KILLED BY A TRAIN.

Tragic Death at Bangor of Warren Law,
Son-in-Law of John Yerxa of this City.

The remains of the late Warren Law, who met a tragic death at Bangor on Tuesday night, arrived here by the late train last evening and were taken to the home of his father-in-law Conductor Yerxa, cor. of Charlotte and Smythe streets.

From the particulars of Mr. Law's death so far it appears that the deceased was employed as a brakeman on the B. & A. Railway and that on Tuesday night last he was sent out on the tracks to flag an incoming train. While engaged in this work he was run over by a train coming in an opposite direction.

From the information at hand it appears this train and at least two others afterwards passed over the young man's body without those an any of the trains being aware of the accident. When the body was later discovered Mr. Law's red colored lantern was standing in the centre of the track and several torpedoes were scattered along the rails. It is strange that these did not attract the attention of the train hands and this matter will probably be brought before the in-

quest which is being held at Bangor today.

The deceased, who was about 30 years of age, was a son of Mr. Jarvis S. Law, of Canterbury Station. He married Miss Belle Yerxa, daughter of Conductor John Yerxa, and she with one little daughter survive.

The late Mr. Law was previous to his going on the B. & A. Railway, employed as a telegraph operator with the C. P. R. and was for a time station master at Keswick. He had a large circle of friends who will regret to learn of his tragic death.

The remains were taken to Keswick at ten o'clock this morning and interment was made at the Yerxa family plot at that place this afternoon. Accompanying the remains were Conductor Yerxa, Mrs. Law and two sisters and a brother of the deceased.

Service was held at the home of Mr. Yerxa this morning by Rev. Canon Cowie.

This is the second tragic death which has taken place in Mr. Law's family, a younger brother of the deceased having been accidentally shot at Canterbury about five years ago.

THE MONCTON RACES.

Nothing Has Been Heard in the Railway Town
About the Maritime Circuit.

Moncton, June 13—(Special)—Nothing is known here about the proposed Maritime harness racing circuit recently arranged at Fredericton and the local management have not been communicated with regarding the dates announced for this track.

The races are to be held here on September 2nd and 3rd, these dates having been announced last winter by the local management and since appropriated by the St. John track. Nothing is known here of July 18th and 19th dates on which new circuit announces the races are to be held. The races here are to take place on July 10th and 11th.

Mr. Tom Holmes, Fredericton's colored driver, has not sent in an entry

but has been notified by the management that his entry was not desired.

(On enquiry the Herald learns that some of the despatches sent to St. John newspapers in regard to the recent circuit conference in this city did not give the dates correctly. Nothing was said about holding a meeting at Moncton July 17th and 18th, but it was agreed that the races arranged in that city for July 10th and 11th should form part of the circuit. The hope was expressed, however, that the Moncton race meeting planned for September might be pulled off in August, and that the St. John fall meeting might be brought on after the Chatham meet.)

AMHERST MAN DEAD.

Charles Christie, a Prominent Manufacturer
Succumbs to Pneumonia.

Amherst, June 13—(Special)—The death occurred here at 11.30 today from pneumonia of Mr. Charles C. Christie of the firm of Christie Bros. & Company, Limited, in the 69th year of his age.

The deceased was one of Amherst's strong men residing here for nearly fifty years and was largely interested with the industries which have helped to build up Amherst. He was a man of sterling christian character and for forty years was a valued and consistent member of the First Baptist Church here. He was the ideal home man and surrounded by his family, his was one of the homes in Am-

herst where all were welcomed. He was somewhat of a quiet and reserved nature, yet always had a kind word of greeting for those who came in contact with him.

Mr. Christie was a son of the late James Christie of River Herbert. His wife who survived him, was Miss Alice Cahill, sister of Stipendiary Walter Cahill of Sackville, N. B. He also has two sons Warren and Norman, associated with him in business and one daughter, Miss Emily at home. Four brothers also survive him, Thos. and Alex. members of the Company and Robert and Edward B. at River Herbert and two sisters, Angeline and Mary at River Herbert.

DEATH ON THE RAIL.

