A Striking Misapprehension.
Officer—Excuse me, madam; there goes eight bells. It's my watch on deck. Mrs. Lunsman—Well, I don't blame you for keeping your watch on deck if it strikes as loudly as that.

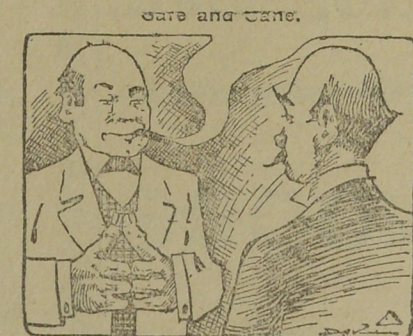

The favor of great men and the praise of the world are not much to be relied on.—French Proverb.

While waiting for your prayer to be answered try to get what you want yourself.—St. Louis Globe-Democrat.

A VALUABLE AGENT.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antiseptic and antiferment. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in Golden Medical Discovery in subduing chronic, or lingering coughs, bronchial, throat and lung affections, for all of which these agents are recommended by standard medical authorities.

In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root, and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It will cure very severe, obstinate, chronic coughs, bronchial and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from the lungs, that it has performed its most marvelous cures.

"I never can tell what that son of mine is going to do next."
"I can always be sure what mine will do."

"What's that?"
"Not a darned thing."—Cleveland Leader.

People In Glass Houses.
Pearl—Some one just laughed at our Merry Widow hats.
Ruby—Who was it, dear?
Pearl—Why, that college chap in the ingrown hat with two corners turned down and a blue and yellow band.—Detroit Tribune.

A Resentment.
"What made you draw yoh razzler when dat man said he didn't have no kind o' soda water flavorin' 'cepplin' chocolate?" inquired Miss Miami Brown.
"I's tired o' hearin' 'bout drawin' de color line," answered Erastus Pinkley. "I wanted to give notice dat I ain't gwine to stand fob no Jim Crow soda fountains."—Washington Star.

Look for this Trademark

This trademark makes every man judge of fine hand-tailored garments.

When he finds the Fit-Reform Wreath, he has found everything that constitutes the best in tailoring.

Cloth, trimming, workmanship, style, fit and wear—all are included in the guarantee that goes with this trademark.

It is a good thing to look for and a mighty good thing to find—and you will always find it in the genuine Fit-Reform Suits and Overcoats, made by the founders in Canada of hand-tailored garments.

Suits and Overcoats, \$15 to \$35.

INSPECTOR BROWN'S DISMISSAL.

Victim of Tory Malevolence Makes Some Explanations
Showing How Been Treated

Shortly after his dismissal from the places are men who obtained their school inspectorship by the Haven go-lies in that way. I have had fifteen years of fairly successful teaching in all kinds of schools in the province, as will be seen by the inspectors' reports. I have gone twice through the Provincial Normal School, through the County Grammar School, (when Dr. Geo. R. Parkin was principal) and through the University of New Brunswick. I make government told me that as I had this observation in justice to myself, shown myself efficient for the work and satisfactory to the chief superintendent, the technical point against me was waived. Subsequently the chief superintendent himself told me that it was all over and done with, inspectorship, the candidate should

BLOOMFIELD.

Sept. 28.—It is with much regret that we were called upon this week to say good-bye to our students, who have been at work with us in the different churches for the summer. Mr. Royle, Methodist, Mr. MacGuire, Presbyterian, and Mr. Berry, Baptist. They were considered three of the smartest men who have labored among us for some years.

Last Sunday we had one of the largest baptisms ever witnessed in this place. Fourteen were baptised before the morning service, and four before the evening. The baptisms and service were conducted by Mr. Perry's father, Rev. Abraham Perry, from Hoyt station. The church was packed, and the feeling of the people was manifested in the liberal offerings taken, amounting to over ten dollars.

We might also mention that a subscription was presented to the young Mr. Perry as an appreciation of his labors among us. He was assisted in his special efforts by Mr. MacGuire, a man well fitted for the pulpit, an earnest worker, and well appreciated by all.

Nor must we forget the help rendered to the meetings by the choir, which consisted of Miss Estel Fairley, Miss Myrtle Noir, Miss Muriel Macdonald, Misses Louise, Chrystal and Marguerite Norrad, and Mr. Jas. Edward. Miss Fairley treated us to a solo in each Sunday service, and Mr. Edwards also gave a solo in the evening. Miss Moir accompanied them on the organ.

It would not be fitting to close without saying a special word for Mr. Royle, whose labors were untiring, and a man who had a good and helpful word for all, and we hope that when another summer comes, that the boards may see fit to send us the same students, who will find a hearty welcome.

With the Gourlay Angelus Piano Player: you are in a position to please every musical taste. It permits you to give an artistic interpretation of any composer's music, to shade it, to raise it, color it and reproduce it with undiminished richness. It forms a part of the Gourlay Piano and does not effect the playing of the instrument by hand.

