PROPERTY FOR SALE

I am instructed by a client to offer for sale his property, situated on the old Springhill Road, just beyond Fredericton City limits, containing four hundred and fifty acres, of which approximately fifty acres are cleared or cultivated land; upon the remainder of the property there is a valuable growth of wood. The buildings upon the property consist of a good dwelling house of twelve rooms, heated by furnace and hot water, and containing a bath room with modern plumbing and

hardwood floors. A laborer's cottage containing nine rooms. A large barn having water supply and capacity for thirty cows. A smaller barn containing horse stables, and other out buildings. There is also a good stone quarry upon the property.

The owner's reason for selling is that his business calls him to the west.
