PAYNE BILL PASSES.

Tariff Measure Finally Adopted in the U. S. Senate.

Washington, Aug. 2.—The House on Saturday night adopted the conference report on the tariff bill, 195 to 183. The Republicans shrieked in their delight over the final outcome, and Chairman Payne was the central figure of an admiring and congratulatory crowd of colleagues.

Twenty Republicans voted against the report and two Democrats for it. The day opened with what appeared to be part of an organized filibuster against the conference report, when Mr. Mondell, Wyoming, demanded the reading of a lengthy document. This proceeded for about an hour and a half, when with about two-thirds remaining to be read, Mr. Mondell permitted the debate to go on.

Chairman Payne defended the report and appealed to his Republican colleagues to support it, prophesying at the same time that when the bill was enacted into law it would meet with the approval of the country.

Mr. Clark, the minority leader, and many of his colleagues denounced the bill and chastised the Republicans for failings, as they alleged to revise the tariff downward, and thus keep their party pledges.

Perhaps the most sensational speech of all was by Mr. Mann of Illinois, Republican, who said he would vote against the report, provided the rates on pulp and print paper as reduced by the House, were not retained. He denounced that particular schedule and declared that Canada would take such action regarding pulpwood, and print paper as to place an almost prohibitive price on paper in this country.

At 9:07 p.m. the House with the conference report ready to be messaged to the Senate for action, adjourned until Monday noon.

BRIEFS FROM THE WIRES.

The plant of the Niagara Pulp Board Co. was destroyed by fire Saturday night. Loss \$50.

Henry Isles, a farmer of Firdale, Manitoba, was drowned on Saturday while bathing in a slough.

The plant of the Canadian Cannery, Limited, at St. Catharines, was totally destroyed by fire early Saturday morning.

The Vancouver exhibition management will invite Louis Bleriot or the Wright Bros. to make airship flights in that city.

The 23-year-old son of Matthew Moody, manufacturer of Terrebonne, fell under the Quebec train on Saturday and was killed.

A committee of the Selkirk Centennial Exposition for 1912 waited on Earl Grey Saturday at Winnipeg, and presented through him an invitation to King Edward to open the fair, and, failing him, the Prince of Wales.

Minister of Defence Cooke of New South Wales, declares that whatever the Imperial Defence Conference decided Australia would be asked to shoulder, and he was confident she would respond. Australia must do more than hitherto.

OSAKA BURNED OUT

Japanese City Is Swept by a Disastrous Blaze.

20,000 BUILDINGS ARE GONE

Largest Buddhist Temple in the World and Many Beautiful Public Buildings Are Destroyed—Thousands of Homeless Face Starvation—Firemen, Troops and Citizens Fought the Flames.

Osaka, Japan, Aug. 2.—Confusion still prevails here as a result of Saturday's disastrous fire. Thousands of persons are homeless and hunger is staring many of them in the face. A system of relief has been organized by the municipal authorities, but it is inadequate. Outside cities and towns are assisting.

The number of casualties has not yet been determined, but hundreds of injured persons are crowding the hospitals.

The latest estimates are that 20,000 buildings were destroyed, including banks, the stock exchange, the museum, Government edifices, and factories.

Losses are given roughly at several million yen. It is feared that consequently some of the insurance companies will fail.

The conflagration lasted more than 25 hours. The streets of the city are very narrow, and the houses mostly of wood construction.

Under a strong breeze therefore the buildings were easy prey for the flames. The firemen fought valiantly against the odds of lack of water and wind, and many of them fell unconscious.

The belongings of the people who were able to save anything from their burning homes are piled in great heaps along the railroad tracks from Osaka to Kobe, where they were removed early Saturday morning when the fire broke out.

All day Saturday and far into the night the male populace assisted firemen and the troops in quenching the conflagration. An area of over four miles square, containing some of the city's handsomest structures, including the Buddhist temple, the largest in the world, was burned over before the fire was controlled. The stock exchange, one of the most important of this country, was entirely destroyed. This loss, it is believed, will tend to dislocate the business of Osaka, which, with its manufacturing concerns, is one of the chief commercial cities of Japan.

The Emperor is deeply concerned over this disaster.

Ten Dead in Wreck.

Spokane, Wash., Aug. 2.—Ten persons were killed and at least sixty were injured in a head-on collision of two electric trains on the Spokane and International Railway late Saturday afternoon.

The wreck occurred at Coldwell, Wash., a station between Coeur d'Alene, Idaho, and Spokane. Both coaches, while others were sent flying through the windows. Several coaches left the tracks, and passengers were caught under the pile of broken wood and steel.

A partial list of the dead includes: Will Allen, Wenaichie, Wash.; Walter Lalquist, Spokane; A. T. Whitney, an attorney of Memphis, Tenn., and an unknown woman and son.

Sbarretti Off for Rome?

Montreal, Aug. 2.—It is learned today that the rumor to the effect that his excellency Mgr. Sbarretti had gone to Rome on an official mission is to say the least premature.

