

LOCAL LEGISLATURE.

Mr. Clair Gives Notice of Reconsideration of Fredericton Sewerage Question which Will Come up Again Tomorrow.

Proposed Amendments to Presbyterian Bill--Govern- ment to Purchase N. B. Co. Lands for Settlement.

The House resumed at three o'clock on Saturday.

Mr. Speaker said:

In the performance of my duty as speaker of this House, last evening I recorded my casting vote on the motion to adopt the report of the committee of the whole on the Fredericton sewerage bill and voted as I

thought in accordance with constitutional custom. But in doing so I lost sight of the resolution of the House recently passed upon the present subject, upon which resolution the bill was based, otherwise my vote might have been reversed. I think it is only right that I should make this statement to the House.

Hon. Mr. Robinson—I was not present when the vote on this question was taken last evening, having gone to St. John and paired with the surveyor general. I voted in favor of the resolution referred to by the speaker and, as I understand it, that resolution was still valid. It has occurred to me that the matter should be reconsidered, although I hardly know at present in what form this can be done. It may be that some member of this House who voted against the bill yesterday may move its reconsideration or it may be necessary to introduce a bill.

Hon. Mr. Robinson—I give notice that the matter will come up on Monday in some form.

Mr. King introduced a bill relating to the Imperial Dry Dock Company of St. John.

On motion of Hon. Mr. Pugsley, the fee on the bill relating to the Charles Whittaker estate was ordered to be refunded, the bill having been withdrawn.

Mr. King moved that the fee on the bill on the Auto Road Company be refunded in accordance with the recommendation of the committee on corporations.

Hon. Mr. Hill—I have no objection to the payment of this fee but I think that this motion should come from the government because the fee having been paid in the capacity of a trustee. Until the bill is passed the money does not belong to the Province.

Mr. Speaker—I will consider this question.

Mr. Murray introduced a bill to vest the title of certain lands in the trustees of the Presbyterian Church of Lower Napan, Northumberland County, and a bill to incorporate the Chatham Hebrew congregation.

The House went into committee and took up the consideration of a bill to incorporate the La Societe Industrielle de Rogersville and agreed to the same.

PRESBYTERIAN BILL.

Also resumed the consideration of the bill relating to Presbyterian Churches in the Province of New Brunswick. Mr. Currie moved that the amendments to section six be withdrawn and the section stood as printed. He said that, although it was the moderator's prerogative to preside at all congregational meetings, he did not always avail himself of that privilege but that he should do so was part of the constitution of the Presbyterian Church of Canada. The bill was before the Presbytery of St. John recently and approved by them.

Mr. Murray—I am strongly in favor of the amendments as matters are at present the various Presbyteries throughout the Province are working under acts dating from as far back as 1817 and it frequently happens that it becomes necessary to hunt back a long while for instructions on various points which may crop up and the means of obtaining the information is not always immediately available. The reason for the promotion of this act is to obviate the necessity of all this research and it has been thought advisable to get a modern act which shall incorporate all the necessary directions and thus save the trouble of so much reference to the old act. The matter was considered by the Presbyteries and they got up a uniform act to apply to all churches alike. Now I say that this is a pastor's bill and I want to say that I think that the laymen should have a voice in the matter as well. It is often necessary to discuss matters relating to the Minister and his affairs and it is undesirable in those cases that the Pastor should be in the chair. There are usually other members present who are capable of occupying that position, at any rate in Town congregations. The Hon. members for Kings County said this is a permissive bill. The congregation with which I am connected will certainly not consent to come under any such act or be in anywise controlled by it. I think the act should be modified in such a way as to suit the views of the laity as well as the

Pastor.

Mr. Currie—The Hon. member called this a pastor's bill. I would remind him that the resolution approving of it that was passed at the meeting in St. John a day or two ago was moved and seconded by laymen.

The Hon. Mr. Pugsley—It seems to me that we ought to try and find some way out of the difficulty by leaving it in the option of each congregation to adopt the method they please, as to who should be chairman and I therefore move this amendment, "provided however that any annual meeting by bye-law passed by a two thirds vote of the members and adherents present and qualified to vote on the election of trustees, provide that the annual and special meeting shall thereafter be presided over by such persons as the meeting may appoint and such bye-laws shall be made enforced until rescinded by a two thirds vote of the members and adherents qualified at an annual meeting." The debate was continued by Messrs. Morrison, Robertson, Hill and Copp and the attorney general's amendment was then put to the committee and carried by 17 to 10.

Progress was then reported with leave to sit again.

Mr. Murray then gave notice that on further consideration of the bill he would move the following section be added to the bill.

In the event of the congregation of St. Paul's Church, (Presbyterian), Fredericton, passing a resolution pursuant to action 18 of this act, declaring a desire to become incorporated under and by virtue of this act, and, becoming incorporated, then and in that event, and notwithstanding anything contained in sections 1 and 7 of this act or otherwise, the qualifications of trustees and electors of trustees of such congregation shall remain and be the same as at the time of the passing of such resolution, subject always to be changed, altered, added to or amended by by-laws as provided for by section 17 of this act.

