

FORESTER'S HIGH COURT.

Intersting Report on Finances--Former H. C. R. Congratulated.

The following report was submitted at the meeting of the High Court of Foresters on Wednesday morning:

REPORT OF FINANCES.

To the High Chief Ranger, Officers and Members of the High Court of New Brunswick:

Your Finance committee beg to submit the following report:

We are pleased to note that Bros. Brewster and Todd have been so successful in the work of extending the Order, and we would urge the continuing of their services, recommending that the High Standing committee be empowered to assist the Supreme Court in paying the expenses of these or other organizers to an amount that they, the High Standing committee, may deem advisable.

In carrying out the recommendation of the special committee, that reported on the needs of Court Intervale last year, we believe that the Chief Ranger acted wisely, and we trust that there may be a large and generous response to this appeal by the subordinate courts. We would advise that the recommendation of the High Standing committee, that \$100.00 be placed in the hands of the High Treasurer to be used in the interest of Court Intervale, in assisting the Penobscot Foresters to redeem their beautiful hall, be favorably acted upon.

We are pleased to know that the finances of the High Court are in such a healthy state. We note, however, that quite large amounts are due from subordinate courts, and we would urge that subordinate Courts in arrears be required to be more prompt in their payments.

We recommend the following payments:

H. C. R.	\$100 00
H. B. and Assistants	650 00
H. Treasurer	50 00
H. Auditors \$25 each	50 00
H. J. S.	30 00
ilage Com	24 00
Press Com	20 00

Respectfully submitted in L. B. and C.

SPECIAL COMMITTEE REPORT

The following report was submitted: Officers and Members of the High Court I. O. F.:

Your committee appointed to present resolutions of congratulations to be forwarded to Brother E. R. Chapman upon his election as High Chief Ranger in the province of Manitoba, beg leave to report as follows:

Whereas, This High Court has learned with a great deal of pride and delight of the election to the position of High Chief Ranger of the High Court of the province of Manitoba, of our Brother E. R. Chapman, who for many years was a most valued member of this High Court, and is a Past High Chief Ranger of same;

And Whereas, The members of this High Court will always retain the most pleased recollections of the very cordial relations that ever existed between them and Brother Chapman, while he was an officer and member of this High Court, and can never fail to appreciate the splendid work done by him in the interests of our noble order while a resident of this province. In the great loss sustained by the order in this High Court jurisdiction by the removal from our province of Brother Chapman, we find much solace and comfort in the inward assurance we have that under his direction and guidance in the prairie province of the West the Independent Order of Foresters must be given new life and prosperity.

Therefore Resolved, That the High Court of the I. O. F. in New Brunswick in annual meeting assembled, extend to Brother E. B. Chapman hearty greetings and sincere congratulations upon the eminent position to which he has attained in the High Court of Manitoba by his election to the Chief Executive chair in the jurisdiction, coupled with the best wishes of the officers and members of this High Court for his future welfare and prosperity in the province of his adoption, and for the happiness and well being of himself and family for all time to come.

And Further Resolved, That these resolutions be expressed on the minutes of this High Court, and that a copy thereof signed by the High Chief Ranger and High secretary, and under the seal of the High Court, be forwarded to Brother E. R. Chapman.

Respectfully submitted in L. B. and C.

ARE YOUR CHILDREN "CROUPY."

This trouble is deadly--must be stopped quickly. Nothing is so sure as the Nerviline Treatment. Give it internally, rub it on the throat and chest, and then put on a Nerviline Porous Plaster. The marvelous power of Nerviline, both as a liniment, and in Plaster form, will surprise you. For sore throat, coughs, colds, and pleurisy alone, it is used by thousands every day. Invaluable in the home, especially for treating the minor ills that all children are bound to catch. Large bottles 25 cts. each. Nerviline Plasters same price, at dealers or N. C. Polson & Co., Kingston, Ont.

THE SOVEREIGN BANK.

TORONTO, July 13.—At a meeting of the shareholders of the Sovereign Bank this morning, a report was presented showing that during the past year over a million had been paid in decreasing liabilities, together with the appreciation of assets. Liabilities, together with the appreciation of assets. Liabilities had decreased during the year by \$4,800,000. There is a nominal surplus of \$1,842,888.43, and the president says out of this there should be a small surplus for distribution among the shareholders. The staff has been reduced from 26 to 9, and the old officers were re-elected.

BRIEFS FROM THE WIRES.

The northerly course in the Straits of Belle Isle is now open. Kingston will charge Chinaman and others \$50 license fee for laundries. Peterboro has accepted \$25,000 from Andrew Carnegie for a new public library.

Manitoba Young Liberals met at Winnipeg and organized a provincial association. Fire destroyed the Garnett livery stable and old Methodist parsonage at Carman, Man.

The Colombia revolution was brought to a close by the surrender of the revolutionists.

