NOTICE

Having received a letter from a responsible party in Dublin, Ireland, stating that if I would send to him a typewritten description of any farm or farms that I might have for sale in New Brunswick, stating price and terms, that he would do what he could to induce intending immigrants to come to this province and settle. I would therefore request any person desiring to dispose of their farm to come to me and I will forward to Dublin the statement asked for. HENRY B. RAINSFORD, Real Estate Agent, Fredericton, N. HAZEN NO GOOD

(From The Fredericton Gleaner, January 19, 1903.)

Messrs. Hazen and Glazier have been nominated as candidates for the County of Sunbury at the coming provincial elections. This, the Sun says is what was expected, and it adds that the election of these gentlemen is also expected, Sunbury being the only county that elected the whole Opposition ticket at the last general election.

Mr. Hazen's majority, however at the last election was a very small one and those who have the best opportunity of knowing are of the opinion that at the coming election he will have no majority at all.

The people of Sunbury will probably prefer a candidate who will do something for their county, which Mr. Hazen, while in opposition did not seem able to accomplish.

It was thought at one time that Mr. Hazen would have sought election in St. John, where he professes to be very confident of a victory, but he does not show this confidence by his conduct.

If Mr. Hazen thought he could be elected in St. John, where he resides, he would not hesitate to offer himself there, for certainly his interests are much more identified with St. John than with Sunbury.

No doubt the Sunbury people will prefer a local man to one who lives so far away from their county, and who has been so unsuccessful in all his political efforts.

At one time great hopes were entertained of Mr. Hazen's ability as a leader, hopes in which, we must confess, THE GLEANER shared, but all these hopes we have been sadly disappointed.

It was expected that Mr. Hazen would have some large and liberal policy to propound for the benefit of the province.

It is thought that he would be anxious to do something more for the farmer, who is the true founder of the province's prosperity.

But he has never had anything to suggest for that important class, in fact Mr. Hazen has been chiefly distinguished as an opponent of every scheme having for its object the placing of the farmer in a better position.

The present government has favored the farming interest and has done more for the farmer than any previous administration, yet Mr. Hazen had never displayed any sympathy for this work, but has indulged constantly in carping criticisms involving petty sums of expenditure.

It was this sort of thing that ruined Dr. Stockton as a leader and it is surprising that Mr. Hazen should have followed his example.

The American father was coldly received at the castle of his son-in-law. I can't introduce to my friends over here, of course, he explained; you sold your daughter.

Well if I did, you bought her. A gentleman may make a purchase, but only a tradesman sells.

Eczema, Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mrs. Jno. R. Keady, Linton, N.B., writes: "I was so troubled with Salt Rheum for eight years, that I could not work my hands were so sore. By using Burdock Blood Bitters my hands were eventually cured."

Mrs. Ira C. Buckner, Eden, Ont., writes: "I was troubled with Eczema for a long time. It came out on my face and between my shoulders. A friend told me about Burdock Blood Bitters. I took two bottles and it helped me so much I cannot recommend it too highly."

The New Theology.

The Rev. R. J. Campbell being announced to preach at Burslem, the Rev. H. M. Redgrave, a local clergyman, took the somewhat unusual course of making a public protest. It was in these terms: "I, the vicar of St. Paul's Parish, Burslem, desire it to be known that as an orthodox Christian I emphatically protest against the visit to my parish of the author of the New Theology, which is regarded by all orthodox Christians as anti-Christian and heretical; and I regret that his visit is to be utilized to raise funds for any Christian place of worship in Burslem." (Signed) Hyma M. Redgrave. However well intended, the protest seems to have miscarried, for although admission to the Burslem Drill Hall, where the sermon was delivered, involved contribution of anything from 6d to 2s 6d towards the funds of a new Congregational Church, something like a thousand people were present.

All hooks used in bathroom, kitchen or pantry should be dipped in enamel paint and thoroughly dried before being screwed in. Then there will be no rust spots on towels or cloths that are hung on them when damp.

A white glove should never be worn more than once without cleaning. If it is cleaned properly after each wearing, it can be worn indefinitely, as the spots do not become set.

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.
