### TREED BY A MOOSE

Frank Simkins, an English immigrant boy, who has been working at Vandine's lumber camps on Blue River, arrived in the city on Saturday night, and tells an interesting story of his experience with a bull moose. While coming out of the woods on hursday in company with two French Canadians, they encountered a moose on the tote road. The moose, after rubbing his antlers on a tree, came bounding towards them, and he and his companions ran for their lives. The moose followed them for some distance, and Simkins reports that he saw the moose's head and antlers on the base of the tree and grunting away. The moose was very tame, and Simkins reports that he saw the moose's head and antlers on the base of the tree and grunting away. Mr. Thomas W. Rainsford, while alking up the back road on Saturday night, en route to his uncle's home at Kingsclear, came suddenly upon a good sized bear. The animal scaled the fence near the home of the late Mr. John Macpherson, and rambled leisurely up the road head of the pedestrian. Mr. Rainsford thought it was a dog at first, but it is certain now that it was a bear. The uncertainty in regard to the animal's identity kept him from becoming frightened.

## FREDERICTON WON.

### High School Boys Had Easy thing with St. John High School.

The Fredericton High School football team defeated the St. John High School on Saturday afternoon by a score of 11 to 0.

It was Fredericton's game the whole way through and their goal was never in danger. Each team played two men short as two of the St. John players had missed the train.

Besides the three touchdowns made by Fredericton they compelled St. John to touch for safety four times in the first half.

In the first half Vavasour and McDonald each made a try. McDonald converted his.

In the second half the play was more even although the ball was in St. John territory most of the time. McGibbon made a try for Fredericton but it was not converted, leaving the score 11 to 0.

The St. John team left for home Saturday evening.

## KIND WORDS FOR BROWN.

(Woodstock Sentinel.)

Here's to Nelson W. Brown! He didn't get elected, but he gave the Crocketts and the McLeods a fearful scare. And what was more tangible he put up such a good fight as to keep the York Tory legions busy a home, thereby materially aiding the neighboring Liberal candidates. And they had to burn fifteen thousand dollars to beat him. Mr. Brown deserves any honor in the gift of the government. We shall look confidently for some recognition of his valiant effort to help the party.

### THE COLONEL'S VICTORY

Col. H. H. McLean, M. P. for Sunbury and Queens, arrived in the city by boat from Gagetown on Saturday evening and went to St. John by the nine o'clock train. While here many old friends called upon him at the Queen Hotel and warmly congratulated him on his great victory. Probably no man in the province worked harder for victory than Col. McLean, and no man was more deserving of success. The Tories of the united counties are badly crestfallen over their defeat and are making all sorts of threats against the successful candidate and his chief supporters. The Liberals are delighted to think that as a result of their efforts the constituency has been put in line with a progressive government, and are not taking the threats of their opponents very seriously.

### RESIGNED HIS POSITION.

Prof. F. Isherwood-Plummer, who the past two years has filled the position of organist of Christ Church Cathedral has been obliged to give up work on account of ill health, and has gone to the United States to recuperate. It is likely that Mrs. Isherwood-Plummer, who is a bride of only a few months, will return to her former home in the old country to remain for a time.
