

HEALTH FOR THE BABY.

A mother who once used Baby's Own Tablets for her children will always use them for the minor ailments that come to all little ones. The Tablets are the best medicine in the world for the cure of indigestion, colic, constipation, diarrhoea, teething troubles and breaking up colds. And the mother has the guarantee of a government analyst that this medicine contains no poisonous opiate or narcotic. Mrs. William F. Gay, St. Eleanor, P. E. I., says:—"I have used Baby's Own Tablets with the best of results and know of nothing to equal them for the cure of stomach and bowel troubles. I do not feel safe unless I have a box of Baby's Own Tablets in the house." Sold medicine dealers or by mail at 25c. a box from the Dr. Williams' Medicine Co., Brockville, Ont.

Mrs. De Smythe-Tommy, do you want some nice plum jam?
Tommy—Yes, mother.
"I was going to give you some to put on your bread, but I've lost the key to the pantry."
"You don't need the key, mother. I can reach down through the window and open the door from the inside."
"That's what I wanted to know. Now just wait until your father comes."

This is the Best Time For Spring Medicine.

Taken now, the blood is renewed,
Disease germs are destroyed,
Good summer health is assured.

The peculiar weakness so common on the spring, is demoralizing to body and mind alike.

Stupid, absent-minded and dull, you feel the need of a stimulating tonic.

To impart quickness and great vitality to the entire system nothing acts like Ferrozone.

In a short time it makes you feel fit and fine, creates a feeling of youth and strength that's surprising.

Ferrozone revives and braces the sickly because it nourishes and builds up the organs that are weak. As a spring tonic, appetizer and blood strengthener it is unequalled.

A well known resident of Utopia, Ont., Mr. H. H. Postle, writes: "From long experience I am convinced that everyone requires medicine in the spring. As a rule, the blood is thin and impure and the whole system is congested with poisons that should be carried off. I use Ferrozone because it clears up the system, gives you an appetite and makes you feel well. One winter I had serious palpitation of the heart, nervous headaches, and an extreme tired feeling. Sleep was not restful and by spring I was in bad shape. I took six boxes of Ferrozone and was made the picture of health."

Ferrozone makes permanent cures. Absolutely safe because it is purely vegetable and contains no alcohol. Concentrated cure in tablet form, that's Ferrozone, 25c. per box, or six boxes for \$2.50 at all dealers.

All kinds of tea deteriorates with age. The flavor consists in an essential oil which decays. Take only fresh tea and it only in the sealed lead packets of the "Salada" Tea Company. On account of its delicious strength a pound of "Salada" will go as far as a pound and a quarter of other teas.

Dr. Agnew's Catarrhal Powder.—Rev. W. H. Main, pastor of the Baptist Emanuel Church, Buffalo, gives strong testimony for and is a firm believer in Dr. Agnew's Catarrhal Powder. He has tried many kinds of remedies without avail. "After using Dr. Agnew's Catarrhal Powder I was benefited at once," are his words. It is a wonderful remedy. 50 cents. Sold at Central Pharmacy, A. J. Ryan—65.

EARLY NEW YORK.

Its Name in the Year 1664 Was the "Towne of Mannados."

While many persons are aware of the fact that New York has not always been so called, having for a time at least been known as New Amsterdam, probably not one in 10,000 is aware of the fact that in early days it possessed still another and now forgotten name—the Towne of Mannados. That this was the case, however, is shown beyond the shadow of a doubt by a map which hangs in the armory of the Old Guard of the city of New York among its collection of early Americana, the authenticity of which is certified to by the manuscript department of the British museum, in whose possession is the original from which the copy in the possession of the Old Guard was made.

As a quaint representation of early geographical ideas of what is now Greater New York the map in question is interesting. It is one of the very few on which the name of Towne of Mannados is given priority over that of New Amsterdam.

