bother you with much of it, but here is enough to show you what the great men of the old world think of Vinol, whereupon he read the following:

"Recent investigation has led to the isolation of several distinct bodies in cod liver oil, notably amongst which are the alkaloids. These principles have been tested faithfully, and the results form the subject of an exclusive report by Gautier and Moragues in the Journal de Pharmacie, who concluded that the combined active principles of cod liver oil act as powerful stimulants of nutrition and assimilation, and show definitely the nature of the principles to which the oil owes its valuable properties."

"And the best part of all this is," continued Mr. Dibblee, "it is not only the physicians that are enthusiastic, but the people who are taking the remedy. It does not take but a minute for any one who is obliged to take cod liver oil to find out that Vinol is deliciously palatable. Then the patient soon realizes its advantage. It does good so much more quickly, and accomplishes the desired end in a much more marked manner than cod liver oil in its crude or emulsified form was ever able to do. Oh, yes, of course, I consider the success of Vinol as assured. How can it be otherwise—a discovery that has revolutionized the form and made it practical to prescribe the greatest known medicine for all wasting diseases."

"Just think what it means—getting all the benefits in a concentrated form, and no more nauseating, vile-smelling grease. Yes, come any time you would like to see me. I am always glad to see you about Vinol and I find much more to find in its praise every day."

CURED OF RHEUMATISM.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left arm. "The strength seemed to have gone out of the muscles so that it was useless for work," he says. "I applied Chamberlain's Pain Balm night, and to my relief I found that the pain gradually left me and the strength returned. In three weeks the rheumatism had disappeared and has not since returned." If troubled with rheumatism, try a few applications of Pain Balm. You are certain to be pleased with the relief which it affords. For sale by all dealers.

THE AGONY IS OVER

(Continued from Second Page.)

MR. TWEEDDALE.

Mr. Tweeddale—The origin of this whole question was the resolution of the present Speaker some years ago in regard to the unsanitary condition of Fredericton. Typhoid prevailed to such an extent that people were afraid to send their children here and unless these conditions were remedied, these educational institutions would have to be removed. The citizens of Fredericton were roused to action and came to this legislature for authority to issue sewerage debentures. Their intention to do so was duly published in the newspapers, but no person in Sunbury or Queens raised any protest. The city entered into a contract for the expenditure of about seventy-five thousand dollars on a sewerage plant, but there was no sign of any opposition until Mr. Hazen in the last days of last session, succeeded in tacking a rider to the bill referring the matter to the Board of Health. The majority of the members of this House have voted that the people of Fredericton should have the right to put their sewage into the river. The government has a mandate from the legislature to pass this bill and should have put it through as a government measure. This House must legislate for the whole people and not for a few. The leader of the opposition is representing the people of Sunbury, but we must look further abroad and consider the situation from every point of view. For the purpose of launching the river water, the people of this city expended forty thousand dollars for a filtration plant, but the people of Sunbury say we will swallow all the filth that now goes into the river, but you must not put any more in. The legislature has already given power to the towns up river to have water systems, and their sewage goes into the river. These towns are developing rapidly and increasing in population, while the down river counties are stagnant, are going back. I think that the government has done wisely in bringing forward this proposition and I shall vote for it.

HON. MR. ROBINSON.

I do not think that this is an occasion for excitement or hysteria. We should look at this matter with all the calmness of a judge. I am informed that the decision of the board of health was not unanimous and that Dr. Steeves of Moncton was opposed to it. We should bear in mind that already one third of the sewage of Fredericton goes into the river and that what this bill will add will have little or no effect on the purity of the water. The towns and villages are growing rapidly and if we say to Fredericton, you shall not have the same privilege which is enjoyed by every other town on the river including Gagetown, they will naturally resort to means to have the privileges of other towns curtailed. The Council of the City of Fredericton has agreed to the arrangement now proposed and will stand by it however it may turn out. It is absurd to say that if this is passed the sewage will go into the river for all time for no future Govt. will feel itself bound by this decision. The vote was then taken and the Hon. Mr. Robinson's amendment to the amendment, giving Fredericton permission to dispose of its sewage in the river carried by the following vote—
