

The Sherwin-Williams Varnishes are good varnishes—every one of them. Each one is made for a special purpose and with a full understanding of the needs of that purpose. Each varnish is right—right in working, drying, and wearing qualities, right in appearance.

The S.W. Varnishes are thoroughly aged before being put on the market. They are "ripe" and every drop can be used. You will like S.W. V.

A large number of the best practical painters use S.W. V. exclusively—men who would not take the risk of poor varnishes.

Next time you have a job of varnishing ask us about S.W. V.

NOTICE TO CONTRACTORS.

Sealed tenders addressed to the undersigned, marked on the envelope "Tender for Construction," will be received at the office of the Commissioners of the Transcontinental Railway, at Ottawa, until twelve o'clock noon of the 25th day of June, 1907, for the work required for the construction, in accordance with the plans, profiles and specifications of the Commissioners, for the following section of the Transcontinental Railway, viz.:—

District "A."—From a point designated on the plans of the Commissioners at or near the Town of Chipman, in the Province of New Brunswick, easterly for a distance of about eight miles.

Plans, profiles and specifications may be seen in the office of the Chief Engineer of the Commissioners at Ottawa; also in the office of District Engineer Guy C. Dunn, St. John, N. B.

Persons tendering are notified that tenders will not be considered unless made in duplicate, and on the printed forms supplied by the Commissioners. Tenderers shall not be in any way entitled to rely upon the classification or any other information given by any person on behalf of the Commissioners, and before submitting any tender, bidders should make a careful examination of the plans, profiles, drawings and specifications, and read the forms to be expected, and fully inform themselves as to the quantity and quality of materials, and character of workmanship required, and understand and agree to be bound by the terms and conditions contained in the form of contract, specifications, &c., annexed to the form of tender.

Each tender must be signed and sealed by all the parties to the tender, and witnessed, and be accompanied by an accepted cheque on a chartered bank of the Dominion of Canada payable to the order of the Commissioners of the Transcontinental Railway, for a sum equal to ten per cent (10 p. c.) of the amount of the tender.

Any person whose tender is accepted shall, within ten days after the acceptance thereof, furnish such additional approved security as may be required by the Commissioners; sign the contract, specifications and other documents required to be signed by the said Commissioners; and in any case of refusal or failure on the part of the party whose tender is accepted to complete and execute a contract with the said Commissioners, and to furnish the additional approved security within ten days after the acceptance of the tender, the said cheque shall be forfeited to the Commissioners as liquidated damages for such refusal or failure, and all contract rights acquired by the acceptance of the tender shall be forfeited. The cheques deposited by parties whose tenders are accepted will be deposited to the credit of the Receiver General of Canada as part of the security for the due and faithful performance of the contract according to its terms. Cheques deposited by parties whose tenders are rejected will be returned within ten days after the signing of the contract.

Attention is called to the following clauses in the form of contract:—
"All mechanics, labourers or other persons who perform labour for the purposes of the construction of the works hereby contracted for shall be paid such wages as are generally accepted as current for competent workmen in the district in which the work is being performed, and if there is no current rate in such district, then a fair and reasonable rate; and, in the event of a dispute arising as to what is the current or a fair and reasonable rate, it shall be determined by the Commissioners whose decision shall be final."

"This agreement is subject to the regulations now in force, or which may at any time hereafter be in force during the construction of the works hereby contracted for, made under the authority of the Department of Labour, and which are or shall be applicable to such works."

(The schedule of Minimum wages determined upon by said department will form part of the contract.)
"The contractor shall, in connection with the whole of the said work, as far as practicable, use only material, machinery, plant supplies and rolling stock manufactured or produced in Canada, provided the same can be obtained as cheaply and upon as good terms in Canada as elsewhere, having regard to quality and price."

The contractor shall conform to the fire regulations adopted by the Commissioners; and also to the laws and regulations respecting fires in the different Provinces wherein the work is being performed.
The right is reserved to reject any or all tenders.

By order,
P. E. RYAN,
Secretary.

The Commissioners of the Transcontinental Railway,
Ottawa, June 5th, 1907.

