THE THAW TRIAL.

Dr. Wagner Still on Stand and Prisoner's Mother Will Follow.

New York, March 6.—(Special)—The long delayed testimony of Mrs. Wm. Thaw, will probably be reached in the Thaw trial today. It was thought that District Attorney Jerome would finish with Dr. Charles G. Wagner alienist by noon yesterday, but a sharp argument between Delmas and Jerome followed by an equally acrid debate between District Attorney and Justice Fitzgerald ended in a ruling which compelled Jerome to prolong the examination far

beyond the expected time in an effort to secure admissions which he desired. This morning the doctor resumed his testimony but no one, not even District Attorney himself, knows how long he will be on the stand. Jerome again changed his tactics of cross-examination and has again advanced the theory that Thaw was suffering from paranoia or other incurable form of insanity. Wagner made a few admissions but the whole of his story was unchanged.

MONCTON BUDGET.

Curlers of Railway City to Play St. John Thistles for McLellan Cup Saturday—Ex-Chief of Police in Demand.

Moncton, March 6.—(Special)—It is reported that ex-chief of police Chappell has received a good offer from the C. P. R. Ex-chief Chappell during his connection with the Moncton police force has won more than a local reputation for detective work, and he is wanted by the detective department of the C. P. R.

Last night was the second coldest of the year, the thermometer registered twenty degrees below during the night, and still stood at nineteen at seven this morning. It has been definitely arranged that Moncton will send three rinks to St. John Saturday to play the Thistles for the McLellan cup. William O'Neill, a well known shoe merchant, is critically ill, with no hopes for his recovery.

THE NEW GOVERNMENT.

Personnel Announced by Premier Pugsley in Legislature—Mr. C. J. Osman Elected Speaker.

Hon. William Pugsley is now premier of New Brunswick, and has succeeded in forming what is destined to prove one of the strongest, most progressive and business-like administrations the province has enjoyed since Confederation.

The premier and four of his colleagues were sworn into office in the executive council chamber at twelve o'clock today by Lieutenant Governor Tweedie, and signed the roll in the following order:

Premier and Attorney General—Hon. William Pugsley.
Chief Commissioner of the Board of Public Works—Hon. C. H. LaBil-
lois.
Commissioner of Agriculture—Hon. L. P. Farris.
Surveyor General—Hon. Francis J. Sweeney.
Solicitor General—Hon. Wendall P. Jones.

When the legislature met at three o'clock this afternoon Premier Pugsley arose in his place and amidst hearty applause from the government benches announced the personnel of his cabinet as given above.

The Premier also stated that Hon. C. W. Robinson, speaker, would enter the government without portfolio and at the close of the session would become provincial secretary.
Honorable C. W. Robinson then formally tendered his resignation as speaker, a position he has filled in an eminently satisfac-

tory manner for the past six years. He at once retired from the chamber but returning a moment later took the seat vacated by the late premier in the front row.
Premier Pugsley in a graceful speech nominated Mr. Charles J. Osman, the senior member for Albert, for the office of speaker. In doing so he paid a high tribute to the worth of that gentleman.
The motion was seconded by Mr. LaBil-
lois, and was carried unanimously.
Mr. Osman returned thanks in a neat speech and was escorted to the chair by Hon. Messrs. Pugsley and LaBil-
lois. Standing on the first step of the dais he said:
"It is my pleasure to express my grateful acknowledgments for the high honor conferred on me by the house in electing me to be their speaker. Conscious as I am of my comparative inexperience of parliamentary procedure I should have hesitated about accepting a position involving so much responsibility, were it not for the fact that I know that I shall be able at all times to rely with confidence upon the courtesy, forbearance and kindness of every member of the assembly. Again thanking you I now submit myself to the house.
The members of the house led, by Premier Pugsley then left their seats and each heartily congratulated the new speaker.
Recess was taken until four o'clock.

At four o'clock His Honor the Lieutenant Governor, accompanied by Major Bridges, acting A. D. C., and Private Secretary Barker, and officers of the R. C. R. entered the House and took his seat upon the throne.

