

MARYSVILLE NEWS.

(Special Correspondence to the Herald.)

Jan. 18.—Miss Edith Gibson left a day or two ago for St. John to pay a short visit to relatives there.

Miss May Rowley has recently returned to St. John to resume her kindergarten work after spending the vacation with her parents.

Preparations are being made for the carnival to be held in the skating rink next Friday evening, 25th inst. It is the first of the season, and should be well patronized. Substantial prizes are offered for the most handsome and original costumes.

On Tuesday evening a number of the Knights of Pythias drove down and paid a friendly visit to their brethren in Fredericton.

Within the past week the Knights of Pythias have had a visit from the Grand Chancellor of the order, Le Baron Wilson, of St. John who found the Lodge in a very flourishing condition. A large number of the members were present to meet him and a most enjoyable evening was spent by all.

J. R. McConnell arrived home yesterday from a business trip. He was accompanied by his daughter, Miss Mamie, who was returning from Boston.

Miss Maggie Clayton, is here from Magaguadavic, visiting friends.

The paragraph in Wednesday's paper in reference to the popular boarding house, should have read, that it is kept by Mrs. Joseph Robinson, not Mrs. James, as was printed.

Invitations are issued by Dr. and Mrs. E. B. Fisher for a ball, which will be given by them at the house of Mrs. David Hatt, in Fredericton, next week.

James Lee, Sr., left last Saturday for St. John.

AWFUL EARTHQUAKE SHOCK.

Three Hundred Persons Said to Have Been Killed and Many Injured.

Mexico City, Mex., Jan. 17.—One of the most terrible catastrophes ever recorded in the state of Guerrero is reported to have occurred late yesterday afternoon, when an extremely violent earthquake shock was felt at Chilpancingo, causing a great loss of life and injuring many persons. Details from the stricken districts are very meagre, but scattering reports received here indicate that probably 300 persons were killed and as many more injured. It is known that the state capitol, the parish church and many business houses and residences are in ruins, and there is much suffering as a result of the awful seismic disturbance. One of the edifices that suffered most was the federal telegraph office, which explains the paucity of news that has reached the city so far.

Later meagre details began to arrive here. The telegraph lines and apparatus at Chilpancingo were badly damaged, but the employees, all of whom were uninjured, quickly proceeded to erect an improvised telegraph office on the outskirts of the city.

The number of deaths was greater in the parish church than in any single

PLUCKY MRS. PESCHEL

PROTECTS HER ENTIRE FAMILY WITH PERUNA.

HAS A HAPPY HOME.

This Beautiful Mother Says:

"I Cannot Help But Praise Peruna."

"I Am Never Without It."

"As Soon as I Find the Children Have the Least Cold, I Give Them Peruna."

"A Few Doses Helps Them."

One of the greatest foes with which every family has to contend is our changeable climate. To protect the family from colds and coughs is always a serious problem, and often impossible.

Sooner or later it is the inevitable fate of every one to catch cold. Care in avoiding exposure and the use of proper clothing will protect from the frequency and perhaps the severity of colds, but with the greatest of precautions they will come. This is a settled fact of human experience.

Especially is this true during the stormy and unsettled weather of early winter. Everybody must expect to be caught somewhere or somehow.

Perhaps it will be wet feet, or cold draught, or damp clothes, or may be too close confinement in hot rooms and then going out into the cold carelessly, or it

may be one of a thousand other little mishaps, but no one is shroud enough to always avoid the inevitable catching cold.

Sometimes colds come like an epidemic; everybody seems to have one at once. The very air about us is poison to the head, throat and lungs.

There is no fact of medical science better known than that Peruna cures catarrh wherever located. Thousands of families in all parts of the United States are protected each winter by Peruna. Once in the family Peruna always stays. No home can spare Peruna after the first trial of it. A splendid example of this fact is found in the beautiful home of Mrs. Paul Peschel, of 14 Quitman street, Newark, N. J. Read her letter.

NEWARK, N. J., June 17, 1900.

Dr. S. B. Hartman:

Dear Sir—My three children were sick and my husband had an attack of la grippe. I gave the children Peruna, and now they look as if they hadn't been sick at all. I also gave it to my husband until he was good and well. I do not know how I could have stood taking care of them and being up night and day, had it not been for Peruna.

"Last winter was the first winter in sixteen years that I did not have a cough. It is impossible to explain my thanks in words. I never looked as well as I do now."

"Peruna is our family medicine and always will be. I do my own housework and sewing, and get along lovely, now that I am so strong and well, thanks to Peruna and your good advice."

had been wrenched from its bearing by a thousand strong hands. Several people were killed there.

The War department has ordered the

"I cannot help but praise Peruna. I am never without it, and as soon as I find the children have the least cold I give them Peruna. A few doses helps them, and I hope that every one who reads my testimony will try Peruna as it is a friend indeed." Thankfully yours, MRS. PAUL PESCHEL, 14 Quitman St., Newark, N. J.

A Safe Family Doctor.

Peruna has been used in many other homes with the same results. The following are samples: Mrs. M. E. Seymour, Dye, Ga., writes:

"I am ready to speak a few words in favor of Peruna and Manalin. I have tried them for nearly every ill of life for myself and family, and find them to be all the doctor claims them to be. Peruna cured me of female trouble when my doctor could not. My advice to all suffering women is, consult Dr. Hartman. What he has done for me he will do for you."—Mrs. M. E. Seymour.

Peruna Added 40 Pounds.

Mrs. Maria Goertz, Cleo, Oklahoma, writes:

"My husband, children and myself have used your medicines, and we always keep them in the house in case of necessity."—Mrs. Maria Goertz.

Dr. Hartman's latest book on catarrh will be sent free upon request to any address. This book contains ninety-five pages of interesting reading matter, and will be found invaluable to mothers in aiding them to guard against and cure the many little catarrhal ailments of children that come with the severe weather of winter.

troops in the neighborhood to co-operate in the work of rescue. Until this work is completed it will be impossible to learn accurately the number of victims. It is believed, however, that this is one of the most destructive seismic phenomena that has occurred in Mexico. The greater part of the people of Chilpancingo are now camping under trees around the town, which is five days' journey from the national capital.

Earthquake shocks were felt in many other cities and towns. In Mexico city the earthquake took place at 5.17 yesterday afternoon and was of such violence as to shake the most substantial buildings. The Pan-American congress was in session and many of the delegates were greatly alarmed. The first movement was one of trepidation and was very sharp. It was followed by an easier oscillatory movement north-north-east to south-southeast. The duration was 55 seconds. The damage in the city was only slight.

The state of Guerrero has always been the focus of seismic disturbances.

Reports received here last night state that the shock was very severe at Chilpancingo. No casualties are so far reported from there.

In duration the Chilpancingo shock was less prolonged than that in Mexico City, having lasted 50 seconds against 55 seconds at the capital.
