

LOWER LUDLOW.

March 25.—Quite a heavy snow storm fell at this place on Wednesday March 20th, it was the heaviest snow storm that fell this winter, and the roads were all blocked until Roadmaster Ernest O'Donnell turned the men out and now we are glad to see the roads in a very good condition.

Mr. McCorry of Fredericton, sewing machine agent, passed through this place one day last week.

Quite a number of young people gathered at the home of Miss Charlotte O'Donnell, to a salt salmon supper. The supper was given by Miss Charlotte O'Donnell and Mr. William Lyons, William purchased the salmon. The evening was spent in playing games and singing songs and every one was well pleased and thanked Miss O'Donnell and William for their kindness.

Mr. William O'Donnell and Mr. Rainsford O'Donnell, were guests at the Duffy Hotel at Boiestown on Saturday.

Mrs. John O'Donnell of this place, who has been visiting friends and relatives at Doaktown, has returned to her home again.

Miss Nora O'Donnell was the guest of Mrs. Alex Price on Sunday, she was accompanied by Miss Mary Price.

Mr. John O'Donnell was the guest of his daughter, Mrs. George Price on Sunday.

Mrs. Thomas Carroll, who has been visiting her daughter, Mrs. Willard Wilson, has returned to her home again at Carroll's Crossing.

Mrs. Harold Holmes of Carroll's Crossing, who has been visiting friends in Doaktown, has returned home again.

Mrs. Justus Long was the guest of Mrs. Miles Lyons on Monday, she was accompanied by Mrs. William Price and Miss Nellie Brown.

Mr. Don Parker, has purchased a very fancy parlor set.

Miss Ada Price and sister Maggie, were the guests of Mrs. Alex. Price on Sunday.

Mrs. S. Dudley and son James, were the guests of Mr. and Mrs. Charles Nelson on Sunday.

Mr. Howard Lyons and Miss Ada O'Donnell were the guests of Mr. and Mrs. Oliver Lyons on Sunday last at Doaktown.

Mr. Charles Stewart and wife and little daughter, were the guests of their daughter, Mrs. Alex. Price on Sunday.

Mr. Justus Carrol of Carroll's Crossing, made a special trip to Boiestown one day last week. He was accompanied by Mr. Charles Nelson.

Mr. Everett O'Donnell and his wife of Boiestown, who have been visiting friends and relatives in Derby, have returned home.

Mr. David Lyons and Mr. Frank Parker of Carroll's Crossing, made a business trip to Doaktown on Saturday.

Miss Ethel Lyons of this place, has gone to Fredericton to spend a few weeks.

Miss Grace Lyons of Carroll's Crossing, has gone to Boiestown to clerk in Mr. Weaver's store. We wish her good success.

Mr. Fitzavious Clonatus and wife of Nin Bendas, were calling on their friends at this village on Sunday.

Mr. Alex. O'Donnell and wife were the guests of his mother, Mrs. Thos. O'Donnell on Sunday.

Our blacksmith, Mr. Hazen Lyons, is kept busy night and day. He is turning out some very nice sleighs.

Mr. David Stewart made a business trip to Boiestown one day last week. He was accompanied by Mr. James Stewart.

Mrs. Ernest Long was the guest of her mother, Mrs. John Price, on Sunday.

Mr. George O'Donnell and wife made a trip to Doaktown one day last week.

Mr. Dennis McAlister passed through this place on Sunday with his fancy driver. He was accompanied by Misses Grace Donald and Annie Sweeney.

HEALTH IN SPRING.

Nature Needs Assistance in Making New Health-Giving Blood.

Spring is the season when your system needs tuning up. In the spring you must have new blood just as the trees must have new sap. Nature demands it. Without new blood you will feel weak and languid; you may have twinges of rheumatism or neuralgia, occasional headaches, variable appetite, pimples or eruptions of the skin, or a pale pasty complexion. These are sure signs that the blood is out of order. A tonic is needed to give new energy. Dr. Williams' Pink Pills are the best tonic in all the world. They make new rich blood your greatest need in spring. They clear the skin, drive out disease and make tired depressed men and women bright, active and strong. Mrs. John McAuley, Douglasstown, Que., proves the great value of Dr. Williams' Pink Pills in building up people who have been weakened and run down. She says: "Dr. Williams' Pink Pills have been of great help to me. My blood was weak and watery and I was badly run down. But through the use of the pills my health was fully restored. I always recommend them to my friends who may be ailing."