Argentina withdrew her Minister from the Bolivian capital in default of an explanation of insults. J. U. Sammis of Lemaris, Iowa, was elected Grand Exalted Ruler of Elks at the convention in Los Angeles.

Work on the new Grand Trunk station at Ottawa will be begun to-day. It will cost half a million dollars.

The Brockville & Westport Railway station at Brockville was visited by safecrackers, who got away with \$12 and a check for \$150.

The leak in the Welland Canal was thought to be repaired, but when the water was let in the bank gave way again and the break is worse than ever.

The beach at Gateau Point, opposite Rockliffe Park, is being washed away by the Ottawa River. Already 200 yards of the shore has disappeared to the extent of 60 feet inland and more is gradually going. At present, four houses are in immediate danger.

Handcuffed to Post; Steals It.

London, July 14.—Cornelius Antone and Thomas King, two husky Oneida Indians, were arrested for fighting. Both resisted, and broke away. Antone was recaptured and handcuffed to the tipost in front of the hotel, and the constable started after King. When he returned with him, he was surprised to find Antone and the tipost both missing. After sending King to the station in the wagon, he found Antone a long way down the road towards home, dragging the tipost along and still handcuffed. A man named Whitaker was arrested on a charge of aiding a prisoner to escape, but it was proved he was not the man. The two Indians were also discharged.

Rival to Mexican Marble.

Ottawa, July 14.—It is expected that by the end of this month quarries will be opened up in Aylwin Township, on the Gatineau, from which serpentine marble will be shipped to the United States and Great Britain.

There appears to be great quantities of this marble, which in beauty of formation ought to be a successful rival to the Mexican marble now so extensively used in baths and interior house decorations.

The chips from the works will be shipped to England to be used in the manufacture of brooches, etc. Similar marble is also used in the manufacture of urns.

Crazed Boy Runs Forty Miles.

Calgary, July 14.—On Monday night there arrived from Edmonton a 19-year-old boy named Galloway, being taken to Brandon Asylum. He has an hallucination that he is a Marathon runner. One day he ran from Edmonton to Fort Saskatchewan and back, a distance of forty miles, in four hours, which is something really wonderful. He who saw him after his run says that he did not seem distressed, and was not even breathing heavily. However, he lost weight steadily ever since, and is now little more than a skeleton.

Underwritten by Rothschilds.

London, July 14.—The Canadian Associated Press is informed that Messrs. Rothschild yesterday underwrote the \$2,000,000 G.T.P. three per cent. debentures guaranteed by the Dominion Government for issue at 2 1/2 and 1 per cent. for underwriting. The price is considered extraordinarily low in many quarters.

The Glasgow Herald, referring to the "comparative failure" of the Canadian loan, says that the London operators estimate it as a high enough price and quite justified.

THE ENGLISH UNEMPLOYED.

Treasure-Hunting Is Suggested as a Possible Remedy.

To solve the unemployment problem in England the curious suggestion is made to organize a big scheme for the recovery of the treasure lost by the English King John Lackland of Magna Charta fame in the Lincolnshire quicksands nearly 700 years ago. At a recent meeting of the Society of Antiquaries at Cambridge (says the London correspondent of The New York Sun) W. H. St. John Pope, vice-president of the Royal Archaeological Society, presented an exact reconstruction of the King John's fateful journey. The three most trustworthy chroniclers of the time agree that the catastrophe took place in the Well Stream, a sea arm which connected with the Wash, the bay which separates Lincolnshire from Norfolk.

On Oct. 11, 1216, King John, after raging furiously up and down England in his interminable quarrels with his barons, marched out of King's Lynn, Norfolk, where the townsmen had proppitiated him with rich gifts. Three or four thousand knights and cross-bowmen were with him, also a long train of wagons and pack horses.

This baggage train was to take a short cut across the Well Stream, which was fordable at low tide and provided a path five miles long over unstable sand in Long Sutton, where John with his horsemen would await its arrival. The convoy had only got halfway across when the tide set in with unexampled fury and engulfed them all, man and beast.

What was quicksand in 1216 is firm ground in 1908, reclaimed by diking and draining. In the wagons was the plunder of half a kingdom and the royal treasure of a king. It is certainly worth recovering.

PUBLIC NOTICE

Notice is hereby given that The Canada Loose Leaf Company, Limited, will apply to the City Council of the City of Fredericton for a loan and certain exemptions hereunder set out pursuant to Chapter Thirty Nine, Acts of Assembly, 6 Edward VII.

The Company will make application for exemption from water rates, sewerage rate and taxation generally for a term of five years, renewable for a further term of five years, and a loan of three thousand five hundred dollars, repayable in instalments of five hundred dollars annually without interest, the first instalment to be paid five years after the loan is made.

