

THE VALLEY RAILWAY.

Mr. Mann May Make Personal Inspection of the Proposed Route.

Woodstock, N. B., April 12.—F. B. Caryell, M. P., went Saturday to Toronto, interviewing the firm of McKenzie and Mann with reference to the proposed St. John Valley Railway. He has succeeded in completing arrangements for a personal inspection of the route early in June either by Mr. Mann, who has a most lively interest in the project, or if that be impossible, what amounts to practically the same thing, a visit by the chief engineer of the staff. It must not be forgotten that the concern have already made extensive exploration surveys in the north of Maine, and have a strong preference for that route with reference to the seaboard. In case they finally decide to come across Maine rather than Quebec province, they will be about certain to run their road through Ashland and probably Presque Isle, and after crossing the frontier, follow the big Presque Isle stream to Centerville, and thence to Woodstock.

A SPRING TONIC.

Dr. Williams' Pink Pills Make Rich, Red, Health-giving Blood.

Cold winter months, enforcing close confinement in over-heated, badly ventilated rooms—in the home, in the shop and in the school—say the vitality of even the strongest. The blood becomes clogged with impurities, the liver sluggish, the kidneys weakened, sleep is not restful—you awake just as tired as when you went to bed, you are low spirited, perhaps have headache and blotchy skin—that is the condition of thousands of people every spring. It comes to all unless the blood is enriched by a good tonic—by Dr. Williams' Pink Pills. These pills not only banish this feeling, but they guard against the more serious ailments that usually follow, rheumatism, nervous debility, anaemia, indigestion and kidney trouble. Dr. Williams' Pink Pills are an old spring medicine. Every dose makes new, rich, red blood. Every drop new blood helps to strengthen the overworked nerves; overcomes weakness and drives the germs of disease from the body. A thorough treatment gives you vim and energy to resist the torrid heat of the coming summer. Mrs. Jas. McDonald, Sugar Camp, Ont., says: "I was badly run down, felt very weak and had no appetite. I could scarcely drag myself about and I felt that my condition was growing worse. I decided to try Dr. Williams' Pink Pills and before I had used a dozen boxes I was as strong as ever. My appetite returned and I am now able to do my housework without feeling worn-out. I think Dr. Williams' Pink Pills are the best tonic there is."

It is a mistake to take purgatives in spring. Nature calls for a medicine to build up the wasted force—purgatives only weaken. It is a medicine to act on the blood, not one to act on the bowels, which is necessary. Dr. Williams' Pink Pills are a blood medicine—they make pure, rich red blood and strengthen every organ of the body. See that the full name "Dr. Williams' Pink Pills for Pale People" is printed on the wrapper around the box. All other so-called pink pills are fraudulent imitations. Sold by medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

"Would you mind if I went into the smoking car, dear?" asked the bridegroom in a tender tone. "What to smoke, sweetheart?" the bride questioned. "Oh, dear, no," replied the young husband, "I want to experience the agony of being away from you, so that the joy of my return will be all the more intensified."

STEEL KNIFE IN THE FLESH.

That's the sensation experienced by Robert Price of Hecaton, Ont. He knew it was sciatica and of course used "Nervine." As usual it cured and he says: "No liniment can excel Polson's Nervine. Severe pains made my wife lame. It was like a steel knife cutting through the flesh. I rubbed it into the flesh and it was completely cured." A regular snap for Nervine to ease Sciatica and rheumatism. It sinks into the core of the pain, cures it in short order. Large 25c. bottles at all dealer.

LYCEUM STOCK CO.

The most notable event of the theatrical season will occur on Tuesday and Wednesday next when the Lyceum Stock Company will give a special engagement here, presenting the high class royalty plays. The company was given an ovation last Monday night on their debut in St. John where they are playing a four weeks engagement. Frederick, however, was booked early in the season and the company will be here for this occasion only during which time they will offer for the approval of the theatre going public, three of their best plays. The Lyceum Company is not a travelling organization, it is the strongest stock organization that has ever been brought into the Maritime Provinces. The Dominion

already in their possession they are satisfied that a low grade line may easily be secured by following this route, one much shorter than the transcontinental and nearly as short as the C. P. R.

