BOARD OF TRADE

Important Resolutions Passed at Closing Session---A Sail on the River. Officers Elected

(Special to Herald.)

ST. JOHN, Aug. 22.—The business sessions of the Maritime Board of Trade were brought to a close at 1.30 today, and its members are enjoying a sail on the St. John River this afternoon.

Among the important resolutions adopted were that the I. C. R. should take over branch lines in the Maritime Provinces, that the C. P. R. should be granted running rights over the I.C.R. to Sydney, and that the mails should be landed there instead of Quebec, and Officers were elected as follows: President, A. M. Bell, Halifax, N. S.

First vice-president, G. E. Hughes, Charlottetown, P. E. I.

Second vice-president, W. B. Snowball, Chatham, N. B. Secretary, A. E. Saunders, Halifax, N. S.

Permanent secretary, C. M. Creed, Halifax, N. S.

Halifax was selected as the meeting place next year. Hector McDougall, of Sydney, introduced a resolution calling on the Dominion Iron and Steel Company and the Dominion Coal Company to settle their dispute. If not the Dominion government and Nova Scotia government shall withdraw all concessions. The resolution passed.

WHISKEY IN IT

Manitoba Squaw Confesses to the Murder of Her Husband

(Special to Herald.)

MINNEDOSTA, Man., Aug. 22.—The mystery surrounding the disappearance of the Indian John Assinwassi by name, from the Rolling River Reserve, several weeks ago, has been cleared up by the arrest of the man's squaw, charged with murdering him.

The squaw when arrested, made a pathetic confession. Her husband, she said, brought to

the tepee two large bottles of whiskey which she hid from him. The man threatened to kill her if she did not give up the whiskey, and chased her and upon laying her child down she threw him down and choked him.

She did not intend to kill him, but he died shortly afterwards. Early in the morning she dragged the corpse to a big knoll nearby, wrapped in blanket.

SCHOOL MATTERS

Moncton Board Will Make Representation to Government Members

(Special to Herald.)

MONCTON, N. B., Aug. 22.—A committee consisting of all the members of the local school board is to wait on Premier Robinson and Surveyor-General Sweeney respecting important school matters.

Among these will be the question of so arranging the school

holidays as to avoid having schools in cities re-opened before Labor Day.

The matter of changes in school books which are a source of expense to parents, and the question of provincial government remuneration to music teachers in public schools will also be discussed.

BAPTIST CONVENTION

First Meeting of Maritime United Baptists at Wolfville

Special to Herald.)

WOLFVILLE, N. S., Aug. 22.—The first annual convention of the United Baptists of the Maritime Provinces opens here on Monday.

There are a large number of delegates. Education, home and foreign missions are the chief objects to be dealt with and a day will be devoted to each.

THE STOCK MARKET.

Steel and Coal Issues Show Considerable Buoyancy

(Special to Herald.)

MONTREAL, August 22.—Activity in Steel issues was the striking feature of the Stock Market this morning.

Dominion common started at 19 and rose rapidly to 21½, after which it fell off slightly to 20½.

Preferred rose from 43 to 45, dropping again to 44½.

Coal, though not so active, also showed an upward tendency, selling at 44½.

Most other issues were also stronger. The sales were as follows: Montreal Street 19½; Power 90½ to 91; Toronto Railway 98½; Mexican 42; Rio 41½.

BOLD ROBBERY

French General Relieved of Letter of Credit When Boarding Street Car in Montreal

MONTREAL, August 22.—A daring robbery was committed yesterday when General De Negrier, of Paris, a guest at the Windsor Hotel, was relieved of his wallet containing a letter of credit for a large amount while attempting to board a street car.

General De Negrier, who is well known in French army circles, having had command of the French troops in Algeria, is on a visit to Canada. According to the story by the general, he was followed to the Bank of Montreal, where he drew a considerable sum on his letter of credit, by those who eventually stole his wallet. After leaving the bank, and while trying to board a car in order to return to the hotel he felt himself pushed and crowded, but paid no particular attention to it at the time.

His wallet was in his right hip pocket, and in the same pocket were the bank notes and gold which he had just drawn from the bank. Strange to say, the thieves missed the money and got away with the wallet containing the letter of credit, which is of no negotiable value except to the general himself.

General De Negrier, who considered himself lucky that his money was intact, left last night for Niagara Falls, and will return to France from New York at the end of the month.

THE BYE ELECTIONS

St. John, London, East Northumberland and North Wellington Contests Probable Sept. 18 or 19

OTTAWA, Ont., Aug. 22.—It is probable that the bye-elections to fill the vacancies in the House of Commons will be held about the middle of September, probably on the eighteenth or nineteenth. Nominations will be a week earlier.

