FOOTING IT TO VANCOUVER.

Seventy-Four Year Old Tramp Seeks Pleasures of Outdoor Life.

Sergeant McLellan of Port Arthur had a queer character at the police station recently. He was a regular Rip Van Winkle of the up-to-date type. The man's name is Robert Henderson, and he hails from a town near Edinburgh, Scotland. He states that he is now 74 years of age.

When he was seen by a scribe in the police station he certainly presented an odd appearance. His feet were wound up in canvas bags, to take the place of boots. For clothing he had two pairs of overalls and an old coat. His hat was a home-made affair, being an old felt hat with large ear flaps sewed on.

Quit Work Years Ago.

Henderson stated that he quit doing hard labor four years ago, and since that time has done nothing but tramp around the country. He has been half through the States, and he is now taking a walk from Montreal to Vancouver.

"I left North Bay on New Year's Day, and since that time I have been on the tramp between that place and Port Arthur. I seem a ride on the cars, and I have walked every step of the way. At night I usually make my quarters in shacks along the line."

"What do you do for food?" asked the scribe. "I live principally on the stuff that is thrown out of the dining cars, and sometimes I beg a meal by the way. That food agrees with me better than anything else. Owing to the fact that I have no teeth I cannot eat meat or other hard foods, therefore I do not appreciate that kind of food. If I should take steak I would have to swallow it whole, and it is just like a piece of leather to me."

"How long is it since you have worked?" asked the scribe.

Would Sooner Travel.

"I did a little work over four years ago. Work does not agree with me. I cannot stand the confinement. It would kill me. When I used to work the people who hired me thought that when I took a job I was always looking after my own interests and not after my employer's, and, therefore, I did not last long. I would sooner travel, however, as I always feel all right outside."

When the sergeant suggested that he go on the hill for a few weeks until the weather moderated the old fellow stated that it would kill him. He could not stand the confinement. "I must go on," he remarked.

His hair is long and his whiskers are matted, and from appearances is not likely the man has used a comb for several years. He states that he has no destination in view, but that he is merely on his way.

Home, Sweet Home.

The chief reason for leaving home is that one may the better enjoy coming back to it. Home is the place we have so studiously suited to our own needs that it fits us like an outer envelope. In no other house do we feel so absolutely ourselves.—London Truth.

Their Friendship.

Bella—No; we only kiss.

They Needed the Moon.

In a certain New England town there is a medical society which is of some sixty years' standing and has the custom of meeting on the Thursday before the full of the moon. Recently some of the younger members tried to change the time of meeting to the third Wednesday of every month. Three of the oldest members rose up and protested. They gave the reason for the peculiar arrangement. "When this association was formed," said one of them, "there were no electric lights and good roads the way there are now. The society took in the whole country, and it was often a difficult matter for the doctors who lived in the country to drive home after nightfall. So we called the moon to our aid and set the date for the Thursday before the full of the moon. It is bright moonlight at a seasonable hour then, and the doctors could see their way home. I know there is no necessity for such an arrangement now, but this will seem like a new society if we do not meet the Thursday before the full of the moon."

Naval Officer's Temptation.

Captain Bernier will have a Government ship in which to sail the Arctic Sea—but only to patrol the Canadian coast and put down smuggling. The captain will be under a terrible temptation to break away and make a dash for the Pole.—Hamilton Herald.

The Mystery of Gout

Some Interesting Pointers from the Pen of Dr. Hamilton

The real cause of gout is due to the excessive use of certain articles of food and drink, which in time leads to a disturbance of the functions of the liver. As a result harmful products such as uric acid are thrown into the blood, causing the condition known as gout.

Consequently it follows that, having proper diet and maintaining liver activity, a cure can be effected.

Probably no physician has achieved such success in liver disease as Dr. Hamilton.

His pills of Mandrake and Butter-nut are everywhere acknowledged to be a specific for slow, weak or sluggish liver; they give tone and vitality to this organ that enables it to perform its duties with ease and certainty.

Once the liver is corrected, Dr. Hamilton's Pills apply their peculiar merit to the kidneys and eliminating organs. This cleanses the blood and sends it back through the system, full of nourishment and strength.

Rheumatic tendencies are no longer noticed, for pure blood kills the poisons that cause rheumatic aches.

Dull, aching twinges, stiff joints, and difficulty of exertion become things of the past.

Of course by rheumatism such complaints as sciatica, lumbago and neuralgia must be included, for after all, what are they but manifestations of rheumatic poison?

Thus it is easily seen that a world of good is accomplished by Dr. Hamilton's Pills. Acting as a blood renovator and a general tonic for the system, their benefit is incalculable. 25c per box or five boxes for \$1.00, at all dealers, and be sure you get the genuine Dr. Hamilton's Pills.

BILIOUS FEELING

Mother Seigel's Syrup, which acts directly on the liver and stomach, quickly restoring them to healthy natural action, and thus it cures biliousness and indigestion.

Some people may be bigger fools than others, but they will have to prove it before we believe it.

AN EATING ULCER.

Ulcers are a skin disease, and are more or less directly occasioned by a bad state of the blood, which produces acrid humors and corrupts the secretions.

No one can expect to have a skin free from disease when the blood is in a disordered condition and the stomach and bowels acting feebly in consequence.

Through its wonderful cleansing, purifying powers on the blood, and its renovating action on the entire system, Burdock Blood Bitters has made thousands of cures of different skin diseases during the past thirty years it has been on the market.

Mrs. Joseph Robinson, Hallowell, Me., writes: "I had an eating ulcer on my ankle. I took two bottles of Burdock Blood Bitters and it worked like a charm, cleansing out all the impurities from my system and improving my appetite. While taking the B.B.B. internally I used it externally to cleanse the sore, and it helped a lot."