Mr. Caryell has made arrangements to have all the Dominion subsidies along the proposed route through this province renewed at the present session of parliament. They are as follows: Woodstock and Centerville, 26 miles; Woodstock and Fredericton, 59 miles; Westfield and Gagetown, 30 miles. These have expired by lapse of time, but the renewal will provide a Dominion subsidy over the greater portion of the route through New Brunswick, and at the next session the remainder will be voted. With these subsidies and the bond guarantee of the nature provided in the act passed by the local government there should be very little difficulty in securing the much needed public work so vital to the future of this part of the country.

Amusement Company who is directing the engagement has carefully selected the members of the cast from the season's best successes and the poster contains the names of such high class players as N. J. Jenkins, Frank Powell, John Stepping, John A. Butler, Harry Hickey, William J. Naumann, Walter D. Nealand, Harry Aiken, Eleanor Hicks, Grace Goodall, Juliette Atkinson, Jeanne Hollis, Margaret Lee, Dorothy Blake, Lillian Bond and others. The opening presentation will be a magnificent production of David Belasco's society drama The Charity Ball, a play that enjoyed a long and successful run to New York several seasons ago.

What happened to Jones conceded to be the best farce written in the last decade, will be the offering at the Wednesday matinee, and this amusing farce which has made millions laugh, will be a notable offering.

The Squaw Man will be the bill presented at the Wednesday evening performance, and this will be the first time that this remarkable western drama has ever been given by a stock organization; the result will be awaited with interest. The Squaw Man is a virile drama of life in the far west and an interesting story of love and adventure romantically depicted. Each play will have a splendid scenic equipment.

STEAMSHIPS ARRIVE.

Three Reached Halifax With Large Number of Emigrants and Other Passengers.

Halifax, April 12.—The Allan Line Pomeranian, from London and Havre arrived this morning. She has 214 passengers to land here and leaves for St. John this evening.

The C. P. R. liner express of Ireland, from Liverpool with the mails reached here at six o'clock this morning and sailed again at 8:30 for St. John. She landed here 230 passengers, most saloon.

Allan Line Sicilian arrived from Glasgow with 110 passengers, 244 second cabin and 765 storage. Included in the number was a smart party of 163 and also 10 quarrier home boys.

Misa Screecher—What sort of songs do you like best, Mr. Suphrer? Mr. Suphrer—The songs of the seventh century.

Mise S.—How odd! Why do you refer them?

Mr. S.—Because nobody ever sings em nowadays.

WORKING INDOORS CAUSES ANAEMIA.

Chlorosis or anaemia is simply thinness of blood.

It convicts too much indoors, anaemia develops, because the lungs are insufficiently supplied with oxygen, and the blood is consequently ill-nourished and half-starved.

But there is a cure!

Dr. Hamilton has solved the problem in his famous pills of Mandrake and Butternut, as a blood enricher their equal is not known.

All the functions upon which life depends are helped by Dr. Hamilton's Pills.

Richness and purity are instilled with wonderful promptness into the vital fluid.

Healthy color supplants the pallid, ashen face.

Better appetite, strong digestion and dreamless sleep are sure to follow, because of the increased blood supply furnished by Dr. Hamilton's Pills.

Richness and purity are instilled with wonderful promptness into the vital fluid.

Healthy color supplants the pallid, ashen face.

Better appetite, strong digestion and dreamless sleep are sure to follow, because of the increased blood supply furnished by Dr. Hamilton's Pills.

Think it over.

Will it pay you to look and feel half dead, to lack color and spirit, when all can be changed by Dr. Hamilton's Pills?

Better act at once!

Your case is more curable now than later on.

Dr. Hamilton personally guarantees his pills of Mandrake and Butternut. There merit is unquestioned.

Thousands of anaemias they have cured and kept well.

They will do just the same for you. Try Dr. Hamilton's Pills, 25c. per box or five boxes for \$1.00, and refuse any substitute.

LATE HAROLD HUNTON.

Many Sackville Citizens Paid Last Tribute to His Memory.

Sackville Tribune.—The funeral of the late Harold Inch Hunton took place from the residence of Prof. Hunton on Tuesday afternoon, and was very largely attended.

