WARDEN McNALLY

The York Municipal Council, which convened this morning in annual session unanimously elected Coun. M. Byron McNally to the office of warden. The choice is an excellent one, and the new warden is deserving of hearty congratulations. Warden McNally has occupied a seat at the board for a period of four years, and enjoys the somewhat unique distinction of having represented two parishes. He represented Queensbury for three and one-half years, and in June last, on removing to Kingsclear, was returned for that parish by acclamation, in succession to the late John C. Murray. He was re-elected at the head of the poll at the municipal election in September. Warden McNally is known as one of the most successful farmers in York county, and being a man of sound judgment, good business ability and genial disposition, he can be counted on to discharge the duties of his important office with credit to himself and satisfaction to the county. He is the second member of his family to occupy the position.

WAR IN THE CAMP

There is serious trouble in the Conservative party at London, Ontario, and a split that may be fatal to its chances to success in approaching elections, both local and federal, seems inevitable.

The trouble which has been brewing in the camp ever since June, 1905, when Hon. Adam Beck, of the Ontario government, and representing the city in the legislature, refused to take any active or at least open part in the campaign being waged by Wm. Gray, who ran against Hon. C. S. Hyman for parliament, threatens to break out in fine style now that there is a probability that the Conservatives will be called upon to select a candidate for the legislature, probably this year.

It is known that Mr. Gray has stated to friends that if Mr. Beck ever runs again he will oppose him to get even. Mr. Beck, on the other hand, has no love for Mr. Gray, and has not hesitated to so express himself to friends.

At the last election of the Conservative Association, however, Mr. Gray's friends were utterly routed, and Mr. Adam McMahon, a Beck man, was named President, with an executive favorable to Mr. Beck. Nevertheless, Mr. Gray's friends would be very strong if a straight convention was called and the delegates were not hand-picked. It is said Beck and Gray recently stopped at the same hotel in Toronto, the Queen's, and did not speak. Gray has it in for the whole Beck faction since Beck did not work for him, and he (Gray) was turned down not long ago, when a candidate to contest the seat for the Dominion House of Commons was selected and Major Beattie was chosen by the Conservatives. Gray, it is said, was willing to run if the party would put up \$6,000. The proposition was given short shift, and Beattie was elected.

THE BYE ELECTION

The electors of Stanstead, Quebec, and South Huron, Ontario, will choose representatives in parliament on Wednesday to replace Mr. Lovell, Liberal, and Mr. Gunn, Conservative, whom they lost by death within the past few weeks, and the prospect seems that both constituencies will go Liberal.

The government candidate in Stanstead is Mr. C. H. Lovell, son of the late member. He is a comparatively young man has large business interests in the county, and enjoys a large degree of popularity.

Opposed to him is Mr. Moore, a former Conservative M. P., who has had the assistance of a dozen Tory M. P.'s on the stump, but the balance seems to favor Mr. Lovell's return. His father's majority in the last election was 273.

South Huron went Tory in the last contest by 11 majority, but the Liberals have strong hope of redeeming the constituency. The Toronto News which claims to be independent, but generally gives encouragement to the Conservatives has this to say of the prospects:

"A Liberal Division.—South Huron is carved out of one of the old Liberal districts of Western Ontario. It

should go Liberal by some hundreds of a majority. It was only through dissensions in the party, bred by the very strength of the Liberal element, that the constituency was captured by the Conservatives. Mr. McLean is a strong candidate, and seems to unite all sections of the party."

STILL GROWING

The announcement that the Government has decided to give formal notice that on and after January 1st next the privileges of the coasting trade in Canada, hitherto enjoyed by Italy, Germany, the Netherlands, Sweden and Norway, Austria-Hungary, Denmark, Belgium and the Argentine Republic will be abolished, opens up great opportunities for diplomats.

It is another indication to the world that if they want privileges in Canada they must reciprocate; and that they must ask for such privileges.

The change of policy will have great influence upon the St. Lawrence and the coast of Nova Scotia, and should do much to remove from Canada the reproach that a very large portion of its inter-provincial trade has been, and is being done by vessels under alien flags.

It is a departure upon which the Government is to be congratulated. It is the adoption of a policy which may give offence abroad, but if it teaches the countries of the world that Canada is determined to be daughter in her mother's house, but mistress in her own, it will not have been adopted in vain.

The spectacle afforded in a trip down the St. Lawrence for several years past of the coal of Cape Breton being carried to Montreal in vessels flying the Norwegian flag was, it must be said, without any offence to Norway, one which was calculated to make Canadians ask the cause. The Government has apparently found the cause and quite evidently proposes, after due notification to prevent its continuance.

It is one more step towards Canadian autonomy.

CURRENT COMMENT

Ottawa Free Press.—Hon. Mr. Piggley is to be congratulated upon the skill with which he piloted the estimates of the public works department through the House of Commons yesterday. He dealt with them deftly from a business man's standpoint but never forgot to give his subordinate officers the credit which was their due.

LICENSE VS. SCOTT ACT

To the Editor of The Herald:

Sir,—I think that all fair minded men will be pleased to see the reasonable views of our very much respected bishop. Although I do not belong to his communion, I recognize in them the elements of common sense, which after all is the best test that can be applied in the matter in question. Bishop Richardson sees as all men must see that in cities, the Canada Temperance Act has been a failure. At the present time in the city of Moncton an immense effort is being made to enforce it, but these drastic methods of putting men into jail must in the end end in failure, and I shall be very much surprised if some of the churches which are giving particular attention to the enforcement of the law do not go up in smoke before the end of the year. If I were an insurance agent I should be very reluctant to accept such risks. The Scott Act is one that has no basis on common sense. It enables a simple majority of the voters to say what a minority almost as large shall drink. Worse than that, it is well known that many persons who have voted for it have been found sneaking into the places where liquor is sold for the purpose of obtaining that very liquor which they declare should not be sold.

J. H. M.

The liquor license law provides that No person shall sell liquor unless licensed.

An inspector shall be appointed by the lieutenant governor who shall inspect all premises seeking a license. (Sec. 5 & 6.) And unless said inspector reports that the premises are satisfactory, and that he knows the applicant to be of good character and repute, a license shall not be granted to him (Sec. 11).

No liquor shall be sold on licensed premises from 10 at night until 6 each morning, and from 7 on Saturday night until 6 Monday morning. (Sec. 48) under a penalty of \$50 for first offence, \$100 for second offence and \$200 and forfeiture of license for third offence. If the sale is on Sunday between 6 in the morning and 12 at night the license is immediately forfeited upon any conviction. If a light is seen burning on the premises during prohibited hours, this shall be sufficient proof of a sale to warrant a conviction. If any person licensed to sell liquor permits drunkenness or disorderly conduct to take place on his premises, or supplies liquor to any drunken person or suffers persons of bad character to meet upon his premises, he is liable to a fine of from \$10 to \$50.

Any person holding a license who sells liquor to a person under 21 years of age, is liable to a fine of from \$10 to \$20.

Any person interested may apply to the police magistrate for an order forbidding the sale of liquor to any person who wastes the happiness of others by drinking liquor, and any person then supplying to or procuring liquor for such drunkard shall be liable to a fine of from \$25 to \$50. (Sec. 109)

Any person may inform a policeman to investigate and prosecute. (Sec. 113).

(Sgd).

For two cents I'd knock your block off, said the angry man. Well, you don't expect me to furnish your working capital, do you? responded the other and calmer one.