The facsimile which hangs in the Old Guard armory, certified as being a correct copy in every particular, is entitled "A Description of the Towne of Mannados, or New Amsterdam, as it Was in September, 1664." If, however, the "towne" at that time existed in the shape indicated by the plan, extremely violent earthquakes must have occurred since. The map, a curious illustration of early ideas of geography, shows New York, or rather, the Towne of Mannados, as a peninsula, jutting into an enclosed bay formed by "Hudson river" on one side and an unnamed stream on the other, probably regarded as its continuation. To the west lies an unexplored territory designated as the "maine land" and to the east "Longe Isleland."

What is probably Staten Island is depicted as lying due west of what is today Wall street, and the only outlet from the enclosed bay into which the Towne of Mannados juts is a single extremely narrow pass between the "maine land" and "Longe Isleland," which almost meet at a point in the vicinity of what is now Sandy Hook. On either side of this passage is the descriptive title "Heads."

That, in brief, was the idea of the Towne of Mannados in 1664. The plan also shows a spot marked "Water Mill" at the mouth of a stream which is probably the Harlem river, while "Ye Governor's House" is located at the extreme southeastern part of the island. The territory, which was even vaguely mapped, hardly extends above what is now Twenty-third street. Beyond that on the "plan" there lies a vague territory much used by early geographers.

The Significance of Small Duties.
Don't object that your duties are so insignificant. They are to be reckoned of infinite significance and alone important to you. Were it but the more perfect regulation of your apartments, the sorting away of your clothes and trinkets, the arranging of your papers—"Whatsoever thy hand findeth to do, do it with all thy might" and all thy worth and constancy. Much more, if your duties are of evidently higher, wider scope; if you have brothers, sisters, a father, a mother, weigh earnestly what claim does lie upon you on behalf of each and consider it as the one thing needful to pay them more and more honestly and nobly what you owe. What matter how miserable one is if one can do that? That is the sure and steady disconnection and extinction of whatsoever miseries one has in this world.—Thomas Carlyle.

Almost.
Horace—Did the college authorities reinstate young Smith after he was expelled? Helen—Almost. Horace—Almost? Helen—Yes; I heard his folks say he was halfback.

His Contributions.
Missionary—Do you ever contribute money for the heathen in foreign lands, sir? Millionaire—Oh, yes. Both of my daughters married foreign noblemen.—Judge.

ORANGE JUICE AND HEALTH For Stomach and Skin.

Few of us realize what an important part the skin plays in keeping us well or making us ill.

The millions of tiny glands, or pores, are intended to rid the system of waste matter, which the blood brings to the skin. It is a well-known medical fact that the healthy skin carries off more Urea or waste matter than the kidneys. Just think how much poison remains in the system when there is any skin trouble.

The skin and stomach are intimately associated. Find a person with a dry, harsh skin and you will find one who suffers with indigestion or constipation, and both, usually.

Both may be relieved by a judicious use of orange juice. Both can be cured by taking the juice of an orange every morning before breakfast, and taking "Fruit-a-lives" at night. "Fruit-a-lives" are fruit juices in tablet form. The fresh juices of oranges, apples, figs and prunes are separated from the pulp, and then combined in such a way that the medicinal action is intensified.

Orange juice alone will not cure Skin, Stomach or Bowel troubles. But when taken in connection with "Fruit-a-lives," a positive cure results. "Fruit-a-lives" may be obtained at all dealers or will be sent on receipt of price—20c. a box—6 for \$2.50. "Fruit-a-lives" Limited, Ottawa.

"Why do they call them fire traps?" inquired the Pechick ignoramus.

Dr. Wood's Norway Pine Syrup

is rich in the lung-healing virtues of the Norway Pine Tree, skillfully combined with Wild Cherry Bark and the soothing and expectorant properties of other pectoral herbs and barks. It is a pleasant, safe and effective medicine for Coughs and Colds, Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

A single dose will convince you that it will stop the cough, soothe the throat, and start you on the road to recovery.

Be sure and do not accept a substitute for Dr. Wood's Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

Miss C. M. Woodcock, Kinmount, Ont., writes: "For some time I suffered from a lingering cough. I was afraid it would turn to consumption, and, as I had tried many remedies and found no cure I asked my father to get me a bottle of Dr. Wood's Norway Pine Syrup. When I had taken that bottle I was so much better I got three more, and I am now completely cured."
