New York, Feb. 18.—(Special)—Seven men were killed, three injured and considerable damage sustained by an explosion on the German steamer Valdivia at sea last Wednesday. The accident was reported when the steamer arrived here today. The donkey engine boiler exploded Wednesday, throwing the steamer's funnel over and ripping open the upper deck. Seven persons were killed instantly. Escaping steam from the boiler enveloped the steamer creating a scene of great confusion. Among the injured is the first officer. The dead include six men and one woman. The chief officer who was on duty on the bridge was buried in the debris which fell about him. When the explosion occurred everything fell over the bridge on the fire

EXCITING HOCKEY.

Marysville Crescents Shut Out by Fredericton in Last Night's Match.

The Fredericton Celestials won a hard fought battle from the Marysville Crescents at the Marysville rink last night, by the score of 2 to 0. It was a fast exciting game from start to finish and more interesting than some of the league games. The four hundred spectators present certainly got their money's worth and at times excitement was at its highest pitch, as these teams, when they meet always play to win. For Marysville, Roy Robinson played in Inch's place at centre, while Dernison's position on left wing was taken by Fred McElmain, which weakened the team at these particular points. The Fredericton boys took advantage of the weak men and with good generalship and smart playing won out. The first goal shot was claimed by many as being offside, but Referee Sandy Staples thought otherwise, at any rate it was allowed to go. A great many present thought that Sandy favored the Fredericton team to some extent, while others thought his work was satisfactory. At any rate Fredericton had a very fast game lined up and earned the victory they gained. The teams were as follows:

CELESTIALS.	CRESCENTS.
Ryan goal	Fullerton
Titus point	Brogan
Babbitt cover point	Cain
Malloy rover	Robinson
Burden centre	R. Robinson
Coleman wings	Hovey
Rowan	McElmain

Referee—Sandy Staples.
Judges—George Burden and Fred Robinson.
Timers—Messrs. Gibson and Gerow. The Fredericton team was late in arriving, and it was long after eight o'clock when the old rivals lined up for the struggle which was to follow. Fredericton took the puck at the

excitement was between a deal and dumb woman and a Fredericton sport—the woman came out the winner. A feature of last night's game was the excellent playing by the ever popular Bunkie Robinson, who is fast, cool and a good stick handler. He is better this year than ever. Archie Babbitt, the clever little cover point for Fredericton, is certainly a dandy and loomed up in good shape last night. Fredericton and Marysville now each have a game to their credit.

MOLASSES GOING UP.

Scarcity of Labor in West Indies Responsible for Advance in Price.

St. John, Feb. 16.—(Special)—Barbadoes molasses has again advanced in price and the prospects are that the price will continue to rise. A letter to Baird and Peters from Barbadoes says the demand for labor on the Panama canal has so drawn laborers from West Indian plantations that the labor situation there is serious now. Consequently the output of molasses will be smaller than the demand, hence the advance in price.

U. N. B. WANTS MORE FUNDS.

On Friday Dr. Inch, Dr. Jones, Judges Barker and McLeod waited on the government on behalf of the U. N. B. They asked an increase of the grant to the institution. This increase, it is claimed, is necessary to allow of the appointment of a successor to Prof. John Britain, present professor of chemistry, and for the establishment of new chairs and for the services of an assistant for Prof. Perrott in the engineering department. Prof. Britain is to leave the institution in May. Here he goes to St. Anne de Bellevue to take a position on the faculty of the Mc Donald College there. The government gave the delegation a most attentive hearing and promised careful consideration.

Nearby the Queen hotel the horse disengaged himself and left the now badly demolished sleigh in the street. The unfortunate couple were picked up by by-standers, and the young woman was found to have received a severe blow in the eye and other bruises, while Mr. Craig sustained injuries in his hands, arms and legs. MRS. ADAMS' DEATH.
Hon. Michael Adams, surveyor general, received a blow in the sudden loss of his esteemed young wife, who died under extremely painful circumstances on Monday at her home in Newcastle. He received the first word of her illness on Friday, while in attendance on his legislative duties, and prepared to start for home on Saturday, but had a telegram there was no need of his presence, as his wife was out of danger. On Sunday, however, she grew worse, and at four p. m. on that day Mr. Adams was telegraphed to go home with all possible haste. Securing a special train he left here at six p. m., and arrived at his wife's sick bed at

three a. m. on Monday, and five hours afterwards Mrs. Adams died. It was a great blow to the sorrowing husband, who is left with a family of six young children. Mrs. Adams was well known here and highly esteemed. During the session of 1879 she stopped at the Queen hotel with her husband and was a great favorite in social circles. (Hon. Mr. Adams afterwards married Miss Neale of this city. He was appointed a senator, and has been dead for some years. His second wife survives him and resides in Boston.)

MISSIONARY SERVICES.

The thanks of the meeting were tendered the Fredericton collectors, Mrs. J. G. Gill, Miss Purley, Miss Paisley, Miss Weddall, Miss Colter, Miss McCausland and Miss Simmons.

THOS. LOGAN'S DEATH.

Prominent Dry Goods Merchant Succumbed After Brief Illness.

It is with the greatest regret that we record the death of Thomas Logan, Esq., which occurred at his residence, York street, at 5 p. m., on Thursday last, after an illness extending a little over two weeks. From a post mortem examination held on the deceased by Dr. Atherton, it was found that Mr. Logan's death is directly attributable to an accident which brought on his illness. It appears that he got up quite early in the morning to get a drink of water, and by some means stumbling, he fell to the floor, striking the top of his head against a door. In his fall he clutched at a marble topped wash stand and pulled it over with him, which inflicted some severe marks on his body as well. When Mrs. Logan came to his rescue, she found him lying unconscious on the floor the marble slab on the top of her husband. The wound inflicted by coming in contact with the door flattened several important tissues of the brain softening the latter, around which was found a quantity of clotted blood. There is not the slightest doubt that Mr. Logan was the unfortunate victim of a very simple accident, and that in his own house and in his own private apartment, which adds to the sorrow that is felt for his demise.

Mr. Logan was just in the prime of life and manhood and his sudden demise is a matter of deep regret to a large circle of relatives and friends. He was born in Portland, N. B., in 1835, and early was apprenticed to the dry goods business. Seventeen years ago he came to this city as an employee of Sheridan & Co., who did business in the same store as that occupied by Mr. Logan ever since. Shortly afterward he purchased his employer's stock, and from that time until his death continued in the same stand and doing a good business.

Mr. Logan was forward in all good works, and his piety, though unassuming, was none the less fervent, and constantly exhibited itself in worthy deeds. He has been president of the Y. M. C. A. association for several years, and was one of the founders and best friends of that institution. In connection with Y. M. C. A. work he was well and favorably known all over the Maritime Provinces, having frequently been a delegate to conventions, in which he took the warmest possible interest. We can assure his sorrowing widow, family and friends, that they have the strongest sympathy in their great bereavement. It is the universal feeling that one of our most straightforward, respectable and honorable citizens has fallen in the death of Mr. Logan, and there are few who can fill his place.

The funeral of the deceased gentleman took place at 3 p. m. on Saturday, and was large. The services were conducted by Rev. Mr. Evans, and in the long procession that followed the remains to the grave, the members of the Y. M. C. A. and Royal Arcanum, walked in a body. Mr. Logan had insurance to the amount of \$22,000 on his life. (Mr. Logan, whose wife was a sister of the late Alexander Thompson, M. P. P., father of Senator Thompson, and mother of Mrs. A. R. Slipp of this city, did a large dry goods business for many years at the stand at present occupied by J. J. Weddall & Son.)