Water Gate Restored.

Inigo Jones' famous water-gate on the Thames (Eng.) Embankment, built in 1632, for the use of the Duke of Buckingham, has been restored to use after a century and a half of neglect. It is a fine, historic structure, but it gradually became half-buried during the nineteenth century, as the arch of Severus was slowly immersed by the rising ground of the Roman Forum. Workmen have been clearing away the accumulated earth, with a view to the use of the steps and gate by the King.

WHY LIQUID CATARRH REMEDIES FAIL.

They go direct to the stomach, have very little effect on the linings of the nose and throat, and entirely fail to cure. Only by cleansing the air passages by relieving the inflammation and killing the germs is cure possible. No combination of Antiseptics is so successful as Catarrhazone. In breathing it, you send the richest pine balsams right to the seat of the disease. Irritating phlegm is cleared out, hoarseness, coughing and hacking are cured. For a permanent cure for catarrh, nothing equals Catarrhazone, 25cts. and \$1.00 at all dealers.

Freddy's Fear.

They pass a plate of cakes to Freddy at dessert. He puts out his hand, hesitates, then draws it back and begins to cry.
"What are you crying for?" asks his mother.
"Because you are going to scold me when I choose the biggest one."

Woman's Way.

Bumpus—Give me a pair of lady's shoes, please. Shopman—What size? Bumpus—Oh, no matter. They're for my wife, and she won't be pleased anyway.

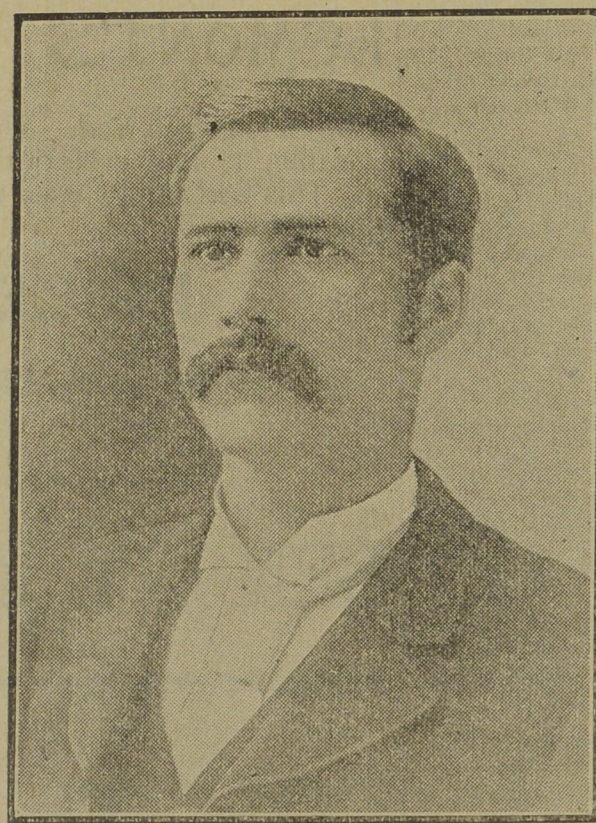

Interest in the Island of Ceylon has been quickened to a remarkable extent by the phenomenal success of "Salada" Tea. Naturally everyone is anxious to know more about the country that produces such a delightful and delicious beverage.

The Little Hand.

The little hand I pressed—ah, me!—That I but pressed and did depart, How tenderly I think of thee! I wonder fondly where thou art.
I wonder whether thou shalt ever Feel once again my tender clasp, With thee the world and all were mine. I saw the prize within my grasp.
The little hand I pressed—ah, me!—And held with all the lover's art—A royal flush—the house was pinched—I left the pot and did depart.—Cornell Widow.

HOW TO GAIN IN WEIGHT

You know you are too thin—you eat and eat, but never get an ounce fatter. Nerves are weak, color is bad, strength seems exhausted. It's not hard to get fat. You must eat more, digest more, exercise more. Try Ferrozone and watch your appetite grow. It turns all you eat into nutriment and building material—fills your veins with rich, red blood—gives you ambition and vigor. For a tissue builder, a fattening tonic, one that restores permanently, there is nothing to compare with Ferrozone. Try it and see, 50cts. at all dealers.

MR. NILSON W. BROWN
Liberal Candidate for Parliament in York

and to no longer sign my reports as "temporary inspector," that he "did not address me as such." The proof of this is that all my reports since the evening he told me this are signed simply inspector. Therefore I hold my appointment, thought "temporary" at first, was afterwards made permanent. Let me here say that twice during the two years I have been in office the chief superintendent of education has in his letters congratulated me on the character of my work. A grammar school license only counts two years on a four years' course for a B. A. degree (my class was the first on a four years' course), and wholly intended to insure professional knowledge and skill on the part of the holder of a B. A. degree. Previous to the introduction of the free school system a man's B. A. degree was his grammar school license, and some of the best men we have in the profession to-day in the city of St. John and other

Before money was invented some people were happy.
