BRITANIA POST CARD CO.

54 UNION STREET, GLASGOW.

## GROCKETT'S ABSURD CLAIMS.

Official Correspondence that Knocks the Bottom out of Canvass that he Secured Improved Mail Service and New Sidewalks.

Among the many absurd claims made on behalf of Mr. Crockett, there has been none more absurd than the article in the Gleaner on Friday last in which it is stated that every thing that has been done for the City of Fredericton and the County of York by the government has been due to the efforts of Mr. Crockett. He claims not only the granolithic sidewalks now being placed opposite the government buildings, but the rebuilding of the Drill Hall, the re-establishment of the Military School, the re-organization of the mail services, improvement of river navigation, etc., etc. Unfortunately for the reputation of Mr. Crockett, these claims are directly contradicted by the Official correspondence. The originals of these letters and telegrams have been left by Mr. Brown at the office of R. W. McLellan, Fredericton where they can be examined to prove their authenticity.

Ottawa, 29th Sept., 1908.  
Dear Sir:—In the absence of the Postmaster General I beg to acknowledge the receipt of your letter of the 26th inst., enclosing a communication from Mr. N. W. Brown, asking for an improved mail service on the St. John River above Fredericton. In reply I beg to say that matter will be carefully inquired into at once.

Yours truly,  
E. S. LISCHINGER,

Asst. Deputy Postmaster General.  
Hon. William Pugsley,  
Minister of Public Works,  
Ottawa,  
POST OFFICE INSPECTOR'S OFFICE.

St. John, N. B., Oct 3, 1908.  
Dear Sir:—The Department has sent me your letter addressed to Dr. Pugsley, and Dr. Pugsley's letter addressed to the Government, making certain suggestions with reference to improving the mail service between Fredericton and Woodstock on the St. John River. I think your suggestions generally are good. In dividing up this service now that we have a bridge across the river at Pokiook, I would think that if a daily mail were started from Woodstock, say at 7.00 a. m. (when they would receive all the mail the evening before) going down on the west side of the river, crossing Pokiook Bridge and returning on the east side of the river, it would be fairly satisfactory to all concerned. The only trouble about this and the other two proposed services would be when Rural Delivery is put into operation the route would be too long for a courier to travel this fifty miles and deliver mail along the route. The same might be said with

reference to the Fredericton and New Brunswick, and Fredericton and Hawke Bay services.

I presume that Lower Southampton would insist on being served on the Woodstock and Pokiook route.

I found all the people to whom I talked were in favor of dividing up this route—not a dissenting voice so far as I could learn.

You might communicate with me, either by letter or telephone on your arrival in Fredericton. I am forwarding this letter to Fredericton in care of the Postmaster.

Yours truly,  
N. R. COLTER,  
Post Office Inspector  
Nelson W. Brown, Esq.,  
Fredericton.

Post Office Department, Canada,  
Ottawa, October 3rd, 1908

Dear Sir: In the absence of the Deputy Postmaster General I beg to acknowledge the receipt of your letter of the 28th ultimo, together with a petition signed by B. Hagerman and others, having for its object the establishment of a post office at Upper Bear Island, County York, and to say, in reply, that the Post Office Inspector at St. John has been requested to furnish an immediate report on the subject.

Yours very truly,  
E. S. LISCHINGER,  
Asst. Deputy Postmaster General.  
Nelson W. Brown, Esq.,  
Middle Southampton, N. B.

Post Office Department, Canada

Ottawa, 9th October, 1908.  
Dear Sir:—With reference to your communication of the 3rd instant, enclosing a petition for the establishment of a new post office at "Upper Bear Island", in the County of York, I beg to say that the Inspector's report has now been received and instructions have been given for the establishment of the office.

As soon as your recommendation for the Postmastership is received the necessary steps will be taken to place the office in operation.

Mr. George E. Hagerman has been mentioned in connection with the position.

Yours faithfully,  
E. S. LISCHINGER,  
Asst. Deputy Postmaster General  
Nelson W. Brown,  
Fredericton, N. B.

To Assistant Deputy Postmaster General, Ottawa.  
Your 9th received under Number 34952. Recommend George P. Hagerman. Wire soon as appointed which should be immediately.

N. W. BROWN.  
Ottawa, Oct. 17, 1908.  
N. W. Brown,  
Fredericton.  
Instructions have been issued for appointment of Geo. P. Hagerman to Post Mastership, Upper Bear Island.  
E. S. LISCHINGER,  
Deputy Postmaster Genl.

The above letters and telegrams prove conclusively that the improvement in the postal arrangements in the County of York was wholly due to the efforts of Mr. Brown and that Mr. Crockett had nothing whatever to do with it.

