THE TURF.

THE FREDERICTON MEET.

Fredericton, N. B.,
January 26th, 1907.

Dear Sir,

The following circular letter has been sent by the Fredericton Park Association to horsemen throughout the Maritime Provinces:

We herewith beg to announce that the Fredericton Trotting Park Association have decided to hold a Three Days Trotting and Pacing Meet at their track on the 17th,18th and 19th days of September, 1907, with perhaps an extra day for consolations and a Fast Class Race. It is also the intention of the Association to offer purses equal to, if not greater than those offered by any other track this year. These races will be held in connection with the Monster Maritime Exhibition to be held in this City in 1907 and which will open on Sept. the 14th and close on the evening of the 21st of the same month. The Exhibition Association, which is known all over Canada as being the best financial organization of the kind in the Eastern Provinces, have been assured all Grants, both Provincial and Municipal, amounting in the whole to thousands of dollars, and with this assistance it is their intention to make the 1907 show the largest and best ever held east of Toronto. The Stockmen of the Provinces and also Ontario, have promised their support and attendance, and as this big show is circulated with Sherbrook Halifax and P. E. Island Exhibitions, Fredericton coming in second with its Big Premium List, it can very readily be understood that it is to the interests of the stockmen and exhibitors generally to visit us. Leaving Sherbrooke at the conclusion of the big show there and come direct to Fredericton, from here they go with special railway privileges to Halifax and from there they can take the island trip, which affords premium lists in abundance to compete for. This being the case the Trotting Park Association have decided to hold their Three Days Meet right in the middle of the Big Exhibition Week, thus giving the horsemen a chance to see the big show, and also take advantage of the generous premiums if they wish to enter in the Exhibition Classes as well as in all the Race Classes.

Our track has been treated with a top dressing and we expect it to be the fastest track in this section when the bell taps for the horses to score on September 17th next. Extensive repairs will be made to the stalls, etc., in the spring in order that visiting horsemen will be assured their races will be comfortably quartered while here.

While the classes have not been permanently fixed at this writing, yet it has been suggested that a 2.17 class a 2.21 stake, a 2.40 class, a four year old colt stake, a 2.24 class, and a free-for-all would fill the bill. However, our directors want the co-operation of the Maritime Horsemen in making up the classes for this big meet, and partially the object of writing you is to get your opinion on the classes most suited to the men. Therefore, we would be pleased to have you write our secretary, Thomas S. Wilkinson, of this City, giving your opinion of the above classes, whether they suit you or not, and what amendments, if any, you would suggest. We want your assistance and advice in an effort to draw together the largest field of race horses that have ever assembled at any one track during a race meet in the three provinces. We will make the purses worth your while to bring your speed with you. Arrangements will be made to ship direct to Halifax from here in ample time for the big show there the following week. Don't forget the dates, September 17th, 18th and 19th with possibly a fourth day for extra classes.

Our new filtration plant will be in operation April 1st next, after which time the purest of filtered water will be served to man and beast afike, without extra charge.

We want you to attend this big exhibition and race meet, and will make classes to suit the majority, so write what class will suit you and we will do the rest.

Yours, etc.,

THE RING

O'BRIEN TO LICK THREE.

Jack O'Brien has agretd to perform a stunt seldom attempted by any pugilist. He had a conference with Manager McCacey, in which he agreed to stop three fighters—George Brown, Jim Tremble and the "Terrible Turk"—in six rounds each, the evening of February 26, before the Pacific Athletic Club. Jack has tried to secure a match with a good heavyweight since he fought with Burns Thanksgiving day, has dismally failed. Now he is willing to take on these fair to good middle and lightweights and chuck them away in dreamland before six rounds have rolleh away.

BOXING BRIEFS.

Word comes from Reno, Nev., that a misguided promoter will offer $10,000 for a finish fight between Young numbers. It is possible, however, that somebody is trying to get a little free advertising. Corbett and Herman would be lucky if they got half this amount to box at Los Angeles or San Franlisco.

