

Events of a Day.

MAYORS RE-ELECTED.

Mayor Murray of Campbellton and Mayor Snodgrass of St. Andrews, have been reelected.

ST. JOHN WEDDING.

The marriage of Hon. H. A. McKeown and Miss Burpee, daughter of Mrs. J. P. C. Burpee, will take place on Thursday, at St. John. They will leave by the Empress of Britain on Friday for an extended wedding tour in Europe.

AN EFFICIENT WARDEN.

Mr. M. W. Crotty, of Stanley, who enjoys the reputation of being one of the most efficient game wardens in the province, is among the visitors in the city today. Mr. Crotty reports that big game animals have wintered well in his district, and he has not been able to learn of a single violation of the law.

THE CANOE FACTORY.

It is said that the alms house committee of the city council to whom were referred the proposition of Messrs R. Chestnut & Sons, will recommend that the concessions asked for be granted. This is in line with public sentiment and is certain to meet with the approval of the city council. Mr. J. H. V. Moore, representing the Robb Engineering Company of Amherst, was here yesterday consulting with the Messrs Chestnut in regard to the purchase of a boiler and engine for the proposed factory.

THEY DID GOOD WORK.

Messrs. Adam Moore and Harry Allen, the well known guides, who have been attending the Boston sportsman's show in charge of the New Brunswick exhibit, arrived home last evening. They pronounce the show as being the most successful ever held in Boston, both in the matter of attendance and the character of the exhibits. They distributed a large amount of literature setting forth the attractions of the province, and feel certain that the result will be beneficial. Mr. Moore booked many parties for his beautiful summer camps at Magaguadavic Lake.

BIG SEASON'S CUT.

Mr. William J. Noble, who lumbers on Baker Branch in Northern Maine for Cushing and Company of St. John is here to engage men for the drive. He reports that his season's cut will total about thirteen million feet. There is plenty of snow in the woods and he considers the outlook for stream driving to be exceptionally favorable. The wages for stream drivers this year ranges from \$2. to \$2.25 per day.

LOTS OF SNOW.

Mr. S. B. Thomas, of Stanley who lately returned from a trip to the woods of the Northwest Miramichi, is in the city. He says that there is five feet of snow in the woods of the Miramichi at the present time, and that the lakes and streams are still solid.

TWEEDDALE & CO

THE UP-TO-DATE HARDWARE STORE.

THE BANK MERGER.

Bank of Montreal will be in Control of People's Bank by May 1st.

It is pretty generally understood that the merger of the People's Bank with the Bank of Montreal will be completed before May 1st. Manager Spurdin of the People's Bank will be in charge of the agency, and while Mr. Ritchey expects to be transferred from the city, he does not know as yet where he will be located.

Inspector Clark has been here this week inspecting the agency of the Bank of Montreal and completed the task yesterday. He will give his attention to the People's Bank next and when he gets through with the job the merger will take place.

The stockholders of the People's Bank are to be paid in Bank of Montreal stock, the present market value of which is \$247. per share. The stock pays a dividend of ten per cent which is a little better than four per cent on the market value.

The notes of the People's Bank are being called in, and Bank of Montreal notes issued in their stead. It is understood that all the members of the People's Bank staff will enter the service of the Bank of Montreal.

HE HEARD DELMAS.

Mr. R. W. McLellan, who has been in New York on professional business, returned home by the noon train yesterday. Through the good offices of a friend, Mr. McLellan was able to procure a ticket of admission to the criminal court building, on the day that Lawyer Delmas made his address to the jury on behalf of Harry Thaw, the slayer of Stanford White. He says there were lawyers present from nearly every state in the union, having journeyed to New York on purpose to hear the arguments of counsel in the celebrated murder trial. Mr. McLellan thinks that Mr. Delmas in his address fully sustained the reputation he has long enjoyed as one of the greatest jury hypnotizers in America.

QUEENS COUNTY BOYS.

As stated in The Herald a few days ago, President Roosevelt told Ald. Scott at Washington last week that two of the best friends he had in the world were natives of New Brunswick by the name of Farris. The Herald has since learned that the President had reference to Messrs Sylvanus and Joseph Farris, former residents of White's Cove, Queens County, who now carry on an extensive ranching business in South Dakota. Mr. Roosevelt was associated with them in business for a number of years and at the outbreak of the Spanish American war when he organized a regiment of Rough Riders, he disposed of his ranching interest to them. A few years ago the president appointed Mr. Sylvanus Farris to a lucrative office under the United States government.

PAINFUL ACCIDENT.