One thing is certain the papal delegate did not give it to be understood that he was leaving for the city of the Popes, and that it was only supposed that he had taken his departure for the eternal city. As a well-posted gentleman in ecclesiastical matters observed yesterday if the delegate has really gone to Rome he certainly never intended to anyone of either high or low estate that such was his intention.

Comic Editor Shot.

Havana, Aug. 2.—Postmaster-General Nodarse Saturday night entered the home of Senor Torriente, editor of an illustrated weekly, Policia Comica, and fired several shots, seriously wounding Torriente. Nodarse then escaped.

The cause of the attack is said to be rumors concerning the relations of a certain high Government official with Nodarse's wife. The publication of a scandalous cartoon Saturday is believed to have induced Nodarse to attack Torriente.

Swept Out to Sea.

Avalon, N.J., Aug. 2.—Swept out to sea in a disabled sailboat, Dr. A. A. Sargent, his wife and two children and three friends, all of Philadelphia, were rescued late Saturday night by the Avalon life-saving crew, who found the party drifting helplessly on the ocean.

The life-savers went out twice in search of the disabled boat, finding the party on the second trip drifting up the coast off Sea Isle City.

Miners Adjust Differences.

Pittsburg, Aug. 2.—There will be no further suspension of work in the mines of the Pittsburg Coal Co. All the differences were amicably adjusted at the conference between President Lewis of the U.M.W. of America and the operators.

Snow in Nebraska.

Omaha, Neb., Aug. 2.—The annual spectacle of snow falling in July in Omaha occurred during an early storm Saturday night, which followed an extremely hot day. The flakes fell intermittently for nearly ten minutes.

Killed in Runaway.

Vancouver, Aug. 2.—Benjamin Friedman, manufacturer of the Robello Cigar Factory, was killed Saturday morning by his horse running away. The horse swerved into the curb and in attempting to balance the rig Mr. Friedman leaned too far out of the rig and his head hit a telegraph pole. He died in the ambulance on the way to the hospital.

HEALED AT STE. ANNE.

Vermont Man Said to Have Been Cured at Shrine.

Quebec, July 31.—A little, weakened, decrepit, old beggar made his way up through the immense crowd which daily surge around the shrine of Ste. Anne de Beupre, in a little wooden box mounted on two rollers propelled by two short sticks. The crowd gave way before the man and his friends, who were intent on having the crippled man touched with the sacred relics.

In the chapel of Ste. Anne de Beupre repose what all true Catholics believe to be parts of the body of Ste. Anne. Upon being touched with these relics they believe that a cure may be effected.

The beggar's weakened face was made radiant by his strong faith in the curative properties of the relics. He pleaded to be taken to the priest at once.

The old man had not set his foot to the ground for thirty years. His shriveled legs were curled underneath his body. He lives entirely in his cart. He had not walked since an injury to his spine sustained when twelve years old.

It was then about 9 o'clock, after a few hours' wait he was borne up to the priest who stood calm and dignified before him. The beggar murmured a few prayers and said his rosary. Then the receptacle containing the sacred relics were placed near his shriveled lips. He kissed the relics and the priest applied them to his shrunken limbs.

The story told by his friends is that he stood up transfused and limped out of the chapel, dragging after him the now useless cart; that his cure, while not entirely complete, was marvelous.

He has been a character around St. Albans, Vt., for a number of years.

Drink Millions of Germs.

Omaha, Neb., July 31.—The last of the series of typhoid tests have been applied to Sergt. Fuller and Privates Schmidt and Goodman of Fort Omaha, and they have been pronounced immune.

In June they were vaccinated with typhoid serum, and developed the disease in a mild form. Later they were vaccinated, but the serum did not take. Ten days ago they underwent the supreme test, that of drinking freely of a gallon of stagnant water into which one million fever germs had been placed. The men were placed in the hospital and closely watched. They should have developed symptoms within five or six days. As none has appeared, they are now declared immune.

Grants to Horticulturists.

Ottawa, July 31.—The executive of the Ottawa Horticultural Society is communicating with other societies in the province with a view to ascertaining their sentiment towards the reduction of the provincial grants to a maximum \$800 per annum to any single organization. If it is found that the sentiment of other societies is against the restricting legislation representation will be made to the Provincial Government.

While the Ottawa's Society is then only one in the province that will lose by the new restriction, it is thought that the other bodies of horticultural workers are also opposed to the measure, which was passed at the last session of the Legislature.

Gas Company Loses Case.

London, July 31.—(C.A.P. Cable.)—The judicial committee of the Privy Council yesterday dismissed with costs the appeal of the Dominion Natural Gas Co. v. Perkins.

About three years ago last February George Perkins was burned to death and J. H. Collins fearfully burned in an explosion of natural gas in the roundhouse of the T. H. & B. yards at Hamilton. Action was taken against the Dominion Natural Gas Co. and the railway company.

Biarritz, France, Aug. 2.—C. C. Cuyler, a prominent citizen and financier of New York, died at the Hotel Biarritz at this place Saturday night, from injuries received in an automobile accident near Cambo Friday. Mrs. Cuyler, who was riding with her husband, was slightly hurt, but not seriously.
