

SAVE THE FOREST

Miramichi Correspondent Deplore the Cutting of Pulpwood for Export

To the Editor of the Herald,—Dear Sir,—I am writing you a few lines to let you know how things are going along the Miramichi. The Miramichi Lumber Co. have things now about as they want them. They have permission from the government to cut small lumber, and they will clean the ground leaving nothing but brush piles. Under the twenty-five years lease system, the poor settler, the very man who is trying to stay in the country and improve it, has no chance to live. The twenty-five year lease comes right to their doors and they are not allowed to cut wood without going to the lumber kings and paying stumpage. The lumber kings do as they like as they have the government at their back.

If this country was a farming country the settler could fall back to farming, but it is not. If some thing is not done soon the people will have to get a change. The lumber kings are destroying the forest, by cutting spruce down so small. The spruce tree is king in New Brunswick and should be protected. If the pulp and paper were manufactured in this country it would not be so bad, but is all taken away to a foreign country. It is about time those in authority woke up and grappled with this great problem. We will never be a great country unless we husband our natural resources and legislate to do the greatest good to the greatest number.

Thanking you for space, Mr. Editor, I am,
Yours very truly,
AN OLD SETTLER.

WEAK NERVOUS WOMEN

Their sad story would fill a book of countless pages.

Ever since the world began woman has borne more than her share of suffering. Secret troubles undermine her strength, yet she seldom complains. But because she has suffered in the past is no reason why she should forever be dragged down by misery and sleeplessness.

There are periods in the life of every woman when she should exercise great care in the protection of her health. There are times when the slightest cold will bring on troubles that shock the nervous system weaken the frame and invite disease.

THOUSANDS HAVE BEEN CURED

There is a remedy, one that will lift that awful burden and remove the ills from which women suffer. The name of this remedy is Ferrozone, which today is a household word throughout the length and breadth of the American continent. New hope has been brought into the life of many a down cast woman, and a new era of health has dawned for thousands who have tried and proved the merit of Ferrozone.

GET BACK STRENGTH AND VIGOR.

Ferrozone is a remedy that acts directly on all the organs and insures functional activity upon which health so largely depends.

Among the troubles that are relieved and cured by Ferrozone, are suppressed, painful or irregular menstruation, leucorrhoea (whites) bearing-down pains, womb and ovarian weaknesses and uterine displacements.

FERROZONE MAKES STRONG WOMEN.

Your days of weakness and headache your hours of nervousness and despondency will all depart. Life will hold for you many new joys as it does for everyone that uses Ferrozone regularly.

Your whole body will feel the quickening influence of Ferrozone. The blood will be purified and enriched. You will no longer suffer from the suppression and interference with the menstrual functions. Ferrozone cures all such ailments and prevents their return.

Don't listen to the druggist who urges something just as good. No substitute compares with Ferrozone, which does all that it is claimed to do. Price 50 cents per box or six boxes for \$2.50 at druggists and dealers.

THE PUBLIC IS OFTEN FRAUD.

LIFE WILL BE SHORTENED.

Those who fail to observe the fundamental rules of health, especially those who neglect constipation, will have short lives. Constipation ruins health, destroys vitality, weakens the blood, causes dyspepsia, nervousness and insomnia. Why not use Dr. Hamilton's Pills and be cured. Take one or two pills before retiring and you're well next morning. No cramps or pain, no headache and nausea when you use Dr. Hamilton's Pills—they cure scientifically. Positively the best laxative known, 25c at all dealers.

The BUCKLEY HAT is a good investment.

Layer Spice Cake—Take four eggs, two cups of flour, two cups of brown sugar, half-cup of butter, half-cup of milk, half-cup sweet milk, one heaping teaspoonful baking powder, (or if you like you can use sour milk with soda and cream tartar), one teaspoonful each cloves and cinnamon and one of nutmeg. Bake in jelly cake tins and spread icing between.

Cookies—Take three eggs, two cups of sugar, 1 1/2 cups of sour milk, one-half teaspoonful of soda, butter the size of an egg, spice to taste and flour sufficient to roll out.

Small Wallace accepted an invitation to a party, as follows: "Dear Louis: I will come to your party if it don't rain" (then thinking that he might have to stay home in that case) "and if it does."

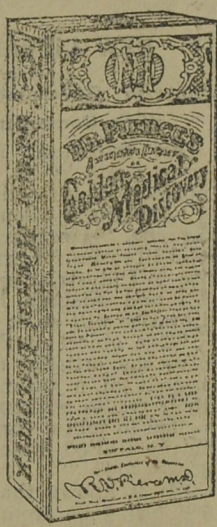

Stomach Blood and Liver Troubles

Much sickness starts with weak stomach, and consequent poor, impoverished blood. Nervous and pale-people lack good, rich, red blood. Their stomachs need invigorating for, after all, a man can be no stronger than his stomach. A remedy that makes the stomach strong and the liver active, makes rich red blood and overcomes and drives out disease-producing bacteria and cures a whole multitude of diseases.

Get rid of your Stomach Weakness and Liver Laziness by taking a course of Dr. Pierce's Golden Medical Discovery—the Great Stomach Restorative, Liver Invigorator and Blood Cleanser.

You can't afford to accept any medicine of unknown composition as a substitute for "Golden Medical Discovery," which is a medicine of known composition, having a complete list of ingredients in plain English on its bottle-wrapper, same being attested as correct under oath.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels.

A LAUNDRY HINT.

