Woman's Watchword Is Modesty.

Whatever threatens woman's delicate sense of modesty, frightens her. For this reason many a woman permits disease of the delicate womanly organs to become aggravated because she cannot bring herself to submit to the ordeal of unpleasant questionings, offensive examinations, and obnoxious local treatments, which most physicians think necessary. Doubtless thousands of the women who have taken advantage of Dr. Pierce's offer of free consultation by letter have been led to do so by the escape thus offered from a treatment repugnant to modesty.

Any sick woman may write to Dr. R. V. Pierce, Buffalo, N. Y., in perfect confidence, all letters of consultation being treated as strictly private and sacredly confidential, and all answers being sent in plain envelopes with no advertising or other printing upon them. Such consultation costs you nothing whether you take treatment from Dr. Pierce or not.

Dr. Pierce's Favorite Prescription has been long hailed as a "God-send to women." It makes weak women strong and sick women well. It enables women suffering from "female weakness," proflapsus uteri, retroversion, anteversion, and other displacements of the organs distinctly feminine, to cure themselves right in the privacy of their homes. Pelvic catarrhal drains, painful or irregular periods, backache, frequent headaches, weak nerves, dragging-down pain or distress in the lower abdominal, or pelvic, region, gnawing sensation in stomach, dizziness, or faint spells, and kindred conditions and symptoms are cured by Dr. Pierce's Favorite Prescription. It is not a secret or patent medicine, against the use of which weak people of intelligence naturally object, but is, in fact, the "Favorite Prescription" of a regularly educated and experienced physician in the treatment of woman's peculiar ailments and who is not afraid to publish all its ingredients, as he does, on its bottle-wrapper, attesting the correctness of the same under oath.

"Favorite Prescription" is the one medicine for woman's delicate ailments which contains neither alcohol nor harmful, habit-forming drugs, being a pure glyceric extract of curative principles found in our most valuable native medicinal roots, as attested by many of the most eminent medical writers and teachers of all the several schools of practice.

Dr. Pierce's Favorite Prescription is a scientific medicine, carefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native American medicinal roots and is perfectly harmless in its effects in any condition of the female system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For over-worked, "worn-out," run-down, debilitated teachers, milliners, dress-makers, seamstresses, "shop-girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequalled as an appetizing cordial and restorative tonic. As a soothing and strengthening nerve "Favorite Prescription" is unequal-

led and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

You can't afford to accept a secret nostrum as a substitute for this PROVEN REMEDY OF KNOWN COMPOSITION.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgement are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by inclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and if you write to him by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One to three a dose. Easy to take as candy.

The youngest member of the family had taken enthusiastically to pyrography.

She had just executed a design representing a little girl playing with the cat in front of an old-fashioned fire-place.

"It is well done, Bertha," said her mother, inspecting it; "but you have managed somehow to make the little girl look scared."

"That's all right, mamma," answered Bertha. "A burnt child dreads the fire."

OVERTAKEN BY NAUSEA.

You don't know whether it's going to stay down or come up. You feel like thirty cents and look even worse. If one thing is quicker than another it's "Nerviline." Ten drops in sweetened water gives relief instantly. Almost like magic is the change you experience. The cause of the nausea is removed, every symptom of vomiting and indigestion is cured within ten minutes. When Polson's Nerviline is so trustworthy and economical a bottle at home wouldn't be amiss. Large ones for a quarter at all dealers.

An old negro was recently brought before a justice in Mobile. It seemed that Uncle Mose had fallen foul of a bulldog while in the act of entering the hen-house of the dog's owner.

"Look here, Uncle Mose," the Justice said, informally, "didn't I give you ten days last month for this same thing? Same hen-house you were trying to get into. What have you got to say for yourself?"

Uncle Mose scratched his head.

"Mars Willyum, yo' sent me ter de chain gang for tryin' ter steal some chickens, didn't ye?"

"Yes, that was the charge."

"An' don't the law say yo' can't can't be charged twice wid de same 'ience?"

"That no man shall be twice placed in jeopardy for the identical act, yes."

"Den, sah, yo' des hab ter let me go, sah. Ah war after de same chickens, sah!"—Nashville Banner.

"No, I don't care for English opera."

"Why not?"

"Because it bothers me to listen to what the singers are saying when I want to talk."

MAY BE ANOTHER KLONDIKE

Northwest Police Inspector Tells of New Discovery of in the Yukon.

VANCOUVER, Oct. 26.—News of the discovery of what may prove to be another Klondike on an unnamed branch tributary to the Findlay River, was brought to Vancouver by Inspector A. E. C. McDowell, of the Royal Northwest Mounted Police. The find consists of the placer ground, and was discovered by four Canadian prospectors, headed by Charles Perry, over a year ago. With the melting of the snow and the ice last spring operations were resumed. Free coarse nugget gold, much of it running \$100 to the pan, was being taken out early in the season when Perry was met by the first outsiders he had seen in two years.