## THE SIDEWALKS.

The following letters with regard to the Granolithic sidewalks also show that Mr. Crockett has been putting forth false claims and that Liberals were the first that moved in the matter.

The following telegram on the subject was received from the Minister of Public Works:

6th Sept., 1908.  
To R. W. McLellan,  
Fredericton, N. B.  
Have instructed Waterbury Supt. of Buildings to see you and report.  
(Sgd) W. M. PUGSLEY.

After some further correspondence with the Department of Public Works through its superintendent in St. John, and on the 30th September last the following letter was received:

Re Fredericton, N. B., Pub. Bldg. Sidewalks.

OFFICES DEPT. PUBLIC WORKS OF CANADA—BUILDINGS ST. JOHN, N. B.

30th, Sept. 1908.

Mr. R. W. McLellan,  
Fredericton.  
Dear Sir:—The sidewalks total front of P. O. and Carleton Street side to Campbell Street authorized and I have been in communication yesterday and to-day with R. S. Low about the laying of them. Shall get the matter in hand soon as possible.  
Yours truly,  
(Sgd) D. W. WATERBURY.

After seeing the claims made by Crockett in the Gleaner of 16th inst., a telegram was sent to Mr. Robert S. Low, and this telegram and answer to same are as follows:

Fredericton, Oct. 16th, 1908.  
To Robert S. Low  
on 3.30 train to-day from  
Halifax to Moncton.

Crockett in tonight's Gleaner claiming credit for practically every Public Work York County since he was member, including Granolithic front Post Office. Big public meeting here tonight. Wire immediately.  
(Sgd) R. W. MCLELLAN.

The following telegram was received from Mr. Low in reply.

Dorchester, Oct. 17th, 1908.  
R. W. MCLELLAN,  
Fredericton, N. B.

Wire received. Gleaner's statement re Crockett's claim of credit for Granolithic sidewalks is a tissue of mis-statements. These permanent improvements are part of the general progressiveness of the Liberal party. The next member for York County, Mr. Brown and yourself, through your influence with the Minister of Public Works have had this work done at this time and are the gentlemen to whom the credit is due.  
(Sgd) ROBERT S. LOW.

These letters and telegrams show the utter baselessness of Crockett's claim and must convince everyone that nothing contained in the Gleaner in regard to Crockett, is worthy of belief.

