

LOOKING FOR HER HUSBAND.

Deserted Wife With Eight Children Arrives in Montreal.

MONTREAL, P. Q., November 15.—A remarkable and distressing case of wife desertion was brought under the notice of the Windsor Station and charity authorities today.

There arrived by the Boston & Maine train a married woman, a French-Canadian, still young-looking and attractive, with a family of eight children, who had been deserted by her husband and left at Woonsocket, Rhode Island, without funds or means of subsistence. He had, she said, skipped about three weeks ago and left her with a family of eight on her hands. He had been employed as a laborer, and she believed he had returned to Montreal. They had formerly lived in this city, and had only been in the states a year. Her fare here was paid by the Woonsocket authorities.

"I thought you told me you were playing the heavy part in a speculative drama?"

"So I am."

"Why, you don't even appear on the stage."

"Oh, yes, I do! I'm the hind legs of the elephant."

SEASONABLE SPORTS.

A Peep Into the World of Base Ball, Racing, of Bowling and Athletic Sports Generally.

HOCKEY.

THE COMING WINTER SPORT.

There is no doubt that hockey is the coming winter sport. It has always been recognized as Canada's game, just as baseball was formerly considered the American summer pastime.

But no longer can hockey be considered wholly Canadian more than baseball exclusively American. While the finest play is confined to this side of the border, the class of game to be met with in various sections of the other side could not be termed mediocre. One thing that speaks favorably for the adoption of hockey by the United States is that the big eastern colleges have endorsed it. And what these institutions approve generally goes.

It will take some time to educate the people to the game, perhaps, but not nearly so long as it would were the game not so open and fundamental principles less apparent. A couple of years at the largest should find hockey in a very healthy condition in the dominion of the eagle. The country has every advantage. Large and wealthy cities, well bunched with a sport-loving public. Climatic handicaps may be overcome in the present day with artificial ice-making machinery.

Cleveland and Chicago are both building large artificial rinks, and Toledo is to follow suit. Detroit will no doubt fall in line as well as other leading cities. A large professional league after the fashion of the major baseball organizations is not beyond the bounds of possibility in the immediate future.

Malachi Kittredge, ex-manager of the Royals once told the writer that he believed roller polo was the coming winter sport. That was four years ago, before "Kit" had seen hockey, and when he was more or less interested in the roller game. The writer met Kittredge in New York last winter, and during a conversation the topic twined to roller polo.

"Get out," said Kittredge, who is a pretty fair story teller and who is beside fond of the hangtails.

"Roller polo is a thousand years behind the times. You should see hockey the way they play it over in Cuck land. I thought polo was all the candy before I had my eyes opened. But it reminded me after I saw my first real hockey match of the time I went to see my first and last trotting race. Then I wondered why someone didn't go and untie the performers. They looked as if they were standing still watching the runners.

BASKET BALL.

COLUMBIA AFTER BASKETBALL TITLE.

NEW YORK, November 15.—Columbia's basketball squad has started practice in preparation for the championship season. About twenty men reported, among whom are Ryan the captain of the team; Smith and Melitzer, of last year's team, which captured second honors in the intercollegiate league. Armstrong and Arthell are lost through graduation. White, Hall and Spencer, form a strong nucleus from which to build up a five. Besides these men several of last year's freshmen have reported, and Saunders and Kienli are showing particularly good form.

The intercollegiate race this year, promises to be very close from the first whistle until the winner has been announced. The champion Yale team has lost only Kinney, the star forward. Noyes will again lead the blue. It is doubtful, however, whether Murphy will be able to play this year, as he has given up so much time to football. Pennsylvania has lost only Flint, although Kelnath may not be able to play. The Quakers, however, have a large squad and expect to develop a fast team.

"Don't Neglect a Cough or Cold."

It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrup, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

CHRONIC BRONCHITIS

Mr. Wm. O'Hara, Souis, Man., writes: "Having suffered for a long time with a severe attack of Chronic Bronchitis, which I could not get cured, I eventually tried your Dr. Wood's Norway Pine Syrup and I am glad to state it has given me a complete cure."

O'BRIEN AND JOHNSON.

NEW YORK, November 15.—According to a despatch to the Times from Pittsburgh, Jack Johnson, heavy-weight fighter, was matched yesterday to fight Jack O'Brien. Johnson was represented by his manager, while O'Brien took care of his own interests. The Philadelphia man favored a six-round bout, to take place in Philadelphia, but he will go to the Pacific Coast if he can get on for twenty rounds for a good purse.

The main point discussed was whether bandages should be permitted. It was finally decided that both bandages and soft short-fingered gloves inside the boxing mitts would be allowed.

GOOD REASONS FOR ITS SUCCESS.

The majority of catarrh remedies are useless. But one that does cure is "Catarrhazone." It clears the head of all mucous discharge. Putrid matter in the nostrils, phlegm in the throat, and disease germs are completely swept away. The cause of the disease is destroyed, its results are destroyed, and the system so thoroughly cleansed of catarrhal poison that cure is permanent. All types of catarrh, throat and bronchial trouble, colds and coughs are more certainly cured by Catarrhazone than any thing else. Two sizes, 25c. and \$1.00 at all dealers.

HIGH FINANCE RUN MAD.

Alleged Defalcation of John R. Walsh a Bank President.

CHICAGO, November 14.—The trial of John R. Walsh, formerly president of the Chicago National Bank, now defunct, on a charge of misuse of the funds of that institution, formally opened today. The government will attempt to show that Walsh took from the Chicago National Bank, the Equitable Trust Company, and the Home Savings Bank, \$14,000,000. In his statement to the jury Attorney Dobyns declared that Walsh obtained the ownership of various large properties without cost to himself by using the funds of the banks. He said: "Watered stock to the probable amount of \$25,000,000 or \$30,000,000 was issued. Mr. Walsh, through employees, voted the stock to himself. He then sold this stock to the banks, taking the money to build up his private enterprises. All of the stock so sold by Mr. Walsh was practically valueless. It was also the practice of Mr. Walsh to make loans to one of his companies, and then sell the bonds of that company to the bank. These bonds were practically worthless."
