FREDERICTON, N. B., TUESDAY, JULY 6, 1909.

NO. 155

WE ARE BUSY

If we are not making money

We are starting on the third week of our Great Stock Reduction Sale, so far it has been a success, and when you notice the mark downs, the answer is, why wouldn't it be?

Everything is marked at or nearly the cost, and nothing reserved.

This week we will pay more attention to our Footwear.

Men's high grade footwear Black and Colored that sold from \$4.00 to \$5.50 now \$3.50 to \$4.00. Men's Box Calf and Vice Kid that sold from \$3 to \$4 now \$2.25 to \$3.25. And the cheaper lines in Dongola, Box Kip \$1.50, 1.65 to 2.00.

Plenty of Bargains for Men and Boys. We warn you to not put off too long as the sale may be over and then back they go to old prices, which are never much out of the way.

MINERS ON STRIKE.

Members of United Mine Workers Association Quit Work at Glace Bay, N. S.

GLACE BAY, N.S., July 6.—(Special)—The expected strike of the U. M. W. A. at the collieries of the Dominion Coal company occurred this morning, but was not as great a demonstration as at first expected. Early this morning a large number of the strikers congregated near the gates enclosing the company's collieries and endeavored to persuade the men who turned out for to work to go home, though they used no violence towards any of the men.

The locals of various unions are holding meetings at the halls here today. At the meeting of the P. W. A. and U. M. W. lodges held last evening, large numbers of men who had not previously joined the unions became members of the locals.

General Manager Duggan, Supt.

Laing, and J. K. L. Ross are present at the number 2 colliery, and the officials are very orderly and well conducted.

It is learned from the various collieries that about half the regular number of employees are at work except at number 9 and 2 collieries, where the great strength of the mine workers was shown, when 180 of the 1800 men turned out to work.

Reserve and Dominion collieries, where the P. W. A. is very strong, are running full time today. The officials of the U. M. W. are actively engaged in the arrangements of the strike and issuing instructions to the members of their lodges as to the conduct during the strike. Serious trouble is not anticipated unless the strikers offer bodily injuries to those who desire to go to work.

MANY CASES PENDING.

Judge McKeown Presides at July Term of Divorce Court—The Currey Case.

The divorce court opened at eleven o'clock this morning. His Honor Judge McKeown presiding. Among barristers in attendance were Messrs C. N. Skinner, A. H. Hamilton, L. A. Currey, J. D. Phinney, M. G. Teed, K. C.'s; E. A. Reilly, Peter J. Hughes, F. H. Peters and R. B. Hanson.

A number of witnesses connected with the different cases were present, including Mrs. Beulah Harris, Moncton; Mrs. Sadie Harris, Fredericton; Mrs. L. A. Currey, P. S. Archibald, Moncton; Mrs. Blakesdale, Wilton, Me.; Dr. Thos. Walker, Rev. Mr. Blackader, Summerville, N. S.; Rev. W. M. Ryan, Dr. Ferguson, Moncton. Mrs. Currey's little girl and little boy were also in court.

The cases entered on the docket included Mary Elizabeth Currey vs Lemuel A. Currey, and counter suit, Beulah L. Harris vs Edward A. Harris; Dr. W. A. Ferguson vs Bertha A. Ferguson; Sara A. Saunders vs Wm. A. Saunders; and Sarah Belle Harris vs Walter W. Harris. The parties in the Ferguson and Beulah Harris cases belong to Moncton and the others are from York County.

As the cases of Curry vs Curry had stood over from the last session of the court, and were in an unfinished condition owing to the illness of Judge Gregory, it took precedence over the other cases. Mr. C. N. Skinner, attorney for Mr. L. A. Currey stated that the Currey cases would probably be finished by Thursday. It was therefore decided to have the other cases stand over until Thursday next.

The case of Beulah Harris vs E. L. Harris will come up on Thursday morning and the case of Ferguson vs Ferguson will be brought up on Tuesday afternoon next. Mr. Reilly who appeared for the defendant in the Ferguson case of Moncton stated that this case would be partially defended. The defence claims Mrs. Ferguson had secured a divorce in the west and was therefore justified in getting married. It will be claimed that the defendant had committed no act of bigamy.

