Mr. F. W. I have not suffered since taking them, and now sleep well and feel strong and vigorous."

Milburn's Heart and Nerve Pills cure all diseases arising from weak heart, worn out nerve tissues, or watery blood.

Premier of South Australia.

Mr. John Greey Jenkins, the new Premier of South Australia, is by descent a Welshman, but was born in the United States, at Clifford, Susquehanna County, Pennsylvania. He arrived in Adelaide in 1878. Having held various municipal offices at Unley, South Australia, Mr. Jenkins was elected to the Legislative Assembly in 1887, and was re-elected in 1890. In March, 1891, on the death of Mr. Bews, Mr. Jenkins accepted the portfolio of Minister of Education in the Playford Ministry, exchanging it in January, 1892, for that of Public Works, a position he held till June, 1892, when he resigned with his colleagues after their defeat. He held office in the Kingston Ministry and was subsequently Chief Secretary in the Holden Ministry. On Mr. Holder's retiring from State politics to enter the Federal Parliament Mr. Jenkins succeeded him in the Premiership.

To Fill Large Contracts—Good Wages

A Pair in 30 Minutes

We want a few more workers in this locality, at once, and in order to secure your co-operation without the delay of correspondence, we herewith explain our full plan in this advertisement. The work is simple, and the Machine is easily operated, and with the Guide, requires no teacher. If you wish to join our staff of Workers let us hear from you promptly with the Contract, order form, and remittance, as a guarantee, and we will send machine and outfit to begin work at once.

OUR METHOD OF DOING BUSINESS

We wish to secure the services of families to do knitting for us in their homes. Our method is the same as adopted in England. We are the introducers of this plan and the largest knitting concern in Canada.

After long experience, we have been able to produce an Automatic Machine by which all kinds of seamless knitting is now done by our Family Machine, thereby enabling anyone of ordinary intelligence to quickly learn to do the work from the Instruction Guide. All we require is that you use the machine according to directions. The Machine being made expressly for this purpose, and the operation so simple, it cannot possibly make a mistake in its work.

The great demand now is for Bicycle Stockings, Woodmen's Socks, and Motormen's Mittens, and as we are unable to supply the demand, have taken this method of advertising for more help.

The large export trade to the North-west Territories, British Columbia, and the British Colonies, furnishes an unlimited demand for our goods, and, with the combined co-operation of the many families we are employing, together with the large amount of knitting we are able to turn out, by which we save rents, insurance, interest on capital, etc., enables us to undersell any manufacturers of this class of goods, and we have sale for all the knitting we can have turned out.

The price we pay for finished bicycle stockings is \$10.00 per hundred, or at the rate of 10c per pair; woodmen's socks, 5c, and motormen's mittens, 12c a pair. All other work in proportion to size.

The machine can be operated by any one of a family, and at our prices any energetic family should be able to sustain themselves comfortably, and in time be a source of independent comfort.

Our plan is to send out each machine to beginners with a sock or stocking partially knitted, and remaining in the machine ready to be continued, and also enough yarn to knit one pair of sample socks or stockings and a simple and complete Instruction Guide, showing how the work is to be done. When the samples have been finished and returned to us satisfactory, we send a quantity of yarn, which you knit and return likewise when finished. We prepay charges on all work one way, and our workers pay return charges. The work, as we have stated, is simple and readily done, the machine having a capacity of ten thousand stitches a minute. We have many persons now in our employ who can knit from twenty-five to thirty pairs of socks or stockings a day, and where the time of a family is devoted to the work, you can readily see that \$15.00 or \$20.00 per week can be easily earned.

We furnish our workers all the materials, yarn, etc., free, and everything that is necessary for the work. We are furnishing the machines only for the exclusive use of those desiring to take employment with us, who must, in order to become a member, send us this Contract Order Form, properly signed by them, and at least one good reference, and remittance accordingly, to give us the necessary assurance that the quantities of valuable yarn we may send from time to time will not be wasted or misappropriated. Our interests are mutual, and this confidence must be established if we are to succeed. We guarantee fair dealing and prompt payment for work, so do not ask us to deviate from our terms, as we cannot make a distinction with one and not another; besides, we are doing an extensive business, and must be governed by business principles.

The manufactured price of the machine is \$15, and positively will not be sold to any others than those who will agree to do knitting for us.

If at any time after you commence, and have done an amount of work equal to the purchase price, and wish to discontinue, we will take back machine and refund the amount paid for same, after deducting cost of our expense only.

There is a Large Demand for the Trade for this class of work. Our workers can depend upon it year after year, and if you engage with us (whole or spare time) we will keep you supplied with work as long as you do it satisfactorily for us and return it promptly. We entrust our workers with large quantities of valuable yarn, and as we give

references as to our honesty and integrity, we must ask you to do the same, in order that we may know with whom we are dealing.

We have, in as brief a manner as possible, endeavored to show you what our work is, and we simply say as to the machine, it is just what we represent it to be, and will positively do everything we claim for it, or refund the money. Each machine, securely packed with an outfit, is set up for work, thoroughly tested, and a sock or stocking partially knitted before boxing and shipping. Should you decide to engage with us, it will be necessary to send us Cash Contract Order Form, properly signed by you, and at least one good reference, together with the remittance, accordingly, upon receipt of which we will forward machine and outfit ready to commence.

Respectfully yours,

GLASGOW WOOLLEN CO., 37 Melinda Street, Toronto

Our References—Express Companies, Banks, or Toronto Business Houses.

If you wish to examine the machine and see the material before undertaking the work, you can do so by sending \$3.00 as a guarantee of good faith, and to defray expense of shipping, and we will send everything to your nearest express company, leaving a balance of twelve dollars to pay the agent and 25 cents for the return charges on the money to us.

We are so frequently and unnecessarily asked if one can learn to knit without a teacher. We say, Yes; it requires no teacher; any person of ordinary intelligence who can read the Instruction Guide can learn to knit at once.