There are four vacancies. They are St. John City and County, where the vacancy was caused by the death of A. A. Stockton; East Northumberland, Ontario, caused by the death of Edward Cochrane; North Wellington, vacated by the death of Mr. Martin, and London, vacated by the resignation of Hon. Charles Hyman.

It is probable that the final fixing of the date for the elections will be considered at a meeting of the government on Saturday and that the writs will go out early next week.

MAUGERVILLE.

August 20.—H. B. Dykeman met with quite a serious accident one day last week while working with Paris green which has confined him to his home several days.

Horace Tapley and son, who have been the guests of Mr. and Mrs. A. A. Treadwell for the past week, returned to their home at St. John yesterday.

William Fraser, of Prince William, spent Sunday with his daughter, Mrs. Emery Keetch.

G. R. Smith and James Hamilton, of Fredericton, called on some of their old friends yesterday.

'TWTX YOU AND ME

No, Hazel dear, His Worship is not married, but they say dangerously near it. Yes, as you say 'tis remarkable how so fine a looking young man has escaped so long.

It was at the vice regal reception in St. John, and a pretty girl with kissy spots all over her sweet face rushed up to the governor's private secretary and embraced him, mistaking him for a dear friend. But Mr. Smooth Robert was equal to the occasion. —A niece of mine Your Excellency," was how he pulled out of the dilemma.

Professor (to graduating class at the U. N. B.).—"Young man, there is one more question I would like to ask, and that is, what books have helped you most in your struggles for an education?" Young Money Bags (promptly speaking up from the foot of the class).—"Dad's cheque book has helped me about as much as any of 'em, so far."

Chatham Commercial.—The American consul at St. John refused to stay to the governor general's dinner because his seat was at some distance from the guest of honor. Probably he wanted Earl Grey to take him in his lap and feed him with a spoon.

Will somebody kindly take out a broom or a barn shovel to Scully's grove Saturday afternoon to protect the editor's wicket in the cricket match?

Now, if the Tennis Club would only ask the hungry cricketers down to the weekly tea, Saturday afternoon. Of course they wouldn't accept, but just try them.

Honest now Mr. Foster, will you tell a breathlessly waiting country how much of the land deals rake-off went into your pocket?

It was a very serious condition when Premier Robinson could not raise \$38,000, having been refused that sum by the banks—Mr. Frank Smith, M. P. P., at Bath (Bless your little soul Frank, the Premier has just negotiated a \$1,500,000 loan and the banks are running after his paper.)

Capt. the Hon. Thos. Ashburnham, will try to lead the military host to victory in cricket Saturday, and his command will be like the Kentucky militia, more officers than privates.

We intended writing a sermon for Saturday, on the unrighteousness of camp life, but a good dinner at a hospitable upriver outfit made us forget our text.

Borden has left Monk at home this trip and substituted Bergeron, "the Beaucharnois boy" that Tarte put to sleep in 1906. Monk failed to infuse Maritime Province people in his last tour.

A western editor committed suicide. Probably his press had broken down, a monoline had got out of gear or mayhap a subscriber seventeen years in arrears paid up, and the editor couldn't stand the surprise.

Perhaps it was Sir Mackenzie Bowell, who suggested to the Montreal Star, to tell Borden not to take Foster with him in his stumping tour. The old man is full of revenge.

Calgary Herald.—A man in Edmonton says he is making good progress with the new house he is building. He has just reached the second mortgage.

Chief Rutter is glad he didn't attend that "dizzy, drunken bonnet hop at Moncton." He sent a good old Deacon Clarke, sub-chief, who is proof against temptation.

The Governor General neglected to stop off at Moncton. Nobody had told him about "The Bore."

They were going home from St. Andrew's dinner and one Scotchman who "was na fou but just hae plenty," said to the other, "Follow me I'll find the way. Do ye follow?" "Aye man I do that," quoth the other, but "who is that wi' ye?"

"Hoot mon, but ain't she a daisy," exclaimed Lord Grey, when viewing the Burns monument.

When the Principal sang "The March of the Cameron men" at the Grey luncheon, His Excellency besides being charmed with its powerful rendition, is said to have whispered to the Governor: "Man what a Guardsman he'd make."

"Why can't I get my number?" demanded the man.

"Line's busy," replied the telephone girl.

"I don't believe it."

"It's so, just the same. Some cowboys have borrowed it to hang a horse thief with."

Jintleman I ever drove here gave me two shillings."