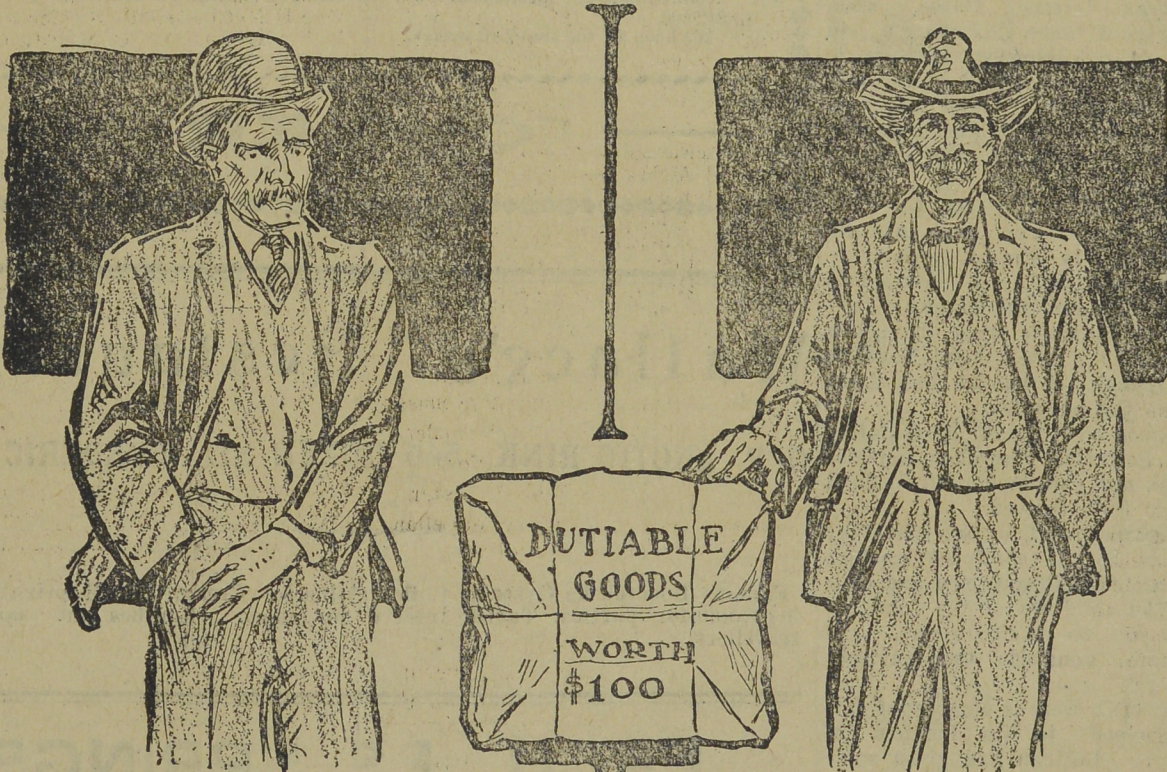

## DON'T NEGLECT YOUR COUGH.

You may dislike taking medicine—but coughs are best cured without medicine. The modern treatment is Catarrhazone—it isn't a drug—it's a healing vapor, full of pine essences and healing balsams. It spreads over the surfaces that are weak and sore from coughing. Every spot that's congested is healed, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhazone. In 25 ct.

Laundrymen are the most humble and forgiving beings on earth. The more cuffs you give them the more they will do for you.

Doctor—You handled me very gently during that cross-examination.  
Lawyer—Ah, sir, I didn't know how soon you might be handling me.

## HOW THE CONSUMER SEES IT

IN 1896, ON EVERY \$100 WORTH OF GOODS HE NEEDED FROM ABROAD, THE CONSUMER HAD TO PAY \$18.28. IN 1907, ALTHOUGH BETTER ABLE TO PAY, HE IS ASKED ONLY \$15.66

WISE ADMINISTRATION HAS MADE THE DIFFERENCE

## SHE WAS WINNING WADER.

Much Interest Evincing In Outcome of the Contest.

At the recent annual outing of the State Coal Dealers' Association at Clear Lake, Des Moines, Ia., Miss Olive Mott won the wading contest in the presence of 600 admiring spectators. The conditions were that barring shoes and stockings, each competitor should wear her accustomed clothing; if the lake water wetted her lingerie she was disqualified at once.

Miss Mott's father is president of the association, and being very anxious she should win, said to her mother: "Go as far as you like, Olive." Miss Mott, who is a very tall girl, went seventy-five feet into the lake, five feet further than her nearest competitor, Mrs. G. L. Reeves. And the winner was the only one of the eighteen waders whose clothes remained as dry as if they had just come from the ironing board.

The eighteen took off their shoes and stockings in a tent, and, after other necessary preparations, walked to the lake between two lines of women, each of whom had a parasol over her shoulder, so all the men at the outing rushed to the water's edge and got their feet wet. The three men who judged the interesting contest were in a small boat. There had been much rivalry for the position of judge, for the lake is well named.

The judges took the victorious but blushing Miss Mott in their boat and carried her, triumphant, to shore. Besides their shoes and stockings, most of the competitors put on dry lingerie in the robing tent. Miss Mott's prize was three-fold—a box of silk stockings, garters with gold buckles and silk parasol.

By order,  
NAP TESSIER,  
Secretary.

## When Dying of Pernicious Anæmia Her Life Was by FERROZONE

Probably very few cases are on record in which an absolute cure has been made of pernicious anæmia. But Ferrozone did cure Miss Elaine Stanhope—cured her absolutely, and her mother, Mrs. G. Stanhope of Rothesay, Ont., says the following: "My daughter complained of feeling tired. She was very pale and listless and kept losing strength till too weak to attend school. The doctors prescribed different bottles of medicine but Elaine kept getting worse instead of better. She had Anæmia and we were afraid for a while that she might never rally. We read of a similar case, that of Miss Descent of Stirling, Ont., being cured by Ferrozone, and this induced us to get it for Elaine. It took three boxes of Ferrozone to make any decided improvement, but when six boxes were used my daughter was beginning to be her old self again. It didn't take much longer to make a complete cure, and I am convinced that there is no better blood-maker than Ferrozone. It has made a new girl of Elaine. She has gained ten pounds in weight and looks the picture of health. She is stronger and enjoys the best of spirits. The credit of her recovery is entirely due to Ferrozone.

Every grown girl and young woman can make herself strong and healthy with Ferrozone.

It makes blood, nerve and tissue—makes it fast—makes it to stay.

Complexion soon becomes perfect, nerves get new strength, tiredness vanishes—perfect health is the reward for using Ferrozone, which is sold by all druggists—price 50c. per box; don't fail to try it.

## DO YOUR BOOTS PINCH?

If so, look out for a tiny corn. Cure it before it grows big. Putnam's Painless Corn Extractor is the best. Try "Putnam's." and \$1.00 sizes at all dealers.
