

A GREAT DOCTOR SPEAKS OF A GREAT REMEDY

Dr. Williams' Pink Pills Strongly Endorsed by one of
the Worlds Greatest Doctors--Hope for the Sick

Dr. Williams' Pink Pills for Pale People is the only advertised medicine in the world that has had the public endorsement of a doctor of world-wide reputation. Such an endorsement stamps this medicine as being worthy of the confidence of every person who is sick or ailing. A great doctor would not risk his reputation unless he was absolutely confident, through a personal knowledge that Dr. Williams' Pink Pills will do what is claimed for them. Dr. Giuseppe Lapponi, one of the greatest physicians of modern times, for years the trusted medical adviser of the Pope, writes the following strong letter in favor of Dr. Williams' Pink Pills:

(Signed),
DR. GIUSEPPE LAPPONI.
Via dei Gracchi 332 Rome.
The simple anaemia of development referred to by Dr. Lapponi, is of course that tired, languid condition of young girls whose development to womanhood is tardy, and whose health at the period of that development it so often imperilled. His opinion of the value of Dr. Williams' Pink Pills at that time is of the highest scientific authority and it confirms the many published cases in which anaemia and other diseases of the blood, as well as nervous diseases, have been cured by these pills, which, it need hardly be mentioned, owe their efficacy to their power of making new blood, and thus acting directly upon the digestive and nervous system. In all cases of anaemia, decline, indigestion, and all troubles due to bad blood, and all affections of the nerves as St. Vitus' Dance, paralysis, and locomotor ataxia they are recommended to the public with all the greater confidence, because they have the strong endorsement of this great physician.

A DAINY FRENCH CHEMISE.
Paris has won a well-merited reputation for the production of fine lingerie, and the most beautiful as well as the best fitting garments are those of Parisian designing, for while there construction is usually simple they are almost always daintily decorated with lace and embroidery. The chemise here shown will delight the

girl or woman who pines her needle for the privilege of weaving dainty garments. The square cut at the neck is most becoming, the shaping is especially designed to meet the present demand for graceful effects, and there is no bunchiness anywhere. As much beauty may be added in the way of lace and fine needle work as the maker may wish, if desired a heading run with ribbon may regulate the fullness at the waistline, or it may hang free from the shoulders, as illustrated.

The medium size requires 3 1/2 yards of 36 inch material for development. 6069—7 sizes, 32 to 44 inches bust measure.

The price of this pattern is 10c.

SCOTT ACT INSPECTORSHIP

Rev. Mr. Colter Offers a Word of Explanation

To the Editor of the Herald:
Sir: Permit me a word of explanation. Coun. Pond, chairman of the Scott Act Committee is reported to have said that "he wanted a better man. Rev. Mr. Colter had been too easy with offenders by letting a fine stand on the promise of future good behavior." There are only two cases of this kind for which I am responsible. The one is that of a man with one arm who is very poor, has a wife and five children. I could not take him away from his family in the winter and send him to prison. His neighbors say that for several months he has not been selling liquor. The other man was also very poor and had seven motherless children. I have never heard of his violating the pledge he gave me.
I knew what Mr. Pond's wishes were but I am so constituted that I couldn't accede to them.
Yours
J. J. COLTER.

Prince Wilhelm of Sweden told a New York reporter that Americans all worked hard and looked happy.

In my country, the Prince went on, we work hard too, but we have not your happy look. Perhaps it is the climate. At any rate, we tell a story that will give you some idea of our national expression, though not, I'm sure, of our national character.

A Frenchman visited a Swede in Stockholm, and one morning the two friends set out for a walk. Suddenly the Frenchman exclaimed impatiently:

You look as sour as a pickle. Why don't you smile? Why don't you have pleasant, good-natured air when you are out of doors?

What! growled the Swede. And have everybody stopping me for a match or asking me how to get somewhere!

Catarrh for twenty years and cured in a few days—Hon. George James, of Scranton, Pa., says: "I have been a martyr to catarrh for twenty years, constant hawking, dropping in the throat, and pain in the head, very offensive breath. I tried Dr. Agnew's Catarrhal Powder. The first application gave relief. After using a few bottles I was cured. 50 cents.—1

NO LINIMENT CAN CURE IT

That pain between the eyes isn't neuralgia. Many think so, but it is catarrh, plain ordinary catarrh that needs attention right now. Your proper lead is to use "Catarrhazone." Doctors recognize it as a cure that surpasses all others. Sure, because it does reach the trouble, safe, because no drugs to take, you breathe its healing vapor direct to the course of the trouble, and cure is guaranteed. Two sizes, 25c. and \$1.00. Sold everywhere.

The Farmer's Wife

Is very careful about her churn. She scalds it thoroughly after using, and gives it a sun bath to sweeten it. She knows that if her churn is sour it will taint the butter that is made in it. The stomach is a churn. In the stomach and digestive and nutritive tracts are performed processes which are almost exactly like the churning of butter. Is it not apparent then that if this stomach-churn is foul it makes foul all which is put into it?

The evil of a foul stomach is not alone the bad taste in the mouth and the foul breath caused by it, but the corruption of the pure current of blood and the dissemination of disease throughout the body. Dr. Pierce's Golden Medical Discovery makes the sour and foul stomach sweet. It does for the stomach what the washing and sun bath do for the churn—absolutely removes every tainting or corrupting element. In this way it cures blotches, pimples, eruptions, scrofulous swellings, sores, or open eating ulcers and all humors or diseases arising from bad blood.

If you have bitter, nasty, foul taste in your mouth, coated tongue, foul breath, are weak and easily tired, feel depressed and despondent, have frequent headaches, dizzy attacks, gnawing or distress in stomach, constipated or irregular bowels, sour or bitter risings after eating and poor appetite, these symptoms, or any considerable number of them, indicate that you are suffering from biliousness, torpid or lazy liver with the usual accompanying indigestion, or dyspepsia and their attendant derangements.

The best agents known to medical science for the cure of the above symptoms are conditions, as stated by the writings of leading teachers and practitioners of all the several schools of medical practice, have been skillfully and harmoniously combined in Dr. Pierce's Golden Medical Discovery. That this is absolutely true will be readily proven to your satisfaction if you will but mail a postal card request to Dr. R. V. Pierce, Buffalo, N. Y., for a free copy of his booklet of extracts from the standard medical authorities, giving the names of all the ingredients entering into his world-famed medicines and showing what the most eminent medical men of the age say of them.
