Cured Senator Costigan

"FRUIT-A-TIVES"—is the finest medicine ever produced

OTTAWA, ONT., Jan. 8th, 1906.
I have been a dreadful sufferer from chronic constipation for over thirty years and I have been treated by many physicians and I have taken many kinds of proprietary medicines without any benefit whatever. I took a pill for a long time which was prescribed by the late Dr. C. R. Church, of Ottawa. Also for many months I took a pill prescribed by Dr. A. F. Rogers, of Ottawa. Nothing seemed to do me good. Finally I was advised by Dr. Rogers to try "Fruit-a-tives" and after taking them for a few months I feel I am completely well from this horrible complaint. I have had no trouble with this complaint now for a long time, and I can certainly state that "Fruit-a-tives" is the only medicine I ever took that did me any positive good for constipation. I can conscientiously recommend "Fruit-a-tives" to the public in my opinion, it is the finest medicine ever produced.

(Signed)

JOHN COSTIGAN.

The thousands who know the Honorable Senator from New Brunswick, know that nothing short of a complete and wonderful cure could induce him to write such a testimonial as the above letter.

"Fruit-a-tives" was the only remedy that gave Hon. John Costigan any permanent relief.

"Fruit-a-tives" accomplished in three months, what the leading physicians failed to do in thirty years.

"Fruit-a-tives"
or "Fruit Liver Tablets"

"Fruit-a-tives" is the only real cure for Constipation—because it is the only remedy that invigorates the liver—strengthens the bowel muscles—regulates the kidneys—and improves the skin action.

"Fruit-a-tives" is a wonderful combination of fruit juices and tonics in tablet form—pleasant to take and absolutely certain to produce an easy and natural movement.

MARRIED JUST FOR FUN.

Now Miss Maloney Wants Contract Pronounced Void.

NEW YORK, Jan. 11.—Martin Maloney of Philadelphia made known, through a formal statement given to the Associated Press last night, that proceedings had been instituted to obtain a court judgment declaring that there was no marriage between his daughter, Helen Eugenie, and Arthur Herbert Osborne, the young New York broker, who according to the county records, were technically united in marriage at Mamaroneck, December 28, 1905. Fictitious names were given by the parties to the ceremony and the two never lived together. Mr. Maloney does not go into details in his announcement, but it is understood that the present court action is based upon the admissions of the young people that the idea of their union was conceived in a spirit of fun, and that the marriage was a mockery.

Subsequent to the Mamaroneck ceremony Miss Maloney accepted the attention of Samuel Clarkson, a young Englishman, who had been a guest at the Maloney home. On Oct. 1 last Clarkson and Miss Maloney simultaneously dropped out of sight,

and were next heard from in London and were next heard from in London, where Miss Maloney was found living at a hotel and Clarkson in bachelor apartments. Following the disappearance of the two, and while frantic efforts to locate them were being made by the Maloney family, the situation was further complicated by the published claim of Osborne that he was the husband of the missing daughter.

SEND CATS TO INDIA.

English "Mousers" to Kill the Rats That Spread Plague.

One hundred cats of the ordinary household variety have been exported from London to India in order to destroy the rats which at present overrun the plague districts.

In the opinion of old Anglo-Indians the Government is ill-advised in adopting this method of destroying the eastern rodent. It is assumed that the rats distribute the plague in the central Indian districts; but a distinguished old Indian fighter remarked recently, better a plague of rats than an unlimited chorus of cats.

"Cats breed like vermin, and, though the snakes keep down the rats, no self-respecting reptile will ever look at a furry, foul-mouthed mouser.

"It will be a repetition of the rabbit plague in Australia. India will be overrun with the greatest pest known to civilization."

This and much more said the Anglo-Indian. Meanwhile, the shipping firm intrusted with the curious order is carefully collecting the consignments, and is busily engaged in selecting "genuine mousers" in the hope that the consignees will be satisfied.

