

Events of a Day

GOING TO EUROPE.

Dr. L. W. Bailey, his daughter, Miss Laureline Bailey, his son, Mr. J. W. Bailey, of Boston, and Mr. and Mrs. Gabriel DeVeber, of Gagetown, are to leave this evening for Quebec where they will take passage on Friday for an extended trip to Europe.

STRAWBERRY SEASON.

The yield of strawberries this season promises to be well up to the average, although the season is likely to be rather backward. A resident of the country was in this morning with a quantity of berries and had no difficulty in disposing of them about the streets at fifteen cents per box.

DELEGATES FOR WOODSTOCK.

The Western Baptist Association of New Brunswick meets at Woodstock this afternoon and will continue in session until Thursday. The following delegates left here this morning to attend: Rev. Dr. McLeod, Rev. J. H. MacDonald and wife, Rev. A. A. Rideout and wife, Mr. and Mrs. Whitman Brewer, Mrs. H. C. Creed, Mrs. C. A. Robinson and Mrs. W. G. Clarke.

ST. DUNSTANS WON.

The St. Dunstan's base ball team defeated the Cathedral team in the intermediate league match last evening by a score of seven to five. It was a splendid game and was followed by the spectators with much interest. Ernest Hanlon did splendid work in the box for St. Dunstan's and deserved not little share of the credit for the victory. Byron Burden officiated as umpire.

ALMS HOUSE SUPPLIES.

Mr. R. H. Boone, commissioner of the municipal home has awarded the following contracts for supplies in connection with the institution. Groceries—W. R. Logan. Medical Attendance—Dr. W. H. Irvine. Undertaker—G. W. Adams. Medicines—Alonso Staples.

DIVORCE COURT.

Judge Gregory was to have delivered judgment in two divorce cases this morning, but as he wanted time to consult with Stenographer Berry he stood the matter over until four o'clock this afternoon.

OROMOCTO IN MOURNING

The Untimely Death of F. T. D. McElroy, Who Succumbed to Typhoid Fever on Monday.

The death took place at his home, Oromocto last evening of Mr. Frank T. D. McElroy, a well known and highly respected young man of that place, after about three weeks' illness from typhoid fever and complications. He was a young man of fine physique and previous to his last illness always enjoyed the best of health.

The deceased who was a son of the late Terence McElroy, was twenty-seven years of age, and unmarried. After graduating from the Fredericton Business College he became associated with his brother, Councillor Thomas J. McElroy in business. Being of a kindly and genial disposition, honorable in his dealings and always ready to lend a helping hand to those in need, Mr. McElroy was one of the most deeply popular young men in his section of the country. He took an active interest in all that was best in his native village, was a leading member of the Liberal association of Sunbury County and was looked upon as a useful member of the community. The truth of the old adage "that death loves a shining mark" is well exemplified in this case. His many friends in this city and elsewhere will regret to hear of his untimely death.

The deceased gentleman is survived by one brother, Coun. Thos. McElroy, with whom he resided and was associated in business. It is needless to say the heartfelt sympathy of the whole community goes out to him in his great bereavement. The funeral will take place at ten o'clock tomorrow morning from his late home to the Roman Catholic Church where High mass of requiem will be celebrated by Rev. Father Carleton, assisted by Rev. Father Carney of this city. Interment will be made at the Roman Catholic cemetery at that place.

THE RIVER.

Not for a number of years has the St. John River been at such a high pitch at this season of the year as at the present time. A steamer of the draft of the Abernethy could easily run on the Woodstock route. In fact there has scarcely been a week since navigation opened that she could not have made the trip. Speaking of the matter to a Herald representative recently a citizen who takes an interest in river navigation, expressed great regret that there was no steamer plying between this city and Woodstock at the present time. He thought that on account of there being no boat, Woodstock merchants were capturing a lot of trade which in other years came to this city. He intimated that if it were possible to have a suitable boat he intended to see to it that there is one on the route next season.

MOVING TO ST. JOHN.

The New Brunswick Telephone Company have decided to remove their head office from this city to St. John and the change will be made on Wednesday next. The principal reason for making the change is that St. John will be a more convenient point for the directors to assemble, as a majority of the enlarged board now reside on the line between St. John and Sackville. It is claimed that the three Fredericton directors can go to St. John more easily than the Sackville, Moncton and Sussex directors can come to this city. Mr. Alfred Seely, the secretary-treasurer, and his assistants will remove to St. John. Fredericton will still be designated at the company's head office.

