The skin rids the system of  
more urea than the kidneys?

Nearly one fifth of the waste products of the body is eliminated by the skin. Suppose there is some unsuspected, unseen skin trouble—the pores are closed—the skin is unable to rid the system of its share of the waste.

Then the blood carries this waste product to the kidneys—immediately they are overworked—they strain to throw off the extra load. What the kidneys can't possibly eliminate, the blood takes up again and deposits on the nerves.

Then come the dull aches in back, hips and head—the nerves unstrung and irritated—the urine charged with impurities and highly colored—and you fear you have "Kidney Trouble."

Nonsense. Your kidneys are overworked—not diseased. What you need is "FRUIT-A-TIVES" to act on the skin.

## Fruit-a-tives

(or Fruit Liver Tablets)

open the clogged pores—start up healthy skin action—and let the skin perform its natural function. This instantly relieves the kidneys of overwork—the back-aches stop and the complexion is beautified. There is no excessive waste matter in the blood to bring dull headaches—the urine is cleared—the bowels are opened and regulated—and the kidneys strengthened.

"FRUIT-A-TIVES" act directly on the three great eliminating organs—Skin, Kidneys and Bowels—make them well and keep them well. That is why "FRUIT-A-TIVES" cure so many cases of apparent kidney disease that are really skin troubles.

"FRUIT-A-TIVES" are fruit juices—in which the natural medicinal action of fruit is many times increased by the secret process of making them. Valuable tonics and antiseptics are added and the whole made into tablets—the finest formula known to medicine.

Buy them—try them—and cure yourself at home. 50c. a box—6 boxes for \$2.50. At all druggists or sent on receipt of price.

## MR. MARTIN'S FUNERAL.

Liberal M. P. for North Wellington  
Interred at Mount Forest.

Ottawa, March 15.—Today the funeral of the late Mr. Martin, M. P. for North Wellington took place at Mount Forest, Ontario.

Deceased was sixty-five years of age and was in Dominion House since the last general election. The flag has been floating half-mast on parliament buildings for about half the session on account of the death of members, eight having passed away in that time.

Bilious Paleness,  
Now Easily Cured.

If you are frequently bilious or have feelings of nausea, there is a reason. When the liver action is normal the bile is secreted in the proportions necessary to ensure the digestion of fats. When liver action is irregular it is an evidence of impairment of nerve force.

When these derangements occur, an undue amount of work is thrown upon the liver and kidneys, they rebel—the whole system suffers, and ill-health follows.

Another dangerous result of derangement of the biliary function is constipation. Deadly disease results from this condition.

This is a hateful condition because it ensures two results—heavy, dark rings under the eyes and a sallowness that's absolutely abhorrent.

These derangements if allowed to continue excite the formation of gall-stones, cause jaundice, catarrhal inflammation of the bowels and indigestion.

If you wish to get better, the very root of the trouble must be reached. This can be accomplished only by Ferrozene—a remedy that strengthens the system, the blood, the liver and kidneys.

Ferozzone is a food for the nervous system. It fortifies and strengthens it. The nervous system controls all the functions of the body.

Improve its tone, you improve the tone of the whole body, and this is what Ferrozzone accomplishes.

Its first action is to fortify digestion—this means nourishment and more building material.

Ferozzone makes rich, red blood—lots of it, and this means the proper action of all the large and vital organs of the body.

Quickly there comes strength, vigor, endurance—that glow of feeling which we call health.

You are sure of robust health, sure of strong nerves, good appetite, sure to look and feel your best if you use Ferrozzone, try this great tonic, sold everywhere in 50c. boxes.

"Why, William!" exclaimed Mrs. Jorkins the other morning early, as she met him at the door. "How dare you come home in this condition at this outrageous hour? You promised faithfully that at New Year's you would stop your loose conduct and turn over a new leaf. Catching at an extenuating suggestion he thought he saw in these words Jorkins hastened to explain: "Thrash, just it, Mari! I did turn over a new one, but it belonged to the loosh-leaf system."

## LOCAL LEGISLATURE.

### A Variety of Bills Discussed at Friday's Sitting—Some Passed and Others Stood Over.

The House met at three o'clock on Friday.

Hon. Mr. Robinson in reply to Mr. Grimmer read a statement giving the items of expenditure on account of the administration of justice since the close of the fiscal year amounting to \$4,475.05.

Hon. Mr. LaBillette in reply to an enquiry, said the Department of Public Works has completed arrangements for replacing two of the existing old open wooden spans with the two new covered in wooden spans on the Florenceville bridge across the St. John River, and as the remaining old spans have to be renewed, they will be replaced with covered in spans, so that eventually the entire bridge will have a covered-in superstructure on the present substructure.

The department has not considered the question of making a sidewalk on the Florenceville bridge.

Hon. Mr. LaBillette in reply to Mr. Smith's enquiry said. The only portion of the amount \$149,943.73 page 6, Auditor General's Report, that was expended before the close of fiscal year 1905 was on account of \$7,126.73 expended on Red Bank bridge, Northumberland County.

