

OLD TIMES RECALLED

A Glance Into the Local News of Fredericton Twenty-six Years Ago

(FARMER FILES, NOV. 1, 1882.)

Rev. Dr. MacRae, St. John, is to minister in St. Paul's church next Sunday.

Morrison's mill resumed sawing Monday, employing fifty-two men and boys.

Members of St. Dunstan's church are preparing for a concert to be given in the convent soon.

Hon. John Costigan, M. P., Minister of Inland Revenue, was at the Barker house on Monday, on his way from Andover to St. John.

Hon. Robert Young is here, having brought his two sons, who enter the High school in preparation for the University.

The trouble between Prof. Bridges and the senior class of the University has been settled by mutual explanation, and everything now moves on harmoniously.

Mr. Gibson entertained his men to dinner at the Marysville hotel last night.

The University Monthly has reappeared. Its staff consists of F. J. Bliss, W. F. Ganong, E. J. Byron, A. W. Duff, and W. T. Raymond, literary editors; J. D. Hazen, A. B., corresponding, and A. R. Fenwick, business editor.

Police Magistrate Marsh, for the year ending Oct. 31st, 1882, has paid into the city treasury in fines \$1,748.66, viz: for violations of the Scott Act \$1,050; other offenses, \$698.66; the whole amount being an increase of \$326.31 over last year's receipts.

The Normal school entrance examinations commenced today, and will conclude tomorrow. Saturday morning the result will be announced by Principal Crockett, and next Wednesday the formal opening of the Institution takes place. There are one hundred and seventy-one applications for admission, and more to follow.

We regret to learn of a painful accident that befel Chas. Tupper, eldest child of Henry Wilmot, private secretary to His Honor the Lieut. Governor, yesterday. The little fellow fell from a hay loft into the stable below, a distance of ten feet, breaking one of his legs above the knee. He was attended by Drs. Atherton and Currie.

Mr. Wm. McInnes, of this city, will leave soon for Ottawa, where he will reside during the winter, having secured a position in the Geological survey department. For two seasons Mr. McInnes has been assisting in the work of the Geological survey, and his many friends in Fredericton and elsewhere will hear of his well-deserved promotion with pleasure.

Recent appointments: James Tibbits, jr., to be sheriff of Victoria, and register of probates, vice Olmstead, resigned. In the county of York: John Z. Currie, M. D., to be a Coroner; W. W. McGeorge to be Commissioner for the parish of North Lake Civil court.

Mr. H. V. B. Bridges, who assumed the principalship of the Park Barracks school today, is only twenty years of age, and graduated from the University when under eighteen. He won prizes and honors during his college course, and at the recent examination for teachers' license carried a Grammar school certificate, with an excellent average. We hope he may be as successful in his new position, as in the pursuit of knowledge.

Saturday night the Presbyterian congregation of St. Paul's is to celebrate the fiftieth anniversary of its dedication in this city. A collation will be spread at 6 o'clock in the Sunday school room, and at 8 o'clock a literary and musical program will be commenced, and continued during the evening. Mr. Geo. F. Gregory is to preside. Prof. Rivet will read an historical sketch of the church, and Rev. Dr. MacRae of St. John, will discuss Presbyterianism, to be followed by other speakers. The members of the congregation anticipate a pleasant reunion.

On the county court resuming at 2 p.m., yesterday the trial of the Lees on the charge of attempting to shoot Police Magistrate Marsh, was called, Dr. Tuck, Q. C., and Mr. H. B. Rainsford appearing for the Crown, and Mr. E. L. Wetmore, Q. C., for the prisoners. After some delay the following jury was empanelled: Spencer Inch, Hamilton Sheppard, Charles Sloat, John A. Murch, Henry Gill, John James,

David Lipsett, Jas. Artis, J. L. Ryan, James Johnston, John Greer, James Manzer, and the trial proceeded, the police magistrate being the first witness examined. The trial of the prisoners on the charge of attempting to shoot Policeman Vandine, will come next.

WATER WORKS CONSTRUCTION.

The water works arrangements are progressing quite favorably. Mr. Kennedy is getting on nicely with the crib well and guard crib. He has lots of visitors who are interested in the action of the 2200 lb. hammer which drives the piles. The pump well has been sufficiently sunk and the masonry will be commenced at once. A crew of men are engaged digging the trench for the conduit which is to connect the crib and pump well, which, however, will not be laid this season, as the use of the dredge cannot be secured. Mr. Limerick has commenced the erection of the building for the engines, and will have it completed this fall. No pipe will likely be laid this season. The large iron conduit cast by Messrs. McFarlane, Thompson & Anderson is about completed. It is sixteen inches in diameter. Mr. J. S. Neill is fast fulfilling his contract for pipe, and when a cargo arrives that is now on the ocean, he will have furnished already 350 tons, or about one half his contract. Pipe laying will probably be commenced within a week, and it is expected that Queen, King and Brunswick streets, as far as Regent, and the cross streets intervening, will be completed this fall.

SCOTT ACT ELECTION.