Newspapers inserting this advertisement without authority from the Commissioners, will not be paid for it.

Wood's Phosphodine is sold in Fredericton by all Druggists.

CHURCH UNION ENDORSED.

Powerful Speeches Marked Close of Memorable Debate in General Assembly.

Montreal, June 11.—There was a storm at the Presbyterian General Assembly today over the appointment of Rev. Alexander R. Gordon, M. A., of Monikie, Dundee, Scotland, to the chair of old testament literature at Montreal Presbyterian College. It was the old, old question, "Is he orthodox?"

Dr. Sedgewick felt that it was with great pain that he must withhold his vote on this appointment as he had his doubts as to the views held by Dr. Gordon on the Scripture. He based his doubts on an article which appeared in the Hibbert Journal on the religious value of the book of Genesis. One might as well question the religious value of the Holy Gospel. From what he could gather Dr. Gordon regarded the book of Genesis as a mass of myth and legend. He admitted that the article was pervaded with a most excellent spirit, but he wondered whether Dr. Gordon was the right man to teach their young men. He felt it on his conscience that he must make this protest.

Principal Scrimger deeply regretted this discussion. The matter, he said, would now be handed out, and if any hindrance is made to this appointment, where is a competent man to be obtained? Further, is this particular professor to be tied down to a certain set of views? Dr. Sedgewick had not followed out his action to the logical conclusion. Why does he not complain of other professors whose views are the same as Dr. Gordon's?

Dr. Sedgewick said he knew nothing of those professors' opinions.

Dr. Scrimger retorted that if Dr. Sedgewick was ignorant, it showed he was not in earnest.

Dr. Sedgewick demanded that such statement should be withdrawn.

After more warm bandying of words, Dr. Scrimger said that he withdrew anything that might be thought to reflect on Dr. Sedgewick's integrity. Was this man, because he was a stranger, to be punished and held down to a certain set of views and denied his liberty of opinion?

The amendment, on being put to the meeting, was lost and the motion to appoint Dr. Gordon carried. For some time the assembly was in a continual hum of conversation from the stormy proceedings of the previous hour.

Mr. Patterson moved that the general assembly urge upon pastors and people, severally and unitedly, within the circles of their influence and responsibility, to advance the interests of Sabbath observance, not only on

economic moral grounds, but upon the higher and better basis of a God-given and Christ-recreated law, the principles of which strike deeply and firmly into the foundation of all that makes a nation good, and therefore necessarily great.

CHURCH UNION.

Having got the path clear for the discussion of church union, Principal Forrest, of Halifax, moved that all speakers be limited to a ten minutes' speech, which was carried. The argumentative fray then commenced. Robert McQueen, of Kirkwell, rising to express regret that a space of ten minutes would hardly permit him to do justice to the theme.

Dr. Millar, of Halifax, thought that Rev. Dr. Patrick, convener of the committee, had made a straightforward proposal. There had been needless discussion. He thought that the convener's resolution had embodied all that was contained in the amendment. He recalled the statement of Dr. Cook at the first assembly of 1875, that he trusted there would come a larger and greater union than that then consummated.

Dr. Coon had advocated union with the Congregational and Methodist churches, and had declared that union was implied in Christ's intercessory prayer. He had never heard it advanced that the prayer of our Lord did.

Rev. Dr. Bradley was the next speaker. "I do not intend to say one word against union," he said. "I long and pray for union, but there are serious aspects of the case on which I have strong convictions, and the time has not yet come to express them."

Rev. Dr. Barclay then moved, as an amendment, that there be added to Dr. Patrick's original motion the words, "and further, that Presbyteries, sessions and congregations be requested to fully consider and to express their judgment upon the whole question."

Principal Forrest then rose to oppose both amendments. They were not needed, he said. They were out of order. (Loud applause.) "Consult the people, you say. That is just what we want to do."

"I will not accept the amendments," said Principal Forrest, "because of the speeches that were made in support of it. If I believed that the sentiments of the mover and second of the first amendment were those of the Presbyterian church, I should not be in that church today."

The assembly then adjourned to resume the debate tomorrow.

SEVERE PAINS IN THE GROIN.