The services were conducted by Rev. J. L. Dawson, assisted by Rev. Dr. Stewart, Rev. Dr. Borden, Rev. Dr. Paisley and Rev. Dr. Andrews. The hymns, "I heard the voice of Jesus say" and "Rock of ages" were sung by a choir from the institutions. The pall bearers were Messrs. Wm. T. Wood, Murray Fillmore, W. P. Bell, Arthur McDougall, J. W. Baird and Lloyd Dixon.

Among those who attended the funeral was Dr. J. R. Inch of Fredericton, grandfather of the deceased. The floral tributes were magnificent. Among them were the following: Pillow, family.

Crescent, Dr. Inch.

Wreath, Royal Bank staff.

Roses, Dr. and Mrs. Allison.

Cross, Dr. and Mrs. Smith.

Spray of flowers, Dr. and Mrs. Andrews.

Easter lilies, Dr. and Mrs. Paisley.

Easter lilies, Prof. and Mrs. Watson.

White carnations, Prof. Tweedie.

White narcissus, Principal and Mrs. Palmer.

Wreath, Mr. Al. Boys.

Pink carnations, Mr. and Mrs. Cameron.

Wreath, Mr. and Mrs. Bennett.

Lilies, carnations and tulips, Miss Flewelling, Fredericton.

Cut flowers, Miss Emma True-man.

White carnations, Mrs. Trites.

White and pink roses, Lloyds and Edward Dixon.

White lilies and tulips, Geo. E. Ford & Sons.

White carnations, Mr. and Mrs. T. Murray.

Spray white flowers, Mr. and Mrs. John Fillmore.

Easter lilies, Dr. and Mrs. Borden.

Easter lilies, Dr. Archibald.

Wreath, Mr. and Mrs. Fred Ryan.

Carnations, Turner Bros.

Lilies of the valley, Mrs. Lathern, Halifax.

Cut flowers, Herbert Read.

Cut flowers, Norman Fawcett.

Red carnations, Miss Violet Richardson.

Interment took place in the Rural cemetery.

Sudden deaths on the increase—People apparently well and happy today to-morrow are stricken down, and in ninety-nine cases out of every hundred the heart is the cause. The king of heart remedies, Dr. Agnew's Cure for the heart, is within reach of all. It relieves in 30 minutes and cures most chronic cases.—Sold at Central Pharmacy, A. J. Ryan.—91.

Lawson—Is he rich? Dawson—Fabulously. Why, he stayed three days once at a Florida hotel.

Address: The Cook Medicine Co., Toronto, Ont. (Formerly 19 Dundas).

GAME LAW AMENDED.

A Change that will be Popular in York and Charlotte Counties.

An amendment to the game law of much interest to the people in York County, living west of the St. John River and also residents of Charlotte County, passed the legislature on Thursday night. It empowers the surveyor general to issue licenses to non-resident sportsmen for the hunting of deer, only in certain sections of the province, on payment of a fee of ten dollars. The old law compels non-residents to pay fifty dollars for a hunting license, and this quite naturally discriminated against districts of the province where deer abound, but moose and caribou are comparatively scarce. While sportsmen were not unwilling to pay something for the privilege, they considered it properly so, that a fee of fifty dollars for the right to shoot two deer, was rather excessive, considering that a license can be obtained in Maine for fifteen dollars.

Camp proprietors in Charlotte County backed up by the New Brunswick Tourist Association, made an effort last year to get the law amended but they were unsuccessful. A few years ago the Fredericton Tourist Association presented a memorial to the government, strongly urging the change be made. The representations of the Association were strongly supported by Hon. George F. Hill of Charlotte, and Mr. Burden of York. An amendment along the lines suggested was prepared by the surveyor general and submitted to the House Thursday evening when the game bill came up for its second reading. It was warmly supported by the surveyor general, Mr. Hill, Mr. Burden and Mr. Grimmer, and opposed by Mr. Hazen and Mr. Carpenter. A very strong case was made out in the favor of the amendment, and it passed the House without division.

Immediately upon the bill passing, Surveyor General Sweeney wired the substance of the amendments to Mr. W. H. Allen, who is in charge of the New Brunswick exhibit at the Boston Sportsman's Show.

HELPS MEN TO WORK HARD.