The election on the Scott Act last Thursday resulted in the Act being sustained by a majority of forty-one votes. Following are the returns by wards:

	For.	Against
Wellington	37	26
St. Ann's	97	42
Carleton	73	52
Queen's	37	77
King's	36	40
Non Residents	13	15

Total 293 252
Majority for the Act 41.

The election was quietly conducted but there was considerable excitement at the close of the poll, and in the evening the Scott Act party celebrated their victory by a general illumination of the Reform club rooms, firing rockets, and by a meeting in the city hall afterwards, previous to which the Fredericton Brass band performed in front of the hall. Sheriff Temple, returning officer, declared the result as above at the county court house, at 10 a.m., Saturday.

There was considerable excitement on Friday when it became known that the returning officer for St. Ann's ward had neglected to initial the ballots cast there, as required by law, and the Anti-Scott Act party talked of demanding a scrutiny of the votes, with a view of having St. Ann's, which cast a majority of 55 for the Act thrown out, thus giving a majority of 14 against the Act, and changing the result of the election, but it is understood the idea has been abandoned.

"ONLY MEDICINE THAT DID ME ANY GOOD"

"Fruit-a-tives" Cured Backache After Doctors Failed Utterly.

"I have received most wonderful benefit from taking 'Fruit-a-tives.' I suffered for years from backaches and pain in the head and I consulted doctors and took every remedy obtainable without any relief. Then I began taking 'Fruit-a-tives' and this was the only medicine that ever did me any real good. I took several boxes altogether, and now I am entirely well of all my dreadful headaches and backaches. I take 'Fruit-a-tives' occasionally still, but I am quite cured of a trouble that was said to be incurable. I give this testimony voluntarily, in order that others who suffer as I suffered may try this wonderful medicine and be cured." Mrs. Frank Eaton, Frankville, Ont.

Be wise. Profit by Mrs. Eaton's example, and start with "Fruit-a-tives." They will quickly relieve Pain in the Back, and stop Headaches because they keep bowels, kidneys and skin in perfect order and insure the blood being always pure and rich. "Fruit-a-tives" is now put up in the new 25c trial size as well as the regular 50c boxes. All dealers should have both sizes. If yours does not, write Fruit-a-tives Limited, Ottawa.

The Khedive As Poet.

It is not generally known that the Khedive of Egypt is a poet of no mean order—in Arabic, of course. Those who have read his verses speak of them with enthusiasm. Abbas Hilmi's poetry is melodious, lofty in theme, and full of allegory, as are most Arabian poems. In the course of a former visit to England the Khedive sent the late Queen Victoria a magnificent bouquet with one of his poems. Here is a rough paraphrase of one of the verses: "I send you this bouquet as a testimony of the love of the Egyptian people. Each rose, each lily, each jasmine represents the heart of an Egyptian, and its perfume is the incense of a prayer which mounts to Heaven for thee, O powerful Queen, O flower of Queens." The Queen had the poem framed and hung in her boudoir.

Fish Out of Water.

In Torres Straits there is a fish belonging to the periphthalmus species which is equally lively in or out of water. This is the famous fish of the traveller's tale—the fish which climbs trees; only it is not a tree but a mangrove which he climbs, and literally for the life of him he dare not climb any higher than a spot which will leave his tail in the water, for in his tail he keeps a sort of supplementary breathing apparatus. Another of his peculiarities is an adjustable eyepiece, which enables him to see when he climbs out to take an airing just as well as when he is in his proper element.

The delicious flavor and aroma of "Salada" Tea is preserved by the use of sealed lead packets. It is never exposed to the sun, dust, dirt, air, the surrounding odors and contaminating influences of other goods as bulk or loose teas are. A teapot test will show the difference.—81.

BEWARE OF SUBSTITUTES.

Greedy dealers endeavor to plan off a substitute for Putnam's Corn Extractor. Insist on "Putnam's" only—it cures corns and warts thoroughly. The imitation may fail.

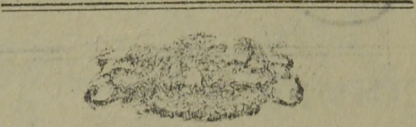

Palpitation of the Heart.

One of the first danger signals that announce something wrong with the heart is the irregular beat or violent throb. Often there is only a fluttering sensation, or an "all gone" sinking feeling; or again, there may be a most violent beating, with flushings of the skin and visible pulsations of the arteries. The person may experience a smothering sensation, gasp for breath and feel as though about to die. In such cases the action of Milburn's Heart and Nerve Pills in quieting the heart, restoring its normal beat and imparting tone to the nerve centres, is, beyond all question, marvellous. They give such prompt relief that no one need suffer.

Mr. Sylvester Smith, Hampton, N.B., writes:—"I was troubled with palpitation of the heart and tried doctor's medicines, but they only gave me temporary relief. I heard of your Heart and Nerve Pills and bought two boxes and before I had used them I was completely cured and would recommend them to all similarly affected."

Price, 50 cents per box, or 3 boxes for \$1.25 at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

They didn't have Peace Congresses when you were young, did they, grandma? Yes, we did, child, but we called them quilting parties.