There are fraudulent imitations of Dr. Williams' Pink Pills, and to protect yourself see that the full name "Dr. Williams' Pink Pills for Pale People" is printed on the wrapper around each box. Do not take any other so-called pink pills. If your dealer has not got the genuine send to The Dr. Williams' Medicine Co., Brockville, Ont., and get the pills by mail at 50 cents a box or six boxes for \$2.50.

Never judge what a woman wants to do by the things she does.

SCOTCH SETTLEMENT.

March 27.—The weather for the past few days has been quite mild and spring like, and the sugar makers are beginning to think it is about time to look for the sap.

We had by far the worst storm of the season last Wednesday. There was a very heavy fall of snow, with a fierce gale blowing from the north-east all day, piling the snow in large drifts everywhere.

In spite of the blinding snow, there was quite a number of pupils at the school, one brave little girl going half a mile alone when the storm was so thick that you could scarcely see two yards ahead.

Mr. and Mrs. Geo. Clarke have the sympathy of the community in the loss of their little daughter Laura, who passed away on the 9th inst., after several months suffering from cancer in the head. Their affliction is doubly sad as they buried their infant daughter only about six weeks previous.

Mrs. James Edmondson, st., who has been a great sufferer from tumor and cancer of the stomach, died at her home here last night, in the 69th year of her age. She leaves a family of six sons and four daughters to mourn the loss of a kind and loving mother.

Mrs. Geo. DeLong, who has been spending several months with her mother, here, is expecting to return to her home in Fredericton this week.

Mrs. John Sharp spent several days last week with friends at Scotch Lake.

Mr. Benj. Edmondson of Lowell, Mass., is spending a few days at his old home here.

BABY'S DOCTOR.

"With a box of Baby's Own Tablets on hand I feel just as safe as if I had a doctor in the house." This is the experience of Mrs. John Young Auburn, Ont. Mrs. Young adds: "I have used the Tablets for teething and other troubles of childhood and have never known them to fail."

Hundreds of other mothers are just as enthusiastic in their praise. Colic, indigestion, diarrhoea, worms, constipation, and other little ills are speedily cured by this medicine. It is absolutely safe—always does good—cannot possibly do harm, and you have the guarantee of a government analyst that the Tablets contain no opiate or poisonous soothing stuff.

Sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

GEARY.

March 28.—Since the recent storm the weather for the past few days has been delightful and the roads are in an excellent condition.

Mr. Wm. McFadden of Burton, spent Sunday in this place, the guest of Mr. and Mrs. Cyrus McFadden.

Miss Violet Case has gone to Fredericton, where she intends to spend a few days with her sister.

Misses Cinderella and Christina Till spent Sunday evening with Mrs. Cyrus McFadden.

Our school is to re-open again the first of April under the management of Mr. Gunter.

Mr. Wm. Armstrong spent Monday in the city.

Misses Mabel and Retta Carr entertained a number of their young friends on Saturday evening. Games were indulged in and every one reported a good time.

Mr. Charles Cochran has again returned to Blissville, after spending Sunday at his home.

Mr. Axel Smith has returned home, having been absent all the winter.

We are glad to see him back again. Many of our teams are busy hauling lath-wood to Carr and Barker's mill.

La grippe is quite prevalent in this neighborhood.

LOWER DURHAM.

March 23.—The storm of Wednesday was the roughest we have had for years and completely blocked the roads in this vicinity.

Mrs. David Saunders, who has been visiting in this place, returned to Marysville on the 19th.

Mr. John Swindells, who has been visiting Mr. and Mrs. Elford of this place, returned to Fredericton on the 21st. He leaves for Toronto next week.

Mr. Geo. Pond, who has been hauling wood for Mr. John Gibson, finished his job and is now at home.

Mr. Levi Rogers is laid up with a sore hand.

The young ladies of McElwain have organized a choir with Robert McElwain as leader.

Mr. Albert Kirch bought a cow from Miss Baxter of this place.

Mr. Lewis Elford has finished hauling lath-wood to the mill.

Mr. Samuel Johnston did a large stroke of butchering among his pigs last week.

Mis Enthusiasm Was Contagious.

