	£7,724,706	6	11			

Note.—The latest monthly returns received from Dawson City and Atlin, are those of the 30th November, 1901, and the figures of those returns are introduced into this account. The balance of the transactions for December with those branches has been carried to a suspense account, pending the receipt of the December accounts.

We have examined the above Balance Sheet with the Books in London, and the Certified Returns from the Branches, and find it to present a true statement of the Bank's affairs.

EDWIN WATERHOUSE,
GEORGE SNEATH,
Auditors,
Of the Firm of Price, Waterhouse & Co.,
Chartered Accountants.

London, 20th February, 1902.

When a horse picks up a nail in his foot what does the driver do? Does he whip the limping, lagging animal and force him along? Not unless he wants to ruin the horse. At the first sign of lameness he jumps down, examines the foot and carefully removes the cause of the lameness. What is called "weak stomach" is like the lameness of the horse, only to be cured by removing the cause of the trouble. If you stimulate the stomach with "whisky medicines" you keep it going, but every day the condition is growing worse. A few doses sometimes of Dr. Pierce's Golden Medical Discovery will put the disordered stomach and its allied organs of digestion and nutrition in perfect condition. Ninety-eight times in every hundred "Golden Medical Discovery" will cure the worst ailments originating in diseases of the stomach. It always helps. It almost always cures. To cure constipation use Dr. Pierce's Pleasant Pellets. They're sure.

The Prince of Wales' address in declaring the National Physical Laboratory at Bushy Park open Thursday, was the most interesting he has delivered since his famous speech in the Guildhall on his return from the tour of the Empire. He again told England to wake up; her commercial supremacy was threatened, and the only way to maintain it was, he said, to give greater facilities for furthering the application of science to commerce and manufacture.

BURDOCK BLOOD BITTERS is the best known remedy for Dyspepsia, constipation and biliousness, and will cure all blood diseases from a common pimple to the worst eruptions.

How to Treat Painful Corns.

Night and morning only apply Putnam's Painless Corn Extractor. It acts like magic. Kills the pain, cures the corn, and does it without pain quickly and surely. Use only Putnam's.

Sir Wm. MacDonald, who gave \$10,000 to the Day nursery last week, has made a benefaction of \$20,000 to Redpath Lib-

rary, to purchase books required by students in the regular courses of that university. The bequest will increase the number of books to 100,000.

PICKING THE NOSE is a common symptom of worms. Mothers who suspect their child is troubled with worms should administer Dr. Low's Worm Syrup. It is pleasant, safe and effectual.

Hon. J. T. Garrow, Minister without portfolio in the Ontario Government, has been appointed to the vacancy on the bench of the Ontario Court of Appeal caused by the lamented death of the late Mr. Justice Lister.

GOOD HEALTH IS IMPOSSIBLE without regular action of the bowels. Laxa-Liver Pills regulate the bowels, cure constipation, dyspepsia, biliousness and sick headache.

The trial before a secular court of three officials of the Vatican, charged with thefts from the Vatican treasury aggregating £16,000, commenced at Rome Thursday. This is the first time the Vatican has had recourse to a secular tribunal. La Patria asserts that altogether £320,000, mostly the Pope's personal property, has been embezzled.

If the tea you use does not please you, try UNION BLEND. It is a blend of pure India and Ceylon teas and is used in the families of more than 200,000 Canadians.

Nobby Clothing.

Lucy & Co. ordered last fall from the leading manufacturers of Canada a large and well selected stock of clothing comprising suits, spring over coats, pants, vests, &c. Those goods have just arrived and take them all in all are one of the best lots of ready made clothing ever received in Fredericton. Nothing but the best material was used and the workmanship is of the very best description. These goods now open for inspection and persons requiring either a business or dress suit would do well to examine them. The stock comprises men's, boys' and children's.—d.

FROM OUR CORRESPONDENTS

An Interesting Budget of News

FROM DIFFERENT LOCALITIES.

OROMOCTO.

(Special Correspondence to the Herald.)

Mar. 20.—We are having a regular spring freshet and boats and canoes will take the place of wagons, with some of the residents. Even the oldest inhabitant has no recollection of any thing like this. The roads are in a bad state owing to culverts and small bridges being washed away.

Mrs. R. D. Wilmet leaves on Monday for Quebec, to visit her daughter Mrs. Dr. Parke.