FINE AUTO CAR.

The Russell Automobile, lately purchased by Mr. A. E. Massie from the Canada Cycle and Motor Company of Toronto, arrived yesterday and was given a trial spin by her owner about the streets today. It is easily the finest car owned in this vicinity and naturally attracted a lot of attention. Mr. H. R. Emmerson, Jr., the company's representative, put the car in running order for Mr. Massie.

ON A FISHING TRIP

Mr. Virgil P. Kline of Cleveland, Ohio, and his daughter, Miss M. C. Kline, are at the Queen today en route to Cain's River on a fishing and canoeing trip. Mr. W. H. Allen of Penniac has been engaged by them as guide. Mr. Kline spent some weeks on Cain's River last season, and the fact of his returning this year shows that he must have enjoyed the outing.

FARM AT AUCTION.

The Robert Hanson farm and mill property at Nashwaak was sold at auction under foreclosure in front of the post office at noon today. It was knocked down to Mr. J. W. McCready for \$2,500. Mr. D. J. Stockford was the auctioneer.

A CHILD'S DEATH.

Mary D., the four year old daughter of Mr. and Mrs. George Fleet of St. Marys, died at her home yesterday after an illness of seven months from kidney trouble. Undertaker John G. Adams has charge of the funeral arrangements.

A GALLANT RESCUE.

William Lyons Saves Two Children from a Watery Grave.

But for the presence of mind and bravery of Mr. William Lyons, fireman at the pumping station, the chances are that the St. John River would have added two more to its long list of victims yesterday afternoon. A party of eight children, including a daughter of Edward Chase, aged five years, and a daughter of Louis Lavine, about the same age, were out in a small boat in front of the pumping station about three o'clock yesterday afternoon and having a great time all to themselves. In some manner the Chase and Lavine girls were thrown into the water, which is quite deep at that point. The cries of the other children for help attracted the attention of Mr. Malcolm Ross, the veteran engineer at the pumping station, and knowing something of Mr. Lyons' prowess as a swimmer, he informed him of the accident.

Mr. Lyons ran down to the shore and plunging into the water, picked up one of the little girls, whom he found well nigh exhausted, and took her to the shore. He was then informed that the other child was under the boat, and he hastened out and rescued her just in the nick of time. The children were taken to their homes and soon rallied from the ducking they had received. The youngsters in the boat were given a bad scare by the mishap and it will serve as a warning to them in the future.

EN ROUTE HERE.

Government Horses Shipped at Quebec and Will Arrive Tomorrow.

The horses purchased in England and France for the New Brunswick government arrived at Quebec yesterday by the steamer Athenia in charge of Mr. Ora P. King, M. P., and Mr. Ness. They were placed on board a special freight for this city via the I.C.R. and are due to arrive here some time tomorrow. There are forty horses in the lot, which is made up of Percherons, Clydes and coach horses.

Mr. King, who assisted in the purchase of the stock, arrived in the city by the noon train today and is a guest at the Queen. He says that the horses stood the journey across the Atlantic remarkably well and are in fair condition. He thinks that beyond a doubt they are the finest lot of horses ever brought to this province.

Arrangements have been made to quarter the horses at the exhibition stables until such time as they are ready to be sold. It is understood that one half of the number will be sold at Moncton and the remainder in this city. The sale will likely take place the latter part of the month.

Strong southwest winds, mostly fair and warm in western portion. Wednesday, strong westerly winds.

"Oh, mamma, I'm so unhappy!" sobbed the bride of two months. "George doesn't love me any more!" "What makes you think that, dear?" asked the mother anxiously. "Because he expects me to give in whenever he is in the right."—Baltimore American.

THE BAND STAND.

It is understood that a local contractor who was asked to submit a tender for the proposed new bandstand to be erected near the club house, informed the committee that it would cost \$400 to do the work according to the plans prepared by Architect Fairweather. It is not known what action the committee will take, but it is safe to say that they will not go in for any \$400 bandstand, as less than one half that amount is available for the work.

THE HIGHWAY BRIDGE.

The two new spans of the highway Tenders for the superstructure of bridge closed yesterday but it will likely be several days yet before the contract is awarded.