Hon. Mr. Sweeney laid on the table a return of the grants in Kent County for the past ten years.

Mr. Ryan gave notice of enquiry in regard to the expenses of the Collin's case.

Mr. Poirier gave notice of enquiry in regard to the bridge at Carleton Place.

Mr. Glasier gave notice of enquiry in regard to Superintendents of Highways for the Parish of North Lake and the game warden for the Parish of Stanley.

Mr. Hazen gave notice of enquiry in regard to the York and Carleton Railway.

Hon. Mr. Farris introduced a bill to provide for the importation of orses and sheep.

Hon. Mr. Robinson presented the petition of Mayor White of Moncton, John T. Hawke and others in favor of the police commission bill.

Hon. Mr. Robinson introduced a bill to amend the law respecting cemetery companies.

Mr. Allen said he saw in The Sun, that Ald. Baxter was reported to have stated with reference to the St. John civic elections bill, that if the plan of having such aldermen at large was adopted it would be due to the action of the municipalities committee. This statement is not correct.

An agreement was made by all concerned in the bill that the number should be increased to six, and the committee on municipalities had nothing to do with it.

Mr. Hazen—Ald. Baxter must have been misreported. The municipalities committee was assured by the members of the St. John common council that all the aldermen except two had agreed to an increase in the number of the board from 15 to 19. Because of this assurance many members of the committee justified their votes in favor of it. I was opposed to the proposal and am still opposed to it as no necessity exists for the increase, and a valid argument has been presented in favor of it.

Mr. Lowell—The request for an increase certainly came from the aldermen.

Hon. Mr. Jones, on behalf of the attorney general introduced a bill to constitute the parishes of Chipman and Canning in the county of Queens.

After some further remarks, the bill was agreed to and ordered to be recommended to the House.

The committee then considered the bill to amend sub-section 35 of section 95 of Chapter 165 Consolidated Statutes. Mr. Lowell explained that the bill was to permit the St. John municipal council to alter the fee for the license of all exhibitions and circuses from exceeding \$40 a day, to not exceeding \$500.

Mr. Hazen suggested that the bill should be made general and not restricted to the City and County of St. John as proposed by section 2. Since the bill was before the committee he had had conversation with several persons in St. John and Fredericton, who quite agreed with him on this point. He thought a \$40 license fee absurd and he thought it should be left to the discretion of the various municipalities to make by-laws for the purpose of regulating their own fee.

Mr. Maxwell quite agreed it would be wise to extend the operation of the bill. Small municipalities were often put to great expense in the matter of police protection, when circuses and other entertainments came round, and he thought a \$40 license fee would in most cases scarcely cover this cost and that the municipalities should have the right to charge a sufficient sum to cover all expenses they might be put to in that respect.

## WHEN CHILDREN ARE SICK.

They eat something that disagrees, catch cold, have cramps or colic. If there is pain just apply Neroline.

It's good to rub on, and for the inside it's most comforting. Effective and pleasant, you can't find a household panacea to equal Polson's Neroline. Used with satisfaction for half a century and in better demand every day because it does stop pain, ease suffering and cure the thousand and one ills that constantly arise in the family. J. Ryan—67.

A stranger wishing to play golf at North Berwick saw some one in authority upon the matter.

"What name?" asked the dignified official in charge.

"De Neuteldt," the stranger replied.

"Mon," said the official in a tone of disgust, "we cannot fash ourselves with names like that at North Berwick. You'll start in the morn at ten fifteen to the name of Fairgusson."

## IT IMPARTS STRENGTH.

Just think of the enormous strengthening power Ferrozzone possesses—consider what it did for H. V. Potter, well known in Kingston.

"I was subject to spells of dizziness. For eight months I had intense pain in my right side between the shoulders. I was almost incurable with weakness and lack of vigor. Often I scarcely ate any breakfast and felt miserable all day. Nervous, easily excited, troubled with heart weakness I was in bad shape. Ferrozzone restored and nourished me back to health in short order." Whatever your weakness may be Ferrozzone will cure. Price 50c. per box at all dealers.

"Yes, sire," said the patient salesman, "I've shown you our entire stock of gold and silver watch chains."

"Well, they ain't the kind I want," replied the cranky customer, "and so I ain't goin' to buy what I don't want."

"Certainly not, sir. Perhaps you want a steel one?"

"What's that? I'll punch your head off if you say I want to steal one."—Philadelphia Press.

IT CREEPS LIKE A SERPENT.

Steals through the system like a thief in the night. That's how catarrh acts. Don't trifle with such a scourge. Don't experiment with a doubtful treatment. Time and experience prove that Catarrhazone does cure, that it gives quick relief and so thoroughly destroys the disease, that it dies forever.

Get Catarrhazone in the first place, and your cure is assured. In 25c. and \$1.00 sizes at all dealers and guaranteed in every case.