Mr. Morrison also gave notice that he would at the same time move an amendment to section 18 the following clause:

"Notwithstanding anything contained in sections 4 and 7 of this act the qualifications of trustees and electors of trustees of churches already incorporated and declaring a desire to become incorporated under this act shall remain as they were at the time of passing the resolution declaring such desire, until the congregation shall have made by-laws defining or altering the same."

PURCHASE OF LANDS.

Hon. Mr. Pugsley introduced a bill to provide for the purchase of certain lands from the N. B. railway Co. He stated that an agreement had been entered into to purchase 50,000 acres of land in the northern part of the province for settlement at 75 cents an acre. Such lands to be sold to actual settlers at the same price and the cost of survey. The land would be divided into 100 acre lots and none but bona fide settlers would be allowed to purchase. The object of the bill was to give the government a clear title to these lands when bought and paid for.

Mr. Speaker gave his decision on the point raised by Hon. Mr. Hill that any member might move for the return of the fees paid on a bill but payment could not be made without the consent of the government.

SEWERAGE MATTER.

Mr. Hazen gave notice for Monday next the following resolution:

That bill No. 65 entitled a bill to give effect to the resolution of the legislative assembly with regard to the discharge of sewage of the city of Fredericton into the St. John River be placed on the order book for reference to the committee of the whole House forthwith for further consideration.

Mr. Hazen raised the point that there must be two clear days notice.

Mr. Robinson—This does not require any notice of motion but is merely for the purpose of giving the House notice that the matter will be brought up on Monday. I take the ground that the bill is still before the House. If the speaker decides that the bill is still the property of the House and the committee still alive the matter can be brought up without notice.

Mr. Hazen—The speaker can give his decision on Monday.

Mr. King from the committee on corporations reported against the Miramichi dam bill. The bill may be brought up again next session provided proper plans are submitted and it is shown that it will not interfere with the driving of logs on the Miramichi River.

The House adjourned till 11 o'clock Monday.

The Pokiook and Hawkshaw Dramatic Co., under the management of T. U. Maxon, on the 23rd inst. presented that well known drama The Last Leaf to a crowded house at Pokiook. The play proved a decided success, surprising even the most ardent admirers of the Company. The company have since played to crowded houses at Canterbury, Station and Meductic, on the 25th and 26th respectively, scoring a remarkable success at each place. One of the specialties features was a comedy sketch by LeBaron Bull and Lewis True, which made a decided hit. Miss Mabel Sharp's solo "Just a Little While" was heartily enjoyed. T. U. Maxon also introduced the solo "I Miss You More and More Every Day" scoring great applause.

Miss Lillian Sharp, Patty Jones and Tom Sharp as Tom Chubb kept the house in movement most of the time. Herbert True in the part of Harry Hanson also won credit, while Maxon as Mark Ashton was leading man, and proved all that could be expected for amateur circles, both as actor and manager. He deserves credit for the time and pains expended, and we hope to see his company again at some future date.

A WOMAN'S ORDEAL

DREADS DOCTOR'S QUESTIONS

Thousands Write to Mrs. Pinkham, Lynn, Mass., and Receive Valuable Advice Absolutely Confidential and Free.

There can be no more terrible ordeal to a delicate, sensitive, refined woman than to be obliged to answer certain questions in regard to her private life, even when those questions are asked by her family physician, and many

continue to suffer rather than to submit to examinations which so many physicians propose in order to intelligently treat the disease; and this is the reason why so many physicians fail to cure female disease.

This is also the reason why thousands upon thousands of women are corresponding with Mrs. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. To her they can confide every detail of their illness, and from her great knowledge, obtained from years of experience in treating female ills, Mrs. Pinkham can advise sick women more wisely than the local physician.

Read how Mrs. Pinkham helped Delle Emerentienne Montreuil, of 114 Latourelle St., Quebec, Que.

Dear Mrs. Pinkham:— "I suffered for eight months with what the doctors called prolapsus, which caused great weakness all over my system, with faint dizzy spells. I kept growing weaker and weaker. I tried several medicines which they claimed would cure my trouble, but nothing was of the least benefit until I tried Lydia E. Pinkham's Vegetable Compound, and this helped me so rapidly that I could hardly believe my good fortune. I would gladly have paid \$25.00 for that first bottle, for it started me on the road to health, and five bottles cured me. I am most grateful for my splendid, robust health, and shall certainly recommend the Vegetable Compound in glowing terms to all my friends and acquaintances, for it is deserving of all the praise I can give it."

Mountains of proof establish the fact that no medicine in the world equals Lydia E. Pinkham's Vegetable Compound for restoring women's health.