Mr. J. W. Gerow, livery stable keeper, was the victim of quite a serious accident yesterday afternoon. He was driving up Queen street in a sled drawn by a span of horses, when the animals made a sudden start with the result that he lost his balance and was thrown heavily to the ground. He struck upon his head and became unconscious. Some pedestrians who witnessed the accident carried the unfortunate man into Chestnut's drug store. Physicians were telephored for, but before the services of one could be procured, Mr. Gerow came around all right.

A BACKWARD SPRING.

All authorities seem to agree that this spring is likely to be one of the most backward in years. The ice in the river is gradually wasting away, but unless a rain storm occurs soon to cause a rise of water, it does not seem probable that navigation will be open before the 1st of May. The ice between the bridges has turned black in many places, but it is still quite solid. Hawkshaw reports the ice still solid at that place.

FAILED TO MATERIALIZE.

There was not a quorum present at the meeting of the city council called for Monday afternoon to appoint a board of assessors under the new act, consequently nothing was done. Another meeting has been called for Thursday evening. It is said that some members of the present council are anxious to have changes made in the personnel of the board of assessors and at this stage it is not known what may occur.

SCORED A SUCCESS.

The Charity Ball Delighted Big Audience at Opera House.

"A first class company and a splendid play" was the unanimous verdict of those who made up the large audience which attended the performance of the Lyceum Stock Company at the Opera House last evening. The Charity Ball was the bill, and it goes without saying that the Company had no difficulty in sustaining the high reputation that they have long enjoyed. It was one of the greatest scenic productions witnessed here in months, and the closest attention of the audience was held throughout.

While the cast was exceptionally strong and well balanced, the work of Messrs. N. L. Jelenko, John Stepping, Miss Hicks and Miss Lee was worthy of special mention. The scenery and stage settings were of the very best and the elegant costumes worn by the ladies, particularly that of Miss Hicks, were very much admired.

His orchestra was in attendance and enlivened the proceedings with a number of choice selections. The company will close their engagement this evening, with a production of the great western play, The Squaw Man, which is bound to draw a bumper house. A few reserved seats are still to be had at Wilkes'.

PERSONAL MENTION.

Movements of People in whom our Readers are Interested.

Mrs. Jas. Palmer and Master Kenneth, of Sackville arrived in the city Monday evening, called here on account of the illness of Mrs. Palmer's mother, Mrs. Joseph VanDine, Brunswick street.

Mr. Matthew McGivney of Nashua, waak Bridge, is in the city today.

Mr. Rainsford Winslow, who is taking an engineering course at McGill University, has completed his second year and arrived home yesterday for the vacation.

Messrs. Fred G. Brown and Mr. W. Crotty of Stanley, are in the city today.

Mr. Martin Kennedy of Cork, is at the Waverley.

Miss Louise Finnemore one of the latest graduates of the Fredericton Business College has gone to Boies-town to enter the employ of the Miramichi Lumber Co.

COUNCIL MEETING.

The city council will hold a special meeting tomorrow evening to appoint a board of assessors for the ensuing year. There seems to be a difference of opinion among the aldermen as to what action should be taken. Some want the old board reappointed, while others think that a new board should be called upon to administer the new law. It is said that the salary of the chief assessor will be fixed at \$800. per year. It is understood that a member of the city council is quite willing to accept the position if it is offered to him. Dr. Henry, the present principal assessor gives an emphatic denial to the story being industriously circulated about the city that he had made arrangements to remove to the west in the near future.

MIDDLEMORE CHILDREN.

A meeting of the local committee in connection with the Middlemore home held a meeting last evening in Judge Wilson's chambers in the parliament buildings. Those present were Judge Wilson, J. W. Spurdin, J. D. Plimney, K. C. Edward Moore and Matthew Tennant. Applications for about forty immigrant children were received, eighteen of which were accepted, and the remainder held over for further consideration. A party of children are expected to leave Birmingham for this city on May 15th.

THANKSGIVING MEETING.

At the thanks offering service of the W. F. M. S. at St. Paul's Church tonight Dr. Grierson's lecture on Corea will be accompanied by 79 lantern views by Mr. Geo. N. Babbitt. These views were all brought from Corea by Dr. Grierson.

ACCEPTED A POSITION.

Mr. Sterling Brannen, son of Mr. C. S. Brannen of the Provincial Secretary's office has received his diploma as stenographer and book-keeper from the Fredericton Business College and has accepted a position with the N. B. foundry.

THE CIVIL COURT.

It is expected that the act creating a civil court for Fredericton will go into operation on May 1st. The act provides that the police magistrate shall be paid a salary in lieu of all fees, and also that a clerk be appointed to assist him.

Mr. James Tibbitts, the well known professional base ball player, left last evening for Pittsburg, Pa., where he expects to make an engagement for the coming season.
