

Thoroughness.

Prof. W. Hodgson Ellis, Official Analyst to the Dominion Government, states that "Sunlight Soap has 'a thorough cleansing power, without danger to the clothing or skin.' Women who want washing done thoroughly cannot use better than Sunlight Soap—Octagon Bar. Unlike common soaps, there is no damage to the clothing, and no danger to the skin; hence the saying: Sunlight Soap reduces expense. Try Sunlight Soap—Octagon Bar—next wash day, and you will see that Prof. Ellis is right. He should know. 218

STYLISH TRIMMINGS.**Taffeta Bands For Muslin Gowns. Lace the Ideal Ornamentation.**

A new idea in trimming muslins and batiste gowns is the use of taffeta bands. They are straight or curved at the edges and scattered with embroidered polka dots. The taffeta may be white or some delicate color. One band is placed at the hem and another between waist and hem, curving up in the back. The bodice usually is outlined at the yoke with an applique pattern of this.

Lace forms, of course, the ideal summer trimming. Jaunty little coats made of lace are quite cut away in front to show the waist and fasten with a band of chine ribbon, which passes under the arms and is caught with art

DETAILS OF DRESS.**Neck Boas Are Made to Go With Each Costume.**

The tulle bow at the back of the neck is not seen so much on gowns this summer.

Boas of every description are the rage this summer. They come in chiffon, dotted and plain; net, feathers, chenille, ribbon, and crepe de chine in all the delicate shades as well as black and white. White dotted net trimmed with black and white ribbon is very pretty. The chenille boas are usually of black, trimmed with white chiffon

or white satin ribbon. Some are small, while others reach to the bottom of the gown. The newest are composed of one or more wide ruffles, which lie flat on the shoulders and gradually taper as they reach the ends.

Many of the handsomest boas are made of lace.

A very dainty cape ruffle is the subject of our sketch. It is made of wide lace gathered very full in two rows, and it is ornamented with a spray of natural looking pink roses. The hat which goes with this is of pink chiffon trimmed with small pink roses and black velvet. JUDIC CHOLLET.

The Home of England's Wealth.

The Bank of England generally contains sufficient gold in sixteen pound bars to make 20,000,000 sovereigns. The bank, which stands in three parishes, covers three acres of ground, and, as the current price of land in the vicinity works out at £1,000,000 an acre, it is easy to form an idea of the money value of England's wealth. The ratable value is about £1,000 a week. The bank employs about 1,000 people, pays a quarter of a million a year in wages and £35,000 a year in pensions. There are £25,000,000 worth of notes in circulation which have been handed over the bank's counter.—London Globe.

**BLUE MUSLIN.**

nouveau enameled clasps. The sleeves reach to a little below the elbow and are slit to above the bend of the arm.

Some of the neatest street parasols are made of white silk, hemstitched around the edge. The silk is often embroidered in polka dots or small figures, and the handles are of wood.

A pretty blue muslin is the subject of the sketch. The waist is made with a very original arrangement in the shape of a frilled bolero and a wide satin collar. The sleeves are finished with frills. The skirt is laid in fine perpendicular tucks and has a graduated flounce finished with three narrow frills. JUDIC CHOLLET.
