

METHODIST CONFERENCE.

Business Transacted at Saturday's and Monday's Sessions—Next Year's Meeting at Moncton.

St. Stephen, June 22.—Conference opened at 9 a. m., President Rev. Jas. Crisp in the chair.

The Epworth League report shows 47 societies, 2,011 members, increase 270. Total receipts, \$2,551.30, increase \$610.28. The report was read by R. Duncan Smith, and on motion was received.

The committee on Temperance and Moral Reform reported Rev. Jas. Crisp chairman, Rev. Charles Fleming, as secretary. The total amount of money raised by the different districts for the extension of this great work was \$294.34 being an increase over last year of \$128.57.

On motion Rev. Aquila Lucas was given leave of absence for a year to enable him to take up the work of the International Sunday School Association in the West Indies.

On Saturday evening the annual meeting of the Methodist Historical Society was held. President of the society, Rev. C. H. Paisley, in the chair. Papers were read by Rev. Dr. Wilson on the Rev. Francis Wetherall, who for twenty-four years was general superintendent of the Bible Christian Church of P. E. Island.

St. Stephen June 24.—Conference met at 9 a. m. President Crisp in the chair.

After the opening exercises, Rev. Mr. Lodge reported that he has communication from Charlottetown stating that while Rev. Dr. Dobson was a very sick man, his condition was favorable.

On motion of Rev. Mr. Strothard resolved at next year's session of conference be held in Moncton Central Church, time, third Thursday in June.

Rev. A. Lucas, who reported for the Sunday School committee, said there had been some misunderstanding with regard to five cents per member for the Sunday School board and the extension fund. This was not intended as an assessment but simply a statement that amounts equal to five cents per member is necessary to meet the requirements of the work.

The Board of examiners recommended the following minute to be inserted in the minutes of the conference this year. While it is permitted a probationer to pass on all subjects pertaining to years during which he has travelled it is not permitted him to take subjects in advance of such years. Probationers cannot omit Greek subjects from year to year till he goes to college. Examinations of probationers and candidates for ministry will be held in Fredericton, Sackville and Charlottetown and at such places as may be determined upon by chairman and secretary during third week in April 1908.

Rev. George Steel called attention to the necessity of encouraging contributions to the supernumerary fund, as at present only about eighty per cent. of claims are being paid to claimants of the fund.

Rev. G. F. Dawson was elected treasurer of fund.

Rev. Dr. Wilson was on motion of Rev. George Steel seconded by H. Smith, requested to publish in book form the papers on history of Methodism in the Province of New Brunswick and Prince Edward Island which have already appeared in St. John papers and that members of the conference pledge themselves to aid in the circulation of it when published.

LOWER HAINSVILLE.

June 20th, 1907.—We had a fine rain last week and the warm weather this week is giving us a good start in the growth of grass and grain.

We have a wedding here every Wednesday. Last week it was Mr. Alex. McLaughlin's eldest daughter, Laura united in marriage to Byron Pickard of Gibson in the presence of a large company of invited guests. The bride was the recipient of a large number of presents.

This week a similar event took place at Mr. Darius Jewett's, Zealand Station when his second daughter Hattie was united in marriage to Winslow Jones of Upper Keswick in the presence of about two hundred invited guests. Numerous presents of glass and silver and chairs and money were given to the bride who was becomingly gowned in white silk and Rev. Mr. Cook tied the knot for them.

Our popular merchant E. N. Reynolds is doing fine business at Burt's Corner. This spring he has remodelled his store and filled it with goods that are selling fast.

Mrs. Emma Jewett is visiting her sister, Mrs. Fred Haines of Gibson.

Mrs. John Woodworth has gone to Fredericton on business.

BEWARE OF OINTMENTS FOR CATARRH THAT CONTAIN MERCURY.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Hold no ideas that are not possibilities. Otherwise, you are a dreamer—a builder of castles in the air.

THE BEST GUARANTEE OF MER-IT IS OPEN PUBLICITY.

Every bottle of Dr. Pierce's world-famed medicines leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicine in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities. The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood-purifier, nor his "Favorite Prescription" for weak, over-worked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a better solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient antiferment.

Neither of the above medicines contain alcohol, or any harmful habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

When Pa Helped.

"I've got a wonderful boy," said the father of five—"my oldest, I mean. He came to me the other night with a subject for composition. He asked me to hand to write it for him. I put down my paper and wrote it. I flattered myself that I did rather well with that composition, it having been some time since I had had occasion to write one, but I hardly expected the encomium I got from him. The next day at dinner time he came rushing home, hurried up to me and slapped me on the back.

"Hurrah for you, pops!" he cried. "You are all right. You stand third in the class!"—New York Press.

Permanent Shapeliness in Outing Suits

There is only one thing that can make an Outing Suit hold its shape. That's hand tailoring.

Summer Tweeds and Worsted, Flannels and Serges, must be moulded in shape by hand—and held in shape by hand stitching—in order to stay in shape.

Fit-Reform Outing Suits keep their style and their proportions, because they are hand tailored.
