Bowel Troubles

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

"Fruit-a-tives" are the one certain cure for Constipation

because their action is upon the liver, "Fruit-a-tives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation.

"Fruit-a-tives are fruit juices with tonics and antiseptics added. In "Fruit-a-tives" one atom of bitter replaces one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally, than the fruit juices could possibly be. 50c. a-box — $2.50 for 6 boxes. At all dealers'.

Fruit-a-tives

OR (FRUIT LIVER TABLETS) 114

"I must confess," growls the dissatisfied tourist, "that I can't see why so many people want to come here. No scenery, no amusements, no good things to eat—absolutely no attractions!"

"Ah, senor," said the innkeeper, "zey come because we 'ave ze gr-ran' label to stick on ze luggage."—Success Magazine.

THE SHARES OF

Highland Mary

GOLD MINES, LIMITED, OF LARDER LAKE

WILL ADVANCE FROM

10 CENTS

TO

ONE DOLLAR

PER SHARE ON

OCTOBER 29TH

Owing to the continued extraordinary results obtained at Larder Lake, especially on the properties of the Highland Mary, together with the fact that a strong English syndicate has secured option on all treasury shares remaining unsold after Oct. 29th at One Dollar per share, we will not be able to fill orders after that date at less than One Dollar per share. All applications for Highland Mary at 10 cents per share bearing date not later than Oct. 29th will be accepted and allotted, provided the total allotment offered has not been fully subscribed, in which event the amount remitted will be returned.

Telegraph or Telephone Orders at our expense.

WHY WORRY?

CONSULT

PHAROS.

The Mystic and Modern strologer

Yes, Why Worry?

About your Business, Health, Pleasures, Friends Abroad, your Love Affairs, and Chances in Life.

Yes, Why Worry? Consult Pharos. He is able to advise, Console you and Warn you. His ambition in this life is to help those in trouble, and must not be classed with the run of Palmists who use their SUPPOSED GIFTS to make money. Pharos is independent of this. Willing and able to help all in trouble and relieve their anxiety to the best of his ability and experience.

PHAROS HAS A MESSAGE FOR YOU

You are anxious to put your son to a business that he will prosper. Will your daughter be happy in her married life? You are in love. Have I made a wise choice in mate? Shall I take a partner into my business? Should I be wise in going abroad? All these questions Pharos can answer and advise by the aid of astrology. Why not put this to a test. Send P. O. value 1 shilling and addressed, stamped envelope to —

PHAROS, Dept. 14, 45 Union Street, GLASCOW

with your Birth Date, Full Name and Title and Town and County of Birth if possible, upon receipt of same Pharos will send you a written Test Horoscope.

With the above Pharos will send you FREE a written Forecast of your Future

S. S. WORKERS

Provincial Convention now in Session here— Reports of the Executive Committee and Field Secretary

FIELD SECRETARY'S REPORT.

Following is the full text of the report of Field Secretary, Rev. J. B. Ganong, presented to the New Brunswick Sunday School Association at this morning's session.

Dear Fellow Workers,—As we gather at another annual convention of this association and review the year's work, we can most truly say, hitherto has the Lord helped us.

As the report of the chairman of the executive committee will deal with the general phase of the work, there will be no extended reference here to points already discussed.

The year now closing has been in many ways one of the most important in our history, and perhaps in no other has there been such unparalelled progress in Sunday school work throughout the world.

The most notable event of the year has been the World's Sunday School Convention, held in the city of Rome. At this epoch making convention thirty-seven nations reported concerning the present conditions of the work in their respective fields, and it is believed that the Sunday schools in the remotest parts of the earth will feel the stimulus and inspiration of this great assembly.

As the privilege of attending this great convention was made possible by the generous consideration of our association, your secretary wishes to mention his deep gratitude for such a privilege, and hopes to express this gratitude by a more earnest and efficient service.

