

OLD TIMES REGALLED.

A Glance Into the Local News of Fredericton Twenty-six Years Ago.

(Farmer Files, Nov. 10, 1881.)

J. E. Lynott, M. P. P., St. George was at the Barker yesterday.

Hon. Isaac Burpee this week is inspecting the New Brunswick Railway.

The Water Works question is now a live issue. Which way will you vote?

The Board of Works' advertising tenders for furnishing chairs and desks for the new Parliament Buildings.

Mr. George Chase, late of Mauderville, has leased Mr. T. F. Barker's farm at St. Mary's, and will take possession next week.

The Sunbury breach of promise suit was settled last week, the defendant paying the plaintiff \$400. The amount sued for was \$5,000.

Samuel Hughey, baker, fell through a hatchway in Messrs. Yoxa & Yoxa's grocery, on Friday, and broke his right arm. Dr. Jacob attended to his injuries.

We heartily sympathize with Mr. Isaac Peabody, of St. Mary's in the loss of his young and estimable wife whose death occurred last Thursday, after a painful illness of six weeks.

We are indebted to Mr. Edward O'Brien, formerly of this city, but now residing at Walkerville, Montana Territory, for a copy of the Miner's Journal, published at Butte City, Montana.

We are pleased to learn that Miss Belle Davis, of this city, sister of Mr. Geo. H. Davis, Druggist, led all other competitors in the recent examination for admission to the Normal School.

John Parsons, an employee in Jeffrey's Furniture Factory, St. Mary's, on Friday, was caught in the belt and thrown against a post, severely fracturing his skull and inflicting other injuries. He was attended by Dr. Coburn.

Ald. M. S. Hall is now in the United States purchasing Christmas stock.

Rev. Dr. Kingdon, bishop coadjutor, has engaged apartments at the Queen Hotel, where he removed the first of this week.

At the Victoria Mills, on Saturday a lad named Harry Wilkes, nine years old, received such injuries in the breast that his life is despaired of. He was attended by Dr. Brown.

Mr. Timothy Murphy, butcher, Regent street, exhibited in his stall on Tuesday the carcass of a hog eighteen months old, one of a lot of seven he has raised and slaughtered this season, which totalled 3,100 lbs. They were Yorkshires, and we should like to hear of this weight being beaten.

BOARD OF AGRICULTURE.

It is understood that all the members of the Board of Agriculture, except Mr. T. F. Barker, who takes charge of the provincial stock farm, have been returned for the ensuing year, and that Mr. John A. Campbell, a very worthy and intelligent gentleman, of Kingsclear, has been elected to the vacancy caused by Mr. Barker's retirement. We congratulate these gentlemen upon the renewal of confidence expressed in them.

As constituted now the Board is composed as follows:

Hon. William Wedderburn, president; J. L. Inches, secretary; Jas. E. Fairweather, Hampton; Josiah J. Anderson, Sackville; Robert Swin, of Doaktown; Frederick W. Brown, Grand Falls; John A. Campbell, Kingsclear; George A. Sterling, Mauderville.

NORMAL SCHOOL OPENING.

The formal opening of the Normal School took place yesterday afternoon, in the presence of a large number of spectators, including His Honor the Lieutenant Governor, Doctor Rand, Senator Wark, Rev. A. J. Mowatt, Inspector Mullin, Dr. Dow, Dr. Harrison, Mr. A. F. Randolph, and the members of the Normal and Model school staffs. Principal Crockett read an extended opening address and gave a mass of statistics from which we learn that 147 students are enrolled, of which 25 are in the French department. In the examinations only 10 failed, and 74 were admitted by departmental certificate.

PREMIER'S ILLNESS

Sir Henry Campbell-Bannerman Head of Imperial Ministry seized with Sudden Attack.

BRISTOL, England, November 15.—The Premier, Sir Henry Campbell-Bannerman, after addressing a political meeting was seized with sudden illness at the residence of William Howell Davis, Liberal member of parliament for South Bristol.

Doctors attended the sufferer for over an hour, and although the sharpness of the attack has ceased, the Premier's condition is such that London doctors have been summoned.

Heart trouble is believed to be the cause of the illness. Sir Henry had planned to make several political speeches, but he has given up all engagements and has requested Chief Secretary for Ireland Birrell to take them up.

BRISTOL, England, November 15.—At one time during Wednesday night the Premier's condition created the gravest alarm. Mr. Birrell, who also is at Bristol, was hastily summoned to see his chief. Oxygen was admin-

istered and relief was obtained. The doctors stated this afternoon that the Premier was out of danger.

BRISTOL, England, November 15.—Later it was announced that the Premier's sudden illness was due to a severe spasm of the heart, which was gradually relieved by restoratives. He was progressing favorably last night.

SCHOOL EXAM.

