

AMATITE MINERAL SURFACED READY ROOFING

If you had a sample of Amatite in your hand you would see in an instant why it needs no painting or coating to keep it waterproof.

It has a rough surface of REAL MINERAL MATTER on the weather side. It is evident to anyone that it is no more necessary to paint such a surface than it is necessary to paint a stone wall. Stone needs no paint neither does AMATITE. It is strong enough in itself to bear the brunt of rain and wind and sun without a protective coat of paint. Amatite will last for many years without any care whatever.

Amatite Roofing is ready to lay, complete with tins, nails and cement to put it on. Come in and let us show you a sample of AMATITE ROOFING.

TRAINS 3 AND 4.

The latest publication produced by the Advertising Department of the Grand Trunk Railway System is a booklet descriptive of their line between Chicago and New York, through Ontario, via Grand Falls, also Chicago and Portland, via Toronto and Montreal, under the title "Trains 3 and 4." It pictures to the reader by concise description and well printed half tones the route of these two popular trains.

It is universally agreed that the lines of this great system provide a great diversity of scenery and reach many points of interest, and the route traversed by these two trains is no exception. These features are lucidly dwelt upon and are well illustrated in "Trains 3 and 4."

The publication is a handsome one of 32 pages, printed in two colors, and is adorned by a strikingly beautiful cover printed by the trichromatic process, the sketch showing a head on view of the premier train of the Grand Trunk system. It is through an archway with massive pillars on either side, surmounted by the Dominion Coat of Arms, with the Canadian and United States flags draped on either side, emblematic of the international character of the line, making it all a most pleasing effect.

It can be had for the asking. Address, J. QUINLAN, D. P. A., G. T. Ry., Montreal, Que.

Mrs. Patrick Campbell, the talented English actress, said the other day of an English critic whose methods she dislikes.

The man is not a critic at all. He has not enough intelligence to be a critic. In fact he believes his name like—like—

She smiled. An incident will supply my simile, she said.

On one of my voyages to the States the weather was extremely rough. As I lay in my berth my luggage and the fittings of my stateroom were flung about horribly. All of a sudden there came an extra heavy lurch, and something struck me on the head.

I was stunned. The blow had been severe. When I recovered my senses and looked to see what had so nearly done for me, I beheld an admirable contrivance marked, in great black letters, 'Life-saving Apparatus.'

ONE IN SEVEN CALLED BY CONSUMPTION.

A dreadful plague indeed when you consider that in incipient stages it can be cured. Take care of the little cold before it becomes a big one. When the throat is sore and it hurts to expand your chest, rub in Nerville and immediately apply one of Polson's Nerville Porous Plasters. Pain and tightness are at once gradually disappear and fatal illness is thus avoided. Nerville Plasters relieve. Inflammation and soreness act as a counter irritant over the seat of pain, and as an exterior application in curing colds in the muscles, in pleurisy and headaches they have no equal. Keep these remedies right in your home.

The best way to pay attention to what people think of you is to pay your debts.

NO painting—No repainting. That's the story of Amatite.

It means a tight roof—an economical roof—a durable roof.

Do not confuse Amatite roofing with the ordinary smooth surface kind. It is in a class by itself.

Many so-called "ready roofings" are not "ready" until they get a special coat of paint, which you pay for extra,—if not at once, surely a year or two after they are laid.

Amatite needs no attention of this kind. When you have finished nailing it on your roof it is a complete roof which needs no painting.

It has a top surface of real mineral matter—Amatite—which not only makes painting unnecessary but resists storms and snow better than paint or coating of any kind.

It is also an excellent fire retardant.

Another source of satisfaction in having Amatite is that it can be put on by anyone. No special tools or skilled labor required. Nails and liquid cement for laps are furnished free.

You save both money and labor when you use Amatite.

When the roofing question comes up, ask yourself—Are the old methods good enough for me or do I want something new and better?

If you do this you will surely buy Amatite. No progressive man would do otherwise.

You'll Feel Worse Every Day Unless
You Brace Up Quick—Ferrozone
the Best Treatment.

Every day comes the good news of wonderful cures with Ferrozone.

In Peterboro it worked marvels for Louis Mehan—put him right on his feet—made him entirely well.

"About three years ago" says Mr. Mehan, "I had the Grippe which left me in a very run-down condition that finally developed into dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors, because they did not help me and on the advice of a friend used Ferrozone. It not only cured me of Dyspepsia and Biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative."

Ferrozone gives you force, energy, and vim.

It strengthens the stomach cures indigestion, prevents headaches—guarantees good health.

Thousands use Ferrozone—they all improve—get better health—look better—feel better; try it yourself—sold in 50c. boxes by all druggists.

CATARRH CURED OR MONEY BACK.