In hearing reports from many European and Asiatic fields one most distinctly felt that the obstacles in the way of progress here are not to be compared with those confronting the workers abroad.

There are difficulties, however, in our own land and there is not a state or provincial association but has great problems that are still unsolved.

FIELD WORK.

In reference to the field work, which of course is the chief item in the Field Secretary's program, practically all parts of the territory have been touched with parish district and county conventions, and services on the Lord's day. Meetings have been held in 167 different places, with about 345 addresses and sermons. On account of the unfavorable weather it has been exceedingly difficult this year to carry out an extensive schedule of conferences and meetings. The fall and winter were extraordinarily stormy and severe and since taking up the work in July there have been but few meetings either week days or Sundays, which have not been more or less affected by unfavorable weather and travelling.

The interest, however, in the conventions has been such as to warrant us in reporting that in the majority of cases there was an improvement over the preceeding year. In addition to the work of the Field Secretary, the county and district officers, most acceptable service has been rendered by several pastors. Rev. A. D. McLeod, president of the P. E. Island Association, attended meetings in several districts and has done much to stimulate and encourage workers in places visited. Rev. W. Camp attended conventions in Victoria and Carleton; Rev. S. Howard, King's and Queen's; Rev. B. N. Noble, Sunbury; A. A. Rideout, Queen's East, and Rev. D. Lane, Restigouche.

The secretary wishes to express his gratitude to these busy men for their deep interest in this work, and believes that this plan can be repeated with the most blessed results. In such a wide field it is impossible for one man to cover the ground as many of the workers desire. The idea that the work of the general secretary is not to visit a school chiefly, but to meet representatives of the schools in conferences and conventions, and in a general way assist in directing the work, is gaining ground, but there are many superintendents and workers yet that feel that unless the general secretary visits them individually they are not getting value for what they put in the work.

The great need is to get superintendents and teachers in touch with the great world wide enterprise, and by conferences and conventinns beget a more intelligent enthusiasm in their great work.

In November a very interesting and very profitable series of meetings were held in P. E. Island, in the counties of Prince and Queens. In July joint conferences were held in those districts visited in November, while in the others the regular separate district conventions were conducted with a degree of interest. The large number of pastorless congregations, both in P. E. Island and New Brunswick, has added to the difficulty in keeping up an interest in Sunday school work, and our district and county officers have been in many cases unable to complete their statistical and financial reports.

It is impossible as yet to report the number of banner counties and districts, but it is altogether probable that there will be an increase over last year. Special mention might be made in Prince Edward Island of the western portion of the province, the districts of Eldon, Southeast Prince and Charlottetown. In New Brunswick Restigouche, Carleton, Victoria, Sunbury, Gloucester, Kings, Charlotte and Albert.

DEPARTMENTS AND STATISTICS

There is a general awakening in many parts in regard to the value of the different departments of modern Sunday school work, and yet there is not the growth that there ought to be. The home temperance, elementary, teachers' training, I. B. R. A., and adult Bible classes should be introduced in several hundred schools in our convention, and it would mean new life and interest such as was never known before. But for the difficulty in securing competent and interested leaders the home teacher training and adult department would go forward with great rapidity.

As this is the year for triennial statistics we are desirous to furnish the international association with the most complete report of the work in all its details. This report, which we expect to have ready for the January Advocate, will show an increase in the number joining the church from the schools and gains in all the departments, except the I. B. R. A.

SUGGESTIONS.

A. Your secretary would suggest that as soon as possible after the annual conventions are over a series of conferences be held especially in towns and villages, at which pastors, superintendents, teachers and officers would meet for the discussion of present conditions, and plan for more aggressive work during the coming year. This would make it possible for each superintendent to become acquainted with the most successful teachers of the other schools, and afford a splendid opportunity for the introduction of the teacher training courses, and any of the other departments. There would also be made occasions for the deepening of the spiritual life and special prayer for the spirit of God to endue our workers with power which more than knowledge of methods fits for the great work of leading the young to personal faith in Christ and training them for His purpose.