That's what Ferrozone does; it supplies the additional strength that enables a man to maintain health under difficulties. "Last spring I was so completely fagged out I could not work," writes J. W. McNichol of Turnbull, Man. "In the morning I was tired—limbs ached all over. Had no appetite, was sleepless, nervous, and unhappy. Ferrozone put new life into me. Now I eat heartily, nerves are strong. I sleep well. I know the joy of health." It's by supplying nourishment and good blood that Ferrozone builds up; try it—50c. per box at all dealers.

BURNING IN EFFIGY.

A Custom Born of the Superstition of the Ancients.

The burning of people in effigy has come from a foolish superstition of the ancients, who believed that by burning a likeness of a person they were inflicting pain upon the individual himself. Theocritus tells us that the Greek sorcerers killed their enemies by magic rites performed over the effigy of the person who had offended them, and Virgil also makes mention of this.

In the days of witchcraft and persecution one of the most common charges against witches was that they made waxen images of their enemies which they melted before a fire and thus caused the dissolution of the originals.

The Japanese still regard the effigy as a means of punishment of faithless lovers, and in France to the time of the first revolution execution by effigy was a legal rite. In the Netherlands the same illogical custom prevailed, and the different religions burned the effigies of each other's leaders with zeal. In England the burning of effigies was also practiced, as it was later in America.

No doubt from the ancient custom of burning the effigy arose the idea of placing the wax figures of eminent men in Westminster abbey. In olden times upon the death of a celebrity a waxen figure representing him fully dressed as in life was made and carried in the rear of the funeral procession. After the service the effigy was set up in the church as a temporary monument, and during the time it was on exhibition it was customary to paste or pin pieces of paper containing complimentary epitaphs upon it. The royal figures in Westminster abbey date back to the fourteenth century.—New York Tribune.

Stanley the Explorer.

Although the fever of African exploration did not seize upon Henry M. Stanley until after he found Livingstone, when the example set by the latter fired the Welshman's ambitions, there can be little doubt that Stanley was a born explorer. Otherwise he would scarcely have been able to accomplish those arduous journeys which enabled him to fill up an enormous blank in the map of Africa. Stanley's discoveries were of the greatest political importance and led to the founding, among other things, of what is now the Congo Free State. His ultimate discovery of Emin Pasha furnished a magnificent illustration of Stanley's indomitable courage and perseverance.—London Mail.

Insincerity.

Be honest with yourself, whatever the temptations. Say nothing to others that you do not think and play no tricks with your own mind. Of all the evil spirits abroad at this hour of the world insincerity is the most dangerous.—J. A. Froude.

"The Blood is The Life."

Science has never gone beyond the above simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. Foul impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It cures and purifies the blood, thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, tetter, or salt-rheum, hives and other manifestations of impure blood.

In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, the same being attested as correct under oath. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

Whole Wheat.

It is a recommendation from a dietetic authority that whole wheat grains are an excellent pick me up between meals when the craving for a bit of food is strong. The wheat kernels should be well chewed and are better, according to the dictum quoted, than the usual cracker taken at such times.

Alligator and Crocodile.

Among the many differences between the alligator and the crocodile there is a striking one—the alligator never leaves fresh water, while the crocodile often goes to sea.

Nosebleed.

When the nose is bleeding never hold it over a basin or hold the head down in any way. This only causes further rush of blood to the broken tissues in the nose. The head should be held up and back, the flow being caught in handkerchiefs or cloths. One of the most effective and simple means of checking a nosebleed is to press on the upper lip.

Trunks and Traveling Bags

We have received an immense shipment of Trunks, Suit Cases, Telescopes and Club Bags. The largest shipment we have ever received. We are safe in saying that our stock of Traveling Apparatuses is the largest in the City. By buying in such a large scale enables us to divide the middle-mens profits with our patrons. Good Trunks from \$1.45, \$1.90, \$2.50, \$3.25, \$3.75, \$4.00, \$5.00, \$6.00 to \$10.50. Dress Suit Cases, \$1.40, \$1.90, \$2.50 to \$8.50. Steamer Trunks from \$4.50 to \$12.50. Club Bags from 65c to \$7.00. Do you need a Trunk, &c., if so see our stock now. Prompt delivery by our own van, anywhere.
