

ASTHMA FOR SEVEN YEARS

And for Three Months Previous to Taking
Clarke's Kola Compound Could
Not Work a Day.

DOCTORS PRONOUNCED HIS CASE INCUR-
ABLE—NOW COMPLETELY CURED.

Clarke's Kola Compound has brought more genuine happiness to thousands of Canadian homes than any other medicine ever known. It is curing Asthma, a disease hitherto considered incurable, and bringing perfect health to thousands of one-time sufferers from this most dreaded disease.

Mr. Matthew Frost, of Port Arthur, Ont., C.P.R. employee, writes: "For over seven years I have been a most unfortunate sufferer from asthma and bronchitis. Many times for weeks I could not sleep other than sitting up in a chair, and for three months previous to taking Clarke's Kola Compound I could not work a day. Our doctors said they could do nothing for me, but give a little temporary relief. I was becoming weaker all the time. A sincere friend brought me a bottle of this grand medicine (Clarke's Kola Compound), and in less than two weeks I was back at work again. I took in all four bottles during two months and have not lost a day's work since, nor have I had the slightest symptom of the disease." This letter is also certified to by Mr. W. J. Clark, Port Arthur's leading druggist. Clarke's Kola Compound has permanently cured thousands of asthmatics. Sold by chemists everywhere, \$2.00 per bottle, three for \$5.00, or sent on receipt of price by The G. and M. Co., Limited, 121 Church street, Toronto. Send for Book on Asthma.

A STORY OF TWO FLAGS.

How a Man's Life Was Saved at the
Very Last Moment.

The following stirring incident of the two flags happened at Valparaiso, Chile, and was related at Montreal in 1881 by the Rev. Dr. J. O. Peck. Dr. Peck said:

"The man who gave me the facts I am about to relate was Mr. Haskins, an American sailor who had sailed to a port in Chile. On going ashore, he said, to enjoy his day of liberty he drank a little and became hilarious. One of the police officers, instead of warning him not to make a noise in the street, drew his sword and, striking him a blow, knocked him down. On that the American sailor got up and knocked the policeman down in return. He was on that arrested and tried and condemned to be shot in the morning of the following day.

"Mr. Loring, the American consul, expostulated with the authorities that it would be monstrous to shoot the man for such an offense, but they paid no attention to him, so he thereupon made a formal protest in the name of the United States government against the barbarous act. Mr. Haskins, the sailor, was in the morning brought out pinioned to be shot.

"As the English consul was preparing to hoist the union jack he saw the crowd in the field opposite, where the execution of the American sailor, of which he had heard, was to take place. Rushing over the American consul, he said, 'Loring, you're not going to let them shoot that man!'

"What can I do?' he said. 'I have protested against it. I can do no more.' 'Quick as thought the English consul shouted, 'Give me your flag!' And in a trice the stars and stripes were handed to the English representative. At once, taking his own union jack in his hand, he hastened across the field, elbowed his way through the crowd and soldiery, and, running up to the doomed man, he folded the American flag around him and then laid the union jack over it. Standing a few paces back, he faced the officers and soldiers and shouted defiantly, 'Now, shoot, if you dare, through the heart of England and America!'

"And they dared not do it, for they feared the consequences, so the man was at once released. In telling me," said Dr. Peck, "Mr. Haskins said to me, with tears streaming down his cheeks even then, 'They loosed me then, and, oh, how I longed to embrace those two flags!'

In the royal kitchen at St. Petersburg not only are the walls and ceilings of black marble covered with valuable ornaments, but many of the kitchen pots and pans, which originally belonged to the Empress Catherine, are of solid gold.