B. That a brief circular be prepared describing the nature and work of the association, and disposition of contributions received from schools and individuals for a general distribution in our constituency.

C. As the supplemental lessons afford an opportunity that can be found in no other way for giving the younger members of the school a connected knowledge of the Word of God, and prepare the way for our teachers' training courses, that we endeavor to introduce them in the schools of both provinces.

Finally we ask the earnest co-operation of every church in the forwarding of the organized work, which passing years have shown to be a most important factor in bringing the Sunday school work of today to its present efficient condition.

To those who are desirous of seeing their own Sunday school work brought to a higher and more efficient state we would suggest the most cordial co-operation with our association work. I wish to thank all our provincial, county and district officers for their hearty co-operation during the year just gone, and hope we may see much greater things during the year before us.

J. B. GANONG,
General Secretary.

BEWARE OF BACKACHE

Simple Receipt Prevents Serious Kidney Trouble.

More people succumb each year to some form of kidney trouble than any other cause. The slightest form of kidney derangement often develops into Bright's disease, diabetes or dropsy. When either of these diseases are suspected the sufferer should at once seek the best medical attention possible. Consult only a good first-class physician, leave patent medicines alone.

There are many of the lesser symptoms of kidney trouble which can be treated at home is stated by a well-known authority. For some of these such as backache, pain in the region of the kidneys, weak bladder, frequency, (especially at night) painful scalding and other urinary troubles, try the following simple home remedy: Fluid Extract Dandelion one-half ounce, Compound Syrup Sarsaparilla, three ounces. These simple ingredients are harmless and can be obtained at any good prescription pharmacy and anyone can mix them by shaking well in a bottle. The dose for adults is a teaspoonful after each meal and again at bedtime.

There is no better general remedy known to relieve all forms of rheumatism either, because it acts direct upon the kidneys and blood. It cleans the clogged up pores in the kidneys so they can filter and strain fram the blood the poisonous uric acid and waste matter which if not eliminated remain in the blood, decompose and settle about the joints and muscular tissues causing the untold suffering and deformity of rheumatism.

Backache is nature's signal notifying the sufferer that the kidneys are not acting properly. "Take care of your kidneys," is now the physician's advice to his patients.

RICH RECLUSE.

A romantic story was told at the inquest at Chiswick, England, on Wednesday on Mrs. Jane Chutton, a widow lady, aged eighty-seven, who had lived alone for twenty years with her riches and her faithful dog in her villa in Elliot Road, Chiswick, where she was found dead on Tuesday. She had apaarently been dead four days.

In a box the police found £1,600 in notes and gold, as well as much valuable jewelry, including gold watches and diamond rings.

The only food discovered was a small piece of a loaf and a little sugar. Dust covered the floors and furniture to the thickness of a quarter of an inch.

Eliza Cockett, a niece, said that her aunt was married many years ago to a man named John Chutton, but they quarrelled at the church door over her money and parted.

Henry Elsley, who effected an entrance on Tuesday, said he found the place extremely filthy. He found many valuables including £1,645, 15s., and 11d., and certificates showing that £950 had been invested in Consols.

The coroner, referring to the property, said that, strictly speaking, according to law, the care of such property fell upon the coroner, a duty which he distinctly objected to undertaking if he could possibly avoid it. The relatives must be advertised for.

It is stated that Mrs. Chutton, whose maiden name was Perkins, was formerly a lady's maid. She was able to save money fast, and also had a small fortune left to her so that she was very comfortably off when, in 1851, she married at Marylebone Church, John Chutton, a butler, who described himself as a gentleman of means. When they parted at the church door Mrs. Chutton assumed her maiden name.

Some years ago she realized £1,600 worth of stock, her intention being to send the money to a niece in California. She evidently changed her mind, and since that date the money has been kept in an old stocking packed away in a trunk.
