wall decorations come from using
Alabastine. Moreover, insect pests and germs
carrying contagious diseases cannot exist upon
Alabastine coated walls. Your walls will actually breathe
and remain sweet and clean when coated with

Alabastine

Not only are the mellow tones of **Alabastine** more dainty
than other wall decorations, but a room can be redecorated
with one-half the work necessary for paper or kalsomine,
and at much less cost, inasmuch as the first coat does not
have to be removed before renewing. Let us
tell you more about **Alabastine**. Come in and
we will show you tint cards and booklet.

A PRETTY NIGHTDRESS.

Nightdresses can be made quite as
attractive and becoming as Millie
wishes and a suggestion for one
which is a bit unusual in its yoke
effect is shown. Many like the short
length sleeves and those in this gown
may be either long in Bishop style or
ending at the elbow. The yoke being
round in back and in tail effect in
front lends well to the use of em-
broideries which come by the yard
from one to three inches wide. A
combination of heavy and light em-
broideries or lace often proves a most
pleasing contrast and is much favored
by particular women. Groups of nar-
row tucks complete the adornment in
front and lower the line of fullness in
a becoming manner. Muslin, nain-
sook or other lingerie material may
serve of which 6 1/2 yards 36 inches
wide are needed in the medium size.

**BILIOUS PALENESS,
NOW EASILY CURED.**

If you are frequently bilious or
have feelings of nausea, there is a
reason.

When the liver action is normal the
bile is secreted in the proportions
necessary to ensure the digestion of
food.

When these derangements occur,
an undue amount of work is thrown
upon the liver and kidneys, they re-
bel—the whole system suffers, and
ill-health follows.

Another dangerous result of der-
angement of the biliary function is
constipation. Deadly disease results
from this condition.

This is a hateful condition because
it ensures two results—heavy dark
rings under the eyes and a sallow-
ness that's absolutely abhorrent.

These derangements, if allowed to
continue, excite the formation of gall-
stones, cause jaundice, catarrhal in-
flammation of the bowels, and indi-
gestion.

If you wish to get better, the very
root of the trouble must be reached.
This can be accomplished only by
Ferrozone—a remedy that strength-
ens the system, the blood, the liver
and kidneys.

Ferrozone is a food for the nervous
system.

It fortifies and strengthens it.
The nervous system controls all
the functions of the body.

Improve its tone, you improve the
tone of the whole body and this is
what Ferrozone accomplishes.

Its first action is to fortify diges-
tion—this means nourishment and
more building material.

Ferrozone makes rich, red blood—
lots of it, and this means the proper
action of all the large and vital or-
gans of the body.

Quickly there comes strength, vigor,
endurance—that glow of feeling which
we call health.

You are sure of robust health, sure
of strong nerves, good appetite, sure
to look and feel your best if you use
Ferrozone; try this great tonic, sold
everywhere in 50c. boxes.

IT DOES CURE WOMANLY ILLS.

"I feel, it my duty" writes Mrs. S.
Mead of Fraserville, Ont., "to let
you know that sometimes previous
to the change of life I suffered more
than I could tell. Neighbors told
me Ferrozone was the only remedy
and their advice was good. Ferrozone
put a stop to my pain and sickness,
had a direct action on my troubles
and relieved from the start. I safely
passed the turn, and now enjoy
perfect health and rest. No woman-
ly medicine can be better than Fer-
rozone for female weakness of every
kind, 50c. per box at all dealers.

LAURIER IN LONDON.

Canadian Premier Refuses Press Interviews and will
Decline Many Social Attentions.

Montreal, April 16—A special Lon-
don cable says:

Sir Wilfred Laurier had not been in
England five hours before there came
three emphatic decisions, first, no
news-paper interviews; second, no
British party politics; third, the few-
est possible public functions.

"Dinners, dinners, nothing but din-
ners" was the way which Gen. De
Wet sums up the ordeal for his for-
mer colleague in arms, Gen. Botha.
Sir Wilfred means to escape all he
can, for he has, for instance, refused
the invitation of the Eighty Club.

The receptions by the king, house of
commons, admiralty, secretary of
state and lord mayor must be accept-
ed but refusals in other directions are
many. Exemption is made, however,
to the National Liberal Club dinner,
over which Sir H. Campbell-Bannerman
presides. Against this is an off-
set the enormous Unionist banquet of
the 1900 Club at Albert Hall, with

Mr. Balfour in the chair.

Sir Wilfred tells his friends that he
has not felt better for twenty years
and means to avoid, if possible, be-
ing killed with kindness. He means
moreover, to score by silence. Each
of the other colonial premiers has
talked freely to the newspaper men,
Mr. Deakin, especially, made a long
written communication to the press so
strongly advocating trade recip-
rocity as to be peculiarly embrac-
ing to the Bannerman ministry who
regard themselves pledged against
tariff preference.

Sir Wilfred must have refused ac-
cess to sixty reporters and editors
since he landed in Liverpool on Sat-
urday. At first he met them with ob-
livious attitudes and jocularly abus-
ing the English climate, but now the
general official answer: "Nothing to
say." Sir Wilfred is especially de-
termined to say or do nothing hostile
to the Bannerman ministry.

CURED OF RHEUMATISM.

Mr. Wm. Henry of Chattanooga, Tenn., had rheumatism in his left
arm. "The strength seemed to have
gone out of the muscles so that it
was useless for work," he says. "I
applied Chamberlain's Pain Balm
night, and to my relief I found
and wrapped the arm in flannel at
that the pain gradually left me and
the strength returned. In three
weeks the rheumatism had disappear-
ed and has not since returned." If
troubled with rheumatism try
few applications of Pain Balm. You
are certain to be pleased with the
relief which it affords. For sale by
all dealers.

General B—— was the financial
agent of the penitentiary of Texas in
the early days. He warmly opposed
General Houston's last election as
governor of Texas, and not wishing
to lose his place, he, in due time, pre-
sented a petition asking to be retain-
ed, his long and faithful services be-
ing urged as a reason for granting
the prayer of the petitioners.

"It appears from this petition, Gen-
eral," said Houston, "that you have
been in the penitentiary eight years."

"Yes, sir."

"And you say that you have per-
formed faithfully every duty impos-
ed upon you during that time?"

"Yes, sir."

"Then, sir, I pardon you out."

IT ACTUALLY DESTROYS
THE CAUSE.

That's why catarrh is invariably
cured by inhaling "Catarrhazone."
The healing vapor spreads to every
part of the breathing organs. Germs
infecting the tissues of the nose,
throat and lungs are killed. Nothing
is left to cause inflammation. Spots
that are sore are healed. Discharge
is cleared away and catarrh becomes
something of the past. Use "Cat-
arrhazone" and your recovery is
guaranteed. Two sizes, 25c. and
\$1.00 at all dealers.

A visitor from another city, here
on a tour of inspection of the public
schools, came to a West Philadelphia
School the other day when the pupils
were writing original sentences on the
black board, and found an opportunity
to air his pet hobby of avoiding super-
fluity in the use of words. One boy
had written:

"The man suddenly fell down."
"What is the need of the word
'down' in that sentence," asked the
visitor. "How else could the man
fall?"

"Over," promptly replied the little
boy who had written the sentence.
"Backwards," suggested another.

"Against a wall," volunteered a
third.

"Upstairs," said still another.

The visitor promptly gave up critic-
ism and was silent during the re-
mainder of his stay.
