

LEGISLATIVE ROUTINE.

Answers to Opposition Enquiries—Several Bills Agreed to in Committee.

The House met on Tuesday at three o'clock.

On motion of Mr. Hazen the bill relating to the Reformed Presbyterian Church, which stood for third reading was referred back to the committee of the whole House to have its title corrected and this being done, it was passed.

On motion of Mr. Allen, the bill relating to the administration of justice in the county of York was referred to the law committee.

The Hon. Mr. Pugsley, in reply to Mr. Hazen, stated that the government had been informed that the contractors for the repairs to the New Brunswick Coal Railway, which had been awarded to parties who had furnished them with supplies, fifteen per cent. had been held back by the commissioners and it was hoped that after the contract had been completed enough would be left to pay these bills. The government did not acknowledge any responsibility in the matter, and they had no information with regard to the statement that the matter was to be brought before the House.

Hon. Mr. Pugsley, in reply to Mr. Hazen's enquiry, with regard to the application of the people of St. Leonard's for incorporation, stated that he had made enquiry and could not learn that any declaration had been filed with the government with regard to the improper payment of money by Charles Cyr to the licensed commissioners of Madawaska, but he would make further enquiries on the subject.

Hon. Mr. Sweeney, in reply to Mr. Glasier, with reference to free grants on the road from Harvey to Manners Sutton, said that in order to answer this enquiry I have had a sketch prepared showing the road referred to. It will be observed by reference to this sketch that the most of this road runs through lands which were granted years ago.

I have shown, however, some crown lands in the vicinity and the names of the applicants for the different lots are given on the sketch attached.

No grants have been given under the Labor Act. It is impossible to tell whether or not any number has been cut from crown lands within 3 miles of the exact black block from which lumber is cut is not generally reported. The information regarding the amount paid on this road in 1905 has already been furnished the House. No grants have been made because the settlement of the road have not been fulfilled and it will take from three to five years to do that.

Hon. Mr. Pugsley, in reply to Mr.

Flemming's enquiry, in regard to the sums due and payable to the attorney general on account of succession duties and as to what estates the sum of \$1,000 had been paid on account, said that to answer this question it would be necessary to go over the accounts of the past two years. There were 28 different estates which had been dealt with, the names of which will be found in the auditor general's reports for 1905 and 1906.

Hon. Mr. Pugsley introduced a bill relating to the law library. He stated that its object was to enable the library to be kept up-to-date. The Barristers' Society, at its last annual meeting, had agreed to increase the annual fee from \$5 to \$10, and this bill was to carry out that object.

Hon. Mr. Sweeney introduced a bill relating to the Imperial Coal Co. Mr. Morrison moved for correspondence in regard to the case of one Wallace, who applied for 100 acres at Bartibog under the Free Grants Act. After he had gone on and made improvements, a Mrs. Meahan of Bathurst, claimed the land as being the property of her father, who had originally settled on it. He thought the government should reimburse Wallace for the improvements.

Hon. Mr. Sweeney laid the correspondence before the House.

Mr. Whitehead moved his resolution respecting Fredericton sewerage, the discussion on which is given elsewhere.

Mr. Grimmer gave notice of enquiry with respect to the amount expended in connection with the administration of justice.

Mr. Smith gave notice of enquiry with reference to the highway bridge at Florenceville, and as to certain items included in the auditor general's report.

The House took recess until seven o'clock.

The House met again at seven p. m. and went into committee on bills.

Mr. Copp in the chair. The following bills were agreed to:

An act to give effect to certain agreements between the town of St. Stephen and the Maine Water Co.

An act in amendment of the act relating to a system of water works in the town of St. Stephen.

An act to incorporate the St. Andrews Yacht Club.

An act to authorize the city of Moncton to make certain grants to the Campbell Clad Co., and the Moncton Exhibition Association.

An act authorizing the city of Moncton to issue debentures.

The House then adjourned.

Headaches Mean Your Blood Is Poisoned

If your bowels, kidneys or skin are not ridding the system of waste-matter, the blood is laden with impurities, which inflame the nerves. It is these irritated nerves that make the head ache.

Powders and pills won't cure, they merely drug the nerves into unconsciousness and relieve for a short time.

"Fruit-a-tives" cure Headaches, Neuralgia and Nerve Pains

because they purify the blood. They act directly on the three great eliminating organs—Bowels, Kidneys and Skin—and restore them to healthy action, thus ridding the system of all poisons.

"Fruit-a-tives" are fruit juices—chemically changed, by the process of combining them, into a far more effective medicinal compound than the natural juices. Soc. a-box—6 for \$2.50. At all dealers or from Fruit-a-tives Limited, Ottawa.

Fruit-a-tives

4151

SIMPLICITY FOR SERVICE.

A trig little apron which is very simple to make and yet exceedingly useful for school and everyday wear is shown. The gingham and percales which come at a few cents a yard are just the thing for this, while a daintier result might be gained from the use of lawn or crossbarred muslin. The v-neckband is neat and all in one, while the lower portion is gathered full to its lower edges. An apron of this kind goes on easily and requires little work to launder. A fanciful broad bertha collar is provided in the pattern and may be used for dressier aprons and edged with lace or embroidery. For the medium size 34 yards of 27 inch material are needed.