Vancouver, June 13—(Special)—The most serious accident in the history of the B. C. Electric Railway Company occurred shortly after 5 o'clock yesterday afternoon on the Stevenson Train. Line about a mile and a half from here. Two cars, a heavy shunter and a passenger car, met near Horse Shoe curve with terrible results. The list of dead and injured are as follows:

Dead—J. McCall, Steveston. Injured—J. Granor, both legs broken; E. Stevens, Montreal, LeFonette, legs broken; Wm. Burton, Ladnor an unknown Chinaman is unconscious, probably from concussion of the brain; four Japanese and several lady passengers are slightly hurt.

A noble man sees nobility in every body.

FOREST, FISH AND GAME.

Protective Association for the Province
Formed Under Favorable Auspices.

OFFICERS ELECTED AND BYE-LAWS ADOPTED—LUMBERMEN IN SYMPATHY.

The New Brunswick Fish and Game Protective Association was organized at a large, enthusiastic and representative meeting held at the Queen Hotel last evening. It starts out with a membership of thirty and there is every prospect that it will be brought well up into the hundreds in the course of few weeks.

The meeting was presided over by Mr. F. B. Edgecombe and among others present were the following:

Surveyor General Sweeney, C. Fred Chestnut, J. H. Hawthorn, J. W. McCready, Dr. G. J. McNally, T. H. Colter, T. A. Peters, John Palmer, J. S. Neill, Daniel Elliot, J. A. Winslow, H. E. Harrison, J. J. McCaffrey, Fishery Inspector Harrison, W. B. Bishop, Montreal, H. G. Fenety, W. P. Flewelling, John Robinson, Newcastle, George Y. Dibblee, Norris Manderville, Derby, T. F. Allen, Andover, George McKay, Newcastle, Ran Foster, St. Marys, W. H. Allen, Penniac, Mayor McLeod, A. R. Shipp, Col. Loggie, H. G. Fenety, R. P. Allen, and J. D. Black.

Mr. J. F. Winslow, who acted as secretary, read letters, heartily endorsing the movement, and signifying their intention to become members, from the following:

Col. G. West Jones, St. John. John J. Bodkin, Fern Hill. G. F. Burden, M. P. P. Pokiak. B. F. Smith, M. P. P. Florenceville. J. W. Y. Smith, Moncton. Joseph Fewer, Woodstock. L. H. Higgins, Moncton. J. H. Edgitt, Moncton. A. B. Copp, M. P. P. Sackville. J. E. Masters, Moncton. New Brunswick Tourist Association, St. John. O. Turgeon, M. P. Gloucester. E. Hutchinson, Newcastle. Timothy Lynch, Fredericton. John G. Rundle, Boiestown. W. B. Snowball, Chatham. Max. M. Mowatt, Campbellton. James Beveridge, and R. Loggie, Chatham.

Dr. Coleman, Red Bank. W. H. Berry, St. Stephen. and others.

Letters were also read from Mr. Kelly Evans, secretary of the Ontario Fish and Game Protective Association and from Hon. L. T. Carleton, commissioner of game and inland fisheries of the State of Maine.

Mr. Winslow next read a copy of a circular letter which he had sent out calling the meeting and explaining its object.

Chief Game Warden Robinson reported that he had seen a number of prominent lumbermen of the North Shore, all of whom promised to become members of the association and contribute to its support, provided it would give attention to forest protection.

Mr. Winslow said that the promoters of the organization had given the matter consideration and decided to accede to the request of the lumbermen.

BYE LAWS ADOPTED.

A draft of bye-laws prepared by the secretary on the lines of those governing the Ontario association were then gone over section by section and adopted with some slight changes.

It was decided that the organization be known as "The New Brunswick Fish, Forest and Game Protective Association," with headquarters in Fredericton and branches in the various cities, towns and villages of the province to be affiliated with the parent association.

The objects are: (1) the better protection of fish, forests and game; (2) study of the propagation of game and fish; (3) better protection of the forests from fire; (4) to carry on an educational campaign; (5) to show residents the value of game, forests and fish as an asset to the province; and (6) to cultivate a more friendly feeling between sportsmen than at present exists.

