FORESTERS' HEAD.

Psst Chief Ranger Morin of Quebec, Likely to Act Until Oronhyatekha's Successor is Appointed.

Toronto, March 3.—(Special)—The manner of choosing a successor to Dr. Oronhyatekha head of the Independent Order of Foresters lies with the executive council.

Under the regulations, temporary charge will pass into the hands of Past Supreme Chief Ranger Victor Morin of Montreal, who has been connected with order for nearly twenty years.

The council is invested with power permanently to fill the vacancy, to summon a special session of the supreme court to make an appointment or may allow the office to remain vacant, permitting its duties to be discharged by the temporary head, which would be equivalent to bestow. Matheson, Toronto, H. A. Collins, The executive council is composed of Victor Morin, Montreal, Joseph

Dayton Clark, Dayton, Ohio, Roberting the honor upon Morin. Toronto, Dr. T. Millman, Toronto and E. G. Stevenson, Detroit. Dr. Oronhyatekha was the seventh member.

The constitution provides that the chief ranger must at the time of his election, be a resident of Canada, and must continue to remain a resident of Canada during his time of office.

This will preclude the present vice-chief ranger J. D. Clarke of Dayton, from being elected to the highest office and also Mr. Stevenson of Detroit. It is known Dr. Oronhyatekha had made arrangements in view of his possible death, and had discussed the choice of a successor among his intimate lieutenants, and his choice will be made public in a few days.

HELPING HIS BROTHER.

London Man Parts With Two Square Feet of His Skin to Patch His Injured Kinsman.

London, Ont., March 4.—(Special)—Another successful skin grafting operation has been performed at Victoria Hospital, upon James and Samuel Anderson.

James Anderson, a G. T. R. fireman, was severely burned at Guelph, last September, while cleaning the grate under his freight engine. About six weeks ago his brother was operated on to supply skin to cure the wounds.

The operation as far as it went was successful, but there were big places on the injured man's back which were not healed.

Samuel Anderson, on Friday, submitted to a second operation. Altogether by the two operations, an area of skin equal to two square feet has been transferred from Samuel Anderson's body to that of his brother.

NATIVE OF ST. JOHN.

Rev. Father Doherty Died Very Suddenly at Montreal.

Montreal, March 4.—William J. Doherty, S. J., died suddenly yesterday at the Gesu at 9:20 a. m. Father Doherty had been suffering from an attack of la grippe, but has apparently recovered. He arose yesterday morning, as is prescribed by the rules of the order, at 4:30 o'clock, and seemed to be in his usual health, and was in his confessional in the church at 8 o'clock. He then complained of a severe pain in the chest, and at once went to his room. As he did not feel ill enough for medical attendance he was given some simple remedies. Father Doherty decided to rest for a while and told the brother in charge of the infirmary to call back in half an hour, but when he returned in fifteen minutes Father Doherty was dying. He was given the last rites, and expired almost immediately.

At 9 o'clock mass Father Devine announced that Father Doherty would preach in English in the evening, but at that moment Father Doherty was no more. When Father Devine left the pulpit he was told of the sudden death, and had to announce the sad intelligence to the congregation within ten minutes of the reference to the sermon. The people in the church were visibly affected by what they heard, and many expressions of condolence were received all day at the Gesu.

William J. Doherty was born in St. John in 1844, and after a very promising college career, graduated from Fordham College, in New York. He entered the order of the Jesuits in 1863, and continued a higher course of study of philosophy and theology for the ensuing fourteen years, in which branch of work he later identified himself. In fact, for the last thirty years as college professor, Father Doherty occupied chairs of rhetoric, higher mathematics and physics in different colleges of his order, his last post being that of professor of philosophy at Georgetown University in 1898.

As a missionary he labored for several years in different parishes of the Dominion, and at different times was at such diverse places as Georgetown, Baltimore, Liverpool (Eng), Guelph, Montreal and San Francisco.

Father Doherty only returned from Guelph last Christmas, after a residence there of a year and a half. He was a man of exceptional talent, and though never a popular preacher, his sermons in English were noted for their breadth, their frankness of discussing knotty problems, and especially for their philosophical trend of thought. Father Doherty received many university degrees, and was appointed to the rectorship of Loyola College a few years ago.

(Some three years ago the deceased clergyman assisted at a mission in St. Dunstan's church in this city and is well remembered by the members of that congregation.)

GRATEFUL TO CANADA.

Jamaicans Recognize Canada's Liberty—The Total Loss.

Ottawa, March 4.—(Special)—Mr. Eustache Burke, Canada's trade agent at Kingston, Jamaica, writes to the department that the details of the catastrophe were so fully reported in the press and in the maine with accuracy and without exaggeration that it is useless for him to describe them. The loss is estimated at from \$1,500,000 to \$2,000,000.

The legislative council passed a resolution in favor of asking an imperial loan.

