

OLD TIMES RECALLED.

A party consisting of Capt. Leigh and T. Carleton Allen, George Sealey and Geo. A. Burkhardt, left by steamer for Grand Lake, this morning, on a shooting expedition.

A horse belonging to Mr. Aaron Smith teamster, dropped dead yesterday, while driving up the government lane.

Mr. W. B. Phair of the P. O. Department is home again after a protracted tour through New York and the Upper Provinces.

The "big four," who turn the scales at 710 pounds, are in active practice for the four oared race of the 3rd. of Oct. They are placed as follows: Malcolm Ross, stroke; Hugh O'Brien, aft mid; Frank Stratton, fore mid; James Wright, bow.

The Canning Factory of D. W. Hoegg & Co., started here on Friday last, and sixteen hands are now employed canning corn, tomatoes and blueberries. The number of operatives will be doubled as soon as these crops are all gathered in.

The Freshman class this year is the largest that ever entered the University. The result of the matriculation examination was made known on Saturday. The average marks were high. Wilmer Duff took the scholarship for St. John Co., Jas. M. Le-mont do. for York, Arthur Teed do. for Westmorland, and John R. Dunn do. for Queens.

Hon. Justice Weldon and E. L. Wetmore, went up the N. B. Railway on Tuesday to attend the Madawaska Circuit Court.

George F. Gregory, is in attendance on the Circuit of Northumberland Co. at Newcastle.

The Hon. Chief Justice and Mr. A. G. Blair, M. P. P., are at the adjourned session of the Westmorland Circuit, in Dorchester.

Mr. Melville Jack, C. E., started for the Tobique, in company with Mr. F. P. Robinson of Nashua, N.H., on Monday last, to continue the work of retracing the New Brunswick Land Lumber Company's lines which were destroyed by the fire in that vicinity some years ago. Mr. Jack is not expected home till the appearance of winter.

Shaw Bros' extract of bark factory on the Pokio, which was lately destroyed, will be immediately rebuilt on the old site. Mr. Henry Poole, the energetic manager, has recently returned from the Tobique, where he has made a contract for 60,000 feet of timber, etc., and before long we hope to record that this factory is again in operation.

On Saturday evening the University Debating Society re-organized for the current year, and elected officers as follows:—

W. B. Carman, B. A., Hon. Pres. S. Kierstead, Pres. F. St. John Bliss, Vice-Pres. James Dever, Rec. Sec'y.

PERSONAL.
E. Byron Winslow, Esq., and Mrs. Winslow, returned from their visit to New York on Saturday evening.

The pulpit of the Cathedral was occupied at both services, on Sunday last, by Rev. Theodore Dowling, of Carleton.

Mr. Ernest Turnbull, of the Junior class at the University, rode up from St. John on a bicycle last week.

Mr. John G. Owens left by steamer yesterday morning for St. John, whence he will go by water to Boston. He intends to enter the Harvard Medical University, and complete his course in two or three years.

The stock-in-trade of the A. A. Miller & Co., has been purchased by Mr. Mathew Tennant, the foreman of the establishment. There could not have been a more popular man to undertake to run the business than Mr. Tennant, who has already made hosts of friends in both the city and country. The new manager has associated with him—J. M. Davies, so well known in the Dry Goods business.

OFF TO ENGLAND.
Capt. Carter, son of the late Chief Justice Carter, and lady, left Herbert Campbell, at this city and W. Brydson Jack, will all sail by the S. S. "Parisian," for Liverpool, on Saturday next. These gentlemen are natives of Fredericton, and will, no doubt, do her credit in the sphere of action into which they are to enter abroad. His many friends here were very glad to meet Mr. Parker, whose feats on the cricket ground and general associations with the grown men of the city made him a very popular man. It is with the deepest regret that all his acquaintances have heard of Mr. Campbell's intended departure from his native country, which regret is deepened all the more by the fact that he will take a permanent position abroad. The distinction which Mr. Campbell achieved at the Kingston Military College is, we trust, only a title of the renown of his military career; and it would be a great gratification to the Dominion

service to have him back again in its midst, with all the benefits of his experience in the British army. To Mr. Jack we extend our best wishes for his success in the University of Edinburgh, in which, as has been already announced, he intends taking a thorough course in medicine.

DEATH OF JOHN FAIRLEY.

It is with great regret that we record the death of Mr. John Fairley of Boiestown, the well known lumberman, who died yesterday morning, Wednesday, at the Royal Hotel in St. John, whither he went some weeks ago for medical treatment. His body was brought to Fredericton this morning. The cause of his painful illness, arising primarily from a hurt received in one of his hands, was watched with great anxiety by his friends, of whom he had hosts in different parts of the Province, and by very many of the people in his own locality, to whom he was a mainstay.

It is using no idle phrase to say, that, John Fairley will be sadly missed, and by none more than by the poor and struggling.

He was a man of fine presence, great heart, and genial manners, and of the most unbounded hospitality. His lumbering operations were on an extensive scale, and he was one of these business men of whom it can be emphatically said, that "his word was as good as his bond." It will be very long before such another employer of labor rises in Boiestown.

The outlook for the winter for not a few, has been darkened by his death. Mr. Fairley leaves a wife and family of young children who are, we understand, most comfortably provided for.

(The deceased was the father of Mrs. W. H. Irvine and Mr. J. W. Fairley of this city.)

RIFLE COMPETITION.

The Rifle Competition of Friday, at the York County Range, was in some respects a success, although the scores were not above the average. The marksmen could scarcely have had a better day, as there was not a breath of wind astir and the air was delightful. In the first competition, the distances were 200, 500 and 600 yards seven rounds; and the consolation match, 400 yards, five rounds. Provincial Rifle Association Medal and \$8 was won by Col. Sgt. Smith, by a record of 80 points. He was closely followed by Sgt. Jas. Perkins and H. Morris, the former of whom averaged 78, and the latter 75 points.

In the second competition, at 500 yards, Sgt. Jas. Perkins was the lucky man, making a score of 44 pts. and winning the York Co. Challenge Silver Cup, Silver Pickle Stand, given by Mr. John Babbitt, and \$2. His immediate followers were Qr. M. Sgt. Winter with 35, and Col. Sgt. Smith with 34 pts. The consolation match was characterized by some light shooting, in which Pte. Nason was superior, and was awarded \$3 accordingly. At the conclusion of the competitions, the presentation of prizes followed, accompanied by neat speeches by the respective presenters, viz., Col. Marsh, Capt. Barker and Corpl. W. T. Whitehead.

SNATCHED FROM DEATH.

Narrow Escape of Nova Scotia Mariners: One Man Lost.

BOSTON, Mass., Sept. 27.—Snatched from death when all hope had been abandoned and they were about to relax their unsteady hold on their overturned craft, three of the crew of the little Nova Scotia schooner Princess of Avon were lifted from the waters of the bay of Nahant yesterday by a boat's crew from the quartermaster's steamer, Capt. Morrison. One man was drowned before succor could reach him. He was Elbie Norman, 40 years old, of Hantsport, N. S., where he leaves a wife and four children. He was making his first trip at sea, having previously been employed in a lumber yard in Hantsport.

The saved were Capt. James Howard McLellan, of Kempt, N. S., Mate John Wilcox, of Cheverie, N. S., and Seaman George M. Ross, also of Cheverie.