Whitefield, whose dramatic appeals to his listeners were always a noteworthy part of his sermons, once preached to a body of seamen in New York. In the course of his sermon he introduced the following words:

"Well, my boys, we have a clear sky and are making fine headway over a smooth sea before a light breeze, and we shall soon lose sight of land. But what means this sudden lowering of the heavens and that dark cloud rising from the western horizon? Hark! Don't you hear the distant thunder? Don't you see those flashings of lightning? There is a storm gathering! Every man to his duty! How the waves rise and dash against the ship! The air is dark! The tempest rages! Our masts are gone! The ship is on her beam ends! What next?"

The hands of every sailor were gripping the pews in front of them, and a wild excitement was in their eyes. And when the preacher reached the climax of his dramatic speech they sprang to their feet in a body and shouted, "Take to the longboat!"

THE MEDICINAL VALUE OF FRESH FRUIT JUICES

One of the Greatest Wonders of the Age.

Hundreds Have Been Made Well by Taking Advantage of an Ottawa Physician's Discovery.

Everyone knows how beneficial fruit is, when eaten regularly. Fruit is nature's laxative—the finest kidney regulator—and the ideal skin tonic. Unfortunately, the medicinal principle of fruit occurs only in minute quantities. In order to consume enough fruit to relieve biliousness, one would also consume a large amount of woody fibre or pulp, which would upset the stomach and impair digestion.

An Ottawa physician discovered a way to get around these difficulties. He pressed the juice from apples, oranges, figs and prunes—and then forced one more atom of the bitter principle from the discarded orange peels, into the concentrated juices. This formed a new compound, having all the curative effects of fresh fruit—and

in a highly intensified degree. Then valuable tonics and internal antiseptics were added and the whole pressed into tablets.

These are "Fruit-a-tives" the wonderful Liver Tablets you hear so much about. "Fruit-a-tives" cure the most obstinate cases of non-action of the bowels, biliousness, headaches, sleeplessness, nervousness, kidney trouble, rheumatism, sciatica and neuralgia. They are the greatest blood purifying medicine in the world, while their action on the skin, in clearing and beautifying the complexion, is nothing short of marvelous. Ask your druggist for "Fruit-a-tives" and see that you get them. 50c a box, 6 for \$2.50. By mail, postpaid, from Fruit-a-tives Limited, Ottawa.

Early Northwest Voyages.

Beginning with the American discoveries of John Cabot in 1497, the search for the Northwest passage was for many years the object of rival expeditions from Denmark, England, France and Portugal. It was Frobenius, however, who in 1576-78 first gave a distinct national character to the quest. John Davis, of Davis strait, followed in three voyages, 1585-88, and then, in 1612, came the illustrious and hapless Henry Hudson, whose untimely death that explorers should "achieve what they had undertaken or else give reasons wherefore it will not be." The search from the Atlantic side closed for two centuries with the voyage of a great seaman, William Baffin, who, in a tiny boat of fifty-five tons, with a miserable equipment, but an undaunted heart, attained in 1616 the highest north in the western hemisphere, 77 degrees 45 minutes N., and discovered three radiating sounds, Jones, Smith and Lancaster, the last being the eastern entrance to the long sought passage.—A. W. Greely in Century.

Shooting the Whale.

The Norwegian whale fisheries extend over nearly the whole of the Arctic sea, from the north of Norway to ward Spitzbergen and even to the Shetland islands. The whales are shot from small steamers, the implement used being the so called bomb harpoon, an arrow shaped iron spear furnished with a line, which is discharged from a small cannon. The whale often drags the vessel a long distance until it becomes exhausted and expires. It is then towed to the anchorage, where it is stripped of the blubber. This whale fishery was begun by a well known Norwegian, Svend Foyn, in 1868. At first only the blubber was utilized for train oil; now the bones are crushed for manure, and the flesh is used for fodder.

New York's First Graveyard.

The first graveyard in New York city was established in the year 1633. It was situated on the west side of what is now Broadway above Morris street. The oldest grave of which there is a record is that of a child, marked with a sandstone slab, with a skull, cross-bones and winged hour glass and the following inscription:

W. C.

Here Lies the Body Of Richard Church-er Son Of William Churcher Who Died The 5 Of April 1681 Of Age 5 Years And 5 Months.