The Harris case of Moncton would be undefended and would not occupy much time. It is understood that the Moncton cases will be finished on Tuesday next and that the York County cases will be reached on Wednesday. The case of Saunders coming first and the case of Mrs. Sadie Harris vs Walter W. Harris will follow.

The case of Mrs. L. A. Currey vs L. A. Currey was taken up this morning. Mr. Teed, K. C., made application for an execution against the defendant for non payment of alimony. The reading of affidavits in connection with the motion occupied the attention of the court for over an hour before adjournment and covered the same ground as at the previous trial. It was stated that Mr. Currey has not paid Mrs. Currey the alimony of \$75 a month for which an order was made at the last term of the court. His Honor made an order to have the amounts paid by Friday next, otherwise an execution will be made for the amount.

Dr. Thomas Walker was called to the stand. He had been the Currey family physician for about thirteen years. The family were living in good circumstances and seemed to be getting on all right until about three years ago when witness noticed there was not that intercourse which should be between man and wife. Though witness did not see any quarrels, Dr. Walker described the illness of little Julia, the daughter of Mr. and Mrs. Currey and was on the stand when the court adjourned for lunch at one o'clock.

Mr. Peter J. Hughes read an application for a summons to dismiss the bill in the case of John A. Ljungberg vs. Rosa N. Ljungberg which was before the court on Sept. 8th last. Those people have become reconciled and are now living together. The application will be considered.

VICTORIA HOSPITAL.

A Lot of Routine Business Disposed of at Trustees' Meeting.

The regular meeting of the Hospital Board was held yesterday, with Mr. Wilard Kitchen, president, in the chair, and Judge Barry, M. E. McNally and A. A. Sterling were also present.

Considerable routine business was disposed of and the secretary submitted his report for the month, showing the particulars of expenditures. The matron, in her report gave in detail the transactions for June. Thirty-three patients received treatment, and not a single case of typhoid fever was received, and no deaths occurred. The enforced withdrawal of a steady boarder since March last, in the person of a Russian, who had a portion of his foot amputated on account of frost bite, seems to have afforded great relief to the nursing staff. This patient began to wander about the building without seeking permission, and the gentle English of the nurses was not understood. He is at present in gaol.

The secretary treasurer was unable to report the amount of church collections on Hospital Sunday, as the only amounts received by him to date were from St. Dunstan's church and the Cathedral. These were most generous and in advance of the previous year. There is great improvement in the exterior appearance of the hospital since the painters finished their job. A few friends contributed to the cost and the work was done by Mr. W. B. Dayton.

Directions were given to the matron as to the disposal of a bank book, a gold watch, and other articles, the property of a deceased patient named McGovern of Fredericton Junction.

Judge Barry laid on the table advanced copies of the annual report prepared under the direction of Dr. VanWart and himself. A vote of thanks and appreciation was tendered to Dr. VanWart for his valuable services in the preparation of the report.

MUNICIPAL COUNCIL.

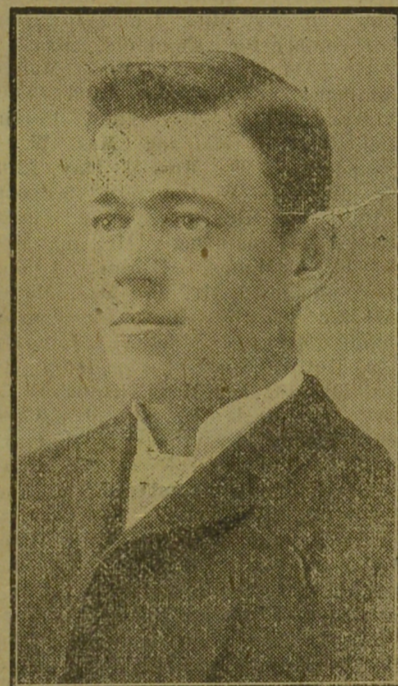

Warden Hinchey in Spirited Address Discusses Valley Railway and Other Topics.

County Finances Reported in a Healthy Condition.

The York Municipal Council met at the County Court house at ten o'clock this morning, with Warden Hinchey in the chair, and all of the councillors present except Green and Skeen of McAdam. The proceedings opened with prayers by Rev. J. H. MacDonald, after which the Warden addressed the board as follows:

WARDEN HINCHEY'S ADDRESS.