The examination of the school in District 2, New Maryland, taught by Miss Louise Carman, at the close of the recent term was very successful. There was quite a large attendance of parents and friends, and the pupils were fully examined in the various branches taught. Among those who were distinguished for prompt and thorough answers was Master Harry Nason, a promising young lad. At the close of the examination, addresses were made by the trustees, William Nason, Thomas H. Jones, N. Smith, and Secretary A. A. Nason, J. M. Lindsay, and other visitors, and all congratulated teacher and pupils on the good work witnessed. The trustees are to be congratulated on securing Miss Carman's services for the present term.

STONED THE POLICE.

Stoning the police has become a favorite pastime with some of the local toughs, and their example is readily caught by strangers of that class, who temporarily honor us with their presence. James and Alexander MacDonald were two young men who arrived in town last week from Summerside P. E. I., seeking a job in the woods for the winter. They were not here long before getting into trouble through drink. Alexander lost a \$25 cheque as a result, but on Monday night a more serious fate attended the pair. James was drunk and fighting on Regent street with his companion as a sympathizer. Policeman James Christie put in an appearance when the melee was at its height and with considerable difficulty arrested James. A crowd, or rather a mob, followed the officer, hooting and swearing vengeance, but he gamely held on to his man, and had got him as far as John Owens' grocery when a determined effort was made to rescue the prisoner. One man, afterwards identified as Alex. MacDonald, held a brick in his hand, and pushing it at the officer, striking him in the back, between the shoulders. Sitting Magistrate Richards was on the spot and in response to his request, MacDonald was arrested by a citizen, who shortly afterwards delivered him over to Policeman Boone, and the two prisoners were safely locked up in the police station, not, however, without a continued attempt on the part of the rioters to rescue both.

On Tuesday they came before Police Magistrate Marsh, and Jas. MacDonald was sent to jail for one month for drunkenness and fighting on the public street, and Alex. for two months for stoning the police.

MARRIAGES.

In this city on the 19th ult., by the Rev. A. J. Mowatt, James, eldest son of John Rutherford, to Miss Sarah Frances, youngest daughter of Mr. Thomas Speedy, all of Harvey, Manner-Sutton.

In this city on the 2nd inst., by Rev. A. J. Mowatt, Hamilton Anderson, to Miss Frances Sheppard, both of Fredericton.

Also in the same place by the same minister, on the 3rd inst., William Hamilton, to Miss Rebecca Jamieson, both of Prince William.

DEATHS.

In this city on Saturday, the 5th instant, Mary Ann, eldest daughter of John and Susan Biggs, in the 36th year of her age.

At her residence, Douglas, York County, on Thursday morning, November 3rd, after a painful illness of six weeks, Kate Patterson, wife of Isaac Peabody, in the 26th year of her age.

At her father's residence, Skiff Lake, Canterbury, N. B., on the 29th of October, Elizabeth Frances, daughter of Mr. James Hamilton, aged 20 years.

istored and relief was obtained. The doctors stated this afternoon that the Premier was out of danger.

BRISTOL, England, November 15.—Later it was announced that the Premier's sudden illness was due to a severe spasm of the heart, which was gradually relieved by restoratives. He was progressing favorably last night.

HELP YOUR BABY.

No mother can expect her little ones to escape all the minor ailments of childhood, but she can be reasonably sure that her child will be healthy if she gives it an occasional dose of Baby's Own Tablets. And she can feel absolutely safe in giving this medicine as she has the guarantee of a government analyst that it contains no opiate or poisonous soothing stuff. Mrs. Uria Cressman, New Hamburg, Ont., says: "I have used Baby's Own Tablets for stomach troubles and constipation with the greatest success. I always feel safe when I have a box of Tablets in the house." Sold by all medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ontario.

A STYLISH REDINGOTE.

The present vogue for long lines has revived the graceful long coat, and nothing is more becoming to the woman of tall, well-developed figure. The redingote shown in the illustration is one of the most stylish of recent designs, and is, besides, a most comfortable garment for cold weather wear. The wide tucks extending from shoulder to waist line in the front body portion not only produce a graceful effect, but give extra warmth to the garment, while, the straight tucks in the centre-back, add appreciably to the apparent length of the figure. The skirt portion fits smoothly over the hips, while the necessary fullness at the back is provided in an inverted pleat. The pattern provides for both, mandarin and plain coat sleeves, either of which is good style. Any of the new cloths are suitable for making the coat, while braid or fur may be used for garniture. To make the medium size requires 4½ yards of 44-inch material.

6001—6 sizes, 32 to 42 inches bust measure. The price of this pattern is 10c.

To The Fredericton Herald:

Please send the above mentioned pattern, as per directions given below, to

Name..... No.....

Street.....

To..... Province.....

Measurement, waist..... Bust.....

CAUTION.—Be careful to send size of pattern wanted. When the pattern is bust measure you need only mark 32, 34 or whatever it may be. When in waist measure, 22, 23, 26, or whatever it may be. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." Patterns cannot reach you in less than three or four days from the date of order. The price of each pattern is ten cents in cash or postal order or stamps.