The cats will receive no special training before deportation. The importers rely upon the good sense of the selected animal to adapt itself to the new conditions and immediately wage war on the rats. It may be, of course, that some of the town bred, mongrel cats will come off second best in the conflict with the native rodent. But every one hopes for the best.

CHINESE MUST GO.

Fiat of Botha Popular With Residents of the Rand.

Gen. Botha in his statement of the policy of the Transvaal Government, announced that the Chinese would be repatriated at the termination of their indentures. This marks the first great step towards the establishment of freedom in the Transvaal. The action of the Government will be immensely popular.

The strike gave the Government the opportunity of fulfilling to the letter their pledges, and has left the mine owners without hope of resistance. But for the action of the miners, the mine owners might have engineered an opposition by the closing of the mines. Such tactics would now be worse than useless, unless the strike collapses from want of funds.

The mine owners cannot hold meetings of protest unless the British army of horse and foot be marched to their protection. But freedom will not be won unless the miners are enabled to hold out, as the revenge of the mine owners will fall on them, and the magnates will recoup themselves for the loss of the yellow serfs by enforcing servile conditions on the whites. They now boast that the strike will enable them to reduce the working costs of the mines by 30 per cent.

If, on the other hand, the miners win, freedom is assured on the Rand, and it will spread thence throughout South Africa.

A NEW DRESS SLEEVE.

The graceful sleeve model here shown will strongly appeal to the woman who wishes to remodel a last season's gown, for it is one of the most popular of the new designs, and embraces all of the most attractive features of both the long and the short sleeve. The sleeve is taked lengthwise over its entire surface and terminates at the elbow in a smart cuff composed of two sections separated by a double ruffle of lace. The mitten extension, which is the most popular form of the new long sleeves is generally composed of lace or some transparent material. If not liked it may be omitted, though it is one of fashion's latest departures. To make the sleeve in the 12 inch size requires 2½ yards of material 22 inches wide.

OLD PEOPLE OF FREDERICTON NEED VINOL

It Strengthens and Vitalizes.

With old age comes feebleness and loss of power; the organs act more slowly and less effectively; the blood is thin, sluggish and watery; digestion is weak and food is not assimilated as it used to be.

Vinol repairs worn tissues and checks the natural decline. It tones up the digestive organs, aids assimilation, makes rich, red blood, and strengthens every organ in the body. In this natural manner Vinol replaces weakness with strength. Vinol is not a patent medicine but a delicious cod liver preparation which contains all the medicinal body building elements of cod liver oil in a concentrated form, taken fresh from cods' livers, the useless oil eliminated and tonic iron added.

It is because we know so well of what Vinol is made that we offer to return money if it fails to benefit. Geo. Y. Dibble, druggist, Fredericton, N. B.

HORSE IN A BALL ROOM.

Frightened Waltzers at Dance in Geneva.

JENEVA, Jan. 11.—Dancers at a ball recently at the hotel at Hirschberg, Canton of Apenzell, were startled by a horse which had thrown its rider dashing into the hotel and through the ball room. The waltzers fled as the animal kicked out in all directions.

While some of the men tried to catch the reins the horse sprang down the cellar steps and was so seriously injured that it had to be shot.

GREAT SPECIALISTS IN STOMACH CATARRH.

Though often they fail to give even temporary relief, Mr. W. Seymour of Huntsville, Ont., cured himself with Ferrozone. "My trouble," he says, "was chronic catarrh of the stomach. There was constant bad taste in my mouth, I was constipated and usually nauseated before and after meals. I also had a gnawing sensation in the stomach. Ferrozone gave me great relief, and I also used Catarrhazone which is great relief, and I also used Catarrhazone which is good for catarrh. Although it took a number of boxes of Ferrozone, I got back my health and today am quite well." For stomach catarrh, indigestion and kindred disorders nothing excels Ferrozone. In a thousand cases it has proved a wonder.

"Won't we have no Christmas, muv'ry?"

"No, children. At the last race meet your father contributed all his money to help improve the breed of horses."