Mr. A. Bennett, was kicked by his horse a few days ago and severely injured his knee.

ALLENDALE.

(Special Correspondence to the Herald.)

March 18.—Owing to the heavy rain yesterday the lumbering is about over and the men are all coming from the woods. John Quigg passed through here yesterday with a large crew of men, on their way home.

Gilman Bros and Burden are leaving the woods and a large number of their crew came through here today.

Mr. Connolly and McLaughlin Bros are busily engaged hauling cedar for J. Scott of Hawshaw.

Hugh McTague has been spending the winter with friends in Danforth Me. His many friends are hoping to see him home soon again.

J. S. Madden with a large crew of men left the woods yesterday with the exception of his foreman Edward Simmons who left this morning.

Our mail carrier who has been in poor health all winter had to engage an assistant for the winter months.

L. McLaughlin is cutting wood for his son-in-law.

Miss Lizzie McDonald, has returned home after spending a week with friends at Dumfries.

WHITE'S COVE.

(Special Correspondence to the Herald.)

March 20.—Hon. L. P. Farris spent Sunday at his home in this place.

A very successful concert and basket social was held by the members of the White's Cove Debating Club in the public hall a few days ago. In spite of the bad travelling, a large number managed to get there, and \$30 was realized clear of all expenses.

The ice in the lake is considered unfit for travelling on.

Capt. E. M. Young of this place, intends starting with his wood boat from Jemseg to St. John, on Monday next.

John Richards has a large crew of men stream driving his lumber at Mill Brook.

The sledding giving out so soon and the lack of ice has made it bad for some of the farmers. It is stated that on Gideon Island there is over a hundred tons of hay left and if we have a very high freshet it will all be lost. There is also some left on Thatch Island.

We have had no mails for several days on account of the numerous washouts.

Miss Allie Orchard and Mrs. G. A. Chadburn intend leaving in a few days for Portland, Me., where they will spend the summer.

ANDOVER.

(Special Correspondence to the Herald.)

March 19.—The ice ran out along river here for a few miles two days ago. Messrs J. and J. A. Patterson rescued a raft of 30,000 deal from ice of Salmon River, just before it ran out.

The infant child of Mr. and Mrs. John Street was buried yesterday. They have the sympathy of many friends.

Senator Geo. T. Baird leaves today for Ottawa, after having been home for three or four weeks.

A number of young people drove to Bairdville to attend an entertainment and bean supper last evening. The evening although stormy, was pleasantly spent. The following programme was rendered:

Violin trio—Misses A. Kilburn M. Baxter and Guy Porter.

Recitation by Margaret Scott.

Violin Duett—Miss Baxter and Guy Porter.

Recitation—Gracie Brown.

Vocal solo—John Guy Porter.

Recitation—Della Howlett.

Recitation—Edith Porter.

Recitation—Lena Scott.

Recitation—Iva Brown.

Violin solo—Miss Baxter.

March 22.—The new steel bridge a few miles above here on Tobique River has been completed for traffic.

A Sunday School convention met in the Baptist church yesterday afternoon and evening under the name of Andover Parish Convention of New Brunswick S. School Association. A very practical address was given on "How to increase the attendance at S. school," in the afternoon by Rev. W. R. Demming, pastor of the church. In the evening the pastor of the Presbyterian church, Rev. Mr. Campbell gave an address on the subject, "Who are the S. S. workers and what is the work," and it was a well thought-out address. Rev. Mr. Greig, pastor of the Methodist church, also gave an address on "Why and how to teach temperance in S. S." The Field Secretary, Rev. Mr. Lucas, was present at both sessions, but his "blackboard addresses" seem to have lost their attractions.

Concerts are in preparation for early dates. So there is "music in the air." W. M. Veazey, principal of the Grammar School, is arranging for a school concert in a few weeks. The Andover Juvenile Band will give an entertainment on the evening of Easter Monday.

To-night will be the opening of the new grand organ in St. Luke's Episcopal church of this place. Through the energetic efforts of Rector S. B. Hillock this new organ takes the place of the former organ.

HUDLIN AGAIN.

I picked up a paper, The Journal, one day,
When the first thing I saw was my name,
plain as day,
In connection with Hudlin, of fame and renown
Who had proved quite a nuisance to country and town.