4151—sizes, 2, 4, 6, 8 and 10 years.

The price of this pattern is 10 cts.

To the Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name.....Street.....

To.....Province.....

No.....

Measurement—Waist..... Bust.....

CAUTION—Be careful to send size of pattern wanted. When the pattern is sent must be marked with name, 32, 34, or whatever it may be, when in waist measure, 22, 23, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is 10 cents in cash or postal order or stamps.

WOMEN WHO WEAR WELL

It is astonishing how great a change a few years of married life will make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow of a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage. Many neglect to deal with the unpleasant drains which are often consequent on marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness. As surely as the general health suffers when there is derangement of the health of the delicate female organs so surely when these organs are established in health the face and form at once witness to the face in renewed comeliness. Half a million women and more have found health and happiness in the use of Dr. Williams' Pink Pills. It makes weak women strong and sick women well. Ingredients on label.

Mr. Stoplate—No, I never played adept at baseball.

Miss Terstep—What position did you play?

Mr. Stoplate—I was shortstop.

Miss Terstep—I should have imagined just the opposite.

PASSING OF THE BROOM.

The Day of the Vacuum Dust Remover is Near at Hand.

The broom threatens soon to be as obsolete as the old copper warming pan, judging from the number of vacuum dust removers which are being placed upon the market. The change is one which must meet with the unqualified approval of all who know what a breeding ground of disease is the common dust of our houses.

Every housewife who is possessed of cleanly instincts should welcome an apparatus which removes dust instead of scattering it in all directions, lost to the senses, so to speak, for a time by its attenuation in air, only sooner or later to settle again on the shelves, pictures, curtains and carpets in a thin film. Moreover, the removal of dust and its collection in a receptacle by means of the vacuum cleaner permit of its absolute destruction by fire.

Bacteriological science can easily demonstrate the existence of disease germs in common household dust, and there is evidence of an eminently practical character that dust is otherwise a source of disease. There could hardly be a more effective means of spreading the infective and irritating particles than the old fashioned broom. The method is not only unsanitary, but absurd from the point of view of its application. The broom may clean the surface of a carpet, chair or curtain effectually enough, but the dust is only removed to be scattered elsewhere and to be spread over an even wider area than before.

The great and important difference between the cult of the broom and the vacuum cleaner may be summed up by saying that while the former is calculated to spread disease the latter enables the dust and its pathogenic contents to be removed and destroyed by fire. The method of removing dust by means of the vacuum cleaner has therefore everything to be said in its favor, and it is to be hoped that the apparatus will become so moderate in price as to be within the reach of all. The passing of the broom, when it comes to be "an fait accompli," will be a fact of great sanitary significance.—London Lancet.

Neither evidence nor common sense nor reason has the slightest effect upon prejudices.—Goethe.

BLOODLESS GIRLS.

Can Obtain New Health Through the Use of Dr. Williams' Pink Pills.

Anaemia means bloodlessness. Dr. Williams' Pink Pills actually make new, rich, red blood and thus cure anaemia. When the blood is poor the nerves are starved and irritable. Then comes hysteria, neuralgia, sleeplessness and other nerve disorders. Headaches, backaches and sideaches wear out and depress the poor hale victim. Dr. Williams' Pink Pills soon bring rosy health and lively vigor. They soothe the jittery nerves and give new strength to every organ. Miss Winnie Allen, Montreal says: "I was so weak and run down that my friends thought I was going into consumption. I was as pale as a corpse, had no appetite and did not sleep well. The least exertion tired me out, and if I walked a few blocks I would be almost breathless. My sister advised me to take Dr. Williams' Pink Pills, and after using them for a few weeks I am again enjoying good health, and have good color. I think every weak girl should take Dr. Williams' Pink Pills will cure any case of bloodlessness just as surely as they cured Miss Allen. The pale anaemic needs only one thing—new blood. Dr. Williams' Pink Pills make new, rich blood with every dose. That is why they cure all common diseases like anaemia, indigestion, neuralgia, palpitation of the heart, headaches and backaches. St. Vitus dance, partial paralysis and the secret troubles that make the lives of thousands of women miserable. Dr. Williams' Pink Pills are sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

EX-MANAGER ARRESTED.

Charged with Falsifying Books of Bank of Commerce.

Brantford, Ont., March 12.—Chief McFarlane of Paris on Saturday night arrested John A. Duncan, late manager of the Canadian Bank of Commerce at Ayer, on a charge of falsifying the books and documents of the bank. It is alleged that on February 2 last he raised a voucher for seventeen dollars and ninety cents to thirteen thousand and seventeen dollars and ninety cents, and wrongfully made an entry in the books of the bank to cover the amount. He will be arraigned for preliminary examination tomorrow and in all probability will be handed over to the authorities of Waterloo, in which county the alleged offence was committed.

A CASKET OF PEARLS.—Dr.

Von Stan's Pineapple Tablets would prove a great solace to the disheartened dyspeptic if he would but test their potency. They're veritable gems in preventing the seating of stomach disorders, by aiding and stimulating digestion—60 of these health "pearls" in a box, and they cost 35 cents. Recommended by most eminent physicians.—Sold at Central Pharmacy, A. J. Ryan.—64.

Bore—Does not the motion of the ship make you sick, Miss Bonds? No, but the conversation I hear on board does.