Addressing His Honor from the floor of the House the speaker elect said:
"Your Honor having communicated your pleasure to the legislative assembly they proceeded to choose a speaker. They have elected me to this important and honorable position, and I now present myself for your honor's approval."

Clerk Rainford then said:
"I am commanded by His Honor the Lieutenant Governor to declare to you that he is fully sensible of your zeal for the public service, and of your sufficiency to execute the duties of the office to which you have been elected by the legislative assembly, and that he doth most readily approve of their choice and allow and confirm you to be their speaker."

Speaker Osman then addressed His Honor in the following words:
"Your Honor having been pleased to approve the choice of the assembly in electing me to be their speaker, it now becomes my duty in the name and on behalf of the assembly, to claim and demand that they have all their ancient and accustomed rights and privileges, especially freedom from arrest, freedom of speech in debate, access to Your Honor when they think the public service requires it, and that the most favorable construction be put upon all their proceedings. And on my behalf I have to request that any error of mine may not be imputed to the assembly."

To this Clerk Rainford replied:
"His Honor hath the utmost confidence in the loyalty and attachment of this assembly to His Majesty's person and government, and in the wisdom, temper and prudence which will accompany all their proceedings; and he doth readily and willingly grant and allow them all their privileges in as full and ample manner as they have at any time heretofore been granted and allowed."
"With respect to yourself, Mr. Speaker, though His Honor is sensible that you do not stand in need of such assistance, His Honor will ever utter the most favorable construction in your words and actions."

The Lieutenant Governor and party then withdrew from the chamber, and Speaker Osman resumed the chair.

A NEW CEMETERY.

Montreal to Have a New City of the Dead With Trolley Car Connection.

Montreal, March 6.—(Special)—Montreal is to have what is known as funeral trolley cars and trains will be used as conveyances to the new cemetery, which will be opened at about a mile from the end of the Island, on what was formerly known as Irving's Farm.

The reason for this move is that the Protestant cemetery is being rapidly filled up, there being fifty-three thousand people buried there. In the Catholic cemetery there are two hundred thousand people buried, but there the majority of graves are held only for five years.
The new Mount Royal cemetery is beautifully situated near the river and the soil is soft and sandy. Crops will be raised on parts of the property, which is not likely to be used for burying purposes for some years.

THE STOCK MARKET.

Montreal, March 6.—(Special)—The stock prices were extremely weak today, and Canadian issues declined in sympathy.
Dominion Coal stock was offered at 64 yesterday closing, the bid price being 66.
Dominion Iron sold off to 20 1/2; Illinois pfd. declined to 90; Detroit to 75; MacKay 70; pfd. 68; Montreal Power 87 1/2; Montreal Street Ry. 21 1/2; Two City 93 1/2; Toronto Ry. 109 1/2; Canadian Pacific 178 1/2.

SORT OF LOVE FEAST.

Premier and Opposition Leader Throw Some Fragrant Boquets at the Governor.

Mr. Hazen Also Expresses Regret at the Late Governor's Death.

When the legislature resumed Tuesday afternoon, Hon. Mr. Pugsley said:
"A week ago yesterday it was the painful duty of the Premier, Mr. Tweedie, to announce to this House the death of Lieutenant Governor Snowball, and to move that the House be adjourned until this day."
"The adjournment was necessary because of the death of the governor necessarily suspending the public business."

Since then as you are all aware the Hon. Mr. Tweedie has been called upon to fill the position of Lieutenant Governor.
While those of us who have so long followed Mr. Tweedie's leadership will rejoice at his elevation to the highest office in this province, I am sure the members of the House generally will regret that we are now to lose the benefit of his long experience in public life.

He was first elected to this House in 1874, 33 years ago, and except for a short time has been almost continuously in public life ever since.
He has a unique record of having been a member of the government of this province longer than any other individual since Confederation, having been made Surveyor General in 1890, afterwards becoming Provincial Secretary, and in 1900 Premier, so that over seventeen years he has occupied a cabinet position.

I think I may say with confidence that he has discharged the duties of his office as a member of the government with great satisfaction to his colleagues and advantage to the province. There has never been any charge made against him personally, and while gentlemen opposite may have differed with him on questions of public policy, he enjoys the distinction of never having been open to any personal attack for malfeasance in any office that he has filled. Changes take place among us rapidly and there is no engine more potent in bringing about such changes than death.

