THE FARMER'S WIFE

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

To aid in healing old sores, or ulcers, apply Dr. Pierce's All-Healing Salve to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Dr. Pierce's All-Healing Salve is cleansing and pain relieving. It destroys the bad odors arising from suppurating, or running, sores and puts them in the best possible condition for healing.

The "All-Healing Salve" is a superior dressing for all open, running, or suppurating, Sores or Ulcers. For healing open wounds, cuts and scratches it is unsurpassed.

If your medicine dealer does not have the "All-Healing Salve" in stock mail 50 cents in postage stamps to Dr. R. V. Pierce, Buffalo, N. Y., and you will receive it by return post.

In treating all open sores, or ulcers, boils carbuncles and other swellings, it is important that Dr. Pierce's Golden Medical Discovery be taken persistently to purify the blood and thereby remove the cause of the trouble. It is in the blood that the great battle of health has to be fought. The ulcer and the sore are simply the scarlet flowers of disease, with roots running down into the blood. These roots must be eradicated or the disease will break out afresh. "Golden Medical Discovery" cleanses the blood of all foul and poisonous accumulations, pushes out the dead and waste matter, and thus purifies the entire life current. Disease in the flesh must die out when it is no longer fed by foul blood. "Golden Medical Discovery" effectively cures disease in the flesh by curing its cause in the blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter rising after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid, or lazy liver with the usual accompanying indigestion, or dyspepsia and its attendant derangements.

The best agents known to medical science for the cure of the above symptoms and conditions, as adopted by the writings of leading teachers and practitioners of all the schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's

Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.

Cures Woman's Weaknesses.

We refer to that boon to weak, nervous, suffering women known as Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial staff of THE ECLECTIC MEDICAL REVIEW says of Unicorn root (*Helonias dioica*) which is one of the chief ingredients of the "Favorite Prescription":

"A remedy which invariably acts as a uterine invigorator... makes for normal activity of the entire reproductive system." He continues "In Helonias we have a medication which more fully answers the above purposes than any other drug with which I am acquainted. In the treatment of diseases peculiar to women it is seldom that a case is seen which does not present some indication for this remedial agent." Dr. Fyfe further says: "The following are among the leading indications for Helonias (Unicorn root). Pain or aching in the back, with leucorrhoea; atonic (weak) conditions of the reproductive organs of women, mental depression and irritability, associated with chronic diseases of the reproductive organs of women; constant sensation of heat in the region of the kidneys; menorrhagia (flooding), due to a weakened condition of the reproductive system; amenorrhoea (suppressed or absent monthly periods), arising from or accompanying an abnormal condition of the digestive organs and anemic (thin blood) habit; dragging sensations in the extreme lower part of the abdomen."

If more or less of the above symptoms are present, no invalid woman can do better than take Dr. Pierce's Favorite Prescription, one of the leading ingredients of which is Unicorn root, or Helonias, and the medicinal properties of which it most faithfully represents.

Of Golden Seal root another prominent ingredient of "Favorite Prescription," Prof. Finley Ellingwood, M.D., of Bennett Medical College, Chicago, says: "It is an important remedy in disorders of the womb. In all catarrhal conditions and general enfeeblement, it is useful."

Dr. Pierce's Favorite Prescription faithfully represents the above named ingredients and cures the diseases for which they are recommended.

Dr. Pierce's Pleasant Pellets are the original Little Liver Pills, first put up by old Dr. Pierce over 40 years ago. Much imitated, but never equaled. Easy to take as candy.

LORD MINTO'S DAUGHTER MARRIED IN LONDON.

Lady Ruby Elliott Became Bride of Lord Cromer's Eldest Son.

MONTREAL, April 5.—A special London cable says: The wedding took place Saturday in the presence of a large number of members of the British aristocracy and others prominent socially and politically in London, of Lady Ruby Elliott, second daughter of the Earl of Minto, viceroy of India, and formerly governor-general of Canada, and the Countess of Minto, and Rowland Thomas Baring Viscount, Errington, eldest son of Lord Cromer, of Cromer Hall, Norfolk, who is famous for his services as a diplomatist and administrator in Egypt. Unfortunately the Earl of Minto was unable to be present on account of the presence of his duties in India, but Lady Minto arrived from India about three weeks ago to prepare for her daughter's wedding. The marriage was solemnized in the church of St. Margaret's Westminster,

ter, which has been the scene of many fashionable weddings.

Do you intend to make any resolutions today? No, I'm going to keep the resolution I made last year. What was that? Not to make any more resolutions.

STOMACH-MEDICINE IS USELESS.

Impossible to cure catarrh in the nose by dosing the stomach. Send the healing vapor of Catarrhazone after the germs and you at once accomplish good. DON'T HAVE TO BUY THE LINENS.

New York Landlords are Renting Flats Completely Furnished—Great Convenience to Those not Wishing to Own or Buy.

This from a New York publication—"Why don't you rent a furnished apartment?" said the well-seasoned New Yorker to her green friend from the West in answer to a bitter complaint in regard to the difficulty of finding living accommodations.