In consideration of such assistance the Company on their part agree to repay such loan as aforesaid and to employ forty five people with a gross annual wage of not less than three hundred and fifty dollars weekly, and to actively carry on the business of manufacturing loose leaf ledgers and other loose leaf devices to the amount of not less than \$50,000 annually. To secure the repayment of such loan by a first mortgage on the building and machinery owned by the Company and to insure the said property with loss, if any, payable to the City of Fredericton to the extent of their interest, and also to give a bond conditioned that the Company will carry out all their agreements as above mentioned.

The said application will be made to the said City Council at their regular monthly meeting to be held on Tuesday evening, the second day of August next.

Dated the twenty fourth day of June, A. D. 1909.

"Chuck It, Duke!"

While the Duke of Connaught was in Cairo he went for a stroll one morning, and on his way back to his quarters he came face to face with an old Englishman wearing the ribbon of the Indian mutiny on his breast. The duke stopped and spoke to the man about his military service for some little time. Presently the man said, not knowing, of course, to whom he was speaking, "Are you in the army yourself, then, sir?" The duke smiled and admitted that he was. "Getting on all right?" was the next question. The duke smiled again and said that he had not very much to grumble at, on the whole, though perhaps he was not doing quite so well as he could wish. "No, and you never will, my boy," was the surprising retort of the veteran. "What you want in the army today is either brains or a tremendous amount of influence behind you. You may take my tip, old chap, and chuck it!"—London T. P. O.

The Only Safe Way.

"No, I can't stay any longer," he said, with determination. "What difference does an hour or so make now?" asked a member of the party. "Your wife will be in bed and asleep, and if she wakes up she won't know what time it is." "Quite right, quite right," he returned. "I can fool my wife almost any time as long as I get home before breakfast. Why, I've gone home when the sun was up, kept the blinds shut, lit the gas and made her think that it was a little after 12. But, gentlemen, I can't fool the baby. I can make the room as dark as I please, but it won't make the baby sleep a minute later than usual, and when she wakes up hungry it comes pretty close to being morning, and my wife knows it. Gentlemen," he added as he bowed himself out, "I make it a rule to get home before the baby wakes. It's the only safe way."

HEALTH AND BEAUTY.

For a severe sunburn, apply fresh fat freely. Do not cover the burned portion.

In order to have the hair smell sweet tiny scented rolls in the puffs or pompadour, or either spray the hair, then wear a little scented cap for a few moments.

Menthol cologne is one of the best simple applications for a headache. The combination of burning sensation and coolness that it gives the skin is very refreshing.

Pineapple juice is good for cleaning stains out of the hands. It should be well rubbed in, left for a few minutes and then thoroughly washed with plenty of soap and warm water.

A very good way to clean hands when they are dirty is to rub a little lard well over them, then wash with soap and water. If this is done in cold weather the hands will not be so likely to crack.

A simple remedy for neuralgia is to apply grated horseradish, prepared the same as for table use, to the temple when the head or face is afflicted, and to the wrist when the pain is in the arm or shoulder.

To loosen the scalp, massage it thoroughly each night. Rub the finger tips in a rotary motion toward the crown of the head, work the scalp up and down and then give a light upward stroke at the base of the skull.

Though you may think so, your face is not entirely clean after even the most vigorous scrubbing with soap and water. Put a little cold cream on, rub in well and then rub off with a dry towel. You will be surprised at the amount of dirt on the towel.

A good food for making the hair grow is to rub a little castor oil or olive oil well into the roots of the hair. This should be done at night and thoroughly rinsed out the following morning, else the hair will not

have a pleasant odor. This treatment should not be given too often, just once in a while.

Women with sensitive feet who must be on them much suffer frequently from callous spots on the soles. These can often be relieved by wrapping the feet in adhesive plaster, taking care that it is put on smoothly and without a wrinkle. This plaster will cause moisture and perspiration, which will finally soften the callous places so that they disappear.

Many cases of insomnia have been cured by taking upon retiring a glass of milk and a biscuit, a slice of bread and butter, or some other light refreshment, such as has been found to agree with one. For the insomnia of brain inactivity, when the thoughts become uncontrollable in their persistence, it is well to get up and abandon attempting to sleep for a time.

Many dieticians now agree that water should not be taken with meals, and that many cases of indigestion may be traced directly to the fact that this theory is unheeded. To derive benefit a glass should be taken at a time, sipping it slowly, not gulping in large quantities. Ten minutes for each glass is none too long. The temperature may be cool, but not sufficiently so to chill the stomach.

Carry your head up and well back and whenever you get a chance rest it against the chair cushions. A tall-backed, wide-armed chair of comfortable height will do wonders toward preserving a woman's face. If she can drop into it five minutes it will do her as much good, speaking of a wrinkle standpoint, as ten minutes of massage, particularly if she can close her eyes while she is resting.

On English actress who is long past her fortieth birthday and yet is as clear-skinned and bright-eyed and youthful looking as a girl, always sponges her face with hot milk and eau de cologne before lying down.
