not compare to the gathering he saw before him. He hoped he would never get outside of the fresh, inspiring currents of life generated by young people. He hoped the boys and girls before him would see the bright side of life if possible, and go into it with Christ leading them on. He trusted that frankness and truthfulness would always be revealed in their nature, and that they would never resort to equivocation or double dealing. He considered the Fredericton church to be wonderfully equipped for successful work in the future, and in no church with which he had to do was the pastor surrounded by such an intelligent class of co-workers as were to be found in the Fredericton church.

Rev. Mr. Dobson, after expressing regret at his inability to talk to children, proceeded to deliver one of the most interesting addresses from the children's standpoint, of the afternoon. Notwithstanding all that Dr. Chapman had said he believed that most of them who were old and grey would like to be back with the boys again. The church was fifty years old and that meant there had been fifty Christmases since it was erected. It also meant that there had been 2600 Sabbath School meetings. The object of the Sabbath Schools was to train up just such little boys as was born in a manger on that memorable Christmas day. There is an analogy between mind and matter. Take for instance the English rose, it gathers its coloring from its environment. Change its environment and you change the English rose. The same applies to children; they take the coloring for their morals from their surroundings. Then keep your homes pure, your schools pure, if you would have unchanged the coloring of the children of God.

The offering was next taken up and the meeting closed with the singing of "Stand up Stand up for Jesus," followed by the benediction from Rev. Dr. Chapman.

Irritating Pimples and Disfiguring Blotches.

They place many young girls at a great disadvantage in life. The only cure is a blood purifier like Ferrozone. It cleanses the crimson flood of poisons and impurities renews and strengthens it, and makes lots of red corpuscles that manifest their presence by a ruddy, healthy glow in the cheeks and lips. Ferrozone quickly masters all skin eruptions, builds up broken down constitutions, and gives to weak sickly women an abundance of spirits, vitality, energy and beauty. Try Ferrozone, it's all right. He Was Crazy Then.

A youthful attorney secured a verdict in favor of an Irishman charged with murder, on the ground of temporary insanity. He did not meet his client again for several months, when the following remarks were exchanged between them:

"Well, Pat, isn't it about time you gave me that extra \$200?"

"Faith, an' what two hundred is that?"

"The \$200 you promised me if I saved that worthless neck of yours."

"Sure, an' did Oi promise that? Oi don't remember."

"Why, Pat, you promised it to me."

Pat scratched his head for a minute, and then with a smile outlaid the claim with the remark:

"Oh, well, you know I was crazy thin."

The Detroit Free Press describes Canada as Uncle Sam's long-lost brother. Did you ever notice that when a man becomes prosperous his relatives begin to look him up?

It is your aim, of course, said the intimate friend, to make people think. No, replied the popular lecturer, in a burst of confidence, my business is to make people think they think—or, rather, to make them think I think they think.

Wise Ways of Women.

No "prizes" offered with common soaps will long tempt the wise woman to use common soaps. The wise woman soon sees she has to pay dearly for "prizes" in the low quality of soap, in the damage common soaps do her clothes and her hands. The wise woman considers her health—so soon ruined if she were to continue breathing the steam of adulterated common soaps. The wise woman recognizes the difference between such soaps and Sunlight Soap—Octagon Bar. 212

Beauty is born in the blood. Beauty is more than "skin deep," it is blood deep. When the blood is tainted by disease the flesh will feel it and the skin will show it. Sallow or muddy complexions, pimples, blotches and eruptions are only the surface signs of impure blood. Face washes, lotions, complexion powders may palliate the evils but they cannot cure the disease. The only cure is to cleanse the blood of the poisonous matter which is the cause of the outbreak in the flesh and skin. Impure blood can be absolutely purified by the use of Dr. Pierce's Golden Medical Discovery. Its effect on flesh and skin is marked. Sores heal and disappear. The skin becomes smooth, and regains its natural color. The eyes brighten and sparkle, the whole body is radiant with the brightness and beauty of health. "Golden Medical Discovery" contains no alcohol, whisky or other intoxicant, and is absolutely free from opium, cocaine and other narcotics. The use of Dr. Pierce's Pleasant Pellets assists the action of the "Discovery," by cleansing the system of clogging matter.

A BLIGHTED ROMANCE.

Rochester, N. Y., Dec. 27.—Because of religious differences that seemed to bar their marriage, a young man and woman sought death together last night. Israel Mackie and Irene Selkie, he a lantern maker and she a domestic, were the parties to the attempt. Mackie purchased an ounce of laudanum, and the two went to the parlor of his mother's house. The laudanum was equally divided and duly swallowed by each. This was at 9 o'clock in the evening. They sat down side by side with clasped hands, waiting for death, until 3 o'clock this morning, when they were found by Mackie's mother. She called an ambulance and the surgeon pumped out their stomachs. Both are under arrest and will recover.