Gentlemen of the County Council: It gives me great pleasure to welcome you to this, our semi-annual meeting, and to observe that you assemble with unbroken ranks. The duties of this honorable body are increasing in importance year by year, and it is pleasing to learn that during the recess you have all been most diligent in looking after the needs of your respective parishes.

COUN. GOODSPEED.

Since we last had the pleasure of meeting here, forest fires have cast their devastating blight over the province, laying in waste thousands of acres of valuable timber land. The question of forest protection is one of the most important which confronts the people of the province today. Our forest lands are our greatest asset, and it is most important to preserve and future generations that they should have efficient protection. It is the duty of every man to co-operate heartily with our provincial authorities in their efforts to protect the wild lands of the country from the fire scourge. It should be born in mind that a forest swept by fire cannot be restored in a life time, and its benefits are lost to the people of this generation. It therefore behooves the citizen when clearing land to exercise the greatest caution in seeing to it that the fire which he starts does not get beyond his control.

The healthy financial condition of the county at the present time is a subject for the heartiest congratulations. The receipts during the past year were more than ample to provide for all requirements of the public service and our debture indebtedness has been practically wiped out. Our secretary-treasurer has been most courteous and attentive in the discharge of his important duties, and I feel that the time is not far distant when he will be able to recommend a reduction in taxation—a consummation devoutly to be wished.

THE POOR FARM.

The report of the committee to look into the question of establishing a poor farm will be laid before you. The poor, as you know, are always with us, and it is important that they should be properly housed and cared for in a manner worthy of this Christian country. I trust that with the co-operation of the Fredericton authorities a modern poor farm for both city and county may be an accomplished fact in the near future. I am sure that under an arrangement of this kind the poor can be cared for in a more humane and economical manner than is possible under our present system.

Gentlemen, the prosperity which our beloved Canada is enjoying at the present time is a subject for con-

gratulation. We are no longer doing business on the back street, and I rejoice that this fair province of New Brunswick is holding its own with the other provinces of the confederation. I have seen many years of service at this Board. I am an old man now; the snows of winter have in my case taken the place of spring, and I realize that the time is fast approaching when the sun must set for me forever. I do not think that anybody will doubt my word when I say that I want to see New Brunswick grow and flourish and I want to see the county of York occupy a proud position in the vanguard. You have it in your power to advance the material interests of this noble county, and I hope no man will be remiss in his duty. You are the leaders in your respective parishes, and you should not hesitate to support any good measure likely to better the condition of the people. Always bear in mind that the man who can make two blades of grass grow where one grew before is a public benefactor.

THE VALLEY RAILWAY.

I am firmly convinced that a railway down the valley of the St. John is New Brunswick's most pressing need at the present time. This is too important a question to be made a political football, and I trust the Dominion and local governments will at the earliest possible moment grant the necessary financial assistance to some company who will undertake this work. It is a most regrettable thing as I view it, and as I hope you gentlemen view it, to see thousands of people who inhabit one of the oldest settled portions of this continent, compelled today to resort to the most primitive methods of transportation. This is not as it should be, and it is our right and our duty to demand a remedy from the powers that be.

The accounts of the past six months will be laid before you, and I feel sure that you will find that due regard for economy has been shown, and that the revenue has been expended in the public interest.

Again I welcome you and sincerely trust that the blessing of Divine Providence will be with you in your deliberations.

COUNTY FINANCES.

The Sec.-treasurer heartily congratulated Warden Hinchey on the able address he had delivered to the council. The Warden had in this made a new departure and he hoped it would be continued by others.

SEC'Y-TREASURER BLISS.

The councillors and people of the county are certainly indebted to the warden for the observations he had made.

In submitting his accounts Mr. Bliss stated that the receipts from December 31st to June 30th totalled \$17,430.42, and the expenditure \$15,332.56, leaving a balance of \$2,097.86. The receipts an account of road tax fund during the same period were \$8,950.72 and the expenditure, \$2,342.64, leaving a balance of \$6,608.08. The cash balance at the bank on June 30th was \$8,698.94.

Mr. Bliss pointed out that the debture indebtedness of the county eight years ago was \$15,400, and is (Continued on Fourth Page.)