Meanwhile Tex Rickard, who is in Goldfield, has been heard from in this manner: "I think a return match between Gans and Nelson would be the best card we could arrange. I will guarantee to pay Nelson $15,000, no matter what may be the outcome of the battle, and will give the same amount to Gans. If they agree I will pull off the fight at Ely on the Fourth of July, as I know that it would draw well from Ogden, and Salt Lake. The railroad officials have talked with me about another Gans-Nelson fight and have promised to make cheap excursion rates from all points. If necessary I feel sure that I can raise $100,000 as a guarantee. Jack O'Brien is popular in Nevada but there is one thing he must cut out; that is all reference to fighting either Joe Gans or Jim Jeffries. It would be ridiculous to match him against either of these men. When Rickard made this statement Gans's manager, who war present, said that a fight with O'Brien would be worth $40,000 purse and that if the match was made Gans would be willing to bet heavily on the side, in order to show that he was not out for the loser's end. Under the circumstances it is believed that Rickard only needs extra persuasion to bring Gans and O'Brien together as soon as he is convinced that Nelson does not care to talk business.

There are two reasons why the promoters at Tonopah are freezing up on the proposed Gans-Britt fight. One is the positive statement made by Cyclone Johnny Thompson that Britt offered him $2000 to "lay hown," while the other is the weak showing made by Britt in Madison Square Garden last summer, against the unfortunate McGovern, who, in spite of weak mental and physical condition, made the overrated California boxer from all accounts, is not regarded as look like a green amateur. Britt, the equal of Kid Herman, who was easy for Gans on New Year's day.

Queen Ethel, dam of Moho and Bumps (2.03¼), is dead.

Baron Wilkes (2.15) arrived safely in his new home at Carthage, Mo.

George G. Hall is greatly pleased with the trotter Kim (2.15¾) as a sleigh horse.

The patrons of the Charles river speedway are all anxious to see Tom Phair (2.14¼) by Directum (2.05¼).

The indications are that Todd (2.14¾) will lead all stallions in the matter of representation in the Futurity stakes of 1907.

J. K. Newman's stallion Ormonde, who trotted a mile in 2.08¾, as a 4-year-old, but went wrong will be tried again in 1908.

Walter Cox contends that it requires both skill and brains to train and race a hoppled pacer and get the money with them.

James Butler, owner of the Empire track, New York city, expects to take an active part in amateur racing the coming season.

The decisive defeat of the trotter Frank Jones (2.16½), by J. V. N. Stubbs' gelding Tommy R. has taken away the interest in the proposed match between Frank Jones and Tom Phair.

The former Boston trainer Jimmy Brady worked a green trotter mare by a son of Simmons a mile in 2.17½ recently at Macon, Ga. She will b extensively staked the coming season.

DO YOUR EARS RING?

When they buzz and seem slightly deaf, beware of catarrhal inflammation. This grows steadily worse, but can be cured by Catarrhozone. J. A. Hammill of Greenmount, P. E.I., proved the merit of Catarrhozone and writes: "No one could have worse Catarrh than I had for years. It caused partial deafness, bad taste, upset my stomach, made me sick all over. Catarrhozone cleared my nostrils, stopped the cough and gave me a clear feeling in my breathing organs. I am absolutely cured." Doctors say nothing is better than Catarrhozone. Try it and you'll say so too. Two sizes, 25c. and $1.00 at all dealers.

A Sussex despatch says that Michael Barriau, an Indian from Apohaqui, was arraigned before Police Magistrate Fairweather today on the charge of assault with intent to kill on Dec. 21st. The accused assaulted Gilbert Duncan of Apohaqui and inflicted serious injuries upon him with a bottle, since which time he has been evading justice. Strong evidence was given against him by Frank, Jas. and Mary Paul, also by Dr. L. R. Murray, who attended Duncan. Barriau was sent to Hampton jail to await trial at the next sitting of the county court in April.

CHAMBERLAIN'S COUGH REMEDY A FAVORITE.

"We prefer Chamberlain's Cough Remedy to any other for our children,' says Mr. L. J. Woodbury of Twining, Mich. "It has also done the work for us in hard colds and croup and we take pleasure in recommending it." For sale by all dealers.

Nathaniel Dyment, millionaire lumberman and horseman, of Barrie, Ont., died yesterday morning after two weeks' illness. He was a brother of A. E. Dyment, M. P.