Trying Experience of a Well Known Citizen in St. John, N.B.

The case of Mr. Chas. F. Olive, for years foreman in the "Gazette" of St. John, N. B., is a striking evidence of the power of Ferrozone.

No remedy has such a record for restoring sufferers from acute stomach and kidney trouble; it invariably does cure.
"For several years" writes Mr. Olive, "I have had kidney trouble and until quite recently I suffered torture. A few months ago my condition assumed a very serious form. I consulted several city doctors, used different pills, but without the slightest benefit. I suffered from an intense pain in the groin, and the increasing seriousness of my trouble prompted me to try Ferrozone. It gave me quick relief, and a half-a-dozen boxes cured. Ferrozone I can recommend as a specific for disordered kidneys."

Won't you try Ferrozone too, 50c. per box at all dealers in medicine.

KINGSLEY.

June 12.—Although the weather has been very cold this spring, Evidence is looking beautiful and the farmers are all busy getting in their crops.

The Rev. W. W. McConnell preached an eloquent sermon to a large congregation here in the Methodist church a few Sundays ago.

The Rev. A. A. Rideout, of Fredericton, will preach in the Baptist church here on Sunday afternoon, June 16th.

Mrs. Barnett and her little grand daughter, Jean, has been visiting friends in Fredericton.

Mr. and Mrs. John Brannen, of McLeod Hill, are receiving congratulations on the arrival at their home of a young daughter.

Miss Winnie Anderson, who has been visiting her brother, Mr. Alfred Anderson, of Royal Road West, has returned home.

Mr. William Seymour has sold his beautiful span of horses to Mr. Simmons, getting for them four hundred dollars.

Mr. Alexander MacFarlane has gone to Fredericton. He will be much missed by his many friends.

The invitations are out for the marriage of a popular young couple of this vicinity.

Mrs. Murray has arrived home after spending a few days with her friends on McLeod Hill.

A very quiet wedding took place May 22nd at the residence of Mr. John Foster, when his step-mother, Mrs. George Foster, was united in marriage to Mr. Alex. Lyons. The

ceremony was performed by the Rev. A. A. Rideout. Only the immediate friends of the bride being present. The happy couple left on Thursday for their future home at Lower Kingsley, where they were welcomed that evening by a large charivari.

A QUESTION OFTEN ASKED.

Why so many people feel worse after taking pills than before? Trouble is that drastic pills are used. No remedial action is obtained, the bowels are irritated and dreadful constipation follows. In using Dr. Hamilton's Pills you are scarcely conscious of having taken medicine. Although very mild, Dr. Hamilton's Pills do regulate the bowels, stimulate normal action of the glands, and create neither nausea, griping or violent action. Positively guaranteed for biliousness, indigestion, stomach, liver and kidney ills. For a safe family pill rely on Dr. Hamilton's 25c. per box at all dealers.

ZION.

June 11.—We are having rains which make the crops fine.

Most all the men have returned home from the stream drives.

Our boys that were down to Blue River are among us again.

Mr. Young had the bad luck to get hurt a little by a truck wagon running over him but he is getting better.

Mrs. John Waltman has been very sick but is able to be out again.

Mr. and Mrs. Patrick Owens spent a few days in Fredericton.

Mr. Halls spent the day with Mrs. James Somerville, of this place.

Miss Maggie Somerville is spending a few days at her old home.

Mrs. James Craig, of Stanley, is at home for a week.

Mr. Gill, the apple tree agent, passed through this place last week.

Mr. and Mrs. Robert Craig are receiving congratulations on the arrival of a baby girl.

Mr. Russell, who is painting Peter Rayworth's house, spent the week in Fredericton.

John Church, of Durham Bridge, was in this place recently.

We are glad to see Mr. John A. Young, who has had the fever, is able to be out again.

Miss Charlotte Young has set up dress making shop at Taymouth. We wish her very much success.

Mrs. William Young spent a few days in Stanley.

Miss Easter Cass spent a few days at Marysville.

Willie and Annie McDonald spent Sunday in this place.

Mrs. Allen Hall spent a few days at her sister's Mrs. William Young.