I have been called upon by Lieutenant Governor Tweedie to form a

government, and tomorrow I hope to have completed the task and to be able to announce to this House the personnel of the new administration. I therefore move that this House do now adjourn until Wednesday at three o'clock.

REGRETS AND COMPLIMENTS.

Mr. Hazen said:—I trust I may be pardoned if I now take an opportunity of expressing the regret I felt at not having been able to be in the house on Monday week when it adjourned in consequence of the death of the Lieutenant Governor. Had I been here I would have taken the opportunity to express my regret at his death and my sympathy with his family as well as my appreciation of the manner in which the late governor discharged the duties of his high office, not only as a constitutional administrator but in dispensing that hospitality which appertains to the position.

Governor Snowball fully realized his duties and aided by his wife and family with whose sorrows we all sympathize, won the respect and affection of every member of this house.

With regard to the gentleman who has been called upon to fill the office of Lieutenant Governor, I may say that I have sat eight sessions in this house with him, and while I have differed from him on matters of public policy nothing has ever occurred to interfere with our kindly personal relations. I believe that a gentleman who has been so long in public life can be safely entrusted with the position of Lieutenant Governor, the duties and limitations of which he thoroughly understands.

It was but natural that the Hon. Mr. Pugsley the senior member of the government should be called upon to form an administration, and I hope that during the proceedings of this session, however much we may differ, on points of public policy, wherever the interests of the province are concerned, we may be found working together for the common good.

GOVERNOR TWEEDIE.

Presented With a Congratulatory Address by Officials of the Government.

THE GOVERNOR'S REPLY.

A pleasant incident took place in the executive council chamber Tuesday afternoon when His Honor Lieutenant Governor Tweedie was waited upon by the officials of the local government and presented with a complimentary and farewell address. Mr. R. W. L. Tibbitts, deputy provincial secretary, read the address which was as follows:—

To His Honor the Honorable Lemuel J. Tweedie, K. C., L.L.D. Lieutenant Governor of the province of New Brunswick:

The undersigned officials of the provincial government desire to express their pleasure and satisfaction at your elevation to the dignified position of the Lieutenant Governor of New Brunswick, the highest office in this province, that can be had by any of its sons.

You come in succession to a long line of distinguished predecessors such as Sir Howard Douglas, Sir John Harvey, Sir Edmund Head, Hon. L. A. Wilnot, and Sir Leonard Tilley, but we feel assured, from the ability you have displayed during your long and active career in public life, that the dignity of the office and its constitutional requirements will be fully sustained.

Wishing a long life to yourself and your amiable wife we beg to subscribe ourselves,
J. A. McPeake R. W. L. Tibbitts
T. B. Winslow G. N. Babbitt
A. R. Wetmore J. R. Inch
G. F. Coy J. Howe Dickson
Peter Hughes Thos. A. Peters
C. A. McVey T. G. Loggie
R. S. Barker Frank S. Sadler

Frances J. Tibbitts W. P. Flewelling

Governor Tweedie, who seemed to be deeply touched by the manifestation of good will towards him, made an appropriate reply. He thanked the officials very heartily for their kind expression, and went on to say that he regretted the severance of the ties which had bound him to his colleagues in the government and to the deputies and officials of the departments. For nearly eighteen years he has held office in the government, first as surveyor general and afterwards as provincial secretary, and during all that time his relations with the officials had been most cordial. He found in them a class of men who for efficiency in the work their departments cannot be excelled in any province of Canada. Especially did the governor regret the severance of his relations with the officials of the Crown Land department, the deputy receiver general and the deputy provincial secretary. While he was out of politics, he wanted it understood that if he could assist the officials at any time he would be only too glad to do so.

Frank W. Morse, vice president and general manager of the Grand Trunk Pacific states that his company is contracting to secure the services of 20,000 laborers from England, Scotland and Russia for construction work to be commenced this spring.

Police Magistrate Kay, of Moncton made another departure in imposing sentences on Scott Act violators. Henry Arsenault was convicted of violating the act and fined \$200 or three months in jail.