I helped to convict him of begging,
that's so;
But 'twas sore 'gainst my will, for they forced me to go.
I had nothing against the poor fellow,
I row,
Though his clothes look as if he had been in a row,

And he never went empty away from my door,
For I pitied the beggar, because he was poor;
Now to find myself blamed, when I meant him no ill,
I find this to swallow, a very hard pill.

As I'm not much accustomed to writing in rhyme,
I find that it takes up a lot of my time;
As for Butler, and Hudlin 'unfortunate twain,'
They are not worth minding, the truth is quite plain,
But why poet Martin should pick upon me

FOOD NOT ALL

Food is not all the thin man needs. Maybe he's sick. You can't make him eat by bringing him food. But Scott's Emulsion can make him eat. That Emulsion gives a man appetite and feeds him both. It brings back lost flesh.

No trouble about digestion. The weakest stomach can digest Scott's Emulsion. It tastes good, too. Scott's Emulsion paves the way for other food. When wasted and weakened by long illness it gives strength and appetite that ordinary food cannot give. Not only food—medicine, too—Scott's Emulsion of pure cod-liver oil.

We'll send you a little to try if you like.
SCOTT & BOWNE, Chemists, Toronto.

For the theme of a poem, I fail yet to see;
Though as yet, he has not found his way to my door
To ask for alms, or for help for the poor,

The reason for this is quite clear to my mind
He could not find the road, for there's no road to find.
For the city denies me the right to a road
I must get as I can to my humble abode.

We may climb wire fences, or jump across tracks;
We may carry our groceries home on our backs,
But as long as the tourist is treated just right;
The man who pays taxes, is left out of sight.

Besides me, there are others, their number is four—
Who have naught but a foot-path that leads to their door.
Though we all pay our taxes, our name is red clay!
When we ask for a road, or a plain right of way.

If our house is on fire, no alarm can we ring;
We just throw on the water, we find in the spring;
We've no fire protection, no sewers, no light;
Though the night should be dark, and the moon out of sight.

Though we all pay our taxes, who live on the hill—
We're receiving no benefits out of the till,
And perhaps Charlie Hudlin is in the wrong place
For as yet in the council I think he would grace.

And no doubt he would treat us more justly and fair
Than some of our white brothers, who have been there.
Now kind readers all, I must bid you adieu,
And the one it fits best, can put on the shoe.

THOMAS GRAHAM.

Maryland Hill,
March 20th 1902.

Twenty Years of Bronchitis.

Captain Dunlop, of Kingston, commander of the steamer "Bohemian," of the R. & O. fleet, suffered unceasingly for twenty years, and although he took treatment all that time permanent relief was not obtained until he used "Catarrh-zone" which cured him quickly and permanently.

The Captain says "Catarrh-zone is the best cure for Bronchitis on the face of the globe, pleasant to use, quick to relieve and sure to cure." Catarrh-zone is a wonderful treatment for all diseases of the Throat, Lungs and Bronchial Tubes. Two months' treatment, price \$1.00, small size 25 cts. Drugists or Polson & Co., Kingston, Ont.

The London County Council proposes that the dinner to be given by King Edward to the poor of London on the occasion of his coronation shall be served in marquees in the public parks, and that the dinner be followed by open air fetes, music and games.

Acute and Chronic Rheumatism

are equally influenced by the almost magical pain-subduing power of Polson's Nerviline, equal in medicinal value to five times the quantity of any other rheumatic remedy. Nerviline cures because it reaches the source of the disease and drives it out of the system. Nerviline is an unusually good rheumatic cure, and makes many unusual cures. Just rub it in the next time you have an attack. The immediate result will surprise you.

John Green who has posed before the world for 85 years as a married man, died Friday at Petersburg, Va., aged 75, and neighbors who were called in to prepare the remains for burial discovered the body to be that of a woman. The wife in the partnership survives.

Out of the Shadow.

The discouragement, the despair of ill-health, out into the noon tide glory of health, vigor and strength. Are you seeking this way? Are you wishing to replace weakness by strength, despondency by hope and expectation, pale cheeks and lusterless eyes, by the roses bloom and sparkling eyes. If you but use Ferrozone, you will make rich, red blood your nerves will grow strong. Old time vigor will return and with it endurance that will enable you to live an active, energetic and successful life. Remember the name, Ferrozone. Sold by C. H. Burchill, price 50c.