"Some of the big real estate companies are furnishing apartments for housekeeping in the better class of houses in first-rate style. The furnishings are not only not cheap and flimsy but they are chosen with taste and discernment."

"The dining-room and kitchen equipments are unusually surprising—well balanced and complete. Silver, table linen, towels, china and bedding are included, and as a rule they are of excellent quality."

"Furthermore, the agents, who are chiefly women, by the way, seem to have discovered the important fact that in renting a place furnished people want it to be as free as possible from the idiosyncrasies of pronounced individual tastes. Most of the better class of apartments that I have seen, and I flatter myself that I have seen a good many, for I have just rented one myself, are decorated with the plain carton papers, furnished with good plain pieces of Flemish oak built in the simple, obvious mission lines, hung with draperies of plain denim, and carpeted with rugs of inconspicuous pattern and harmonious color."

"This sort of equipment with dainty white muslin, the neutral and non-committal background against which the books and pictures, the objects of art and other small personal belongings that even permanently homeless people usually carry about with

them can be made to show up in such a way as to give real character and individuality."

"But even so," said the woman from the West, "don't you think that it's a very extravagant way to live? Don't you think that one would pay more for her furniture in rent than it would cost her to buy it?"

"Very probably," replied the New York woman. "But suppose you don't want to buy anything? Suppose you don't want to own anything?"

"There are literally hundreds of people in New York who don't. They are all fully alive to the comfort and convenience and cheapness of tight housekeeping, over any other way of living, and yet for one reason or another, they don't want to lay in the necessary equipment."

"Some of them are people in your position—people who have come to New York to seek their fortune and who are not yet ready to bring on their goods. Others belong to the great nomadic herd of writers and artists, musicians and theatrical people, who do not want to be hampered in their movements by a lot of possessions."

"It is no economy for these people to buy things, because they don't want the things. If they buy a complete housekeeping outfit one season they are as likely as not to have to pay storage on it next. It is really cheaper in the end for these people to pay rent for their housekeeping necessities while they want them and to be able to be rid of them easily when they need them no longer."

Today's Suggestion by Ellen Stan.

ONE PIECE COAT.

PICTURESQUE toilets have never reached a higher perfection than at the present. Among the distinctive items that are noticeable are the tucked chemisettes, gimpes and slips of white or any delicate tint that is found becoming to the wearer. They not only insure one being able to wear a gown of any of the trying fashionable colors without a thought as to whether it is becoming or not, but the wise woman who plans half a dozen of these charming accessories can so completely change the general aspect of her gown that for all practical purposes she has as many different gowns.

Blouses suitable for morning wear are made in very simple styles, with stitched plaits and strappings of the material. Carried out entirely in net lace mounted over colored and white silk slips are waists intended for more dressy occasions. Such a blouse may be prettily trimmed with motifs of heavy lace and black velvet ribbon. The best authorities from Paris say that a touch of black is essential to the fashionable toilet. This necessary touch is given in all sorts of ways, and black crops out in the most unexpected places, sometimes on the large picture hat, again at the waist line, or when this is not considered desirable the band on the skirt will show a narrow piping.

Elaborate braidings are much in demand, both on fine cloth for home wear and on silk and crepe de chine. This form of trimming will be a feature of all the best spring models. An exceeding pretty effect is obtained on colored materials by the use of narrow black soutache braid applied in a close design. A distinctive feature of the new braiding is that it appears on coats and waists arranged to form a yoke, bodice, girdle or revers. The same design is used on the band that finishes the bottom of the skirt.

This coat is in one piece, without shoulder seams. The pattern is cut in six sizes—from 32 to 42 inches bust measure. To make this garment for the average person it requires 2½ yards of material 36 inches wide.

Any reader of this paper who desires to procure this pattern may do so by sending 10 cents to this office. Give the number, 3859, and write the full address plainly. The pattern will be forwarded by mail promptly.

THE ORIGIN OF GALL STONES.

They are simply dried bile, made up of crystalline constituents of that fluid. Very common in this disease among merchants, clerical men, shop girls and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels, which is best accomplished by Dr. Hamilton's Pills. No person using this medicine need fear Gall Stones, nor will they ever be bilious. Sound digestion, good appetite, a clear color will evidence the health-giving properties of Dr. Hamilton's Pills, which are the safest and best for general family use. Insist on having only Dr. Hamilton's Pills of Mandrake and Butternut, 25 cents each. Sold every where in 50c. box per box at all dealers.

HEALTH FOR RUN-DOWN WOMEN.

From the experience of Mrs. John Panke, Saskatoon, nothing compares with Ferrozone. "At times I was confined to my bed and couldn't do any work. I was run down in flesh, lost strength, my appetite failed, my color was pallid. Weary and cast down, it seemed I couldn't catch up. Ferrozone started a new kind of life in my blood, built me up, vitalized and strengthened my nerves, and finally cured my heart and stomach pains." Ferrozone is a real builder that has special virtue in female ailments. Sold every where in 50c. box; try Ferrozone.