The cause of Catarrh is a germ. It multiplies in the lining of the nose and throat, spreads to the bronchial tubes and finally reaches the lungs—it goes to the stomach—and fails to cure—Catarrh is inhaled. It goes everywhere—gets right after the germs—kills them—heals the soreness—stops discharge and hacking—cures every trace of Catarrh. You're absolutely certain of cure for Catarrh, throat irritation, colds or bronchitis, if you use Catarrh. 25c. and \$1.00 sizes sold everywhere.

Once there was a struggling young author who was blessed with many friends, all of whom told him he was the coming great writer of the country, says Success Magazine.

I will publish my book, and all my friends who admire it so much will buy my book, and I will be rich.

So he printed his book. And all of his friends waited for him to send them autographed copies of his book.

And so his books were sold as junk.

And ever after he didn't have any friends.

DO YOU LACK SELF-CONTROL?

If you are consequently keyed up, nervous, perhaps depressed—look to your over-worked nerves for the cause. They are starving for the nourishment that Ferrozone so quickly supplies. Besides its tonic action on the nervous system, Ferrozone has marvelous blood-forming properties. It thus supplies strengthening materials to every nook and corner of the body and brings the system to a condition of perfect health. To be strong, to eat well, and work long without fatigue, use Ferrozone; it's the best nerve system tonic known. At all dealers in 50c. boxes.

Rome has many English visitors just now. One English lady, interested in the little boys who deliver the wares of the pastry cooks, said to a little fellow who had brought her some cakes:

Ah! I suppose you get the benefit of one of these little cakes yourself sometimes?

What does madam mean? asked the boy.

You eat a cake now and then? Eat them? Oh, no, madam, that would not do. I only lick 'em as I come along.

Good pianos that are regarded as first class and today are as fine as they ever were are not only outclassed, but appear at a disadvantage when compared with the Gaurlay piano because of its greater achievements in construction and tone-quality.

TEMPLE.

June 16—Invitations are out for the marriage of Miss Nina Grant only daughter of Mr. and Mrs. Gordon Grant to Mr. W. MacNellie both of Shogomock. The ceremony will take place at the home of the bride.

The remains of the late Mrs. Samuel Shriver arrived here this morning from Bridgewater. The funeral service was conducted in the United Baptist church by Rev. Dr. Kierstead after which the remains were interred in Grand View Cemetery. The deceased leaves a husband and two sons, Allan and Alfred, both M. D.'s.

Mrs. George Porter was the guest of her sister Mrs. George Gibson a few days last week, having been called here by the death of her mother Mrs. Etzel Marston.

Congratulations are being received by Mr. and Mrs. George Gibson on the advent of a son in their home. Mr. Otto Grant has sold his matched pair of horses to Mr. F. Glidden. We understand that the sum of four hundred dollars changed hands.

Miss Gladys Ross from Queensbury is here visiting her cousins the Misses Dore, and other relatives.

Mrs. Percy Moir and Miss G. Ross drove to Woodstock last Thursday.

Miss Ella Patterson has returned from Houlton, Me., where she spent the winter.

"The blood is the life." Science has never gone beyond that simple statement of scripture. But it has illuminated that statement and given it a meaning ever broadening with the increasing breadth of knowledge. When the blood is "bad" or impure it is not alone the body which suffers through disease. The brain is also clouded, the mind and judgment are affected, and many an evil deed or impure thought may be directly traced to the impurity of the blood. No one can be well balanced in mind and body whose blood is impure. No one can have a wholesome and pure life unless the blood is pure. Pure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. When the blood is pure, body and brain are alike healthy and life becomes a daily happiness.

Standing out in bold relief, all alone and a conspicuous example of open, frank and honest dealing with the sick and afflicted, Dr. Pierce prints on the bottle wrapper in plain English, a full list of the ingredients. Therefore not a "patent medicine", but a medicine of known composition.

Mr. Speaker, he said, I got this letter yesterday and I couldn't read it. After I studied it quite a spell I showed it to twenty or thirty of the fellows in the House, and, between us, we have spelled out all the words except those last three words? Uncle Joe took the letter and studied it.

Those last three words that stuck you and everybody else, he said, are "Personal and Confidential."

The slight trouble of looking for the name "Salada" on a package of tea is well repaid by the satisfaction you have in drinking it.

Evelyn—Don't you think, Harold, that June is a common month to get married in? Almost all the weddings take place that month.

Harold—Well, what's the matter with July, then?

Evelyn—N-o; let's make it the twentieth.

Edmonton Bulletin: Every paper of note in the east has something to say every day about the condition of the crops in western Canada. A big crop safely gathered means easy money and advancement for the west. To the east where the centres of manufacturing are situated, it means the resumption of activities in every line of manufacture and transportation. Here is seen the true economy of the vigorous immigration policy of the last eight years. The filling of the west has made a new and growing market for the eastern manufacturer, and has done more for him than the so-called National Policy.

They say you're going to marry a man to reform him, dear? Yes, that is true.

Who is it may I ask? It is Mr. Gosha Golde. Golde! Golde, the old millionaire! But I didn't know he had any bad habits.

Yes; his friends inform me he is miserly.
