

THE SALOONS DOWN.

Belief that the Temperance Movement is Gaining all Over Canada.

Toronto Globe Editorial! No man who studies with intelligence the movement in the direction of prohibition can be in doubt as to the ultimate doom of the saloon. Gradually, and in many sections rapidly, the various States are outlawing the saloon in the American Republic, and in Canada also the dominant opinion is quite as determinedly against it. The voting out of more than a thousand saloons in the State of Illinois on Tuesday, putting 828 townships out of 1,200 under prohibition, is even less emphatic than the sweep the movement is making in the Southern States. The saloon is doomed.

In Canada, despite the eddying of the current in times of luxurious prosperity, the stream of public opinion and of legislative action is steadily onward in the direction of the abolition of the barroom. There are technically no saloons in Ontario, but the bar part of the average hotel is of the same character and serves

the same purpose as a saloon. And the barroom in Ontario is doomed.

The men who are slowest to appreciate the significance of the change in public opinion on the utility of the barroom are the men whose duty and interest it is to know the seasons when to take occasion by the hand. Public opinion is decidedly in advance of the politicians who stand for the three-fifths clause. A mass of anti-barroom opinion all over the Province is being developed and shaken together, and awaits only the coming of strong, courageous, convinced leadership. The economic, social and moral burden of the barroom will be felt to be insupportable, and men who to-day have no interest in prohibition will join hands for its overthrow. That day may be nearer than some suppose. The government that is afraid to trust the electors where a moral issue is at stake misjudges the quality and temper of the people of Ontario.

NEW STRENGTH FOR THE SPRING

Nature Needs Assistance in Making New Health-Giving Blood.

In the spring time your system needs tuning up. In the spring to be healthy and strong you must have new blood, just as the trees must have new sap. Nature demands it, and nature's laws are inexorable. Without new blood you will feel weak and languid. You may have twinges of rheumatism, or the sharp stabbing pains of neuralgia, there may be disfiguring pimples or eruptions of the skin, a tired feeling in the morning, and a variable appetite. These are some of the signs that the blood is out of order, that the long trying months of indoor winter life have told upon you. A purgative medicine, such as too many people take in the spring, can't help you. Purgatives merely gallop through the system, and further weaken you. Any doctor will tell you this is true. What people need in the spring is a tonic medicine, and in all the world there is no tonic can equal Dr. Williams' Pink Pills. Every dose of this medicine helps to make new blood—your greatest need in spring. This new, red blood clears the skin, drives out disease and makes weak, easily tired men, women and children bright, active and strong. Try this great blood-building medicine this spring, and see what new life and energy it will give you.

You can get Dr. Williams' Pink Pills from any medicine dealer, or by mail post paid at 50 cents a box, or six boxes for \$2.50 from the Dr. Williams' Medicine Co., Brockville, Ont.

"Nothing doing!" Is that slang? I thought it was (says a writer in The Wasp) until last night, when I came upon the words in Dickens' "Dombey & Son." In chapter IV old Sol Gills is explaining to his nephew Walter why the shop must be closed and the business abandoned. "You see, Walter," said he, "in truth this business is merely a habit with me. I am so accustomed to the habit that I could hardly live if I relinquished it; but there's nothing doing, nothing doing." So you see, the phrase had its pathetic fitness half a century ago, and is not slang at all.

There is no mistaking the superiority of a tea that in six years has built up a market in almost every part of the North American continent, that has had the most enormous increases in sales, year after year, until over 18,000,000 packages was the immense output for 1907. This continental endorsement of "Sallada" Tea proves conclusively their right in offering it to the public as the most delicious and healthful tea in the world.

Her Father—What are you and young Shortlight going to live on in case you marry?

His Daughter—Well, if you must know papa, go and look in the mirror.

Mr. McQuire (to hospital attendant)—Phwat did ye say the doctor's name was?

Attendant—Dr. Kilpatrick.

Mr. McQuire—That settles it. No doctor wid that cognomen will git a chance to operate on me—not if I know it.

Attendant—Why not?

Mr. McQuire—Well, ye see, my name is Patrick.

THE PUBLIC IS OFTEN FAKED. Unscrupulous dealers actuated by large profits often recommend corn cures "as good as Putman's." There is only one genuine Corn Extractor and that is Putman's Painless which is a miracle of efficiency and promptness. Use no other.

The man who is willing to take advantage doesn't need it.

ITCH, Mango, Prairie Scratches and every form of contagious Itch on human or animals cured in 30 minutes by Wolford's Sanitary Lotion. It never fails. Sold by A. J. Ryan, Ton.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at Lynn, Mass., the things you could not explain to the doctor. Your letter will be held in the strictest confidence. From her vast correspondence with sick women during the past thirty years she may have gained the very knowledge that will help your case. Such letters as the following, from grateful women, establish beyond a doubt the power of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

to conquer all female diseases.

Mrs. Frank Emsley, Lindsay, Ontario, writes to Mrs. Pinkham: "When I wrote to you some time ago, I was a very sick woman suffering from female troubles. I had inflammation of the feminine organs and could not stand or walk any distance. At last I was confined to my bed and the doctor said I would have to go through an operation, but this I refused to do."

"A friend advised Lydia E. Pinkham's Vegetable Compound. After using three bottles of it, I feel like a new woman. I most heartily recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer with female troubles."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration.

Words Men of Science Use.

In the columns of the London Times a dispute continues to be waged stoutly in regard to the language commonly used by men of science. The chief point insisted upon is that there is not in science any truth so abstract that it cannot be expressed in plain and clear English. The man of science who takes refuge in technical terms, such as zygotes and gametes, sporozoites and gametocytes, is, the correspondents allege, really confessing to a lack of education.

Coffee in France.

Dr. Fernet, an eminent French physician, is quoted by the British Medical Journal as an authority for the statement that the use of coffee has increased in France to such an extent that it is now common for the people of that country to drink a quart or more of a decoction of coffee daily. The habit is especially common among laboring women, great numbers of whom are received at the hospitals for treatment for disorders solely attributable to it.

in Greenland.

"Are you able to sleep all through the night?" "No; I have to get up about once a week and wind that blamed old eight day clock."—Denver News-Times.

Sight and Hearing.

Though they're "blind to the faults of others," As some snug people claim, Their ears keep getting longer Through listening to the same. —Catholic Standard and Times.

"Man Proposes."

Miss Ascum—But he's her intended, is he not? Miss Newitt—Oh, no. He intended, I believe, but that's as far as it got.—Philadelphia Press.

Properly So Called.

"I don't see why you refer to her as your 'old flame.' You're still calling on her, aren't you?" "Yes, and I'm still burning money on her."—Boston Post.

Survival of the Unfit.

The terrapin grows scarcer, Likewise the quail and deer, But the presumptuous ground hog grows More prominent each year. —Boston Post.

Of course the preacher can't mean what he says when he means you.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHEYNEY & CO., Toledo, O. Sold by all druggists. 75c. Take Hall's Family Pills for constipation.