Stumbling Wrecks.—Undone and overdone, discouraged and desolate! Emaciated nerve wrecks! Not one of you is too deep down in the mire of disease, but the story of such a potent remedy as South American Nerve can reach you and lift you back to good health. It's nature's trusted lieutenant, gentle, but firm and unflinching. It never fails.—156 Sold at Central Pharmacy, A. J. Ryan.

STOP LIMPING, CURE THE CORN

Quickly done by Putnam's Painless Corn Extractor. Acts in one day, causes no pain, removes every trace of soreness. Fifty years of success proves Putnam's is the best. Refuse substitutes.

ALL RED LINE

Hon. Mr. Sifton one of its Promoters Speaks at Bristol.

MONTREAL, Nov. 15.—A special London cable says:

Hon. Clifford Sifton yesterday inspected the Royal Edward dock at Avonmouth and appeared to be much impressed with the facilities afforded for the landing of Canadian products. At a luncheon which took place at the Victoria rooms, Bristol, Mr. Sifton on rising to respond to the toast of the ships of the colonies and commerce, was received most enthusiastically. It was some moments before he could obtain a hearing, the applause was so long continued. At the conclusion of his remarks, Mr. Sifton referred to the All-Red route and pointed out that as other countries had a fast service, Canada and Great Britain should have equally as good a service. Mr. Sifton's remarks were received with much applause and any reference to Canada enthusiastically so.

TO LET:

Hotel property at west end at present occupied by Jos. Richards Esq. possession given May 1st next.

FOR SALE: Several farms as well as lots in the city or its vicinity including 80 acre farm with 2000 fruit trees, and within 4 miles of the City Hall and cuts 20 tons of hay.

TO LEASE: Money on mortgage at low rate.

Fredericton, N. B. G. T. WHELPLEY

Beauty and Health in Fruit Juices.

Apple juice acts directly on the liver, increasing the flow of bile, and this bile, entering the intestines, causes the bowels to move regularly. Orange juice softens and beautifies the complexion, stimulates the action of the skin glands, and thus assists in purifying the blood.

Figs and prunes—free of seeds and skins—soothe the stomach and bowels and strengthen the digestion.

Fruit juice is about 90 per cent. water and 10 per cent. solid. The solids are made up of nine-tenths sweet, and one-tenth bitter, material. It is this small quantity of bitter material that acts medicinally.

"Fruit-a-tives"—those wonderful tablets that are curing so many people—are the juices of apples, oranges, figs and prunes, concentrated and intensified. An Ottawa physician discovered a process, by which an additional quantity of the bitter principle of the orange peel could be forced into the juices. This formed a new compound—many times more effective as a medicine than the fresh fruit juices—and without any of the indigestible pulp or fibre. In order to further improve it, tonics and antiseptics were added and the whole compound made into tablets. These are "Fruit-a-tives"—the certain cure for Constipation, Biliousness, Indigestion, Dyspepsia, Headaches, Backaches, Kidney and Liver Troubles, Skin Affections. 50c a box; 6 for \$2.50. At all druggists, or sent on receipt of price by Fruit-a-tives, Limited, Ottawa, Ont.

The waves ran mountain high, wrote the beginner.

That expression is old, objected the experienced writer. It was all right twenty years ago, but it won't do today.

I see. Everything is higher now.

Life Depends on

Healthy Blood

Is Yours Rich and Pure?

Blood is the soul of life. Check its formation, reduce its quality, lessen its red cells—you at once sap strength and vitality—you peril life itself.

When you strengthen the blood, make it richer in red cells, increase its solid constituents, you supply the materials that rebuild—you furnish that disease-resisting element we call strength.

When you are weak and ailing—When appetite is poor—when mental efforts seem impossible, sleep hard to get, be sure your blood has grown poor and nervous system in consequence is impaired.

Nothing so quickly stimulates the formation of rich, red blood as Ferrozone.

Ferrozone's action upon the digestive power is immediate—everything you eat is converted into nourishment and building material.

Ferrozone fortifies the action of the kidneys, liver and stomach, increase circulation, and by these means throws into the blood a vast store of material to build up and to strengthen.

Ferrozone by making blood and stimulating vital action, transmits to the debilitated brain cells, exhausted by toil, by anxiety, or by sickness, the strength they need.

The beneficent action of Ferrozone on the brain is transmitted through the nervous system, and all powers of the body are enormously increased.

Ferrozone enables the body to perform all its functions in a normal and natural way, and with an absolute freedom from reaction, which is the most positive assurance that the body is strengthened—not stimulated.

Whether the weakness you suffer is profound or of long standing, whatever the conditions are—if the blood is impaired, if its redness is reduced, if its activity is lessened—Ferrozone is an absolute and rapid remedy.

For any condition of weakness, de and children, you can't find so naur-bility or ill-health in men, women lishing and strengthening a tonic as Ferrozone; try it, sold everywhere in 50c boxes.
