VALUABLE HORSE DEAD.

Dr. Eddy, the fast pacing stallion owned by Ald. H. C. Jewett, died yesterday afternoon after a short illness from colic and inflammation. He was four years old and was imported from Indiana last Spring. Ald. Jewett valued the animal at \$600 and it is said had bargained to dispose of him at that figure. Dr. Eddy stood for service at St. John last season.

Mr. T. D. Widder, accountant of the St. John Branch of the Bank of Montreal, will have charge of the Fredericton branch during manager Spurden's absence.

Exercise in the open air will develop the shoulders and the chest. The girl who walks, who runs, who uses her arms in the open air and who takes daily calisthenic to exercise the chest muscles surely will broaden out. The flat chested girl is the one who bends over her sewing all day or who is at a desk. Ammonia has been added, then rinse in strong coffee.