READY ON THE SHELF

That's where you'll find "Nerviline" in every well regulated household. So pleasant to take that even little children will cry for it. So certain to cure coughs, sudden colds and tight chest that thousands of bottles are used every day. Polson's Nerviline does prevent illness, it does ease pain and inflammation, and by being handy will save worry and keep down the doctor bills. Large bottles sold for a quarter at all dealers.

SWETTENHAM WORKED HARD.

Black with Dirt and Soot, Labored Incessantly—Lady Swettenham a Heroine.

Toronto, Feb. 4.—"Jamaican-Canadian" writes The World as follows from St. Ann, Jamaica, under date of Jan. 22:

"By this time the news of the terrible earthquake in Jamaica, on the afternoon of Jan. 14, must have reached Toronto, Kingston, our capital, is a thing of the past; the city lies in ruins. It is impossible yet to estimate correctly the number of dead, but up to noon on the 16th, it is officially announced that 348 bodies had been buried and many more must have been found since then, as the work of exhumation is still going on. Many of Kingston's most prominent citizens have shared the common fate, with its humblest, and black and white have been buried side by side in trenches; indeed, the latest accounts say that the dead are now being burned, both for sanitary reasons and to save time. Almost simultaneously with the earthquake a raging fire broke out, which burnt those unfortunates who may have been buried alive in the fallen houses and a great part of the ruined city was consumed before the fire could be put out, as the water supply was cut off. The survivors are camped mostly on the race course, either in tents or in the open, and starvation followed hard on the heels of earthquake and fire, as the business portion of the city was the one burned, and all food-stuffs wese destroyed.

"Our governor, Sir James Alexander Swettenham is digging among the worktrs, black with dirt and soot, along with prominent officials, members of the legislative council, business men and others, as well as gangs of laborers, but the work is not yet half finished. The latest news is that three British gunboats are in Kingston harbor, and that the blue jackets are helping in the work. The West India Regiment suffered, as many were killed, part of Up-Park Camp being destroyed, but the remainder are on guard over the city, keeping off maraunders. The public hospital is injured, but still standing and is over-crowded.

"Hundreds are injured; a Kingston doctor said since the catastrophe that he had seen battlefields, but never such ghastly wounds. Lady Swettenham is working, as nobly as hes husband, in the hospital, where she is doing anything from cooking upwards. The governor got over a shipload of food from Cuba, and no doubt by this time more from America, and he has established two bakeries. Food supplies are being sent in from the country parts as gi ts, but this later cannot be kept up for very long without causing great scarcity and suffering throughout the island, if nothing worse, and it is plain that the government will have to feed the greater number of the destitute and starving people, many of whom were poor before, but who have now lost their all, and their occupations as well.

"Help will no doubt be sent from the mother country, but she is far off and so I write this to appeal to the great Canadian people, warm-hearted and loyal to empire as I know them to be, to help poor Jamaica in this her crying need. Wheat and cornflower, and groceries of all kinds are urgently needed, as well as old (summer) clothes, old linen for bandages in the hospital, antiseptics, medicated cotton, and dressings of all kinds. I write this appeal confidently knowing that many Canadians have visited Kingston, and Jamaica in general, and will therefore feel a deeper sympathy for the sufferers, and I subscribe myself (as my name would convey nothing to your readers) what I have often been called in jest since my return home from your beautiful country with its warm-hearted people."

You cannot possibly have a better Cocoa than

EPPS'S

A delicious drink and a sustaining food. Fragrant, nutritious and economical. This excellent Cocoa maintains the system in robust health, and enables it to resist winter's extreme cold.

COCOA

Sold by Grocers and Storekeeper in ¼-lb. and ½-lb Tins.

NEGLECTED COLDS THREATEN LIFE.

(From the Chicago Tribune.)

"'Don't trifle with a cold,'" is advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cares of this ailment. A cold never results in pneumonia when it is given. For sale by all dealers.

Hicks—I carried my wife's umbrella with me yesterday and lost it somewhere. Now she wants to advertise.

Wicks—That's a good idea. It may be returned to her.

Hicks—That's just the trouble. I'm sure I left it in some saloon.

