## TOP WHARFAGE QUESTION.

Col. McLean and Mr. Loggie Discuss a Subject of Interest to N. B.

OTTAWA, Ont., May 7.—In the Commons today the attention of the government was called to a weak spot in the government bill transferring the collection of wharfage from the department of marine and the measure has been held for further examination. Col. H. H. McLean of St. John, when the bill was in committee, said it apparently gave the government authority to collect top wharfage in addition to side wharfage, only side wharfage has been collected in the past on the smaller wharves. He thought it would be unpopular to collect wharfage on freight as well as on vessels using government wharves, though the bill indicated that this was apparently the policy for the future.

Hon. Mr. Brodeur said the bill before the House would certainly give authority to collect top as well as side wharfage. Mr. Loggie of Northumberland thought the government would get neither popularity nor profit by collecting top wharfage on the smaller wharves. The shippers would find it an expense and annoyance. For the small country wharves the system would require the appointment of wharfingers at each place and the keeping of expensive accounts in proportion of the revenue, and this would cost, in his opinion, more than would be collected. The shipper would encounter the difficulty of paying two sets of charges. At present the steamboat companies took say twenty-five cents in full payment for the carrying of a small consignment of freight, but in future the shipper would have to settle with the wharfager at both ends, say a cent for each barrel of apples or potatoes which passed over the wharves. That would be a small but annoying matter and an unnecessary one.

Col. MacLean said it was right to charge side wharfage for boats to pay the repairs and maintenance of wharves, but he opposed the collection of top wharfage on the smaller wharves. In the case of the St. John river these cost from two to five thousand dollars and were for general convenience. On the wharves built by the Dominion and the province there could be no top wharfage. The Dominion wharves, if top wharfage was charged, would see the business going to the smaller free wharves.

Hon. Mr. Brodeur said he did not intend to increase the wharfage now charged. In fact he thought that the wharfage would be reduced. He was glad his attention had been called to these points, and he would not have the bill further proceeded with until he had the matter looked into.

## SOLID FOR PUGSLEY.

Liberal M. P's. Have Confidence in the Minister of Public Works.

OTTAWA, May 7.—The statement in the Conservative press that Liberal members of the Commons purposefully stayed away from the House because they did not wish to cast their votes for an expression of confidence in Hon. Dr. Pugsley is absurd. This appears to be the last effort of the Conservatives to get some party credit out of the attack on Dr. Pugsley, which proved to be such a great failure.

The fact is that the Liberal members of the House, and even the Conservative members, though they will not admit it, have today more confidence in the integrity and capacity of Dr. Pugsley than ever before.

That the Liberals are with Dr. Pugsley to a man is shown by the fact that the members who were absent without pairs drew up a resolution expressing their confidence in Dr. Pugsley and their regret that the unexpected division was taken when they were absent from the chamber, and that therefore they could not cast their votes for Dr. Pugsley. That resolution is signed by the following members:

A. B. Hunt.  
H. B. McGivern.  
George Parent.  
Hon. Sydney Fisher.  
Sir F. W. Borden.

William Chisholm.

L. A. Rivet.

Hon. Charles Murphy.

John Tomie.

Hon. H. R. Emmerson.

W. F. Todd.

Ernest Lapointe.

Hon. Jacques Bureau.

Fred L. Fowke.

Victor Geffrion.

H. E. Allen.

W. O. Sealey.

Charles A. Wilson.

Joseph Temers.

E. Ecrement.

Cyrus Roy.

W. E. Knowles.

Mr. Emmerson came from his sick bed to vote, but was too late.

The twenty-three who lost the chance of voting, include all who were in Ottawa outside of the house, and all have signed a strong endorsement of Dr. Pugsley.

With twenty-seven majority, the above names make fifty over the Conservatives, of whom six were caught in the same way as the Liberals.

An enthusiastic caucus of the Liberals was held this morning. The Conservatives are much disappointed at the failure of the attempt to force Dr. Pugsley's resignation. They were so confident that some wagged money that he would be asked to go.

Jacksonville, Fla., May 7.—Two sensational killing episodes were ended here yesterday when the grand jury ordered the release of Miss Jessie Brown and R. A. Humphreys.

Miss Brown shot and killed Earp P. Adams, her sweetheart, following the announcement of Adams' engagement to another woman.

Humphreys shot and killed both his 16-year-old wife and Thos. McMann when he found the two together in his home. The mother of Mrs. Humphreys committed suicide because of grief over her daughter's death.

## Found Glasses With Foam.

Brantford, May 7.—At the Police Court yesterday R. D. Campbell proprietor of the Commercial Hotel, was fined \$75 and costs by Magistrate Livingston for selling liquor last Sunday afternoon. The police made a visit to the hotel. In proceeding upstairs they met the bartender coming down. The latter on seeing them retraced his steps, closely followed by the constables, who found a number of empty bottles in an upper room. There were also two glasses still with foam on them.

Before you own one, it's an automobile—after, it's "my car."

## PROPERTY FOR SALE

I am instructed by a client to offer for sale his property, situated on the old Springhill Road, just beyond Fredericton City limits, containing four hundred and fifty acres, of which approximately fifty acres are cleared or cultivated land; upon the remainder of the property there is a valuable growth of wood. The buildings upon the property consist of a good dwelling house of twelve rooms, heated by furnace and hot water, and containing a bath room with modern plumbing and

hardwood floors. A laborer's cottage containing nine rooms. A large barn having water supply and capacity for thirty cows. A smaller barn containing horse stables, and other out buildings. There is also a good stone quarry upon the property. The owner's reason for selling is that his business calls him to the west.
