

Now will You Believe that Catarrh can be Cured?

JAPANESE CATARRH CURE CURES AFTER FIFTEEN YEARS' SUFFERING.

Catarrh is more difficult to cure on the Pacific Coast than in any other part of the world, owing to the extreme dampness of the climate and the sudden changes of temperature towards evening. But Japanese Catarrh Cure will cure catarrh in any climate for over fifteen years, during which time I tried a score of doctors and every remedy I thought would relieve me, but the result was only temporary relief, in each case the catarrh returned. About a year ago I used six boxes of Japanese Catarrh Cure, and since completing this treatment have been entirely free from catarrh. I can recommend it with every confidence. Japanese Catarrh Cure is the only permanent and guaranteed cure for catarrh. Price, 50 cents, by all druggists.

A very sad drowning accident occurred at Conboro, near Dunnville Ontario, on Saturday, when Mrs. Geo. Brooks and her young son were drowned in the Oswego Creek. All the details are unknown, but it is believed that the mother met her death while attempting to save her son.

TROUBLES THAT LEAD TO INSANITY AND SUICIDE.

They Result From a Diseased and
Disorganized Nervous System.

PAINE'S CELERY COMPOUND

The Great Banisher of Nervous-
ness in All Its Forms.

Are you a victim of melancholia, and do you brood from day to day? Does the shriek of the steam whistle, the rattle of wheels or the clangor of bells cause you to start and shiver. If this is your condition, be assured your case is extremely critical.

It is fitting that you should investigate your condition at once. If you are sleepless, depressed in spirits, if your mental movements are slow, if you are subject to terrifying hallucinations and an aversion to food, we say with all earnestness, beware of insanity and suicide.

The science of medicine has, thank Heaven, furnished a means for the banishment of all the troubles referred to. Paine's Celery Compound is the great restorer and builder of the weakened and shattered nervous system. This marvelous prescription of Professor Edward E. Phelps, M.D., LL.D., begins its work directly on the nerves by bracing them up; it strengthens tissues and muscles; it causes pure life-giving blood to flow freely to every part of the body, carrying health, vigor, joy and happiness into each hour of life. Beware of remedies that have no merit or reputation to commend them, they simply aggravate existing troubles. Ask your druggist for Paine's Celery Compound, the medicine that never disappoints.

Baden-Powell on Buller.

Major-General Baden-Powell, when interviewed as to the dismissal of General Buller, said, with a lot of feeling: "It seems terribly hard luck, after all the splendid service. It seems to me to have been a little breakout that should have been forgotten."

A Lake Captain's Experience.

Capt. McDonald, one of Kingston's most prominent mariners, writes: "For years I have battled with the agonies of Bronchitic Asthma, oftentimes so bad that I could not sleep for nights at a time. I spent hundreds of dollars on doctors and quacks without getting relief, but one dollar's worth of Catarrh Cure perfectly cured me." The above testimonial was given two years ago, and as the Captain lately stated he was still quite free from Bronchitis. It proves Catarrh-cure a veritable specific. Catarrh-cure two months' treatment, guaranteed to cure Bronchitis, price \$1.00, small size 25 cts. Druggist or Polson & Co., Kingston.

Many members of the Manitoba legislature are greatly exercised at a discovery which has been made in connection with certain private bills. It appears that after a number of bills granting charters for power and transit companies had been reported from the committee and had received their third reading in the house, a clause was interpolated unknown to either the committee or the house, the effect of which is entirely to neutralize a provision which had been inserted by the committee that none of these companies should operate in any rural municipality unless with the consent of such

municipality. The bill with the interpolated clause was duly assented by the Lieut.-Governor. The insertion of a clause into a bill by stealth is unprecedented in the history of legislation in that province.

Nobby Clothing.

Lucy & Co. ordered last fall from the leading manufacturers of Canada a large and well selected stock of clothing comprising suits, spring over coats, pants, vests, &c. Those goods have just arrived and take them all in all are one of the best lots of ready made clothing ever received in Fredericton. Nothing but the best material was used and the workmanship is of the very best description. These goods now open for inspection and persons requiring either a business or dress suit would do well to examine them. The stock comprises men's, boys' and children's.—d.

If a grocer wants a first class tea trade, if he wants a brand that is used by hundreds of thousands of first class people from whom he will get first class orders he invariably sells UNION BLEND—it's the best.

Flying Predictions.

In 1273 Friar Bacon predicted that flying would "shortly" become a general practice, and Bishop Wilkins in 1652 said, "It will yet be as usual to hear a man call for his wings when he is going on a journey as it is now to hear him call for his boots."

FOOLED THE COLONEL.

The Way Paddy Brannigan Outmaneuvered His Superior.

The colonel, or "Old Daddy," as he was usually called, had a habit of strolling round the camps at most unseasonable hours. Sentries had to be continually on the alert, for nothing would have given "Old Daddy" greater satisfaction than to have pounced on some luckless one who might think the midnight hours suitable for a quiet snooze.

Paddy Brannigan made that mistake once. There in the quiet moonlight he sat, all unconscious of the colonel's presence, his rifle laid against the tent, himself buried in slumber. Gently the rifle was lifted from its place. But some good angel awoke Paddy in time to see the colonel making his way to the guard tent. Paddy missed his rifle at once and followed the colonel with the caution of a prairie cat.

Outside the guard tent stood the wooden rack which held the rifles of the guard, and into it "Old Daddy" placed Paddy's rifle, himself entering the tent to call the sergeant in charge. This was Paddy's opportunity. He grabbed his rifle and was back at his post in an instant. The colonel brought the sergeant outside and ordered him to count the rifles.

"All correct, sir," said the sergeant. "Nothing of the sort. There is an extra rifle there. That I am certain of, for I put it there myself."

"I beg your pardon, sir, but the number is quite correct," again replied the somewhat amazed sergeant. "Come with me—come with me this instant, and I'll soon let you see what I mean."

The sergeant followed his chief, wondering what was going to happen.

"Halt! Who goes there?" rang out clear and sharp in the night air from the now wide-awake Paddy.

This was more than "Old Daddy" had ever dreamed of. For a moment he was paralyzed. Then he marched straight up to Paddy, gazed into his sweetly innocent face and, with a "Well, I'm blowed," turned on his heel and vanished.