Our party ended the season's work of what is known as the fourth line, 100 miles north of Hazelton. Then we descended via an old trail to Hazelton, paddled down the Skeena and embarked at Port Essington for the south. During the past few months our party built an eight-foot regulation pack trail from Fort Graham on the Findlay River to the point where we struck the telegraph line, a distance of 180 miles. Side hills were graded and bridges now extend across all difficult streams.

"This military highway will soon be a big factor in opening up a vast region lying several hundred miles north of the route of the Grand Trunk Pacific. It starts at Edmonton, Alta. From that point a first class wagon road extends to Fort John on the Peace River, a distance

of 500 miles. Two years were occupied in building the trail from Fort John to Fort Graham, a distance of 280 miles. At Ft. John the trail ascends the Half Way River, crosses the Rockies via Laurier pass, and then heads for Fort Graham.

"The Half Way river valley is over thirty miles long, and some day will attract thousands of settlers. There is not one settler in the country. Hay grows to a height of three feet, and farther west good feeding ground exists. At Fort Graham this season we left the Findlay River and headed across an unexplored and wooded country via an old Indian trail which we cut out and improved. The Omeneia River is crossed and then we strike Bear Lake. From this last mentioned point we descended the Bear River to the Skeena and followed the south bank of the latter river to the telegraph line. Next season we hope to complete the 400-mile gap separating the fourth cabin from Atlin. It is intended to utilize the old cattle trail from Fort Graham and Mann pack trail to Nilen, ninety miles south of Atlin. I made a reconnaissance of most of this route late this season. From Atlin, later, there is a winter trail to Tagish Lake, hooking up there with the Dawson winter road. In all, the distance from Edmonton to Dawson is 1,780 miles, a route which will be available for prospectors or military patrols.

UNIVERSITY OF N. B.

Interesting Y. M. C. A. Service.— Saturday Night's Deb'ts.

A joint meeting was held Sunday afternoon with the Young Women's Christian Association. Miss Knight, president of the Y. W. C. A. and one of the delegates to the Silver Bay Convention gave a very interesting and stirring report of the work done there which must have enthused every lady student present with a desire to attend next year.

Then followed reports of the Northfield Convention at which the Association had five delegates.

Orchard spoke upon the platform meetings; Flint upon the life work conferences; Bridges upon the out door life and Mathews upon the general impressions of the trip. This conference has played a large part in the progress of the Y. M. C. A., and it plans to send a larger delegation next year.

The Volunteer Band of the University held a meeting Sunday evening in the Baptist Church at Douglass in the interests of foreign missions where addresses were given by three of the student volunteers. This is the first of series of meetings which the Band has planned for the year.

An interesting and instructive debate was held on Saturday night between the Sophomore and Freshman class. The subject was, "Resolved that Canada should be independent." Dr. Carson, who acted as judge, in a witty and suggestive speech, congratulated the leaders, Estey, '10 and Simms, '11 giving decision in favor of the Sophomores who upheld the affirmative.

Severe Pains

IN the Groin.

Trying Experience of a Well Known Citizen in St. John.

The case of Mr. Chas. F. Olive, for years foreman in the "Gazette" of St. John, N. B., is a striking evidence of the power of Ferrozone. No remedy has such a record for restoring sufferers from acute stomach and kidney trouble; it invariably does cure.

"For several years" writes Mr. Olive, "I have had kidney trouble, and until quite recently I suffered torture. A few months ago my condition assumed a very serious form. I consulted several city doctors, used different pills, but without the slightest benefit. I suffered from an intense pain in the groin, and the increasing seriousness of my trouble prompted me to try Ferrozone. It gave me quick relief, and a half-dozen boxes cured me. Ferrozone I can recommend as a specific for disordered kidneys."

Won't you try Ferrozone too, 50c. per box at all dealers in medicine.

ALMOST DEAD OF BRONCHITIS.

Few people have suffered more than Jno. P. Taylor of Dymont, P. Q., Ont. Today he is well and writes:—"I must tell you how much Catarrh-ozone has been to me. I was so bad with bronchitis sometimes I thought it would soon be over with me. A spell of choking would come on that left me prostrated and weak. Since using Catarrh-ozone I have had no trouble at all. It strengthened my throat, stopped the cough, gave me free breathing and entirely cured." Just the usual experience. Catarrh-ozone invariably cures whether Bronchitis, Asthma or Catarrh. Two sizes, 25c. and \$1.00 at all dealers.