Turpentine Prevents Silk Stockings From Fading.

There was once a time when black silk stockings were considered fashionable with every toilet, but now it has become the fashion among well-dressed women to have everything match, and from the crown of the head to the tip of the toe must be a blending of one color, which does not permit of the hard contrast of a black shoe and stocking against a light gown.

The only trouble with silk stockings is the washing of them. If the laundry is not an expert in that line a delicate and expensive pair can be easily ruined.

The best way is to fill a basin with warm water and soapsuds. Let the stockings soak a few minutes, then rub gently and rinse again with water of the same temperature. If the stockings are white a little bluing should be put in the water both times. In that way you will avoid having them turn that peculiar shade of yellow that all silk is sure to do.

Using a few drops of turpentine in the water with the soap will prevent the most delicate shades, such as pink, green and blue, from fading.

Tan stockings are the most difficult of all to manage. They will get a greenish tinge to them that is the despair of the owner, for it is impossible to keep them from running, no matter what care is taken, and the water in which they are washed is sure to be discolored.

The best way is to wash a new pair first. Though the stockings may fade very little, the water will be a dark brown. Then take an old pair and let them soak in the water, in that way dyeing the old ones the original color.

No fine stockings should ever be ironed. After washing they should be shaken out and hung over a towel rack or the back of a chair. The hot iron removes the gloss and makes the stockings look as if they were cotton, not silk.

AS TO OBEYING.

That is the "Last Straw," According to Up to Date Bride.

Just one thing the average fall bride wishes to know is this: Why should she promise to obey when neither the brides of the Roman nor Greek communions, Jewish brides and Quaker brides, are compelled to make this old-fashioned promise?

And the worst part of it is the untruth of it. Women are no longer conscienceless creatures who must be commanded to be good and laden with other instructions whenever their other halves depart. Away back in the past when they were uneducated burden bearers and never held converse with guests this was doubtless a wise clause. This question of the pledge of obedience which is extracted from brides who profess certain forms of religion is continually coming under discussion, and in these days, when the equality of the sexes is demanded and when many clergy as well as laymen admit that it should be recognized, it seems inconsistent that this vow should be demanded of women.

While it is thought nothing short of shocking that daughters should rebel at this idea of placing themselves in subjection to their husbands, many are not averse to giving them in marriage to men already possessed of wives from whom they have been divorced, and, while many consider it a fearful sign of the times and an indication of coming disaster that it should even be proposed that this vow of obedience should be deleted from the marriage

service, yet few would be prepared to say that because women of other religious views do not make this vow they are therefore bringing their sex to naught and uprooting all the traditions of the race.

HEALTH AND BEAUTY.

A short, stout person must never be taken as a full length picture. The best photo would be sitting half length.

The red nosed girl should be careful of her diet, as affections of the stomach are sure to heighten the color in the offending organ.

The woman who refrains from eating onions because of annoying her neighbors can often indulge in her favorite dish, even when she is going out, by eating sprigs of fresh parsley that have been saturated in vinegar.

If one has a red nose it is well to cultivate as much color as possible in the cheeks to tone it down. This redness need not be artificial, though if rouge be ever justifiable it is for the girl with that sore affliction, a hopelessly red nose.

Never allow the muscles of the lower limbs to become tense through the rapidity of your walking, which only impedes your progress by interrupting the movement from hip to foot and results in a gait disastrous, awkward and unbecoming.

If your hands are inclined to perspire wash them occasionally in warm water in which a little borax has been dissolved—a teaspoonful to a quart is the right proportion. Rinse in clear water. Dry and rub in a little lemon juice. Don't use the borax very often, as it will make the skin dry and inclined to crack.

Here is a cold sore cure: Two parts castor oil to one quart of spirits of camphor. It is very simple and will heal the most obstinate cold sore in no time. It is also very good for sore nose, caused by cold in the head. Another salve for such sores is the plain zinc ointment, which can be bought in bulk of the druggist. It's a first rate salve to have on hand, by the way, for it heals pimples quicker than any other lotion known.

Stopping Gentle Smuggling.

Smugglers are having their own troubles just now in the Canadian Soo, and some gentlemen have had to undress in the customs shed when they arrived from the Michigan Soo dressed in new clothes that looked suspiciously like American made goods. On a couple of occasions the police have been called in when suspects showed an inclination to refuse to move clothing or boots that the officers wished to examine.

DENTISTRY

Maritime Dental Parlor

J. B. CROOK, D.D.S.

All Dental work done by latest improved methods.

Teeth extracted absolutely painless.

Special attention given to extraction saving natural teeth.

Work done at reasonable prices. Hours: 9 a.m. to 8 p.m.

PIANO BARGAINS

We have on hand for the Xmas business a large stock of Pianos made by Heintzman & Co., Bech, Courty and other makes which we will sell at special prices for cash the balance of this month.

It will pay you to call and look them over and see our stock and special prices commencing at \$200, these Pianos are guaranteed to be the Highest Grade Piano made in Canada. We employ no agents. This offer is for this month only.

M c M U R R A Y & C O.

Only 8 Busy Days Left in '08

In which we must sell out a large amount of stock in order to raise the funds We must have to keep the peoples store afloat

WINTER STOCKS

are offered to you during these 8 days at Big Premiums. Do not be misled in waiting for later sales, as we will have no better sales later on.

We offer you all the savings now, just in time, when you want what you want and want it for the prices you want to pay.

More Useful Goods spliced in price