Provision was made for the election of honorary members and it was agreed that ministers of the gospel and school teachers should be exempt from membership fees.

The fee for life membership was fixed at \$25.

Power was given the executive to expel members guilty of conduct likely to bring the association into disrepute, but they can be reinstated on a two thirds vote of a general meeting.

The annual fee was fixed at \$2 and provision was made for a payment of a small per capita tax from subordinate associations equal to 50 cents per head of the members.

Provision was made for the election of a legal committee for the headquarters society and also for the branches, the members of which will be expected to give their services free of charge.

It will be the duty of members to assist in the enforcement of the fish,

game and forestry laws and suggest such legislation to the government as may be deemed necessary. Officers who fail to do their duty are to be reported to the government by the association and their dismissal asked for.

The date of the annual meeting was fixed for the first Wednesday in May. Branch organizations will be allowed to fix the annual fee for members at a sum less than two dollars subject to the approval of the executive.

The executive shall consist of the officers and vice-president of every branch hereafter to be formed.

OFFICERS ELECTED.

The election of officers for the ensuing year resulted as follows:

Honorary President—Hon. F. J. Sweeney.
President—C. Fred Chestnut.
Secretary—J. J. F. Winslow.
Treasurer—J. J. McCaffrey.
1st. Vice President—F. B. Edgecombe.
2nd. Vice President—J. S. Neill.
3rd. Vice President—Timothy Lynch.

The following additional Vice Presidents were elected:

Moncton—J. W. Y. Smith.
St. John—Col. G. W. Jones.
Charleton County—Dr. H. A. Green.
Chatham—W. B. Snowball.
Gloucester—O. Turgeon, M. P.
Restigouche—David Richards.
Kent—J. D. Irving.
Charlotte County—Col. Chipman.
Victoria—Thomas F. Allen.

Additional Vice Presidents will be appointed as soon as branch organizations are formed.

President Elect Chestnut in taking the chair, returned thanks for the honor conferred upon him and promised to do his utmost to make the organization fulfill the objects for which it was formed.

The secretary was authorized to publish the bye laws for general information.

On motion of Mr. Palmer, seconded by Hon. Mr. Sweeney a hearty vote of thanks was presented to Mr. J. E. McCaffrey, who was referred to as the originator of the movement.

Mr. McCready moved a vote of thanks to Mr. T. F. Allen, steward of the Tobique Salmon Club. In doing so he spoke of the valuable assistance rendered by that gentleman in forming the organization.

Mr. Allen in reply said that he represented the Tobique Salmon Club and he could promise that every member of that organization would be pleased to unite with the new association. He believed the same would apply to all the other salmon clubs of the province. Mr. Allen went on to speak of the good results that had accrued from the protective work done by the Tobique Salmon Club.

The Tobique and St. John rivers were depleted of salmon when they took hold, but conditions were different at the present time. It was very important that salmon should be protected that they might reach the spawning beds, otherwise they would soon become extinct. It was impossible he said to deplete a river by fly fishing. He believed that if the St. John River was properly protected it would provide good fly fishing right down to tide water. He thought the organization could do a grand work for the province.

Hon. Mr. Sweeney, who briefly addressed the gathering, thanked the members for electing him honorary president. He believed that New Brunswick was the best game country on the North American continent. He was in hearty sympathy with the new organization and believed it would do a grand work for the province. It was certainly in the public interest that our natural resources in forest, fish and game should be adequately protected. He spoke of the good work already done by the New Brunswick and Fredericton Tourist Associations in making the attractions of the province known to the outside world. He hoped to see branches formed in every county of the province.

Mr. T. A. Peters in a brief address gave the meeting the benefit of his experience as a votary of old Isaac Walton.

Mr. T. F. Allen also spoke briefly on salmon culture on which subject he is an undoubted authority.

It was after eleven o'clock when the gathering dispersed.

THE STOCK MARKET.

Montreal, June 13—(Special)—There was no change in the range of stock quotations today, there being no pressure to sell. Only a few issues figured in the trading this morning.

Toronto Railway sold at 117, Richfield at 70, and Lake of the Woods at 75. The balance of the trading was made up of a few broken lots.