The Rev. Mr. Ives, of Stanley, preached in the Methodist church in the Rev. J. M. Ramsay's place on Sunday.

STUDIES ON CIVIC BEAUTY.

To the Editor of the Herald:

Sir:—First impressions are generally lasting, whether applied to an individual or a place.

Only occasionally do people have an opportunity to know many places well; only a few care to know, many thus being satisfied with merely superficial acquaintances, as is the custom of most travellers.

In a business or professional capacity or as a mere traveller, one may visit a city or town many times and never gain the first insight into the soul of the place or concerning the men and women whose work has given it that indefinable and often intangible something which distinguishes it from other places.

And when one is interested in observing the essential character of a place, he too generally fails to attribute what he sees to any particular force, either to the activities of the citizens in their assembly, or the work of the few to know a place and to be able to measure its possibilities, all these things must be understood.

Now that we have a new Mayor and some new aldermen we look for things to run smoothly, and it is our duty to help them all we can as they are the choice of the majority and I think the general feeling is that we will have some change for the better. We must however, turn over a new leaf this spring, with our new Mayor let the past go because the mill will never grind with the water that is past.

Some mistakes have been made in different departments, let us do better, let us employ competent men, men who know their business, employ a competent engineer to run grades and levels, then this particular branch will be properly done. Why? Because the man understands what he is about. He has made it a study. Whatever is not done right in the beginning, I don't care what it is, it has to be done over again. By a rigid enforcement of this principle, and in fact all principles that are found correct the city in the end will save money and have things correctly done.

Yours truly,

C. H.

Fredericton, N. B., June 11th.

RESIGN FROM THE WORRY

Life is a rush, but we can't get all there together. In consequence, we worry—Can't help it because nerves are weak, vitality is burnt up and there's no staying power left. Cut out the worry part, and build up. Let Ferrozone help you. It's a most strengthening nutritive tonic. Fills the blood and iron, supplies Ferrozone, 50c. per box at all dealing material for worn out organs, generates the sort of vitality that makes you want to do things. No medicine more helpful for men, women and children who need strength and staying power. Try ers.

MARYSVILLE NEWS.

June 12.—Mr. Roy Stafford, son of John A. Stafford of this place, who went to Rumford Falls a few months ago, was united in marriage at that place last week. He and his charming bride are at present spending their honeymoon travelling through the state of Maine.

The roads and streets of our progressive little town are greatly improved since Mr. Elias White was appointed road master. The streets are better graded, and kept cleaner at present in a far more creditable appearance, being a great improvement in the conditions in years back. Mr. White is the right man in the right place. He always has a crew of men working who take great pride in keeping things in order.

For some time past there has been a great deal of interest taken in a proposed horse race between several well known Marysville running horses. The race is apt to come off in the park almost any evening. Mr. MacLair Reid has a dandy horse which he claims can outrun anything in the parish and make the best time. The race will be watched with interest, especially as quite a number from Fredericton intend entering the grand event. It is rumored that a great deal of money is at stake.

Speaking of horses, it will be well to mention the fact, that Mr. George Cowie has one of the fastest and best gated horses in the province. It is expected that the coming summer will see some good trotting as Mr. Cowie expects to enter Lady M. in several of the races in different parts of New Brunswick. She is a dandy and her career will be watched with great interest.

PROMINENT MANUFACTURER SPEAKS.

In Vanleek Hill, Ont., no one is better known than Geo. S. Watson. When he says "Catarrh" is a real cure," depend on it being so. "My wife," he writes "was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried but few proved at all useful. Catarrh" was different. It seemed to get right at the sore spots and brought relief quickly. We have found Catarrh" an absolute cure for bronchitis and catarrh." Nothing cures more quickly so get it today, two sizes, 25c. and \$1.00 at all dealers.

The Number Three.

Three, which since the days of Pythagoras has been the divine number, is not invariably fortunate, for though the fates are three, so also are the furies. The graces are three, but so also are the judges in hades and the heads of Cerberus. Then there are the records of three disloyal tribes in Welsh history; there are the three robbers in Orion's belt; there were the three tyrants at Athens, and 3 in mythology is as unlucky as it is divine.