The people were grateful to Canada for the handsome and liberal vote of the Dominion parliament to the people's needs and charitably disposed gifts of money and building materials would still be welcome by the committee in charge of relief.

THE BOY PROBLEM.

Judge Ritchie Says There Would be None if Boys Were Kept Off the Streets at Night.

St. John, March 4.—(Special)—At the monthly meeting of the Evangelical Alliance this morning, Police Magistrate Ritchie delivered an address on the relation of the state to juvenile offenders.

He referred to the boy problem, and said if parents would keep their boys off the street at night there would be no boy problem. Personally he was in favor of the old curfew law, which gave the police authority to arrest all boys and girls found on the streets after seven o'clock at night.

The address was heartily applauded.

THE NEW PREMIER.

Eminent Legal and Political Career of Hon. Dr. Pugsley, a Son of the Soil Who Has Risen by Sheer Force of Great Ability.

Hon. William Pugsley, K. C., D.C.L., M. P. P., the new premier of New Brunswick, is the son of a King's County farmer, the late William Pugsley, and was born at Sussex, Sept. 27, 1850, and is therefore in his 57th year.

After passing through the schools of Sussex, he matriculated at the University of New Brunswick, where he had a distinguished career, capturing the Alumni gold medal in 1867 and graduating bachelor of arts in 1868. He took the B.C.L. degree in course in 1879 and D. C. L. in 1884.

HIS LEGAL CAREER.

Entering on the study of law he was admitted to the New Brunswick bar in 1872 and soon rose to a prominent position in his profession of which he is now the recognized leader in this Province.

In the earlier years of his legal

St. John, contested that city in the federal contest in that year as an independent, running on the platform of "Justice for St. John" on the winter port question. Dr. Pugsley and his colleagues were not elected, but they helped to defeat the Conservative candidates, J. D. Hazen and John A. Chesley, who gave place to the Liberal nominees, John V. Ellis and Col. Maker.

BACK TO THE ASSEMBLY.

In 1899 Dr. Pugsley returned to the legislature as member for King's, and was re-elected in the last election in 1903.

On the retirement of Hon. H. R. Emmerson from the premiership in Sep. 1900, and the reconstruction of the government under the leadership of Hon. L. J. Tweedie, Dr. Pugsley was called to the attorney generalship, a position he has since filled with conspicuous ability, and he now

career from 1873 to 1883. Dr. Pugsley served as reporter of the supreme court, rendering excellent work in that capacity. He was associated in the law business in St. John with his brother, the late Gilbert Pugsley, the late Hon. J. H. Crawford, who was solicitor general for some years and Mr. A. J. Trueman, the present judge of probates in that city, the firm being known as Pugsley, Crawford, Pugsley and Trueman. In recent years however, Dr. Pugsley has practised on his own account, and has been associated with most of the important cases tried in the courts. Both in the circuit and in the appeal court he is regarded as a singularly able lawyer, and his services are eagerly sought as counsel. He was created a Q. C. in 1891.

IN THE POLITICAL ARENA.

Dr. Pugsley entered the political arena in 1885, when he was returned for King's in the bye election of that year, for the seat vacated by the death of Hon. Dr. Vail, and was re-elected in 1886 and 1890.

In 1887 he was made speaker of the Assembly, holding that position until 1889, when he became Solicitor General in the Blair government, resigning in 1892 to take the position of law clerk in the legislature, the duties of which he discharged for three years.

He was offered and declined the Conservative nomination in King's for the House of Commons in 1896, but with Mr. D. J. McLaughlan of

naturally succeeds to the premiership on Mr. Tweedie's acceptance of the gubernatorial chair.

Dr. Pugsley was married in 1876 to Miss Fannie Parks, daughter of the late Thomas Parks of St. John, and his family consists of two sons, the eldest of whom, Mr. William G. Pugsley, is a graduate of the U. N. B., and a student at law in St. John. His eldest son, Mr. Thomas Pugsley, died three years ago.

In politics Dr. Pugsley is a Liberal, and in religion an Episcopalian.

PERSONAL CHARACTERISTICS.

Personally the new premier is extremely popular. He is a gentleman of most genial disposition and pleasant manner, easily approachable, kindly and considerate, a man who has no personal enemies, and hosts of warm personal friends, who admire his great ability and his many admirable personal characteristics. That he is a tower of strength to the government is admitted by friends and opponents alike. He is an excellent public speaker, a great authority in parliamentary practice and procedure, and will lead the house and the government with tact and ability. Every supporter of the government in the legislature will enthusiastically endorse and follow his leadership and throughout the country his accession to the premiership will be hailed with satisfaction and pleasure.

THE THAW TRIAL.

New York, March 4.—(Special)—Dr. Evans the insanity expert, who has been under cross-examination for the last three or four days, was recalled in the Thaw trial this morning.

Jerome is trying to show Thaw's insanity is not temporary or emotional, but of a variety known as paranoia, which is not easily curable.

Apparently he is paving the way for application for a lunacy commission.
