THURSDAY, MAY 2, 1907

CANDIDATURE RATIFIED.

"We stand behind our goods," is what merchants sometimes announce when they want the public to understand that they are ready to guarantee the genuineness of the commodities in which they deal. That motto was practically and enthusiastically illustrated at the great meeting held by St. John Liberals to ratify the nomination of Hon. Dr. Pugsley for parliament. The gentleman so signally honored, whose appearance in the arena of federal politics has aroused such a wave of enthusiasm, has not only the Liberal party behind him, but hundreds of earnest Conservatives who believe that there is no man so well equipped to render substantial service to the constituency as Dr. Pugsley.

The speech of the candidate was a broad, statesmanlike utterance, which seized the fancy of the large audience and captivated his hearers, and no man ever entered a political contest in St. John or elsewhere with such a volume of support and enthusiasm as Dr. Pugsley is able to command. That he will be triumphantly elected is about as certain as the sun will rise tomorrow, and no man who might be induced to enter the lists against Dr. Pugsley would have the slightest chance of success.

Dr. Pugsley is recognized as the man of the hour, and his presence in parliament will not only be welcomed by St. John, but by every well wisher of New Brunswick, and by every Canadian who delights to see its most talented sons ranged in the front rank of federal councils, to assist in working out the great destiny of this glorious young Dominion.

A POPULAR REFORM.

The city council acted wisely in giving the Chief Engineer absolute control of the fire department so far as the selection and government of the men are concerned, taking the department out of politics as has been well stated.

The Chief, when he is a competent man like Mr. Rutter, knows what is best to promote the efficiency of the brigade, and it is proper that he should be given a free hand in conducting the affairs of his office, and to permit aldermen to interfere, especially in selecting men to perform duties under the chief would be a foolish policy, and perhaps fatal to the success and efficiency of the fire brigade.

The spectacle of firemen prominent at the polls working for this or that candidate for alderman has often been seen in Fredericton and no doubt the firemen thus engaged hoped in some measure to profit by the success of their particular candidate. This is a condition which should no longer be permitted, and is not likely to be witnessed under the changes which gives to the Chief Engineer control of the appointment and tenure of his men. Ald. Hooper and Chief

Rutter are safe men to be in control of the fire department and the citizens will have confidence that what they may do will be done to promote the efficiency of the fire brigade, and to assure the best possible protection to property.

THE COMING PREMIER

Hon. C. W. Robinson's introduction at the Liberal meeting in St. John and the speech which he delivered on that occasion were in good form and a happy prelude to his early selection as premier of New Brunswick in succession to Hon. Dr. Pugsley.

Fresh from his bloodless victory in Westmorland, where the provincial secretary on Tuesday, was returned by acclamation, that gentleman was given a very hearty reception by St. John Liberals, who, when occasion offers will rally enthusiastically to his support.

Mr. Robinson is a clean man, with the ability and energy to fill the position of premier with success as he becomes better acquainted with the people of New Brunswick, he will enjoy a great degree of popularity and command hearty support to himself and the government which he is to lead.

CURRENT COMMENT.

Hon. H. R. Emmerson is expected in St. John tomorrow, in company with the Deputy Minister of Railways to consult as to proposed harbor improvements.

Mr. J. Pierpont Morgan, the New York financial magnate, having secured control of large financial interests in his own country, is stepping into Canada to enlarge his kingdom. He starts in with capturing the controlling interest in the Sovereign Bank which has its headquarters at Toronto.

Mayor Sears of St. John says he will run against Dr. Pugsley for Parliament if no Conservative candidate is nominated. What advantage would His Worship reap from such a hopeless contest. Better for him to stand aside this time and wait for a convenient occasion to further his political ambitions.

The people of St. John want Dr. Pugsley at Ottawa, and His Worship had better take a kindly warning and keep out of a contest which could only mean his annihilation.

Local men now control two of the leading banks doing business in Fredericton, Mr. J. W. Spurden, manager of the Bank of Montreal and Mr. W. B. Coulthard, occupying a similar position with the Royal Bank of Canada, are gentlemen who enjoy the respect and confidence of the business men and other citizens of Fredericton and are being heartily congratulated on their well deserved promotion.

All the Fredericton friends of Mr. Ora P. King, M. P. P., and he has very many of them, will unite with the Herald in heartily congratulating him on his marriage with a popular and esteemed young lady of Sussex a union to be consummated in that town tomorrow. Mr. King, who is going to Europe on public business, will be accompanied by his bride, and will have the advantage of the presence of the Commissioner for Agriculture as guide a chaperone.

SWORN IN.

Mr. Anthony Chapman was sworn in a member of the police force by Col. Marsh Tuesday morning and went on duty that evening.

A LAW.

In addition to and in amendment of "The City of Fredericton Fire Law of 1903."

Be it enacted by the Mayor, Aldermen and Commonalty, of the City of Fredericton as follows:

1. Section Two of "The City of Fredericton Fire Law of 1903" is hereby repealed and the following substituted therefor:
(2) The Fire Department of the City of Fredericton shall consist of one Chief Engineer, Assistant Engineer, two Hose Companies, one Hook and Ladder Company and one Fire Protection and Salvage Company and the Chief Engineer shall have absolute control of the department so far as regards the appointment or dismissal of any member of the department other than the Assistant Engineer.

2. Section Six of the said law, is hereby repealed and the following substituted therefor:
(6) The several companies shall be constituted, numbered and stationed as follows:

No. 1. Hose Company, to consist of ten men and to be stationed at the Central Station in Carleton Ward.

No. 2. Hose Company to consist of ten men and to be stationed at the Central Station in Carleton Ward. The Hook and Ladder Company to consist of seven men and to be stationed at Central Station in Carleton Ward. The Fire Protection and Salvage Company to consist of seven men and to be stationed at the Central Station in Carleton Ward.

3. Section fourteen of the said law is hereby repealed and the following substituted therefor:

(14) Every member of the Department shall respond to each alarm of fire and promptly proceed to the locality and place of the fire and there remain on duty until "all out" is signalled, unless excused by the Engineer in charge.

4. In addition to all other duties required by any law of this city to be performed by any member of the Department, it shall also be the duty of the members of Hose Company No. 1 to keep in good order a ready for use at all times the hose reel and hose kept in No. 1 Station in Wellington Ward, and proper clean and dry such hose whenever required. No. 2 Hose Company shall perform the like service at No. 4 Station in Queen Ward, both to the satisfaction of the Engineer. It shall also be the duty of any fireman to promptly carry out any directions of the Chief Engineer or Engineer in charge at any fire and give his assistance at any work or duty which may be assigned to him, whether in connection with his own company or any other company of the Department.

5. So much of the "City of Fredericton Fire Law, of 1903," as may be inconsistent with or repugnant to the provisions of this law is hereby repealed.

Passed and enacted the 30th day of April, A. D. 1907.

J. W. McCREADY,
City Clerk.

May 1—d21.

CAN YOU READ THIS?

"Persons having normal vision will be able to read this print at a distance of 14 inches from the eye with ease and comfort; also will be able to read it with each eye separately. If unable to do so your eyes are defective and should have immediate attention. When the eyes become tired from reading or sewing, or if the letters look blurred and run together, it is a sure indication that glasses are needed. The lenses sold in the cheap goods are of unequal density and have imperfectly formed surfaces. Continued use of these poorer lenses will result in positive injury from the constant strain upon the muscles of accommodation to supply the defects in the glass."

For many years we carry the largest line of optical goods in the city. A large stock of smoked spectacles and eyeglasses. Just the thing to protect your eyes from the snow.

Estate, JAMES D. FOWLER,