KIDNEY DISEASE COMES ON QUIETLY

Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some form of Kidney Complaint, but do not suspect it. It may have been in the system for some time. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in the urine, highly colored scanty or cloudy urine, bladder pains, frequent or supressed urination, burning sensation when urinating, etc.

Do not neglect any of these symptoms, for, if neglected they will eventual, lead to Bright's Disease, Dropsy and Diabetes.

On the first sign of anything wrong

Doan's Kidney Pills SHOULD BE TAKEN.

They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Petty, Massey, Ont., writes: "After I arrived in Canada from New Zealand, a couple of years ago, I suffered very much from kidney trouble. I tried several remedies, but they did me no good. Finally my back became so lame I could scarcely work. I was advised to try Doan's Kidney Pills and after taking them I felt like a new man.

Price 50 cents per box or 3 boxes for $1.25 at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

An Ottawa despatch says that John A. Chesley, of St. John, has been appointed Canada's commercial agent for South Africa, with headquarters at Cape Town, in place of Mr. Kittson, who has resigned. W. T. R. Preston is temporarily filling the position on his way to China and Japan. The salary is $3,000 per year. Mr. Chesley represented St. John city in the dominion house in the Conservative interest between 1891 and 1896 and was defeated by Mr. Ellis in 1896.

A Toronto despatch says that four hundred striking telephone girls besieged the central office of the Bell Telephone Company yesterday morning to put in applications for employment. They came back to the building in much the same manner that they had left though there was less excitement than when the strike was inaugurated. They were told that if the company desired their services they would be informed of the fact. Not one girl of all the 400 knows for certain if she will be employed at her former position again.

The crowns are not for the camp followers.

URAEMIA FOLLOWS KIDNEY DISEASE.

Dreadful perils lurks in kidney weakness.

Insidiously it develops into Bright's Disease and Uraemic poisoning. Through the system it sweeps with fatal effect, causing dropsy, gout, gravel and jaundice.

Many remedies contain alcohol.

In consequence they inflame the disease to further fury.

A proper remedy will sooth and heal the kidneys, give them strength, and nourish them back to health.

Such a remedy is Dr. Hamilton's Pills, which are composed of simple vegetable extracts and juices that are absorbed at once by the kidneys.

Dr. Hamilton's Pills heal and cure the diseased tissues, restore healthy action, and allay congestion and inflammation.

Proof is abundant and here is quoted the experience of Mr. Patrick McDonald of 235 Kent street, Ottawa.

"My back ached from morning till night. Every bit of work I did made me weak and worn. I couldn't stoop or lift without getting dizzy. My tongue was furred and my appetite poor. My head ached continually, and I had severe urinary disorders. My kidneys were in the worst possible state. I heard of the wonderful Dr. Hamilton's Pills, and proved them just the medicine I needed. Wny I felt better in a week, and after using these pills for a month or two at regular intervals I was completely restored."

Dr. Hamilton's Pills give complete relief because they act directly on the diseased tissues of the kidneys. Get the genuine in yellow boxes, 25c. per box, or five boxes for $2.00 at all dealers. Refuse a substitute.

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive free booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

The case against Dr. W. H. Rice of Sydney, charged with procuring a criminal operation came to a sudden collapse yesterday when the crown prosecutor admitted having no evidence which would justify him in asking for a committal of accused. The magistrate honorably acquitted the accused, but the McKinnon girl will be prosecuted.

"I hear Wardman has a government job."

"Yes, he was appointed to a clerkship in the simplified spelling department."

"Come off. The government has no such department."

"Sure it has—the dead letter office"

There never are two talents given to those who are unwilling to invest the one.

FOR RHEUMATIC SUFFERERS.

The quick relief from pain afforded by applying Chamberlain's Pain Balm makes it a favorite with sufferers from rheumatism, sciatica, lame back lumbago, and deep seated and muscular pains. For sale by all dealers.

Dizziness! Do you find yourself subject to sudden attacks of dizziness with black spots floating before the eyes? It

Means Kidney Trouble

and that you require Gin Pills. The best known remedy for all forms of Kidney trouble.

Gin Pills will Cure you.
